JUNIOR AVID TRIP 2024

I APPLIED DAY 2024

CONGRATULATIONS!

Berlyn Sanchez, one of our AVID Co-Presidents, has recently been matched to Boston University through Questbridge! She has earned herself a full-ride scholarship to a school with an 11% acceptance rate that is located across the country. Her dedication, hard work, drive, and success payed off entirely the second she discovered she was matched: "It felt like the world stopped spinning, in a good way. The feeling was unreal and I couldn't believe that my dreams had officially become my reality".

Although Berlyn has worked hard for everything that she has accomplished, she wanted to thank the support of those around her, specifically the AVID Program which has guided her through middle school and high school. Most notably, AVID has assisted her with the college application process.

HELLO SPARTANS!

November has been an eventful month for our AVID community at Jurupa Hills filled with accomplishments and growth. Luckily for you, we will be recapping some of these incredible moments! Keep reading to hear about student's experiences on the AVID trip, the importance of collaboration, fundraiser progress, the featured college of the month, and more!

AVID CO-PRESIDENT BERLYN SANCHEZ

AVID TRIP 2024

During the month of October, our AVID students embarked on the annual AVID College Trip where they visited a variety of campuses throughout Southern California. Students are granted the opportunity to attend this trip if they are maintaining an excellent GPA and have good behavior. This week-long journey allows students to get a feel of the college experience while also opening their minds to campuses that they might want to apply to when they are seniors. Every campus is different and unique in their own way, and through this trip, AVID students are able to step foot in these colleges to see if this is where they see themselves in the future. Additionally, the trip isn't just about thinking ahead and about your future, students were also able to visit great locations like the Air and Space Museum and Balboa Park in San Diego! Ultimately, one of the greatest takeaways from this incredible opportunity is being able to experience everything with your friends by your side! Congratulations to all the students who attended the trip and were able to learn something new that'll help them when they begin their college application process! Most importantly, a huge shout out goes to our beloved AVID teachers who epitomize admirable leaders everyday, thank you Mr. Relatores, Mrs. Knight, Mr. Gavin, Mrs. Santiago, and Mrs. Dabney!

"I learned that at all the colleges there are a lot of different cultures and people of different backgrounds, each of those students brings in their own differences for others to learn from them" - Raylene Martinez

"The overall experience was great because it granted me a great opportunity to step foot at colleges and even better, be able to do it with friends." - Priscilla Vargas

"I relished the moments of exposure to colleges I have never been to before, having fun with my fellow AVID peers and teachers, and getting insightful information for me to think about when I apply to colleges!" - Juan Vasquez

I APPLIED DAY

On November 7th, Jurupa Hills seniors were given the opportunity to celebrate the first big step towards starting their future: submitting their college applications. AVID hosts I Applied Day every year in order to provide a warm and comfortable environment for students to get any last minute help they need before sending out their applications. Additionally, family is welcomed to join and be alongside their senior as they commence their new journey.

Much appreciation goes out to our AVID juniors who dedicated their day to help run this event!

WICOR STRATEGY OF THE MONTH

W-writing
I-inquiry
C-collaboration
O-organization
R-reading

What is collaboration?

Collaboration is a strategy that consists of people working together to help each other out or to reach a goal. Whether that means working in a group of 4 or 20, the purpose is to deepen/develop one's understanding of a topic by coming together.

Why is Collaboration important?

In AVID, collaboration is an essential tool that is used almost everyday! Whether that be when you are helping a group mate during tutorials or when you are participating in Fun Friday, working together allows for people to share perspectives, ideas, and knowledge. Furthermore, it allows for other skills to be developed as well, including communication and inquiry skills.

***DON'T FORGET THAT THE SEMESTER IS COMING TO AN END!
ENSURE THAT YOUR GRADES ARE WHERE YOU'D LIKE THEM TO BE
& COMMUNICATE WITH YOUR TEACHERS!***

PEER-TO-PEER TUTORING

Did you know that every Wednesday there is afterschool peer-to-peer tutoring at Ambrosia Cafe from 2:00-3:30? Students are given the opportunity to get help from peers who are in the same classes or have already taken the same courses. If you would like to be one of the peer tutors, stop by and let us know! You will be able to get community service hours and the fulfillment of helping fellow Spartans!

FEATURED COLLEGE

San Diego State University

San Diego State University was founded in the year 1897 and is located only 15 minutes from the beautiful beaches of Southern California. Around 100 undergraduate degrees are offered at this lovely campus and it admits around 33,000 undergraduate students every year. The diversity on this campus makes it stand out from other universities, as over 50% of the students are people of color. Additionally, the school is well known for its outstanding programs, including its renowned nursing, engineering, and theatre programs. Attending this school would require students from Jurupa Hills to live on campus, as it is 2 hours away, which means one would be able to commute back to Fontana over the weekend.

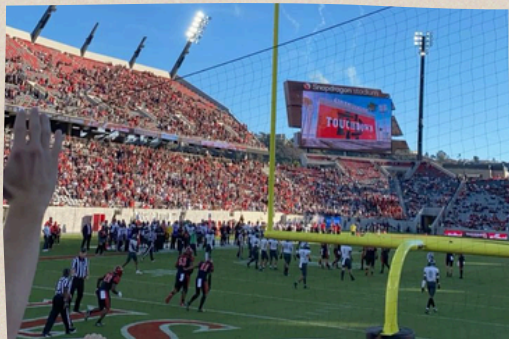

TUITION & ACADEMICS

Top Majors:

1. Business Administration and Management
2. Psychology
3. Criminal Justice/Safety Studies
4. Speech Communication and Rhetoric
5. Biology/Biological Sciences

Tuition: \$8,174

Entrance Requirement: A-G Requirement
'C-' or better & 3.4 GPA or higher
