

GUIDANCE NEWSLETTER

October

Welcome

Ms. Marcia Schumann

Hey y'all! My name is Marcia (pronounced Mar.see.ah) Schumann and I am so excited to be joining the Aynor HS family! While I am new to AHS, I am not new to school counseling. I started my career as an English teacher, and I've spent many happy years as a High School Counselor and Director of Counseling. When people ask where I'm from, I say I have two home states, PA where I was raised and VA where I raised my own family --and now I can add SC to that list. My family and I love sports and anything related to the MCU (if you know you know!). I know it's going to be another great adventure here at AHS #gobigblue!

APPs to know about

14 Apps Parents Should Know About

- BUMBLE** is similar to the popular app, "Tinder" however, it requires women to make the first contact. Kids have been known to use BUMBLE to create fake accounts and flirty their age.
- KIK** allows anyone to contact and direct messages to your child. Kids can bypass traditional text messaging features. KIK gives users unlimited access to anyone, anywhere, anytime.
- HOLLA** is a self-proclaimed "addicting" video chat app that allows users to meet people all over the world in seconds. Reviewers say they have been confronted with racial slurs, explicit content, and more.
- ASKFM** is known for cyber bullying. The app encourages users to allow anonymous people to ask them questions.
- HOT OR NOT** encourages users to rate your profile, check out people in their area, and chat with strangers. The goal of this app is to hook up.
- INSTAGRAM** allows sharing pictures, but many kids are now creating fake accounts to hide content from parents. Kids also like to text using INSTAGRAM because messages are deleted once a user leaves the conversation.
- BURN BOOK** allows a user to post anonymous rumors about people through audio messages, texts, and photos.
- SNAPCHAT** is a popular app that promises users they can take a photo/video and it will disappear. Recent features include "stories," which allows users to view content for up to 24 hours. SNAPCHAT also allows users to see your location.
- LIVEME** is a live-streaming video app that uses geolocation to share videos so users can find out a broadcaster's exact location. Users can earn "coins" as a way to "buy" filters for photos.
- WHISPER** is an anonymous social network that promotes sharing secrets with strangers. It also reveals a user's location so people can meet up.
- CALCULATORX** is only one of several secret apps used to hide photos, videos, files, and browser history.
- OMEGLE** is a free online chat website that promotes chatting anonymously with strangers.
- YUR0**, formerly known as YELLOW, is an app designed to allow teens to flirt with each other in a Tinder-like atmosphere.
- WISHBONE** is an app that allows users to compare kids against each other and rate them on a scale.

End of the first nine weeks

As we are approaching the end of the first nine weeks of school, please work on submitting any missing assignments, work with your teachers to make up missing quizzes and test.

How is your attendance? Don't let your attendance keep you from earning credit for all the work you have done for the quarter.

Let's start strong and end strong!

Teaching Fellows Application is now open

TEACHING FELLOWS

Overview

The first-ever winner of the Dick and Tunky Riley WhatWorksSC Award for Excellence in Education, the South Carolina Teaching Fellows Program is designed to recruit high-achieving students into the teaching profession and to help them develop leadership qualities. Annual Program data can be found at <http://www.cerra.org/teaching-fellows-data.html>.

- The Program is funded annually by the General Assembly, and up to 230 awards are offered each year.
- Teaching Fellows receive up to \$24,000 in awards (up to \$6000 a year for four years) while they attend a Teaching Fellows Institution and pursue a degree that will lead to initial teacher certification.
- Teaching Fellows are provided numerous professional development and leadership opportunities above those offered through the institution's teacher preparation program.
- Teaching Fellows also are involved with communities and businesses through various service projects and partnerships with local schools.
- Teaching Fellows agree to teach in a South Carolina public school one year for every year they receive the Fellowship. Teaching Fellows loans not repaid through service in the classroom, must be repaid through financial means.

Applying for Teaching Fellows

To apply for Teaching Fellows, students must be:

- a U.S. citizen or will be an eligible non-citizen under State Residency Statutes at the time of high school graduation (Please note - students categorized as Deferred Action for Childhood Arrivals (DACA) are not eligible for Teaching Fellows.)
- a legal resident of South Carolina (Please note - Residency will be verified by the Teaching Fellows Institution after a student has been offered an award.)

Students who wish to apply must complete an online application between October 1 and December 1 of their final year of high school. Two reference surveys; information about school/community involvement and/or work experience as well as leadership activities; a high school transcript with class rank included; and ACT and/or SAT test scores are collected through the application process. All complete applications are scored by an initial screening committee. Up to 500 qualifying applicants are invited to participate in the Teaching Fellows regional interviews, where they interview with a team of three educators, deliver a short presentation on an assigned topic, and write an essay in response to a prompt.

Teaching Fellows Institutions (TFIs)

Teaching Fellows must attend one of eleven TFIs. Each TFI offers a unique program and varies in size and organization. Incoming Teaching Fellows are encouraged to research and select the program, not just the college or university that best fits their needs.

Listed below are two unique aspects of each TFI's program as provided by the TFI's Campus Director. Find more information at <https://www.cerra.org/teaching-fellows-institutions.html>.

Mental Health

AWARENESS

On World Mental Health Day, let's all come together to talk about mental health and show everyone that mental health matters. Talking about our mental health can help us cope better with life's ups and downs. So, on World Mental Health Day and beyond it, why not check in with your friends, family, peers, or colleagues?

Let's show our school spirit and wear green on Oct 10th for World Mental Health Day.
