Nationwide PowerSchool Data Breach Affects Los Lunas Schools and Families

Los Lunas, NM – Los Lunas Schools has just been notified by PowerSchool, the district’s student information system, that they (PowerSchool) have encountered a significant nationwide cyber security incident. According to PowerSchool officials, the breach occurred in late December is contained, and there is no evidence of malware or continued unauthorized activity in the PowerSchool environment. PowerSchool is not experiencing, nor expects to experience any operational disruption and continues to provide services as normal to their customers.

Los Lunas Schools will continue to work with PowerSchool regarding the issue. We remain committed to transparency and will continue to update the community as more information becomes available. The district is dedicated to providing a safe and nurturing educational environment for all students. We prioritize the well-being of our students and staff and work diligently to uphold the highest standards of safety and security both in-person and digitally.
