August 2024

Dear Hale County Schools' Students, Staff, Parents, and Residents,

Welcome to another phenomenal school year. It is indeed an honor to serve as your Superintendent of Schools. I regard the Hale County School System as one of the finest school districts in the nation, and will continue my pledge to maintain this established legacy.

It is truly a great time to be a part of the Hale County School System. Although the upcoming school year may look different, we will provide the most interactive, innovative, and safest options possible for our students. We will continue to be a school system immersed in innovation, high expectations, and excellence. As a product and educator of this system, I have learned that the existing tradition of excellence is due, in large part, to the wonderful people who comprise our communities and the hard-working students and staff within our school walls.

I take very seriously the honor you have given me in entrusting your children, who are your most prized possessions, to the care of our exceptional faculty and staff. Therefore, I charge myself and my staff to give their very best each day, all day.

My mission and passion are to grow and maintain a rigorous teaching and learning environment that provides every student with a sense of belonging while helping them to grow intellectually, emotionally, and socially. I genuinely believe in a quality, comprehensive education for all students.

As we continue to aid in moving Hale County forward, I expect that the Hale County School System not only be known for its academic excellence and extracurricular programs but also for the positive and healthy relationships cultivated between staff and students.

I urge you to take the time to read this Parent-Student Handbook and to take into account its importance in the success of your student in our school district. This handbook provides valuable information and serves as a resource that will assist both parents and students in understanding many of the policies and procedures put forth by the Hale County School System.

Sincerely,

*Michael C. Ryans*

Michael C. Ryans  
Superintendent of Schools  
Hale County School System

## PARENT'S RESPONSIBILITY FOR THEIR CHILD'S CONDUCT

The board hereby advises parents/guardians of their responsibility for the conduct of their child(ren) based on Legislative Act No. 93-672 which amends Section 16-28-12 of The Code of Alabama. The Act has important implications for parents and students of the Hale County School System. Applicable sections of The Code of Alabama now read as follows:

SECTION 1 – TITLE 16, CODE OF ALABAMA, 1975, is amended to read as follows:

“(A) Each parent, guardian, or other person having control or custody of any child required to attend school or receive regular instruction by a private tutor who fails to have the child enrolled in school or who fails to send the child to school, or to have him or her instructed by a private tutor during the time the child is required to attend a public school, private school, denominational school, or parochial school or be instructed by a private tutor, or fails to require the child to regularly attend the school or tutor, or fails to compel the child to properly conduct himself or herself as a pupil in accordance with a written policy on school behavior adopted by the local board of education and documented by the appropriate school official which conduct may result in the suspension of the pupil, shall be guilty of a misdemeanor and, upon conviction, shall be fined not more than one hundred dollars (\$100) and may also be sentenced to hard labor for the county for not more than 90 days. The absence of a child without the consent of the principal teacher of the school he or she attends or should attend, or of the tutor who instructs or should instruct the child, shall be prima facie evidence of the violation of this section.”

“(B) Any parent, guardian, or other person having control or custody of any child enrolled in public school who fails to require the child to regularly attend the school or tutor, or fails to compel the child to properly conduct himself or herself as a pupil in accordance with a written policy on school behavior adopted by the local board of education and documented by the appropriate school official which conduct may result in the suspension of the pupil, shall be reported by the principal to the superintendent of education of the school system in which the suspected violation occurred. The superintendent of education or his or her designee shall report such suspected violations to the district attorney within 10 days. Any principal or superintendent of education or his or her designee intentionally failing to report such a suspected violation shall be guilty of a Class C misdemeanor. The district attorney shall vigorously enforce this section to ensure proper conduct and required attendance by any child enrolled in the public school.”

## I. ATTENDANCE

The Hale County Board of Education believes the fundamental right to attend public schools places upon students the accompanying responsibility to be faithful in attendance. Regular attendance can be assumed to be essential for a student's successful progress in the instructional program. With these beliefs in mind, the Hale County Board of Education has adopted this mandatory Attendance Policy for all students, regardless of age.

All absences from school shall be designated as excused or unexcused. School related absences, approved by the principal, will not count as absences. **Absences resulting from suspensions will be marked as excused. Students who accumulate ten (10) or more absences will be required to submit an official statement from the courts or a physician explaining each absence for the remainder of the school year.** Failure to provide an official statement from the courts or a physician will result in the absence being marked unexcused. In accordance with state law, only the following absences shall be considered excused absences, provided that in each instance parental confirmation has been received of the reason for the absences. Parents will be requested to explain in writing all unexplained and unexcused absences.

### **Excused Absences**

1. **Illness.**
2. **Inclement weather which would be dangerous to the life or health of the pupil if he/she attended school.**

An investigation of excessive excused absences will be conducted by the principal and the attendance supervisor. If abuse is determined, the principal may require official verification of excused absences from the parents/custodians, doctors, Juvenile Court or the Department of Human Resources. In accordance with State Law, the determination of whether an absence is "excused" or "unexcused" will be made by the principal.

## **Excessive Unexcused Absences**

The principal shall handle cautiously telephone requests for excuse of pupils from school.

Students must check in and check out of school through the principal's office in compliance with established procedures. Check-ins and check-outs shall be considered as unexcused absences from those class periods missed unless evidence is presented to the principal or designee by the parent that such absence was for an excused reason.

The period for make-up work may be lengthened in cases involving extended absences that are validated and excused. After careful investigation of extenuating circumstances, make-up work may be considered by the principal and selected personnel.

The School dates/times will be announced for each grading cycle and a student must attend the entire day to have one absence erased. Students may not attend in advance to “bank” days nor will a substituted day provide an avenue for perfect attendance or any other award that presumes attendance during the regular school day. ## **DEFINITIONS OF ADMINISTRATIVE RESPONSES TO DISCIPLINARY INFRACTIONS**

### **Before School Detention/After-School Detention Hall**

The principal or designee has the authority to assign students to a designated room (detention hall) on campus at the end of the regular school day for a reasonable and specified period of time as a disciplinary action. The parent or guardian is responsible for providing transportation in these cases. A reasonable

attempt will be made to notify the parents or guardian prior to the assignment of a student to detention hall. If the parents or guardian can be notified on the day of the misbehavior, the student will be assigned on that day; if not, the student will be assigned for the following day.

### **Disciplinary Probation**

Disciplinary probation is a period of time specified by the principal or designee during which a student must correct his/her behavior while abiding by all regulations that govern student behavior. The principal or designee has the authority to place a student on disciplinary probation for a reasonable and specified period of time. The staff members involved in the action will assist in monitoring the student's adjustment to the school environment. The principal and team will establish probation standards that will describe the conditions under which the student will correct his/her behavior within a reasonable and specific period of time. School counseling, parent involvement, and other forms of assistance will be a part of the probation standards agreements.

### **In-School Intervention Program**

In-school intervention is a structured disciplinary action in which a student is isolated or removed from regular classroom activities but is not dismissed from the school setting. The principal or designee has the authority to assign students to the in-school intervention program for a reasonable and specified period of time. All principals will follow the Board-adopted In-School Intervention Program and procedures.

### **Writing Assignments**

Repetitive writing of sentences as a consequence for violating school rules will not be used. If writing assignments are used as a part of consequences, they will be used as a teaching and learning tool. For example, students may be required to write an essay on discipline or appropriate behavior in the classroom, or a plan on how to correct their behavior.

### **Physical Restraint/Crisis Management**

The principal or designee has the authority to use reasonable physical force to restrain a student from abusing or attempting to abuse him/herself, other students, teachers, administrators, parents, guardians, or other staff members. This action may be taken when it is necessary to maintain discipline or to enforce school rules. This must be done in a reasonable fashion to protect all parties involved. Law enforcement officials may be called to assist in the enforcement of this action.

### **Corporal Punishment**

Corporal punishment will be used as a corrective technique when deemed necessary by administration as long as we have proper documentation from parents.. Corporal punishment is defined as paddling.

### **Suspension**

The Board defines suspension as "the temporary removal of a student from a school for violation of school policies, rules, or regulations, or otherwise causing interference with or disruption of the orderly operations of the school." The principal or designee will have the authority to suspend a student from school. The suspensions will be enacted in accordance with due process. Suspensions will be viewed as serious and the student will be removed from school immediately. If there are extenuating circumstances in which a suspended student is not removed from school immediately, the principal or designee will assume full responsibility for the student until the student is removed. During the suspension period, suspended students cannot attend school functions, participate in extracurricular/athletic activities, or enter school property for any reason.

### **Suspension/In-School Intervention Combination (Middle School)**

**Suspension should not exceed three days and in-school intervention should not exceed 5 days unless it is a repeated offense.** The principal or assistant has the authority to assign students to this combination. This response to disciplinary infractions can be used for students engaging in Class I and or Class II behaviors or other infractions that disrupt the orderly operation of the educational process and are not

addressed under offenses that **require** referral to the Superintendent or another program. The following guidelines are applicable to the combination:

- Previous disciplinary record will be taken into consideration.
- Incidents that may result in the prevention of reduction of days or increase in days include but may not be limited to tardies, failure to complete assignments, or any other violations of the HCSS Code of Conduct.
- Students will have the opportunity to attend core content classes on an alternating schedule to be determined by principal or his or her designee. Violation of the HCSS Code of Conduct during placement may forfeit this accommodation.
- The need to attend elective classes will be addressed individually.

Students receiving special education services require the implementation of their Individual Education Plan (IEP).

### **STUDENTS CHARGED AS AN ADULT OR COMMITS SERIOUS CRIME(S)**

If a student is charged as an adult or is alleged to have committed a serious crime, regardless of age, his/or her parent/guardian should contact the Director of Student Services or designee to determine appropriate school placement during this time. Identified students will not be allowed back on any school property until the appropriate placement is determined.

### **RE-ADMISSION**

When a student returns to school after suspension, the readmission must be preceded by a conference with the principal or designee. The conference must include the parents or guardian unless otherwise approved by the principal. If the student is returning after a conference with the superintendent or designee, the superintendent or designee may choose to attend the readmission conference.

