## McKinney-Vento Education for Homeless Children and Youth

This sub-grant is a **competitive grant application** that must be submitted **annually**. To apply for a Title IX homeless grant, which is formally known as the "**McKinney-Vento Education for Homeless Children and Youth**" program, Marshall County Schools must submit an application to the Alabama State Department of Education (ALSDE), outlining our school district's plan to identify, enroll, and provide educational support to homeless students, including details on how we address barriers to their access to education, designate a homeless liaison, Mrs. Kim Morrow, and utilize funds to provide necessary services like transportation and school supplies; the application process generally involves demonstrating the need for funding based on data about homeless student populations within the district and outlining specific strategies to address their unique challenges.
