INTERNATIONAL BACCALAUREATE (IB) STUDENTS WILL...

- Be encouraged to think independently and drive their own learning.
- Take part in an educational program that can lead them to some of the highest ranking universities around the world.
- Become more culturally aware, through the development of a second language.
- Be able to engage with people in an increasingly globalized, rapidly changing world.

IB Coordinator, Ms. Christina Rouw cjrrouw@hlpusd.org

"After just one quarter of college, I'm already seeing the effects of the IB program - where so many of my peers were struggling to adjust to the fast-paced 10-week quarter and the new freedoms of college, I felt comfortable and prepared getting through that challenge. The IB program didn't just prepare me for a smooth transition to college and its accompanying independent thinking and research; it also helped me develop a deeper understanding of myself, especially regarding my mindset and how I view the world. Gaining the confidence to speak up and share my thoughts based on these viewpoints in my IB courses at Wilson was extremely valuable, as I'm now able to easily engage and thrive in college lectures with hundreds of students."

Sirjen K., Wilson IB Graduate Class of 2021, UCLA