### **Transfers from Outside Hale County School System**

Students transferring into Hale County School System with unresolved disciplinary issues, e.g., pending hearings, expulsion, or alternative placement, may not enroll until discipline status is cleared. A meeting with school administration must be held to determine enrollment and placement of the student.

### **Students Returning from Department Youth Services (DYS) and other Residential Placements**

Each student returning from a DYS placement or other residential placement will meet with administrators and be referred to the Superintendent for transition through SOAR or by some other means. No student will come from a long term placement without some transition approved by the Superintendent.

**REGARDLESS of the classification of any particular offense or series of offenses, this Code of Conduct is meant as a guideline only and an Administrator may vary from the recommended discipline with the approval of the Superintendent.**

All discipline involving ChatGPT or other AI tool will be filtered using the following approach:

## **Purpose**

This policy is designed to guide the responsible and ethical use of Artificial Intelligence (AI) programs, such as ChatGPT, across all educational activities within the school. While AI can significantly enhance the educational experience by supporting learning and creativity, its improper use may undermine academic integrity and learning objectives. This policy ensures that the use of AI tools aligns with our educational values and standards.

## **Policy Guidelines**

1. **\*\*Approval and Oversight:\*\***

- The use of AI programs for any school-related activity must receive prior approval from the relevant authority (teacher, department head, or administrator). This ensures that the integration of AI tools into the curriculum or administrative tasks is pedagogically sound and meets our educational objectives.

2. **\*\*Responsible and Ethical Use:\*\***

- AI programs should be used to supplement and enhance learning, not to replace student effort or traditional learning methods. Users must engage with these tools ethically, respecting copyright and privacy laws.

3. **\*\*Originality and Attribution:\*\***

- Work produced with the aid of AI must be original and include proper attribution when AI-generated content is used. The school does not tolerate plagiarism, regardless of whether the content is generated by AI or obtained through other means.

4. **\*\*Academic Integrity:\*\***

- Students and staff must maintain the highest levels of academic integrity when using AI tools. This includes honesty in how AI-generated work is presented and used within the school's academic and administrative frameworks.

5. **\*\*Privacy and Data Security:\*\***

- Users must respect privacy and data security guidelines when using AI programs, ensuring that sensitive information is protected and that AI tools are used in compliance with data protection regulations.

6. **\*\*Educational Enhancement:\*\***

- AI should serve as an educational tool to assist learning and understanding, not as a substitute for critical thinking or personal academic effort. It is crucial that the use of AI remains aligned with the educational goals.

7. **\*\*Verification and Accountability:\*\***

- Assignments or projects created with the assistance of AI are subject to review. Students may be required to verbally explain their work and the extent of AI's role in it to ensure understanding and original contribution.

## **Consequences for Policy Violation**

Violations of this policy will be taken seriously and may result in disciplinary action, including but not limited to:

- **\*\*First Offense:\*\*** Warning and mandatory educational session on ethical AI use.
- **\*\*Second Offense:\*\*** Loss of AI tool access privileges for a specified period, parent/guardian notification, and a reflective assignment on the importance of academic integrity.
- **\*\*Repeated Offenses:\*\*** More severe disciplinary actions, such as detention, suspension, or expulsion, based on the school's disciplinary framework. Academic penalties may also apply, including grade reduction or failure for the related assignment or course.

## **Conclusion**

By adhering to these guidelines, our school community can leverage AI technologies to enrich our educational environment while upholding our commitment to academic excellence and integrity. This policy encourages all stakeholders to engage with AI tools thoughtfully, responsibly, and ethically.

**In addition to any and all actions or punishments taken by the school authorities, any act which may be criminal will also be referred to the appropriate law enforcement agency and/or juvenile court. No action taken by the school shall in any way supercede or replace any other action by the court or other agency.**

## **Privacy and Property Rights Student Searches**

Federal and State laws and recent court rulings uphold the authority of school officials to conduct reasonable searches and seizures of property where there are "reasonable grounds." The law permits the Hale County Board of Education, its employees, agents, or designees to conduct reasonable searches of students and seizure of student property to protect the health, safety, and welfare of all students. Searches may include the student's person, school lockers, automobiles and other personal belongings while on campus. Such student searches shall be in accordance with Board policy. The principal or his/her designated person(s) has the authority to confiscate weapons, any items prohibited by school rules or unlawful products found in the possession of a student. Parents will be notified of any such confiscation.

Legal authorities may make unannounced visits in order to detect the presence of illegal drugs or other types of contraband.

## **ELECTRONIC COMMUNICATION DEVICES**

As per Hale County Board of Education Policy Number 6.21, the use of personal, wireless communication devices by students is prohibited on school grounds or while students are being transported on a school bus, except as provided for herein. Personal, wireless communication devices include, but are not limited to, cellular telephones, pocket pagers, email devices, "walkie talkies," or any other electronic communication device. Students are permitted to keep personal wireless devices only in lockers, the school office, or other locations approved by the principal or his designee. The Board assumes no responsibility for theft, loss, or damage to any personal/wireless communication device. The principal or his designee may approve the use of such devices during medical emergencies, natural disasters, after regular school hours, at events or under circumstances in which the use of the devices serves safety and convenience without disrupting academic or school operations. Principals or their designees will also have the authority to further restrict or deny the use of personal/wireless communication devices by any student to prevent the misuse, abuse, or violation of school rules regarding the use of such devices. School officials may read, examine, or inspect the contents of any such device upon reasonable suspicion that the device contains evidence of a violation of Board policy, the Code of Student Conduct, or other school rules. Students who violate this policy are subject to having their device taken by the principal or his designee. The device will be returned in accordance with the local school procedures.

## **DUE PROCESS**

Students suspected of violating school rules and/or the code of conduct which could result in corporal punishment, suspension, or expulsion shall be notified of the rules they are suspected of violating, the evidence supporting the charge(s), and an opportunity to present evidence in their defense.

## **OFF-CAMPUS CONDUCT**

The authority of school officials to control student conduct off school grounds and outside school hours is well settled in the law. **When students engage in off-campus conduct that has a direct negative impact on the school, its employees, or student body, such conduct is subject to review and action by school officials.**

## **CORPORAL PUNISHMENT**

The Board of Education permits reasonable corporal punishment. When such punishment is required, it shall be administered with extreme care, tact, and caution, and in accordance with Board policy.

## **SUSPENSION**

Suspension is defined as the temporary removal of a student from a school for violation of school rules or regulations. **The principal has the authority to suspend a student from school for up to ten (10) days for any single offense.** The decision to suspend will be based upon violation(s) of the Student Code of Conduct. The suspension will be in accordance with prescribed Board Policy. Principals must consult with the Director of Student Support Services when a student with an IEP/504 is in danger of being suspended 10 days or more in the same school year.

### **Supporting Our Adolescents Resourcefully, Responsibly, and Respectfully (S.O.A.R.) Academy**

The Hale County Board of Education recognizes that proper discipline is a necessary component for any successful school and school system. In order to help maintain this proper discipline, sometimes it becomes necessary to remove students, who cannot properly conduct themselves, from the classroom. Often this removal has resulted in repeat suspension and sometimes expulsion of our most flagrant offenders.

The S.O.A.R. Academy is designed for students to work as individuals on specific class work and on basic educational skills that they may have missed. During their stay at the academy, students will also receive instruction about proper behavior at school.

Principals may refer any student to the academy based on the individual student's behavior and history. All referrals that are not mandatory must be made in consultation with the superintendent. The placements shall be for a specific period of time (30 days, unless approved by the superintendent) or until a specific event occurs (end of grading cycle, parent conference, etc.)

Parents of students referred to the academy will be notified by the home school prior to referral for an intake meeting. The academy will notify parents prior to the students' referral back to the home school for an exit conference. There are specific rules governing academics, conduct, and transportation to the academy that will be provided at the intake meeting.

### **Mandatory Referral to the Supporting Our Adolescents Resourcefully, Responsibly, and Respectfully (S.O.A.R.) Academy:**

In the following cases, students shall be referred by the principal of the home school to S.O.A.R. Academy. The principal shall give appropriate notice to the superintendent of the referral and the reasons therefore:

- 1. In every incident in which a student has been charged with a crime or an offense in juvenile, municipal, district or circuit court that involves another student, a faculty member, or an employee of the Hale County Board of Education, the student so charged or indicted, shall be referred to S.O.A.R. Academy until the case is resolved.** There shall be periodic reviews of the status

of the case with the court and any case that remains without resolution for an extended period of time, shall be reviewed by the superintendent. Resolution, for this purpose, may be adjudication, conviction or dismissal. The Hale County Board of Education will attempt, in all cases, to comply with court recommendations regarding students.

2. Anytime an Individual Education Plan (IEP) requires placement to S.O.A.R. Academy, the student shall attend for the duration required by the IEP. A copy of the plan shall be provided to the academy instructor.
3. Anytime a Response to Intervention (RTI) team from the home school recommends a student attend S.O.A.R. Academy, the student shall attend pursuant to that plan. A copy of the plan devised by the team shall be provided, along with a copy of the reintegration plan that the team has already prepared.
4. **Students coming into the home school during a grading cycle from a structured facility shall spend some time at S.O.A.R. Academy prior to reintegration to the home school setting. The length of stay will be determined as the situation requires.**
5. Students who are charged with a felony, once the arrest/indictment is made known to the school, may be referred to SOAR pending the disposition of the charge. These students will be trespassed from their home school and home school activities, as any student from SOAR. Students who are suspected or involved with incidents involving weapons, drugs or serious physical injury may be removed while the situation is being investigated by the proper law enforcement agency. This placement will be reviewed periodically to ensure that the safety of the student(s) is an issue that must be addressed.

## **EXPULSION**

Expulsion is defined as the removal of a student from a school for violation of school rules or regulations for a period of time prescribed by Board Policy relating to Due Process. The principal has the responsibility to recommend student expulsion to the superintendent for Board action.

