DIABLO VALLEY COLLEGE Where do MDHS Where do MDHS graduates go after high

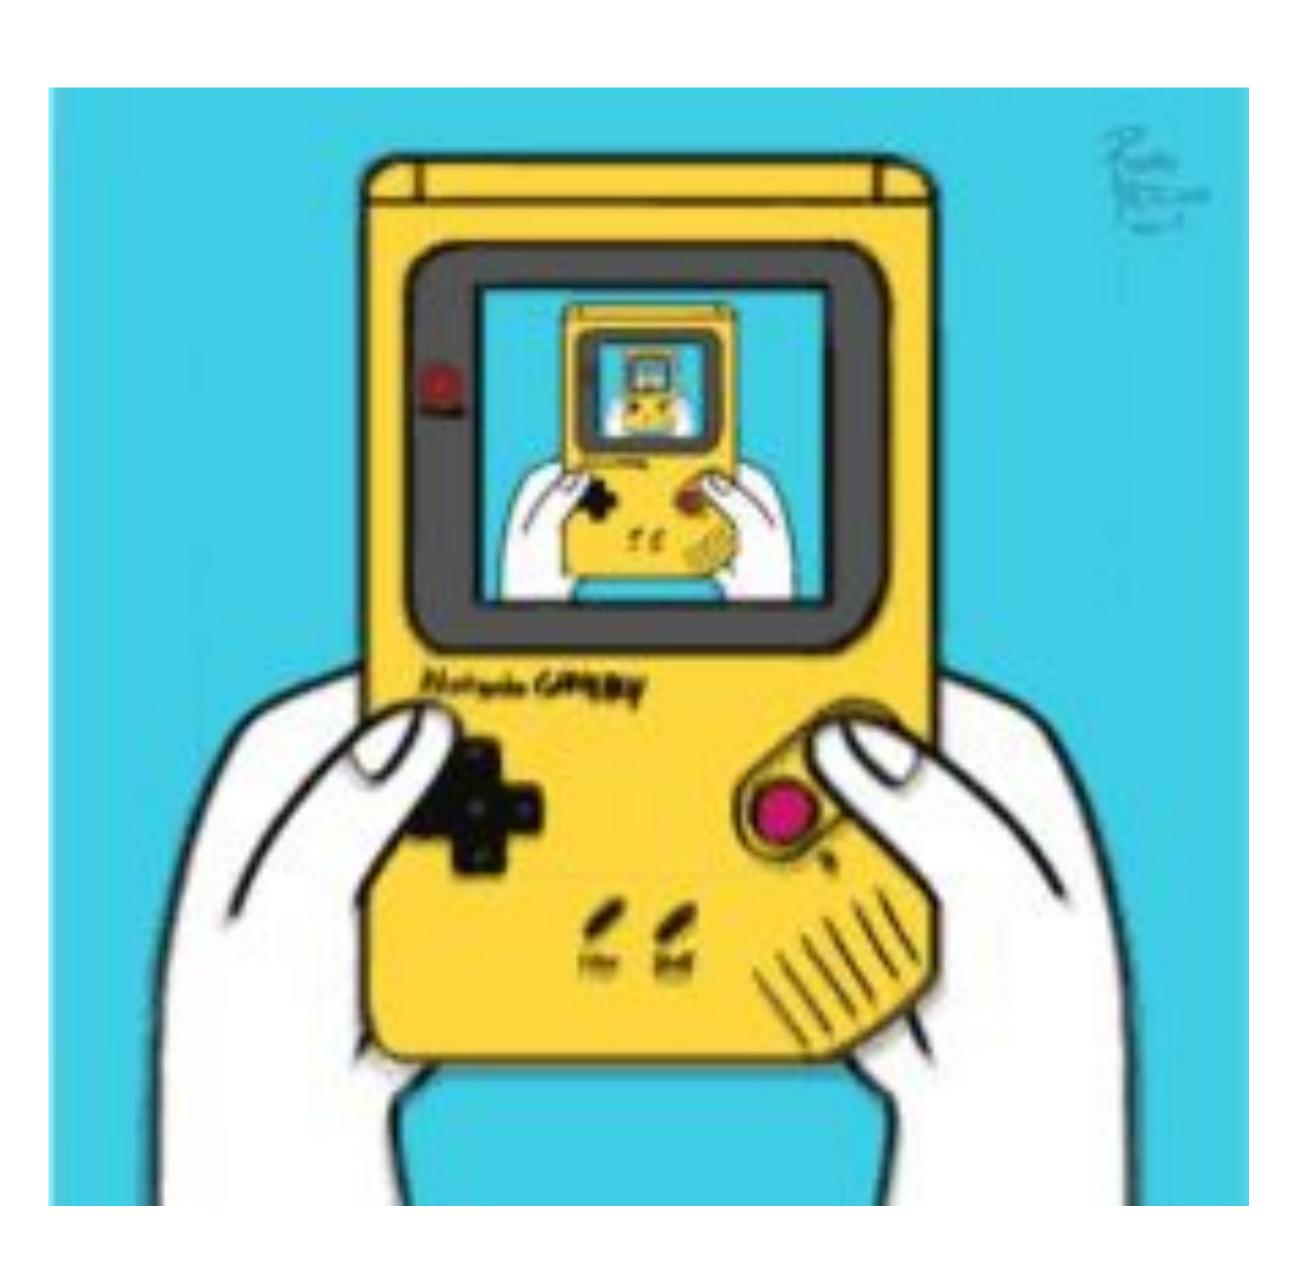

Students who complete a pathway are "Career Ready" and will receive a special tassel or sash to wear at graduation!

Pathways A pathway is a sequence of two or three courses. Pathway courses are career-themed and have special funding to make sure students have access to the latest and greatest technology and opportunities.

Software & Systems Development Course 1

Coding and Gaming

applications.

Coding and Gaming is a project-based introductory programming course teaching fundamental coding and design principles. Students will learn HTML, CSS, and JavaScript as well as use function libraries to create websites, games, and

