TOP NEWS OF THE MONTH

SPOTLIGHT FRUIT & FFV

November was a fun filled fruit and veggie month.

We used the remainder of our local apples and then offered Lemonade Apples. A bright yellow apple known to be sweet and tart.

Sea Beans- Long flowering succulent that looks like a thick stick. They are naturally salty so we served them with cucumber slices.

Goose Berry- (My favorite) They are tart and tangy, slightly sweet about the size of grape tomatoes.

California Scarlotta Grapes-elongated red grapes

Pomelo- Largest member of the citrus family, taste like a sweet version of grapefruit.

We also served golden kiwi, blood oranges. Broccolini, Jonathon apples and navel oranges