## **FIREARMS AND WEAPONS**

In accordance with the Gun-Free Schools Act of 1994, a student who brings or possesses a firearm or a reasonable facsimile of a firearm and presents it as a real firearm, or weapon as defined below on school property or to any school sponsored activity, will be expelled for school for not less than one calendar year. Such student shall be referred for criminal or juvenile prosecution.

Further, such student, in accordance with Alabama Legislative Act 94-817, may be guilty of a Class C felony. In accordance with Alabama Legislative Act 94-820, such student's Alabama driver's license/learner's permit may also be revoked or denied.

For the purpose of this policy, the term "weapons" means a firearm as defined in section 921 of title 18, United States Code.

## **INTERROGATIONS BY LAW ENFORCEMENT OFFICIALS**

### **At the Request of School Officials**

When the principal or designee has evidence and/or reasonable cause to believe that a crime has been committed on campus by one or more students, law enforcement officials, to include juvenile authorities, may be requested to come to the school to investigate the incident. Such investigations may include interrogation of students.

In the event a student is to be interrogated about a crime committed on campus, the law enforcement official must read the juvenile Miranda rights pertaining to the student being interviewed. The juvenile Miranda rights are distinguished from the adult Miranda rights based on the student's right to contact a parent or custodian through the provided reasonable means. The decision to contact a parent or custodian is solely up to the student to be interviewed. A waiver of the Miranda rights is available to the student who agrees to an immediate interview.

School officials have no duty to notify the parent/custodian of any student to be interviewed. If the parent/custodian cannot be contacted by the student through reasonable means or cannot be present within a reasonable time, the law enforcement official may proceed with the interview in the absence of the parent (Attorney General Ruling, December 9, 1974).

School officials have no duty to intervene in the interview process on the ground that the parent/custodian cannot be reached. A school official must be present at the interview, but cannot refuse the law enforcement officer permission to conduct the interview.

### **At the Request of Law Enforcement Officials**

When law enforcement officers make it known that they wish to talk to a student concerning an off campus crime while under the supervision of the school, the student will be called to the office of the principal. The law enforcement officer must read the student the juvenile Miranda rights from which the student becomes aware of the right to notify a parent or custodian of the impending investigation.

**Neither the law enforcement officer nor the principal or designees have the duty to contact the student's parent/custodian. The decision to communicate with a parent/custodian is a decision to be made only by the student to be interviewed.** The student may exercise the right to communicate with a parent/custodian through provided reasonable means.

**If the parent/custodian cannot be contacted through the provided reasonable means or cannot be present within a reasonable time, the law enforcement officials may proceed with the interview** (Attorney General Ruling, December 9, 1974). The student may sign a waiver to the Miranda rights and agree to an immediate interview with a law enforcement officer. If the parent wants to be present, then the law enforcement officer can take the student into custody and conduct the interview with the parent present.

## **DRESS CODE**

The following dress code is applicable at all schools:

If the student's dress is in violation of this regulation or policy, the principal or designee will ask the student to make the appropriate correction. If the student refuses, the parent/custodian may be notified and asked to make the necessary correction. The principal or designee will take appropriate corrective and disciplinary action.

In order to promote the safety and welfare of students who participate in competitive extracurricular activities, to insure that such participation is neither impaired nor any risk of injury exacerbated, to provide incentives to students to maintain safe and healthful practices, and to promote a school environment that is free of alcohol and illegal drugs or controlled substances, the Board reserves the right to require any student who participates in extracurricular competitive programs or activities to submit to sobriety tests or screening for illegal drugs or controlled substances prior to, during, or following a competitive event, practice, competition, or at any other time while the student is under the supervision of the school system. Such testing or screening may also be performed whenever a school official observes or is made aware of circumstances that provide reasonable suspicion or belief that the student has used alcohol, illegal drugs, or other substances in violation of the Board's substance abuse policies. All such testing or screening will be performed in accordance with local, state and federal laws, and procedures that are developed by the Superintendent for approval by the Board.

## **III. CHILD NUTRITION**

A hot, well-balanced lunch and breakfast meal is served at each school. All meals are nutritious and reasonably priced. For the 2024-2025 school year, the Federal Child Nutrition Program is allowing all students to eat breakfast and lunch for free during the school year. However, items which are sold a la carte will incur a cost, which will be posted at the lunchrooms where available. Classroom teachers at MES and GES may have a free breakfast if they are serving breakfast to their students. Lunch for MES and GES teachers/faculty are the same as all other teachers. There are no free meals provided for teachers or faculty/staff at either the middle or high schools or at the College and Career Academy.

## Chain of Command

Constructive criticism of the schools is welcomed by the Board of Education whenever it is motivated by a sincere desire to improve the quality of the educational program or to equip the schools to complete their tasks more effectively.

Members of the Hale County Board of Education have confidence in the professional staff and desire to support their actions in order that they are free from unnecessary, spiteful, or negative criticism and complaint. These statements do not supersede any employee's or citizen's rights to contact Board members directly. However, whenever a complaint is made directly to the Board as a whole or to a Board member as an individual, it will be referred to the administration for study and possible resolution.

The Board advises the public that the proper channeling of and most effective way to resolve complaints involving instruction, discipline, curriculum/instruction, or transportation is to contact the individual at your student's school who is designated by position in the chart below to deal with such concerns. ## **VIII. GRADES & CREDITS**

### **Promotion and Retention**

The Hale County Board of Education recognizes that the process of making decisions as to placement, promotion or retention of students should involve consideration of a variety of factors including academic progress, age, maturity, and capacity for learning.

Any student absent from a class for more than ten (10) unexcused days in any one school term (fall or spring) shall be considered as failing the class for that year. Any student who is absent for more than five (5) unexcused days of a one-semester course shall be considered as failing the course. Exceptions to this rule are only those cases discussed and approved by the teacher(s) and principal.

#### **Kindergarten**

The process of making decisions as to promotion and retention of kindergarten students should take into consideration a variety of factors including age, maturity, motor coordination, capacity for learning, and academic progress. The authority for determining promotion and retention rests entirely with the teacher(s) and principal.

#### **Grades 1-3**

Students in grades one (1) through three (3) should be retained if they do not maintain a passing grade in reading. Students in grades one (1) through three (3) should also be considered for retention if they fail mathematics while making a low passing grade in reading.

#### **Grades 4-6**

Students in grades four (4) through six (6) should be retained if they make a failing grade for the year in two major subjects. Major subjects are English, Reading, Math, Social Studies, and Science. Students can be retained only one (1) time in each elementary grade.

#### **Grades 7-8 Requirements for Promotion**

Students in grades seven (7) and eight (8) should be retained if they fail more than one core subject (English, Math, Science, Social Studies) or more than two classes overall.

#### **Accelerated 7th/8th Grade Math Pathway**

Middle School Students may be eligible to participate in an Accelerated 7th and/or Accelerated 8th Grade Math Pathway. This approach to math, beginning in the 2021/2022 school year will be geared to those students who have received the appropriate score in an evaluation given by the middle school. The students, if the minimum score is achieved, will be given an interest survey to determine their interest in this math program. If the student achieves the score and shows interest, the parent will be invited to attend a meeting to determine if this is the correct math placement. Parents may opt their student out of the program but no student may be included in the program without meeting the first two criteria.

\*More details are available at the school.

The school system will not accept summer school credit from schools and programs that are not approved by the State Department of Education or other agency approved by the State of Alabama.

### **GRADES K-6**

Based on the prior approval by the teacher(s) and principal, summer school attendance and successful participation may be required for promotion to the next grade level when the student has been retained at the end of the regular school year. Such attendance in a summer school will not guarantee promotion to the next grade level.

### **GRADES 7-8**

When a student in grades seven or eight fails to achieve a final passing grade average for a full-year's course during the regular academic year, the student may attend summer school and make up the failed semester(s).

### **GRADES 9 - 12**

#### Full unit Courses

One half unit credit will be given for passing only one semester of a course.

Students must pass each nine weeks of any class in order to receive full credit for that class.

Students must make a 60 or higher in order to receive credit.

#### Half Unit Courses

In courses which are one half unit courses, each nine weeks must be passed for the student to receive the half credit.

**\*\*All grading procedures are being reviewed.**

## **Report Cards**

Report cards are for the purpose of transmitting an evaluation of student progress to the student and his/her parent(s) or custodian(s). Report cards shall be issued at least four (4) times during the scholastic year to all students enrolled in grades K - 12 in the Hale County Schools. However, you may check your child's progress on a daily basis by going to [www.halek12.org](http://www.halek12.org). At the Home page, click on the INOW Parent Home tab under Quick Links and follow the instructions.

All report cards used by the Hale County Schools shall be approved by the Board. Report cards approved for use within the Hale County Schools must include a section outlining grading symbols with specific explanations defining said symbols and grade placement categories. The number of absences and tardies shall be included on the report cards at all grade levels for all grading periods.

## **Grading Scale**

Numerical grades shall be mandatory in grades 1 through 12. Grades will be recorded on report cards and permanent records in numerical form. The following scale will be used:

A = 90-100    B = 80-89    C = 70-79    \*D = 60-69    F = below 60

For learning activities such as reports or projects and any other situations where numerical grades are not available, letter grades are converted to numerical values to get the average for the nine (9) weeks by using the following values for letter grades:

|          |         |         |         |                |
|----------|---------|---------|---------|----------------|
| A+ = 100 | B+ = 89 | C+ = 79 | D+ = 69 | F = 59 & below |
| A = 95   | B = 85  | C = 75  | D = 65  |                |
| A- = 90  | B- = 80 | C- = 70 | D- = 60 |                |

In averaging grades, any fractional part 1/2 (0.5) or over will be rounded up to the next whole number (examples: 90.5 = 91, 81.6 = 82, 72.4 = 72).

Kindergarten classes in the Hale County Schools will use the following grading scale:

E = Excellent

S = Satisfactory

I = Improvement Needed

## **Conduct Grades**

Conduct grades should be included on report cards in grades one (1) through five (5) for all grading periods.

