District Priorities and Goals

Comprehensive Plan Priority:

- Through the PLC and MTSS processes:
 - We will reach each student by analyzing their strengths and areas for growth and then will use targeted instruction to both enrich and remediate for achievement success.
 - As well as new mathematics programming at both the elementary and middle schools, we will be able to target individual student needs and reach pre-pandemic data goals.

Building Goals

Goal 1: By June of 2025, the middle school will establish the systems, structures, and supports to ensure that **all students** are provided with the **opportunities to participate in a targeted intervention and enrichment program** (WIN Middle)

Goal 2: By June of 2025, **all staff will engage in a coach lead** collaborative team (PLC) focused on evidence of student learning specific to questions 3 and 4 of the 4 Critical Questions:

- How will we respond when the students have not learned the topic?
- How will we respond when students already know the topic?

Questions

Q: Question/concern: Children cold outside waiting for doors to open? Is there a back up plan if administration can't get out there early?

A: A number of factors impact the arrival time of busses. By contract, teachers are not on duty until 7:18am. We do open the doors before 7:18 am. We do our very best to make sure the students are in the building prior to that time typically opening the doors between 7:05am–7:08am. In the event that students are very uncomfortable waiting outside, they are permitted to ring the door bell and they will be let in.

Our next BAT Meeting will be on February 5th.
