Links for Staff

Quick & easy access to topics
www.ortingschools.org

Let's take a look!

Presented by Human Resources
January 2025

Access at your fingertips!

Once on the district home page, there are two ways to get to Links for Staff:
~ (1) Click the word "Staff". You will then go directly to Links for staff
or
~ (2) Click the word "Staff", then click "Staff Links" within the blue box.

Links for Staff include:

frontline education

Absence Management System (AMS)
formerly known as AESOP
Request a sub
Get Information
Get help: joyc@orting.wednet.edu

Depending on your role, some employees use AMS to report absences, while others submit absences through a timesheet or Skyward.

Google Password Update

To update employee passwords, use a district device connected to the district network and follow this link.

Need to update your google employee password? Use the provided link to get started.

Please note you must be connected to a district device to complete the change.

vivi

Download App for Casting device Support Hub - training guides
replaces Chromecast & Apple TV

Vivi allows for teachers and students to easily share content from their devices to a classroom display.

Here is a link for Vivi Teacher Tips from YouTube.

Links for Staff continued….

ZOHO Desk

New and now Active, Service Desk for technology issues on district owned devices.
Please include location, room number, call back number, and details about your issue.
Please access the website with the Chrome browser

If you're experiencing technology issues with a district-owned device, help is just a ticket away!

Submit a tech ticket through ZOHO Desk to receive support from the OSD technology team. Once submitted, you'll receive a confirmation email indicating that your request is in the queue for assistance. Tickets are addressed based upon receipt and priority.

SKYWARD

Employee Information and Gradebook access

Skyward gives employees access to information such as pay stubs and accrued leave balances.

For more topics related to Skyward, refer to the Human Resources Section on the district website.

(VectorSolutions formerly known as SafeSchools)
Required staff training
Login with *first & last name (no space)*
Get help: joyc@orting.wednet.edu

Access to the Vector Solutions training modules required for all staff and substitutes.

Trainings are to be completed upon hire then annually.

Access your Gmail account

All employees receive a district email account and are included on the email distribution list for their work location.

Once you have logged into a district desktop computer (not a Apple computer), you can access your district email from any computer.

New PdEnroller account: Get Started - Create my pdEnroller Account
Existing PdEnroller account: Log in to pdEnroller

The Orting School District utilizes pdEnroller as a registration tool for internal course offerings.
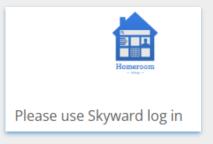

For more information about pdEnroller, visit the Human Resources section on the district website and navigate to Clock Hours > pdEnroller.

Additional staff links are available and may be used depending upon your role within the district. These Include:

For building secretaries to submit maintenance work orders.
For staff to submit facility reservations and trip requests.
OSD code - 65961984
Tutorial **- How to Submit a Work Order or Facility Request**
