

ELECTRICIAN REQUEST FOR PROPOSAL

Snoqualmie Valley School District (the “District”) is requesting proposal for electrical work throughout the district. Below are the requirements for the proposal. Please remit electronically to Brandon Klepper at klepperb@svsd410.org by close of business Wednesday, January 22, 2025.

Scope:

- Base Quotation:
 - Labor: 896 total hrs. 448 hours @ Journeyman level, 448 hours @ Maintenance level per remaining school year (Feb 3, – Aug 28, excluding holidays/breaks). Anticipate schedule to be 4 days a week during school year, Monday thru Thursday. A typical workday would be 8 hours, but the district is willing to flex hours for specific projects/needs. Director of Operations and contractor will determine the hours on a case-by-case basis.
- Unit Price Quotation: Hourly Rate for additional hours, as needed.

Requirements of Service:

Licensed Journeyman Electrician

- Electrician services must have a maximum 2 hour response time for emergency work.
- Read blueprints and technical diagrams.
- Install and maintain wiring, controls, lighting systems and cameras.
- Inspect electrical components, such as transformers and circuit breakers.
- Repair or replace electrical systems, equipment, and fixtures.
- Troubleshoot and diagnose electrical problems.

Maintenance Electrician

- Replace indoor/outdoor lights
- Replace or repair outlets
- Replace or adjust cameras
- Troubleshoot no power issues (tripped breaker or power strip)
- Replace clocks
- Troubleshoot door openers

Other Base Quotation Requirements:

- Supply all necessary tools, vehicles, and communication equipment.
- Contractor to follow all L&I requirements, including filing intents and affidavits and prevailing wage requirements.

- Permits will be billed separately at the cost of the permit.

Materials:

- All materials will be supplied by the District.
