COMMERCIAL VEHICLE & HEAVY EQUIPMENT REPAIR

Career & Technical Education

The Commercial Vehicle & Heavy Equipment Repair program is only offered at the Cecil County School of Technology (CCST).

Students from the five county high schools have the opportunity to begin this program during their junior year by a designated application process.

Students complete the program during their senior year. Students are encouraged to develop positive work attitudes while building individual skills for success.

Transportation is provided from the home school to and from CCST.

Program fees include the cost of trade appropriate clothing, tools, and license/certification tests.
