

# STONER

■ Emily and Carina - Stoner House Captains 2024/25

Last year was another exciting year for Stoner. We started off with a thrilling House Lacrosse win in the Middle School on St Catherine's Day which, as always, was greatly enjoyed by everyone. All members of the House were able to get involved, whether they were playing lacrosse, supporting from the sideline or raising money for charity in the annual Stoner hot chocolate sale which raised £483.

The Autumn Term is always a very busy time as we also had House Debating and House Drama. In House Drama we were very happy to win Best Technical Design award, which demonstrates the range of talent girls in Stoner have.

The Spring Term brought preparations for the House Gym, choreographed by the L6. House Gym was a delight to watch this year, with the theme being *The Olympics, Paris 2024*. Everyone in the house participated

in singing and gym rehearsals with great enthusiasm, and excitement was building in the lead-up to the final performance at the end of term. For House Music we sang *All Of Me* by John Legend and *Be Our Guest* from *Beauty and the Beast*. These two songs were arranged by our outstanding music prefect, Gemma, whom we thank very much. Our U3 girls shared a bonding night where they baked cupcakes for charity and raised £80.

The Summer Term also brought much fun for Stoner. During the House lunches, many girls across Stoner participated in tennis and cricket matches. We were inspired by the girls' incredible performances and applaud them for taking part. On Sports Day, we had the great privilege to compete in House Athletics. It was lovely to see the spirit of Stoner shine through the green face paint in the running races. House Athletics brought many triumphs, with Stoner comfortably

winning the coveted Golden Mile Relay Race.

It has been a busy year for Stoner, and we have all enjoyed every moment of it. We are looking forward to the next year and the opportunities ahead. We would love to thank the U6 team for leading us during a successful year and leaving such an amazing legacy which we hope to continue. We wish you all the best of luck with your future plans. Thank you to our amazing tutor team and in particular Mr Reed, our Housemaster, for making Stoner such a fun House to be in!
