4. Community Service Day Feedback
   This year's day of service came together quickly and was very positively received. The vision is to make it a full day in future. It has been organized in our day cycle due to teacher schedules. Now how can we make it even better? It will be helpful to determine a day in the future for proper planning. The perfect

day is right before a break. Extra bonus was students got to work with other teachers and students they usually would not have gotten a chance to meet.