## **Exemptions**

Exemptions may be granted for all students with an 85 or above in each nine-week grading cycle, provided:

- The student has no more than 1 excused absence in the nine weeks. Students with unexcused absences shall not be eligible.
- The student may not have any discipline issues during the nine weeks.
- For every three tardies to school or in class, the student will have one absence.
- Students must attend homeroom as required by the school. Any student who is otherwise eligible under the above requirements, but who has not attended homeroom, shall not be exempt in the nine-week period.

## **Acceleration**

No student shall be double promoted without observing the following procedures:

1. Consultation with child's parent(s)\custodian(s)
2. Consultation with child's teacher(s)
3. Consultation with school guidance counselor (if available)
4. Approval of principal
5. If a student's acceleration involves another Hale County school, a conference will be necessary with the principal of that school
6. Approval of the Superintendent or his designee

## **High School Acceleration:**

While the Hale County Board of Education is dedicated to providing quality instruction for 8 semesters for all 9<sup>th</sup>-12<sup>th</sup> grade students, it is possible for students to complete early and graduate in the middle of the 12<sup>th</sup> grade year. Students, with counselor, principal and parental consent, shall be allowed to take a class out of order or in the summer in order to facilitate a mid-year completion for a specific goal.

In no way shall a student be permitted to take additional classes or to take classes out of the recommended order to complete earlier than mid-year of their 4<sup>th</sup> high school year.

## Replacement Report Cards

A replacement report card will be completed and reissued for a \$5.00 fee.

## Progress Reports

Progress reports, both academic and behavioral, shall be sent at the end of the third and sixth week, and at other times when necessary. Reports should be sent for all students.

## Dropping and Adding Courses

Students in grades 9-12 may drop or add elective courses during the first week of the course with their principal's permission. A fee of \$5.00 will be assessed for all student initiated drops or adds.

Schedule changes must be made during the first two weeks of a term.

## Transfer Credits

Students who are entering the Hale County Board of Education from another school system shall have their credits counted by the school counselor. Students who are coming from a standards based grading system shall have their grades transferred to a 4 point scale.

Students who have International Baccalaureate credit shall have it applied as AP credit by having 1 credit added to their grade on a 4 point scale. It will be applied and weighed as AP credits. Other credit shall be granted to the student as dictated by the State Department of Education.

Students transferring from a system that weighted honors classes will be credited as any Hale County Board of Education class.

## Valedictorian and Salutatorian

Beginning with the school year 2005-2006, in order for a student to be eligible for Valedictorian and Salutatorian in the Hale County School System, the student must have completed the following criteria:

1. The semester grades for all courses taken in grades nine (9) through twelve (12) will be averaged. Each candidate must have a cumulative average of at least 90 to be eligible. Candidates with at least a 90 overall average will then have the average of all required courses (including State requirements\*) computed. The person having the highest overall grade point average, with a minimum of 90 or higher in those required courses, will be the Valedictorian. The person having the second highest overall grade point average, with a minimum of 90 or higher in those required courses, will be the Salutatorian. Averages will be carried to the decimal place necessary to eliminate a tie.

*\*If only 1 course is required (i.e. Physical Education) and more than one course in that subject is taken, the highest grade in that subject will be computed.*

**If no candidate for graduation meets the minimum requirements, then no Valedictorian or Salutatorian will be named.**

2. The candidate may neither transfer nor drop from a major academic subject once enrolled during the entire length of the course (unless required by the school).
3. Candidates must be on schedule to complete the following academic subjects in grades 9-12:
  - a. Four units of English
  - b. Four units of science
  - c. Four units of social studies
  - d. Four units of math, including Algebra I, geometry, Algebra II with trigonometry
  - e. Two units of a foreign language
  - f. Fine Arts
  - g. Physical Education (LIFE, beginning 2009/2010)
  - h. Career Preparations
  - i. Health
4. The standing of the candidates must be computed on a numerical basis through the first term of the senior year. If any letter grades are present, the candidate must have the respective school(s) attended submit the grades in numerical form, or he/she shall not be considered for the position of Valedictorian or Salutatorian.
5. Candidates for Valedictorian or Salutatorian must be enrolled at the local high school for one full calendar year by the date of graduation.

**\*\*Candidates who qualify for Valedictorian and Salutatorian at the end of the first term will not be supplanted by a student who has an equal or higher average at the end of the third nine weeks.**

**\*\*\*Grades/Rankings for Valedictorian and Salutatorian shall be hand-scored and may not be the same as the class ranking as published on report cards, which includes grades for all classes.**

## **ALL VALEDICTORIANS WILL BE RECOGNIZED BY THE SUPERINTENDENT PRIOR TO GRADUATION.**

### **Extracurricular Activity Eligibility**

The Board prescribes the following regulations for eligibility by students in this school system to participate in all extracurricular activities:

1. Students entering Grades 10<sup>th</sup>, 11<sup>th</sup> and 12<sup>th</sup> must have passed during the last two semesters in attendance and summer school if applicable, at least six new Carnegie units with a minimum composite numerical average of 70 in those six units. Four core curriculum courses must be included in those units passed and averaged. (English, mathematics, science, social studies are core curriculum courses.)  
Note: A new unit is one that has not been previously passed.
2. Physical education may count as only one (1) unit per year.
3. No more than two (2) Carnegie units may be made up during summer school. If a unit(s) or subject(s) is repeated in summer school, the higher numerical grade for the unit(s) or subject(s) may be used to compute the composite grade average.

4. Eligibility established at the beginning of the year shall remain in effect for one (1) complete school year. A student not eligible at the beginning of the school year may regain their eligibility at the end of the first semester (term) by meeting the academic requirements listed above during their last two semesters (terms) in attendance and summer school, if applicable. Bona fide transfers may be dealt with according to rules of the Alabama High School Athletic Association for sports and rules to be developed by this Board of Education as they pertain to other extracurricular activities.
5. Each eligible student involved in athletics must meet the definition of a regular student as defined by the Alabama High School Athletic Association.
6. Any student who earns more than four (4) credits in the core curriculum in any given year or who accumulates a total in excess of the required four (4) per year may be exempt from earning the four (4) core courses in the succeeding year as long as that student remains on schedule for graduation with his/her class.
7. Students entering Grades 8 and 9 must, for the preceding two semesters (terms) in attendance including summer school if applicable, have a passing grade in five (5) subjects with a composite numerical average of 70 with all other rules applying the same as to students in Grades 9-12.
8. Students promoted to the seventh grade for the first time are eligible.

Extracurricular activities associated with athletics are defined as those recognized and sanctioned by the Alabama High School Athletic Association, and other extracurricular activities are defined as those that are sanctioned by a public school which are not related to a student's academic requirements or success in a course(s). Regular curricular activities are defined as those that are required for satisfactory course completion. School sponsors are required to submit a request for each curricular activity that occurs outside the regular school day and/ or school to the principal, superintendent, and the local Board of Education for approval. Each request for full participation by all students, regardless of academic standing, shall be granted if the principal, superintendent, and the local Board of Education approve participation in the activity as an extension of a course(s) requirement(s).

Eligibility for athletics will also be determined by regulations prescribed by the Alabama High School Athletic Association.

## **IX. HEALTH & WELLNESS**

### **Medication**

The school nurse recommends that, when possible, medication be administered before and/or after school hours under the direct supervision of the child's parent or legal custodian. However, students with certain medical conditions may require medication to be given during the school day. The school nurse or trained medication assistant will be responsible for administering this medication to the student. Medications may be prescription or over the counter. The following guidelines will be used to administer the medications:

- A "Prescriber/Parent Authorization Form" must be completed by the physician and parent before a prescription medication may be administered in the school setting. This must be done yearly. In the absence of such form, your child will not be allowed to receive medication at school.  
**Prescription medication must be in the original container, properly labeled (pharmacy label)**

**with the student's name, prescriber's name, date of prescription, name of medication, dosage, strength, time interval, route of administering, and the date of drug's expiration.**

- A "Prescriber/Parent Authorization Form" must be completed by the parent for all Non-prescription medication/ Over the Counter Medication. This must be done yearly. In the absence of such form, your child will not be allowed to receive medication at school. A physician's signature is not necessary unless the Registered Nurse determines the non-prescription medication requires a provider signature. Non-prescription/over the counter medication will be supplied by the student's parent/guardian. **Non-prescription medication must be in the original, unopened, sealed container with label and dosage clearly visible and must be age appropriate.**
- Some students with their doctors, parents and school nurse's permission will be allowed to self-carry and/or self-administer their medications. For example students diagnosed with chronic and/or serious health conditions e.g. asthma (requiring an inhaler), severe allergic reaction (requiring an Epi-Pen), diabetes (requiring Insulin), and/or other chronic conditions, may carry their medication on-person, if deemed appropriate by the delegating RN. No controlled medications will be kept on-person.
- All medications with the exception of those student's that self-carry and self-administer will be stored in a designated, locked area.
- The parent/legal guardian should bring all medications to school. Students are not allowed to transport controlled medications to the school nurse.
- Hale County School System nurses do not carry stock medications in their health room, nor do they provide over the counter medications to the students unless the student's parent has provided the school nurse with this medication.
- Any changes in medication will require a submission of a new and completed "Prescriber/Parent Authorization Form".
- The school nurse does keep for first aid use the following: Aloe vera gel, calamine lotion, triple antibiotic ointment, moisturizing lotions, petroleum jelly, hydrogen peroxide, alcohol, eye wash, saline solution, lip balm

**Students in possession of controlled substances, even with a valid prescription, are subject to discipline pursuant to the Code of Student Conduct.**

## **Emergency Illnesses and Accidents**

### **Illnesses and Injuries**

If a child becomes ill or is injured at school, appropriate personnel will make a reasonable attempt to notify the parents or custodians. Parents/custodians should provide the school with current emergency phone numbers.

### **Emergency Medical Treatment**

If an accident requires immediate medical attention or the service of a doctor and the parent cannot be reached, school officials shall act in loco parentis and take reasonable action. Such action may be to obtain emergency medical services at parental expense.

