Ann Parish Elementary Renews Status as Apple Distinguished School

Los Lunas, NM – Ann Parish Elementary has successfully renewed its status as an Apple Distinguished School. This prestigious designation highlights the school's commitment to innovation, leadership, and educational excellence through the integration of technology in the classroom. The school initially reached the designation in 2022.

Ann Parish Elementary has embraced Apple's vision of empowering students and educators with technology to enhance learning experiences. The designation recognizes educational institutions that demonstrate innovation, leadership, and a commitment to integrating technology into the learning environment. It not only highlights a school's dedication to enhancing student engagement and achievement using Apple technology, but also signifies a broader commitment to fostering a culture of continuous improvement and professional development among educators.

By becoming an Apple Distinguished School, an institution gains access to a global network of like-minded schools, resources, and best practices, which can further enhance teaching and learning.

To celebrate this remarkable achievement, Ann Parish Elementary will host a special event:

When: Friday, November 1, 2024

Where: Ann Parish Elementary School
112 Meadowlake
Los Lunas, NM 87031

Time: 10:00am assembly with activities to follow

The celebration will include keynote speakers, as well as performances by the Los Lunas High School Band and Cheer Team. The event will also include interactive presentations and activities with students and educators showcasing innovative projects and lessons that incorporate Apple technology, beginning at 1:00pm. Light snacks and refreshments will also be served.

Ann Parish Elementary is committed to providing a high-quality education to prepare students for a rapidly evolving digital world, while equipping them with essential skills for the future. With a focus on personalized learning and technology, the school aims to inspire and empower every student to reach their full potential.
