January 9, 2025

Dear Families,

I am writing to update you on a recent incident that has affected some users of the PowerSchool Student Information System, which is the platform our district uses for student data management.

We understand that you may have heard about a potential security breach concerning PowerSchool and might be concerned about the safety of your child's information. After a thorough forensic investigation by PowerSchool, I want to reassure you that our district's data was **NOT** impacted by this incident.

While the breach did affect certain PowerSchool customers, PowerSchool has confirmed that our organization's systems and student data were **NOT** compromised. Our district remains vigilant in ensuring that our data protection measures are strong and up-to-date. We will continue to work closely with PowerSchool and other partners to ensure that all security protocols are maintained to safeguard student and family information.

We take the security of your data very seriously, and we want to ensure that you feel confident in the safety of the systems we use.

Thank you for your continued trust and partnership.

A handwritten signature in blue ink that reads "Susan M. Lessard".

Susan M. Lessard
Acting Superintendent