### **Medical Problems**

All students will have a completed Health Assessment form on file in the school nurse office. These forms are updated annually. The Health Assessment will provide information to the school nurse regarding any health problems, limitations or chronic conditions (i.e., diabetes, epilepsy, asthma, allergies, etc.) that the student endures.

### **Head Lice Parasites**

A student with suspected head lice should be examined by the teacher first and then taken to the school nurse for confirmation. If the case is confirmed by the school nurse, the parents will then be notified. A child with active head lice may remain in the classroom at the discretion of the school nurse but be discouraged from close direct head contact with others. Care must be taken not to embarrass the student and confidentiality must be a priority. Students diagnosed with live head lice should be treated at home that evening and may return to class after appropriate treatment has begun. The Hale County School System does not have a “no-nit” policy. The American Association of Pediatrics, the National Association of School Nurses, and the Centers for Disease Control and Prevention advocate that “no-nit” policies were based on misinformation rather than objective science and were, therefore, unjust and should be discontinued. The burden of unnecessary absenteeism to the students’ families and communities far outweighs the risk associated with head lice.

### **School Insurance**

The School System provides parents/custodians the opportunity to purchase low-cost student accident insurance for their children. The insurance program is a service to students on a voluntary basis. Athletic insurance is available at each school.

## **X. SCHOOL CLUBS & ORGANIZATIONS**

### **Student Clubs**

Student clubs or organizations sponsored by the school shall be under the direct control of the school principal. A member of the faculty, approved by the principal, shall sponsor each school club or organization.

### **PTA'S, PTSA'S, And PTO'S**

The Board and local schools encourage the organization and operation of PTA's, PTSA's, or PTO's at all schools. Parents/custodians are urged to join these organizations and to participate actively in their efforts to assist our schools and children. **SCHOOLS WITH THE MOST CREATIVE ACTIVITIES TO GET PARENTS INVOLVED IN THEIR CHILD'S EDUCATION WILL BE RECOGNIZED BY THE SUPERINTENDENT.**

### **Student Publications**

Local schools may permit student publications, provided they are approved by the local school principal. A certified staff member shall serve as advisor and consultant to students in the preparation of all student publications. In accordance with current Supreme Court precedent, appropriate school staff members may work with student publication leaders to ensure that the school, its employees, or other students do not receive an undue direct and negative impact as a result of student publications.

## **XI. SPECIAL PROGRAMS**

### **Instructional Support Services (Special Education)**

Services are provided for the following exceptional children and youth in accordance with the federal and state mandates concerning education for the disabled:

|                         |                                |
|-------------------------|--------------------------------|
| Autism                  | Multiple Disabilities          |
| Deaf-Blindness          | Orthopedic Impairment          |
| Developmental Delay     | Other Health Impairment        |
| Emotional Disability    | Specific Learning Disabilities |
| Gifted                  | Speech and Language Impairment |
| Hearing Impairment      | Traumatic Brain Injury         |
| Intellectual Disability | Visual Impairment              |

General information or procedures for evaluation and diagnosis is available at local schools. More specific information regarding referral procedures and/or classes may be obtained from Central Office personnel in Greensboro by telephoning 334-624-3051.

### **Enrichment Education**

Enrichment students are those who perform at or have demonstrated the potential to perform at high levels in academic or creative fields when compared to others of their age, experience, or environment. These students require services not ordinarily provided by the regular school program. Students possessing these abilities can be found in all populations, across all economic strata and in all areas of human endeavor.

Teachers, counselors, administrators, parents, or guardians, peers, self, or any other individuals with knowledge of the student’s abilities may refer a student. Additionally, all second grade students will be observed as potential enrichment referrals using a characteristics checklist.

For each student referred, information is gathered in the areas of Aptitude, Characteristics, and Performance. The information is entered on a matrix where points are assigned according to established criteria. The total number of points earned determines if the student qualifies for enrichment services.

To make a referral, contact the administrator at your child’s school.

### **CHAMPS and Foundations**

The Greensboro and Moundville feeder pattern schools, through a grant from the State Systemic Improvement Program (SSIP), are implementing and utilizing two positive approaches to classroom management. CHAMPS

stands for  
C - Conversation  
H- Help  
A- Activity  
M- Movement  
P- Participation  
S- Success

Teachers have been trained through Safe and Civil Schools and to utilize these acronyms for effective classroom management. Foundations is the school wide approach to positive behavior, and the behavior expectations in all common areas are taught to students by faculty and staff at the beginning of the school year.

## **504/ADA**

Any individual within the local education agency who is believed to possess a disability as defined by section 504/ADA (Americans with Disabilities Act) is entitled to an individual evaluation. The evaluation shall be conducted with the local education agency by a building level determination team. Should any questions or concerns arise regarding these policies, inquiries may be made to the Hale County Board of Education Central Office at 334-624-3051.

The Hale County School System does not discriminate on the basis of race, color, national origin, sex, disability, or age in its programs and activities and provides equal access to the Boy Scouts and other designated youth groups. For inquiries regarding the non-discrimination policies, please contact Hale County Board of Education at (334) 624-3051.

## **TITLE I Programs**

All schools in Hale County are eligible for Title I Schoolwide funds based on the number of students who receive free or reduced meals. These funds help with programs in such areas as academics, homeless, migrant and EL students, and parent involvement activities, etc. The Hale County School System has a Parent Involvement Policy and a System Parent Involvement Plan which consists of general expectations of the system regarding parental involvement and how the policy/plan components are implemented. A copy of the System Parent Involvement Plan is available upon request at your child's school. All schools have School-Parent Compacts and a Parent Involvement Plan. A copy of the School's Parent Involvement Plan is distributed to all students at the beginning of the school year. At the beginning of each school year, the school works with parents to develop written compacts that will assist their child in becoming successful in school. For more information regarding Title I Schoolwide programs, please contact the Federal Programs Director at 334-624-3051.

## **Student Religious Liberties Act**

The Hale County Board of Education, in regards to the Alabama Student Religious Liberties Act of 2015, will not discriminate against any student or parent on the basis of religious viewpoint or religious expression in school. The Board will allow religious expression in class assignments, coursework and artwork (evaluating the same based on standards regarding ordinary coursework, without punishment or enhancement for religious expression) and the Board will allow religious groups and activities to organize in the same manner it allows non-religious activities. This policy allows students to voluntarily express religious viewpoints, where appropriate.

## **Guidance and Counseling Services**

Guidance and Counseling personnel help students in the areas of academic, career and social development. Counselors are available at your child's school for assistance, guidance, and support. If you have questions/concerns regarding the personal, social, educational, or career development of your child, please do not hesitate to contact a counselor assigned to your child's school.

Students planning to attend college should be aware that many colleges require an entrance exam for admission and/or scholarship selection. The entrance examination most used by colleges in the Southeast is the tests of the American College Testing Program (ACT). Course selection should be made after careful consideration and consultation with the school counselor.

Erin's Law: The Hale County Board of Education will provide a curriculum that is age-appropriate to all students based on the recommendations of the Governor's Task Force on the Prevention of Child Sexual Abuse.

Jamari Terrell Williams Student Bullying Prevention Act: The Hale County Board of Education will enforce the Jamari Terrell Williams Student Bullying Prevention Act, which includes student against student bullying, intimidation, violence, and threats of violence that occur off school property. The Act specifically includes cyberbullying, which may also occur off school property.

“Building a Community of Workers, One Student at a Time”

Hale County College and Career Academy (HCCCA) is preparing tomorrow’s leaders. Hale County’s faculty and staff members are dedicated to providing students with the necessary resources, tools, and experiences needed to gain real-world application and knowledge. Career and Technical Education is transitioning to simulated workplaces that teach students about modern workplace requirements and industry best practices. Currently, Hale County College and Career Academy offer the following CTE pathways, foreign language, and academic programs:

- S.T.E.M/Robotics
- Cosmetology
- Health Science
- Agri-Construction
- Theater
- Industrial Maintenance
- Modern Manufacturing
- Welding
- Dual Technical Welding (Wallace Community College Selma)
- Jobs for Alabama Graduates (JAG)
- Alabama Career Essentials
- Spanish
- English

Each pathway is an area of study that blends academic, occupational, and life skills leading to a credential, employment, and further education. The ultimate goal of CTE programs is to provide instruction in the knowledge and skills necessary to manage the challenges of living and working in a diverse, global society and provide preparation for continued learning. To ensure each program meets the state requirements, instructors shall use a state-approved course of study. Instructors will incorporate research-based instructional strategies that validate technical skill attainment.

### Students

All CTE students must take the KUDER assessment and create Educational Plans based upon their interests and aptitude assessment results to pursue a career cluster.

The Career and Technical Implementation Plan shall be developed as part of the Individualized Education Program (IEP) process before the student enters the CTE program if accommodations and/or modifications are required. The plan shall remain on file with the CTE teacher while the student is enrolled in the program. Each plan shall be evaluated, as needed, using student performance objective criteria as prescribed in the plan.

### **Student Program Continuance**

The three levels of CTE program involvement are:

- **Participant**- A student earning one credit in a CTE program.
- **Concentrator**- A student earning two credits in a CTE program.
- **Completer**- A student earning concentrator status in a CTE program and one additional CTE credit.

### **HCCCA Simulated Workplace Expectations**

All CTE courses will continue to replicate the components of a simulated workplace. Simulated workplaces provide students with modern workplace requirements and industry best practices. Students will gain real-world experiences and knowledge daily. Transforming CTE courses to simulated workplaces will provide each student with an understanding and knowledge of how career technical courses incorporate project-based learning, along with work ethics, workplace processes, and behavior integral skills to successful employment. In a simulated workplace, students will experience the following structures and procedures:

- utilize time clocks or some other formal attendance recording process;
- adhere to the district Random Drug Test policy (upon district approval);
- conduct an application/interview process for positions;
- develop a company name and procedures/protocol manual;
- promote and conduct safety training;
- begin each class period/session with a 5 to 10-minute company meeting;
- submit data reports developed by students and instructors;
- establish work teams and organizational systems with students rotating across teams;
- integrate the 6S Continuous Quality Improvement principles;
- participate in Business and Industry or NCCER/MSSC evaluations; and
- utilize a portfolio system for students to document learning, a credential earned, and projects completed. (Ex. KUDER program).

