

LAKOTA CCP INFORMATION SESSIONS

**WE are
Lakota**

Andrew Wheatley, Director of Secondary Curriculum, is hosting important CCP Information sessions during High School 2025-26 Course Information nights.

This is an excellent opportunity to learn more about the necessary steps and qualifications a student needs to participate in the CCP program. Our college partners, Cincinnati State, Miami University, Sinclair College, and the University of Cincinnati will have representatives available for students, and their families, to learn more about each of their CCP programs.
