## District Performance Index SY 2023 – 2024

### Performance Index, Trend Regional School District 10

Notes:

- The Performance Index is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments.
- The Performance Index ranges from 0-100 and is reported for all students and for students in each individual student group.
- Connecticut's ultimate target for a Performance Index is 75.
- Starting with 2018-19, Connecticut began implementation of new science assessments aligned to the Next Generation Science Standards.  
Therefore, 2018-19 science performance index scores cannot be compared to those from prior years; they can serve as a baseline for future years.