### **HCCCA Evaluative Tools**

Each nine weeks CTE students will receive a grade for attendance, safety, work ethics, and projects/portfolio. Students' attendance will be calculated based on weekly timesheets. Safety and work ethics will be determined based upon program requirements using a Hale County CTE safety/work ethic rubric. The student projects and/or portfolio will also have a rubric. All rubrics will be given to the students during the first week of school.

### **Program Fees**

General fees of \$25 are required for each program per semester. Additional fees may vary depending upon the program. *Please see HCCCA Student Handbook.*

### **Career and Technical Student Organizations**

As a CTE student, it is highly encouraged for students to participate in a Career and Technical Student Organization (CTSO). Career and Technical Student Organizations function as an integral part of the CTE instructional program with state and national affiliates providing support for skill attainment and leadership development. Each student is required to pay his or her CTSO fees by **September 1st (first semester)** and **February 1st (second semester)**.

### **Safety Procedures**

CTE students must achieve 100% proficiency in the application of safety procedures before participating in laboratory work, work-based learning, and other times, as needed, using locally designed safety assessments that address the unique needs of the program.

All LEA shall ensure that Health Science students assigned to clinical experiences are protected from malpractice and liability through a contractual agreement between the LEA and health agency practitioners or student malpractice insurance policies.

All CTE programs will operate in compliance with federal, state, and local health and safety requirements.

### **Live Work**

Students may participate in Live Work experiences in the various programs. Live Work can only be related to the knowledge acquired and skills currently being taught in the program or reinforce acquired knowledge and skills previously taught. Students must abide by the Hale County Live Work district policy.

### **Alabama Career Essentials (ACE)**

**ACE** is a program designed for students who desire to enter the workforce directly after high school. **ACE's** workplace environment provides trainees the entry-level skills required for employment with most businesses and industries in Alabama. Training is provided at no cost to students. ACE is a training course designed by the Alabama Community College System to provide Alabamians with relevant, cutting-edge, and industry-driven employability skills training to better prepare individuals for the Alabama workforce. The main goal of the new **ACE** course is to ensure current and future workers are equipped with the skills necessary to enter the 21st-century Alabama workforce.

### **Alabama Career Essentials Curriculum**

The **ACE** curriculum consists of training modules in computer literacy, math for work, financial literacy, communication, workplace etiquette, resolving problems in the workplace, healthy workplace environment, employment preparation, and workplace safety and ACT WorkKeys. Each module is comprised of 3 to 6 lessons that build upon and reinforce common concepts. All curriculum modules, including **ACT WorkKeys**, are structured to reinforce the essential skills of reading, writing, listening, speaking, and arithmetic.

12. Penalties for students who violate this will be commensurate with those outlined in the student code of conduct. Board employees will be subject to disciplinary action for violation of this policy. The Board will not defend or provide assistance to any employee who breaches any law governing computer or software usage.

## **Internet and Electronic Mail Usage**

We are pleased students have access to electronic mail and the Internet. To gain access to E-mail and the Internet, all students under the age of 18 must provide a signed parental permission form to the school office. Students 18 and over may sign their own forms.

Access to E-mail and the Internet will enable students to explore thousands of libraries, databases, and bulletin boards while exchanging messages with Internet users throughout the world. Parents are warned that some material accessible via the Internet may contain items that are illegal, defamatory, inaccurate, or potentially offensive to some people. The Board's intent is to make Internet access available to further educational goals and objectives. We believe that the benefits to students from access to the Internet, in the form of information resources and opportunities for collaboration, exceed any potential disadvantages.

Parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information sources. The Board supports and respects each family's right to decide whether or not to allow their child access to the Internet and electronic mail.

## **Email**

All Hale County Board of Education gmail addresses are to be used for Hale County Board of Education business only. Whether being used as a student or employee, this address is not for personal use.

Gmail accounts will be established by the Hale County Board of Education when a student is fully enrolled and will continue until the student is withdrawn, either voluntarily or because of a lack of attendance, or graduates. Upon withdrawal, the gmail account will be suspended immediately. Upon graduation, gmail will continue for approximately four months. Should students need access after the account is suspended, they will be directed to make a request for reactivation for a specific purpose.

Employee gmail accounts will be made active upon employment and will be suspended immediately upon dissolution of employment, if the dissolution is by request of the Hale County Board of Education, on a case-by-case basis. Employees who depart from the Board voluntarily by transfer to another position or retirement shall have their account suspended within 6 months from the date of the last pay period for the employee or from the date of the last W-2 for the employee, whichever is later. Retired employees who remain active with the Board shall continue to have access during that active period of employment and may request to keep their account open even during non active times if their employment is regular but sporadic.

No procedure regarding email shall interrupt or change the procedure for distancing an employee or student for access into other forms of access, for example, PowerSchool, ACCESS or Edgenuity.

## **Internet and Email Rules**

Students are responsible for good behavior on school computers just as they are in a classroom or a school hallway. Communications on the Internet are often public in nature. General school rules for behavior and communications apply.

The Internet access is provided for students to conduct research, complete assignments, and communicate with others. Access to network services is given to students who agree to act in a considerate and responsible manner. Parent permission is required. Access is a privilege—not a right. Access entails responsibility.

In order to comply with CIPA (Children's Internet Protection Act) and school system objectives, the school staff will monitor student use to provide guidance and instruction in the appropriate use of the Internet, including E-mail. The Hale County Board of Education will also "provide for the education of minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response" in accordance with the Federal Communications Commission (FCC) Protecting Children in the 21<sup>st</sup> Century Act.

Computer storage areas may be treated like school lockers. School administrators may review files and communications to maintain system integrity and insure that users are using the system responsibly. Users should not expect that files stored on computers will be private. In our schools, Internet filtering software will be used to protect students from viewing inappropriate sites.

The following are examples of behaviors that are not permitted. This list should not be considered exhaustive.

- Sending, linking, or displaying inappropriate sites, messages or pictures.
- Using obscene language.
- Harassing, insulting, or attacking others.
- Damaging computers, computer systems, or computer networks (including hacking).
- Violating copyright laws.
- Using another's password.
- Trespassing in another's folders, work, or files.
- Intentionally wasting limited resources.
- Employing the network for personal commercial purposes.
- Posting student pictures, names or other personal information on Internet without parent/custodian's consent.
- Posting student work on Internet without student's permission.

Violations may result in a loss of access as well as other disciplinary or legal action.

This policy complies with the Children's Internet Protection Act (CIPA). The Internet Safety Policy requirements of CIPA are incorporated in our Computer-Assisted Instruction policy that also serves as our Internet Acceptable Use Policy.

Any such devices may be searched and/or seized by the Hale County Board of Education or law enforcement. Such seizure is at the risk of the user and the Board of Education does not approve payment/reimbursement for any item so seized.

This does not in any way supplant other policies/laws regarding data governance. One example of such a violation, for illustration only, would be checking personal email at work, whether or not on a halek12.org issued device, connected to halek12.org wifi/internet, and such email releases a virus that infects the network. Any damage to the halek12.org system will be the responsibility of that user.

*Computers use will be closely monitored by school employees. In addition, due to the possible harmful effects to our computer systems, such as viruses and/or computer crashes, students shall not be permitted to bring, to any campus, musical or software CD's, disks, or any other software that is not purchased by the local school or the Hale County School System.*

### Student Transportation and School Bus Conduct

School buses are considered as an **EXTENSION OF THE CLASSROOM** and all students are required to conduct themselves on buses in a manner consistent with established standards for classroom behavior. In accordance with established law, **student transportation at public expense is a privilege and not a right.** Students may have bus-riding privileges suspended or revoked for failing to follow established school bus rules and regulations.

The following regulations shall apply to all students riding school system-owned or leased buses:

5. Children should be picked up and dropped off on the side of the road they live on when the bus has to go down the road and turn around.

3. Wait for the bus to stop before attempting to board;
4. Keep all body parts inside the bus at all times;
5. Assist in keeping the bus safe and clean;
6. Refrain from loud talking or behavior which may divert the driver's attention;
7. Refrain from damaging the bus (pay for any damage to seats, windows, etc.);

Students should adhere to the following requirements when exiting and crossing in front of the bus:

1. Make certain that the bus has come to a complete stop, that the door is still open, and that the stop signal is extended;
2. Cross in front of the bus within sight and hearing of the driver, look both ways, and stay out of the line of traffic until the path across the roadway is free from danger;
3. Proceed across the roadway upon signal from driver or bus patrol; and proceed with extreme caution across four-lane roadways.

### Automobile and Motorized Vehicle Use by Students

All vehicles driven to school by students shall be **registered** in the principal's office, giving make, model, and tag number. These vehicles will not be driven on campus or from the campus, during the school day, without the permission of the principal. **Students who wish to have a tag registered must, along with a parent or guardian, sign a consent form. Said consent may subject the student to periodic, random drug testing. The parking fee will be \$25 for the year. Students who purchase mid-year will pay the same fee.**

Students will be required to present evidence of an **Alabama driver's license and evidence of liability insurance before they are authorized to bring a vehicle on school premises**. Further, students may be required to purchase parking decals, numbers, etc. Violation of this policy may result in arrest and prosecution in accordance with Alabama law and/or disciplinary action by local school officials.

## **Field Trips**

The following minimal procedures shall be adhered to when conducting field trips and excursions away from school:

1. Students shall be expected to exhibit good behavior and shall be subject to the same code of conduct applicable to regular classroom activities.
2. Students must have a Field Trip Parental Permission Form signed by their parent(s) or custodian(s) on file with school officials prior to departing on each school-sponsored field trip. Students not submitting a signed permission form SHALL NOT be permitted to participate in such activity. Blanket permission will be applicable for scheduled athletic events, academic competitions, etc.

