

NEW MILFORD SCHOOL DISTRICT HEALTH OFFICE

REQUIREMENTS FOR ENTERING SCHOOL

In accordance with the New Jersey Department of Health, the New Milford Board of Education requires the following as a prerequisite for students entering the District.

1. Proof of Complete Immunizations which include:

- | | |
|--------------------------|--|
| DTP/DT/Td | 4 doses with one given on or after the 4 th birthday OR
3 doses in a child over the age of seven starting the series |
| Tdap | 1 dose if born after 1/1/97 and entering 6 th grade |
| Polio Vaccine | 3 doses with the last dose given after the 4 th birthday OR
3 doses in a child over the age of seven starting the series OR
Any 4 doses regardless of age |
| Measles | 2 doses given after the 1 st birthday |
| Mumps | 1 dose after the 1 st birthday |
| Rubella | 1 dose after the 1 st birthday |
| Hepatitis B prior | Completed series of 3 doses; if 11-15 years of age and has not received the 3 doses, then should receive 2-dose Hepatitis B adolescent formulation |
| Meningococcal | 1 dose if born after 1/1/97 and entering Sixth Grade |
| Varicella | 1 dose after the first birthday for every child born on or after 1/1/98
OR proof of the disease |
| HIB & PCV | Minimum 1 dose after 1 st birthday for every child 12-59 months of age in preschool |
| Influenza | 1 dose yearly between Sept. & Dec. for every child 6-59 months in preschool . If entering school after Dec 31 until March 31 must receive 1 dose |
| Lead testing | Required of all preschool children prior to entering/must be numerical level |
| 2. Physical Exam | Done prior to entering school |
| 3. Mantoux Test | Must receive test if entering USA for the first time, or transferring into NJ Schools from a high TB incidence country as defined by the State of NJ |

Failure to provide the school with this information (within 30 days from the day of entrance) may cause the student to be excluded from school until proper proof of the required health information is received.

The parent/guardian has the responsibility of notifying the School Nurse if their child has any medical conditions including those which necessitate the use of medication either at home or at school.
