

Access Your Student ID Barcode!

Parents:

We are excited to announce that GCPS has a new app available to students for the 2020-21 school year! GCPS students can use their smartphones to access **StudentVue** to find grades, schedules, and have access to their **Student ID barcode**. This is extremely important because students need the barcode in order to purchase breakfast/lunch and/or check out books from the media center. The app is available in the Apple App Store, as well as the Google Play Store. We highly recommend your child downloads the app today! Attached are directions to do so. [StudentVue App Download Directions](#)

And, you can access the Student ID barcode by following these steps:

1. After logging into the app, look in the lower right corner for the ID Card button.
2. Click on the ID Card button.
3. A QR code will be displayed.
4. Swipe left on the QR code to reveal the Student ID barcode.
5. A screenshot of this barcode can be taken to show school employees when picking up lunch or checking out books from the media center.

We appreciate your support!

Your Proud Principal,

Darlene Brown