# **Moundville Elementary School County Handbook Supplement 2024-2025 School Year**

## Moundville Elementary School Motto

*Moundville Elementary School-*  
*Where learners grow by **M**otivating **E**very **S**tudent!*

Dear Parents and Students,

I hope that each of you had an exciting summer that energized you for another great year. MES returns an outstanding staff of teachers and para-professionals that are eager to work with the estimated 600 students enrolled this school year. Speaking of staff, we have a few new faculty and staff members this year. Each will bring additional knowledge and expertise to our school and be a great addition to the outstanding group of educators at MES.

Moundville Elementary School has a legacy of success and leadership through the years. Keep in mind that our continued success will ultimately depend upon the close relationship between the students, parents, community, teachers, and administrators. We encourage all of our parents and community members to take an active role in the education of the children at Moundville Elementary. The first step is discussing this handbook with your child and returning the acknowledgement page included in the handbook.

If there is anything that I can help you with throughout the school year, please don't hesitate to contact me. My email address is [jposey@halek12.org](mailto:jposey@halek12.org) or you may call 371-2679. We are excited about partnering together this year to ensure that every student achieves their greatest potential!

Jonathan Posey  
MES Principal

### **Tips for Parents**

- ✓ Encourage your child to read each night! You can do this by setting goals and rewarding the successful completion of the goals.
- ✓ Encourage and promote your child's respect for and cooperation with his/her teacher and classmates. Please investigate the facts and situations before reacting. Criticizing a teacher's actions with only a child's interpretation will often result in a negative, uncooperative attitude on the part of the parent and student. Schedule a conference with your child's teacher and openly discuss your concerns.
- ✓ Please see that your child has adequate rest at night and that he/she arrives at school on a timely basis.
- ✓ Use the school calendar to schedule appointments outside of school times. To avoid falling behind and/or make-up work, students should only miss school when absolutely necessary.
- ✓ Please help your child develop good study habits by placing a high priority on schoolwork. Begin by setting a time frame for completing assignments at home.
- ✓ Help or supervise your child with homework assignments, but do not complete their work for them. Students need your supervision and encouragement as they become more responsible regarding homework, care of textbooks, using time wisely, and other such matters.
- ✓ Teachers have home and family responsibilities when they leave work. If at all possible, do not call them at home regarding student problems. Instead, write a note and send it in an envelope to the teacher, email, or call the school to request a conference. Likewise, discourage students from calling teachers at home regarding school assignments and activities. Calling a classmate will provide that information.
- ✓ Be reminded that all students must be checked out at the main office. At no time should a parent or guardian go to the room to check out a child. The office will call the room and the child will be sent to the office.
- ✓ Please feel free to call the school if you have a question or concern. Remember, we work as a team, and you are a very important team member.

## **Programs**

There are a variety of instructional and recreational programs offered to the students at Moundville Elementary which complement the state mandated curriculum. These programs include, but are not limited to, the following:

**AMSTI** – Many of the teachers have been trained in the use of hands-on materials for teaching math and science. The use of these manipulatives will improve teaching, learning, and motivation by increasing student engagement.

**Alabama Reading Initiative** —Each of our teachers have received extensive training in the area of reading, as well as, the assistance of dedicated specialists in the area of reading. Our school goal is to have every child reading on or above grade level. With your help and the expertise of the teachers this goal can be achieved.

**Counseling Services** – Moundville Elementary has a full time counselor on staff who works with large groups, small groups, and individuals on a variety of issues. If you feel that your child would benefit from counseling or if we can assist families in contacting other counseling services in the area, please call the school.

**Moundville Community Learning Center** – The MCLC provides educational opportunities for students through a summer and after school program. During the summer program, students are given just the right amount of reading and math to improve academic performance. During the afterschool program students are given an opportunity to complete their homework with additional assistance from certified teachers. Information on this program will be distributed periodically throughout the year or can be received by calling 371-2679.

**Physical Education Program** – All students at Moundville Elementary will participate in a structured program of physical development with activities ranging from dance to basketball. Students are not only taught basic skills for sports and activities, but learn the qualities of sportsmanship, effort, and teamwork.

**RTI** – MES provides additional instruction and support to students that are not mastering grade level content through our Response to Instruction (RTI) program. This is done through school teams that meet to discuss strategies regarding individualized student improvement. This team includes several resources at the school and the parents of the student. For more information, please contact your child's teacher.

**SGA** – The Student Government Association (SGA) is offered to interested students in third through fifth grade. All officer positions are voted on by students in third, fourth, and fifth grades.

**Sports Leagues** – From time to time the community will offer after school participation in sports leagues. The goal of these leagues is to teach participants the rules of the game and stress sportsmanship. Parental participation is the key for continued offering of these leagues.

## **Transportation**

### **Bus**

Moundville Elementary utilizes ten buses to transport students to and from school. These buses have a particular route as designed by the director of transportation. Our school buses also have rules governing student behavior while riding the bus and are discussed by the driver at the beginning of school. The basis for the rules is the safety of the students riding the bus. When misbehavior occurs, the driver must address this misbehavior so as to ensure that the safety of all students is maintained. If students are referred to the office for continuous misbehavior on the bus, parents will be notified and the student may lose riding privileges for a minimum of one day. If the misbehavior continues, the student's bus riding privileges may be suspended from the bus for no less than one week. Further problems may result in denial of bus riding privileges for the remainder of the school year. Please keep our buses safe. Talk to your child about proper behavior on the bus.

### **Cars**

Students who are brought to school by car should arrive no earlier than 7:20 AM. The school does not have personnel on duty before this time to properly supervise students. Parents needing to drop off before this time should utilize our early morning drop off program, make arrangements with other parents drop their child off after 7:20 or the student should ride the bus. When picking students up at the end of the day, parents should get in line at the front of the school. Students will be supervised as cars are loaded. Parents should not park their cars, get out, and take their children out of the supervised loading area to avoid waiting in line. This is not fair to others and is not safe for the students.

### **Walkers**

Students who walk to school should not arrive before 7:20 AM. Students who walk will be the last to be released at the end of each school day. This is to avoid the danger of walking while buses or cars are entering and leaving campus.

### **Changes in Transportation**

Students will be sent home the same way every day unless the school receives a written letter from the parent requesting a change in the student's normal transportation. Changes to transportation will not be made over the phone during the school day.

### **Early Morning Drop Off**

We offer an early morning drop off program to accommodate the needs of parents that will need to drop their children off before 7:20. Please contact the office for more information regarding our early morning drop off program.

### **MES Afterschool Program**

We offer an afterschool program for students that need to stay at school until their parents are able to pick them up from school. The MCLC afterschool program begins at 3:20 each day. All students that attend the afterschool program should be picked up from the program no later than 6:00. The cost attend is \$40 per week.

## **Discipline**

The Hale County School System has in place a very lengthy and comprehensive Code of Conduct for students enrolled in all Hale County Schools. The basis for any code of conduct lies in the concern for student safety and the effectiveness of the educational process. No teacher has the right to keep

students from learning because he/she cannot maintain appropriate behavior in the classroom. Likewise, no student has the right to keep a teacher from teaching or students from learning by behaving in a disruptive manner. Educators and students are responsible for their actions, and therefore, it is imperative that all parties understand the consequences for failing to meet the responsibility of appropriate school behavior.

At the beginning of the school year, teachers will inform students of acceptable behavior in the classroom and a list of these rules will be sent home to the parents. In addition to the acceptable behaviors, the students will be informed of the classroom consequences for not behaving appropriately. Please discuss the classroom rules and consequences with your child, and the consequences that they will face at home should their behavior at school result in disciplinary action. Also, please review and discuss with your child the Code of Conduct section of the Hale County Parent Handbook.

In conclusion, the purpose of Moundville Elementary School is to educate students and prepare them for further education. With all stakeholders working together, this will be a great year at MES!

### **Digital Devices**

Use of digital devices is prohibited during the school day. Students that bring a digital device to school with them should power the device off and leave it in their backpack for the duration of the day. Unauthorized use of a digital device during the school day may result in the device being confiscated by the teacher or school administrators. Parents will be required to come to the school to pick up any confiscated devices within 24 hours of the device being confiscated.

### **Child Nutrition Program**

Moundville Elementary offers students a breakfast and lunch as coordinated by the Child Nutrition Program. MES participates in the Breakfast in the Classroom program. This program allows all students to receive a free breakfast upon arrival at school. Students eat breakfast in their classrooms before the instructional day begins.

The Hale County Schools participates in the Community Eligibility Program that allows all students to receive free breakfast and lunch. However, items which are sold a la carte will incur a cost, which will be posted at the lunchrooms where available.

The following charging policy will be in place:

- A la carte items may not be charged for any reason.
- Employees of Hale County School System are NOT allowed to charge a meal.
- Guests/Visitors of Hale County School System are NOT allowed to charge a meal.

Reminders will be sent home daily for students that have a \$5.00 or less balance on their lunch account.

Please refer to the Hale County Board of Education handbook for additional information regarding meal prices for staff and visitors.

Parents are invited and encouraged to visit the school and eat lunch with their child. When visiting your child for lunch you should sign in at the office and then wait for your child in the lunchroom.

## **Snack and Juice**

Students will have a scheduled snack break during the school day. They may either bring snack and/or juice from home or purchase them at school. Generally, snack and juice items at school are priced for \$1.00. Students who purchase snack or juice from the school may do so during their grade level's designated time daily. Please DO NOT include snack and juice money in the check for the lunchroom. Neither the Child Nutrition Program nor the office is able to make change and this money goes into two different accounts.

## **Progress Reports and Report Cards**

The Hale County School System is on a nine week grading schedule. Progress reports will be sent home at the end of the third and sixth week with report cards being sent home at the completion of the ninth week. Progress reports will provide parents with a general indication of how the student is performing throughout the grading period. It is also an opportunity for parents and teachers to indicate their desire to schedule a conference to discuss progress. Please sign and return the progress report within two days. If you have questions regarding the progress report or would like a conference, please contact your child's teacher.

Report cards are computer generated, and parents will receive two copies (except Kindergarten). We ask parents to keep the white copy and sign and return the pink copy within two days.

