RESTORATIVE JUSTICE PRACTICE OF THE MONTH: JANUARY

New Year-Fresh Start

January is a great time to review and re-establish your classroom Respect Agreements.

START HERE

Co-Creating Classroom RESPECT Agreements

Learning Intention

To collectively create a set of Respect Agreements that will support the maintenance of a positive learning environment where all members of the community feel safe, seen, heard, and valued.

RESPECT Agreements and Accountability

Learning Intention

To collectively determine how to hold one another accountable based on the Respect Agreements co-created during a previous class meeting. These agreements and accountability plan will support the maintenance of a positive learning environment where all members of the community feel safe, seen, heard, and valued. This plan for shared accountability supports teachers in leveraging the strength of the classroom community in support of respect for all.

"We are ALL accountable to group agreements."

Excellence and Equity

RESTORATIVE JUSTICE IN EDUCATION
