

Fall 2025 Aledo ISD Middle School CTE Elective Options

Aledo ISD students have the opportunity to begin a CTE pathway while in middle school! CTE (Career and Techninical Education) is designed to equip students with the skills, ethics, and knowledge necessary to be confident, contributing citizens in a global society and to foster career success. We offer many different Programs of Study at the high school level but there are many options for middle school students as well:

- Technology Intergrations (6)**
- Principles of Information Technology (7)**
- Exploratory Agriculture (7)**
- College and Career Readiness (8) (required)**
- Principles of Applied Engineering (8)**
- Computer Science I (8)**
- Principles of Agriculture, Food & Natural Resources (8)**
- Principles of Arts/AV/Communications, Journalism/Yearbook (8)**