## **Honor Programs**

Honor programs are held to recognize the achievement of both students and parents. Awards are given to students for academic achievement, physical fitness, etc. These programs are delightful to all involved. Please make every effort to attend these proud moments. Cameras and video photography are encouraged. This year all programs will be during the school day to ensure that all students have an opportunity to attend and be recognized.

## **Medication**

It may be necessary at some point in the school year for your child to take medicine at school. We are prevented from providing students with any medicine other than that sent from home in its original container. It is also important that the dosage and time for administration be clearly printed on the label. If a student is required to take medication at school, it will be necessary for a medical authorization form to be completed by the parent and returned to the school before medication can be administered. All medications that are to be administered at the school should be provided to the school nurse or the nurse's designee by the parent or guardian of the student. Medication is not allowed to be sent to the school in the child's backpack.

All medication will be stored and dispensed by the school nurse. The school nurse will be responsible for basic first aid to students, dispensing medication, and maintaining medical records.

## **Field Trips**

During the course of the year, students may travel off campus for a trip that reinforces the work they are doing in school. These trips will be limited to two or three trips during the school year. Teachers will notify parents of the date of the trip and request that parents complete a field trip permission form if they wish for their child to participate. Typically, the trip will also require a cost that is used for

transportation, admission, etc. Once a purchase order has been completed for the field trip, no refunds will be issued.

One requirement for student participation on a field trip is appropriate behavior in school. If a student cannot follow rules in the structured setting of the school, we cannot expect the student to follow the rules on a field trip. Students are notified in advance that their behavior will determine their participation. When students participate in a field trip they are representatives of the school, the community, and their family. We expect and will accept nothing less than their best behavior.

Parents are allowed to serve as chaperones on field trips if space permits. Parents wishing to serve as a chaperone on a field trip will need to sign up as a chaperone prior to the field trip with their child's teacher. All chaperones will need to complete a background check and a chaperone orientation session prior to the field trip. Parents that do not sign up with their child's teacher to serve as a chaperone and receive clearance from a background check will not be allowed to participate on the field trip. On all field trips, parents are not allowed to bring other children. Chaperones must also provide their own transportation as they will not be allowed to ride buses unless prior permission is received. All students should ride the bus to the fieldtrips. The purpose of parent attendance is to assist with the supervision of students during the trip. MES greatly appreciates parent's willingness to take on this responsibility.

### **Visitors**

The faculty and staff at Moundville Elementary welcome visitors to the school. However, proper procedures must be followed to maintain a safe environment with few interruptions during instruction. Visitors must first check in at the school office. This ensures all visitors are accounted for. Parents should keep in mind that parent/teacher conferences should not be at the expense of the learning of students in the classroom. We ask that parents make an appointment during planning periods to alleviate the loss of instruction. Again, we hope that you will have the opportunity during the year to visit your child's classroom to observe or assist, however, we do ask that you notify the teacher of your decision to visit and check in at the office. All visitors should always enter through the front doors and secure the appropriate badge regardless of who you are and how many times you have visited.

### **Class Parties**

Homeroom classes normally hold two scheduled parties during the school year, Christmas and Valentines. Teachers will notify parents of the parties well in advance to request volunteers, supplies, etc. Typically, these parties take place in the afternoon.

If you would like to have an informal birthday party for your child by bringing "goodies" to school, please contact your child's teacher as to when their scheduled snack break is during the day. Also, please be sure to ask the teacher how many students are in the room so as to ensure that all students are provided goodies.

Also, we ask that birthday invitations not be distributed at school so as not to upset students who are not invited. This is not a distraction that the teacher or students need to deal with.

### **Classroom Deliveries**

If your child forgets their lunch, binder, Chromebook, or anything at home you may drop it off at the front office by 9:30. We cannot guarantee that we will be able to deliver items to the classroom after 9:30. This includes birthday treats that you may want to share with your child's class. Any goodies to

celebrate your child's birthday should be sent with your child in the morning or be brought in to the office by 9:30 as well.

### **Making Payments to the School**

The front office is not able to accept money. Any money that needs to be sent to your child's teachers should be sent in the pencil pouch that is in their binder. Your child's teacher will receipt the money and send the receipt home at the end of the day. The office will not be able to accept money for any reason.

### **Dress Code**

Please refer to the Hale County Schools Handbook as to what is deemed acceptable clothing. The dress code adopted recently by the BOE will be utilized in all schools. Students that arrive at school in attire, which is deemed inappropriate, disruptive to the educational process or unsafe for the school environment, will be referred to the office where he/she will telephone home for other clothing to be brought. In the event that the student cannot contact anyone to bring other clothing, the student will remain out of class in a supervised area until contact can be made or appropriate clothing is loaned to the student by the school. Continuous abuse of the dress code could result in disciplinary action.

### **Attendance Policy**

The Hale County Board of Education believes the fundamental right to attend public schools places upon students the accompanying responsibility to be faithful in attendance. Regular attendance can be assumed to be essential for a student's successful progress in the instructional program. With these beliefs in mind the Hale County Board of Education has adopted this mandatory Attendance Policy for all students, regardless of age.

All absences from school shall be designated as excused or unexcused. School related absences, approved by the principal, will not count as absences. Absences resulting from suspensions will be marked as unexcused. Students who accumulate ten (10) or more absences will be required to submit an official statement from the courts or a physician explaining each absence for the remainder of the school year. Failure to provide an official statement from the courts or a physician will result in the absence being marked unexcused. In accordance with state law, only the following absences shall be considered excused absences, provided that in each instance parental confirmation has been received for the reason of the absences. Parents will be requested to explain in writing all unexplained and unexcused absences.

#### **EXCUSED ABSENCES:**

1. Illness
2. Inclement weather which would be dangerous to the life or health of the pupil if he/she attended school:
3. Legal quarantine, death in the immediate family, emergency condition as determined by the superintendent or principal:
4. Permission of principal and consent of parent.

When a student returns to school after being absent, he/she shall bring a written statement from his/her parents with an explanation for the reason of the absence and the date of the absence. This written statement, signed by the parent(s), must be returned within three days, or the absence will be recorded as an unexcused absence.

Unexcused absences will be reported in the following manner:

1. On each unexcused absence, the parent shall be notified by the student's teacher that the student was truant from school and the date of the truancy.
2. On the **third unexcused** absence the parent will be required to attend a conference at the school with school personnel.
3. No later than the **fifth unexcused** absence the parent will be required to participate in the early warning program provided by the juvenile court. Attendance at this conference is mandated by law. Failure to appear at the school conference and/or to appear at the early warning program shall result in the filing of a complaint/petition against the parent under the Code of Alabama (1975).
4. On the **seventh unexcused** absence and within ten school days, a complaint/petition shall be filed against the parent.

Students absent for an excused reason shall be allowed to do make up work at an appropriate time determined by the teacher. At the elementary level, parents/custodians shall be responsible for arranging necessary makeup work with their child's teacher(s). Students will not be given make up work for unexcused absences.

### **Tardy Policy**

Students are required to attend school on time each day. Moundville Elementary has designed a tardy policy to ensure compliance with this regulation. A tardy is defined as a student's arrival in the classroom after **7:50 AM**. All tardies will be classified as either excused or unexcused. The following tardies will be excused; all other tardies will be unexcused:

1. Doctor or dentist appointments. These will be excused, if an excuse is presented at the time of check-in. Excuses are not accepted at a later date.
2. Permission granted by the principal **in advance**.
3. The school bus is late arriving at school. In this situation, the bus driver will notify the school.

The consequences for violating this policy are as follows:

1. On the **third unexcused** tardy, the parent must attend a conference at the school with the principal and/or attendance officer.
2. On the **fifth and sixth unexcused** tardy, a notice will be sent to the parents for their signature and the parent will be expected to bring the child to school at 7:00 a.m. on the date indicated. The student will sit quietly and read while under the supervision of school personnel.
3. On the **eighth unexcused** tardy and after, the student may be suspended and/or the parent's name turned in to the county truancy officer. Excessive tardies may result in the parent being required to attend court.

Parents and students should also be reminded that by Hale County Board policy unexcused absences and tardies will not be given makeup work. This work will be coded as a zero. Again, this policy is not designed to cause a hardship between the home and school, but is needed to ensure an adequate opportunity for each child to learn. Our school greatly appreciates those students and parents that arrive at school on time and ready to learn each day. Your efforts are rewarded each day by the teaching efforts of your child's teacher.

## Check Out Policy

To improve student learning, MES has adopted a check out policy. The purpose of this policy is to reduce the high volume of checkouts each day. Many times students with a high number of checkouts do not perform as well as students that are in attendance each day, all day. This policy will closely mirror the tardy policy and is detailed below.

A checkout is defined as a student leaving school prior to the appropriate dismissal bell. All checkouts will be classified as either excused or unexcused. The following checkouts will be excused; all other checkouts will be unexcused:

1. Doctor or dentist appointments. These will be excused, if an excuse is received the following school day.
2. Permission granted by the principal **in advance**.
3. The nurse calls home for a parent to pick the child up.

A photo I.D. will be required to check a student out. Students can only be checked out by people listed on their contact list with permission to check the student out. Due to preparing for dismissal, **checkouts will not be allowed after 2:30 each day.**

## Title I Plan

Parents may view the school wide Title I plan at any time by visiting the school and requesting access to the plan. After viewing the plan, parents can provide feedback through the principal. Parents with concerns, regarding the Title I plan, that are not addressed by the local school may submit in writing a concern/complaint to the principal, who will then forward the documentation to the Federal Programs Coordinator.

## Powerschool Parent Portal

Powerschool for parents provides parents with the opportunity to check on their child's grades, attendance, and office referrals from any internet connected computer at any time. A username and password is required for access. This information is normally distributed at least twice a year.

## Parent Compact

MES has developed a parent and school compact to outline how the parents, the entire school staff, and the students will share the responsibility for improving student academic achievement. This document is to be signed by the parents and student and will be kept on file at the school.