Culinary Pathway Course 1

<image>

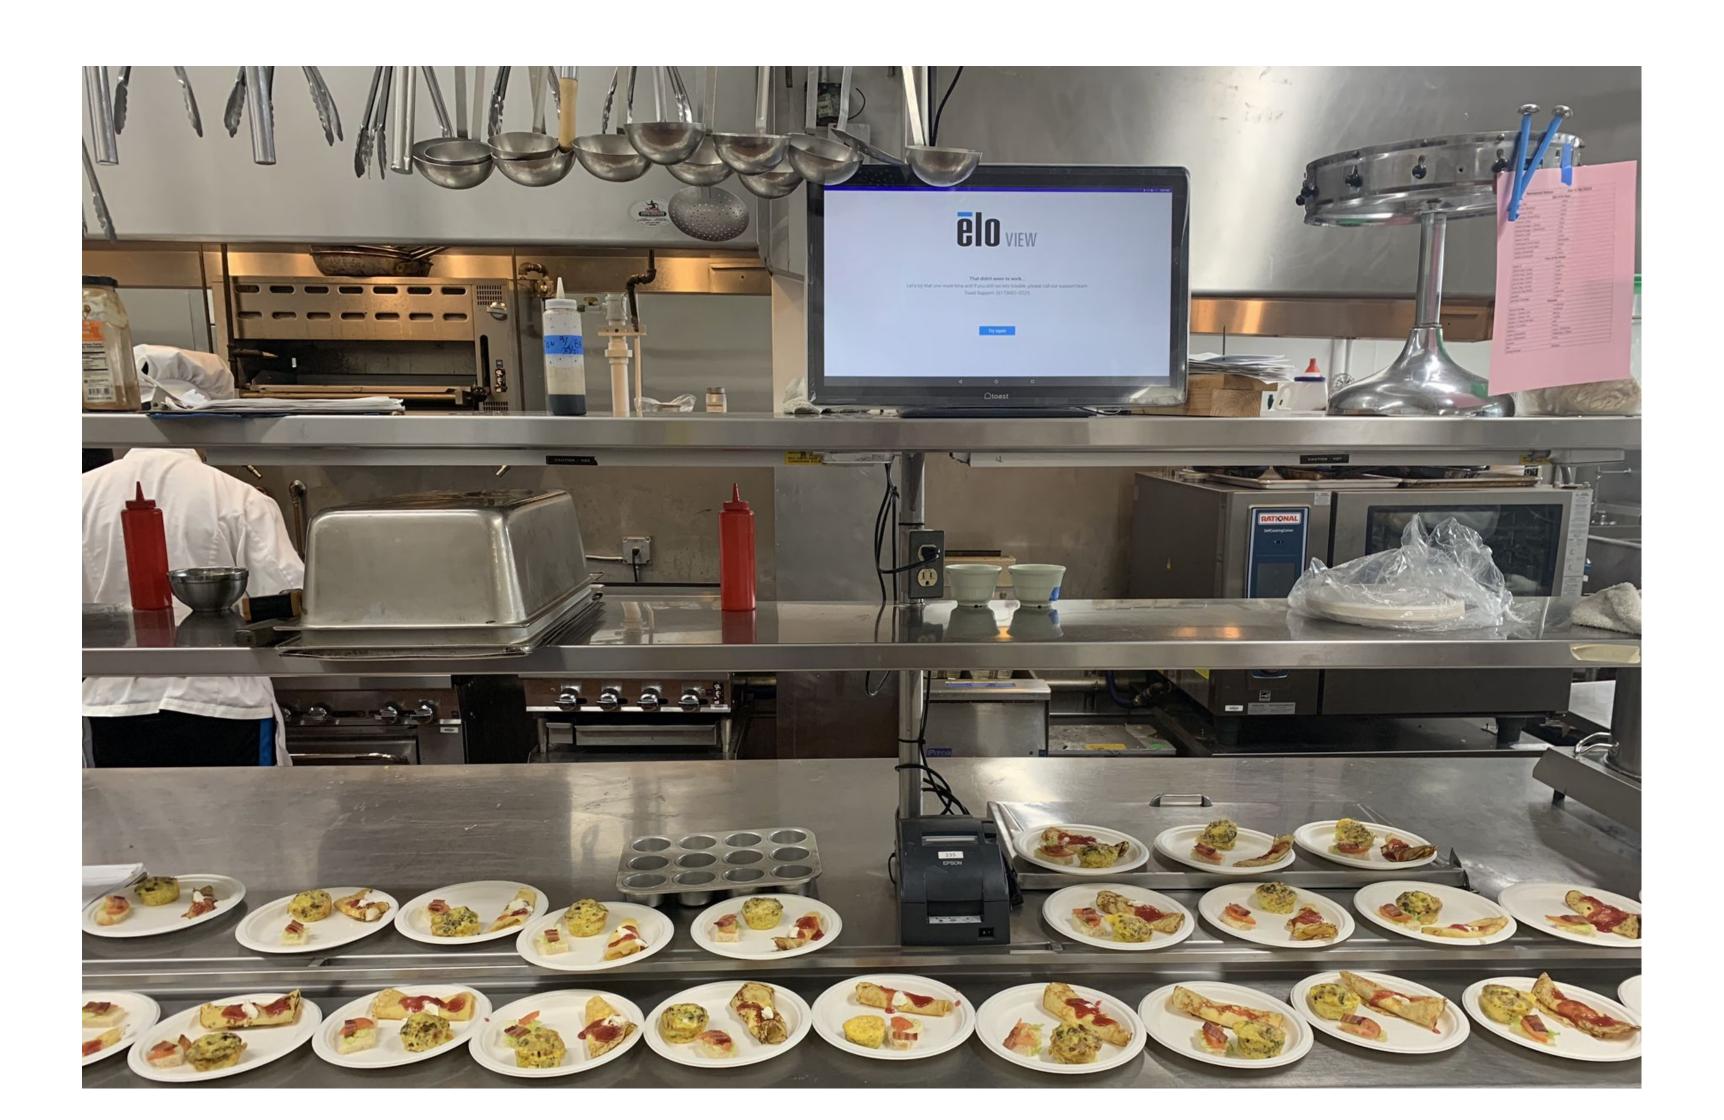

Culinary Arts - Is a hospitality course. Learn knife skills and how to cook in a pro kitchen!

Construction Pathway

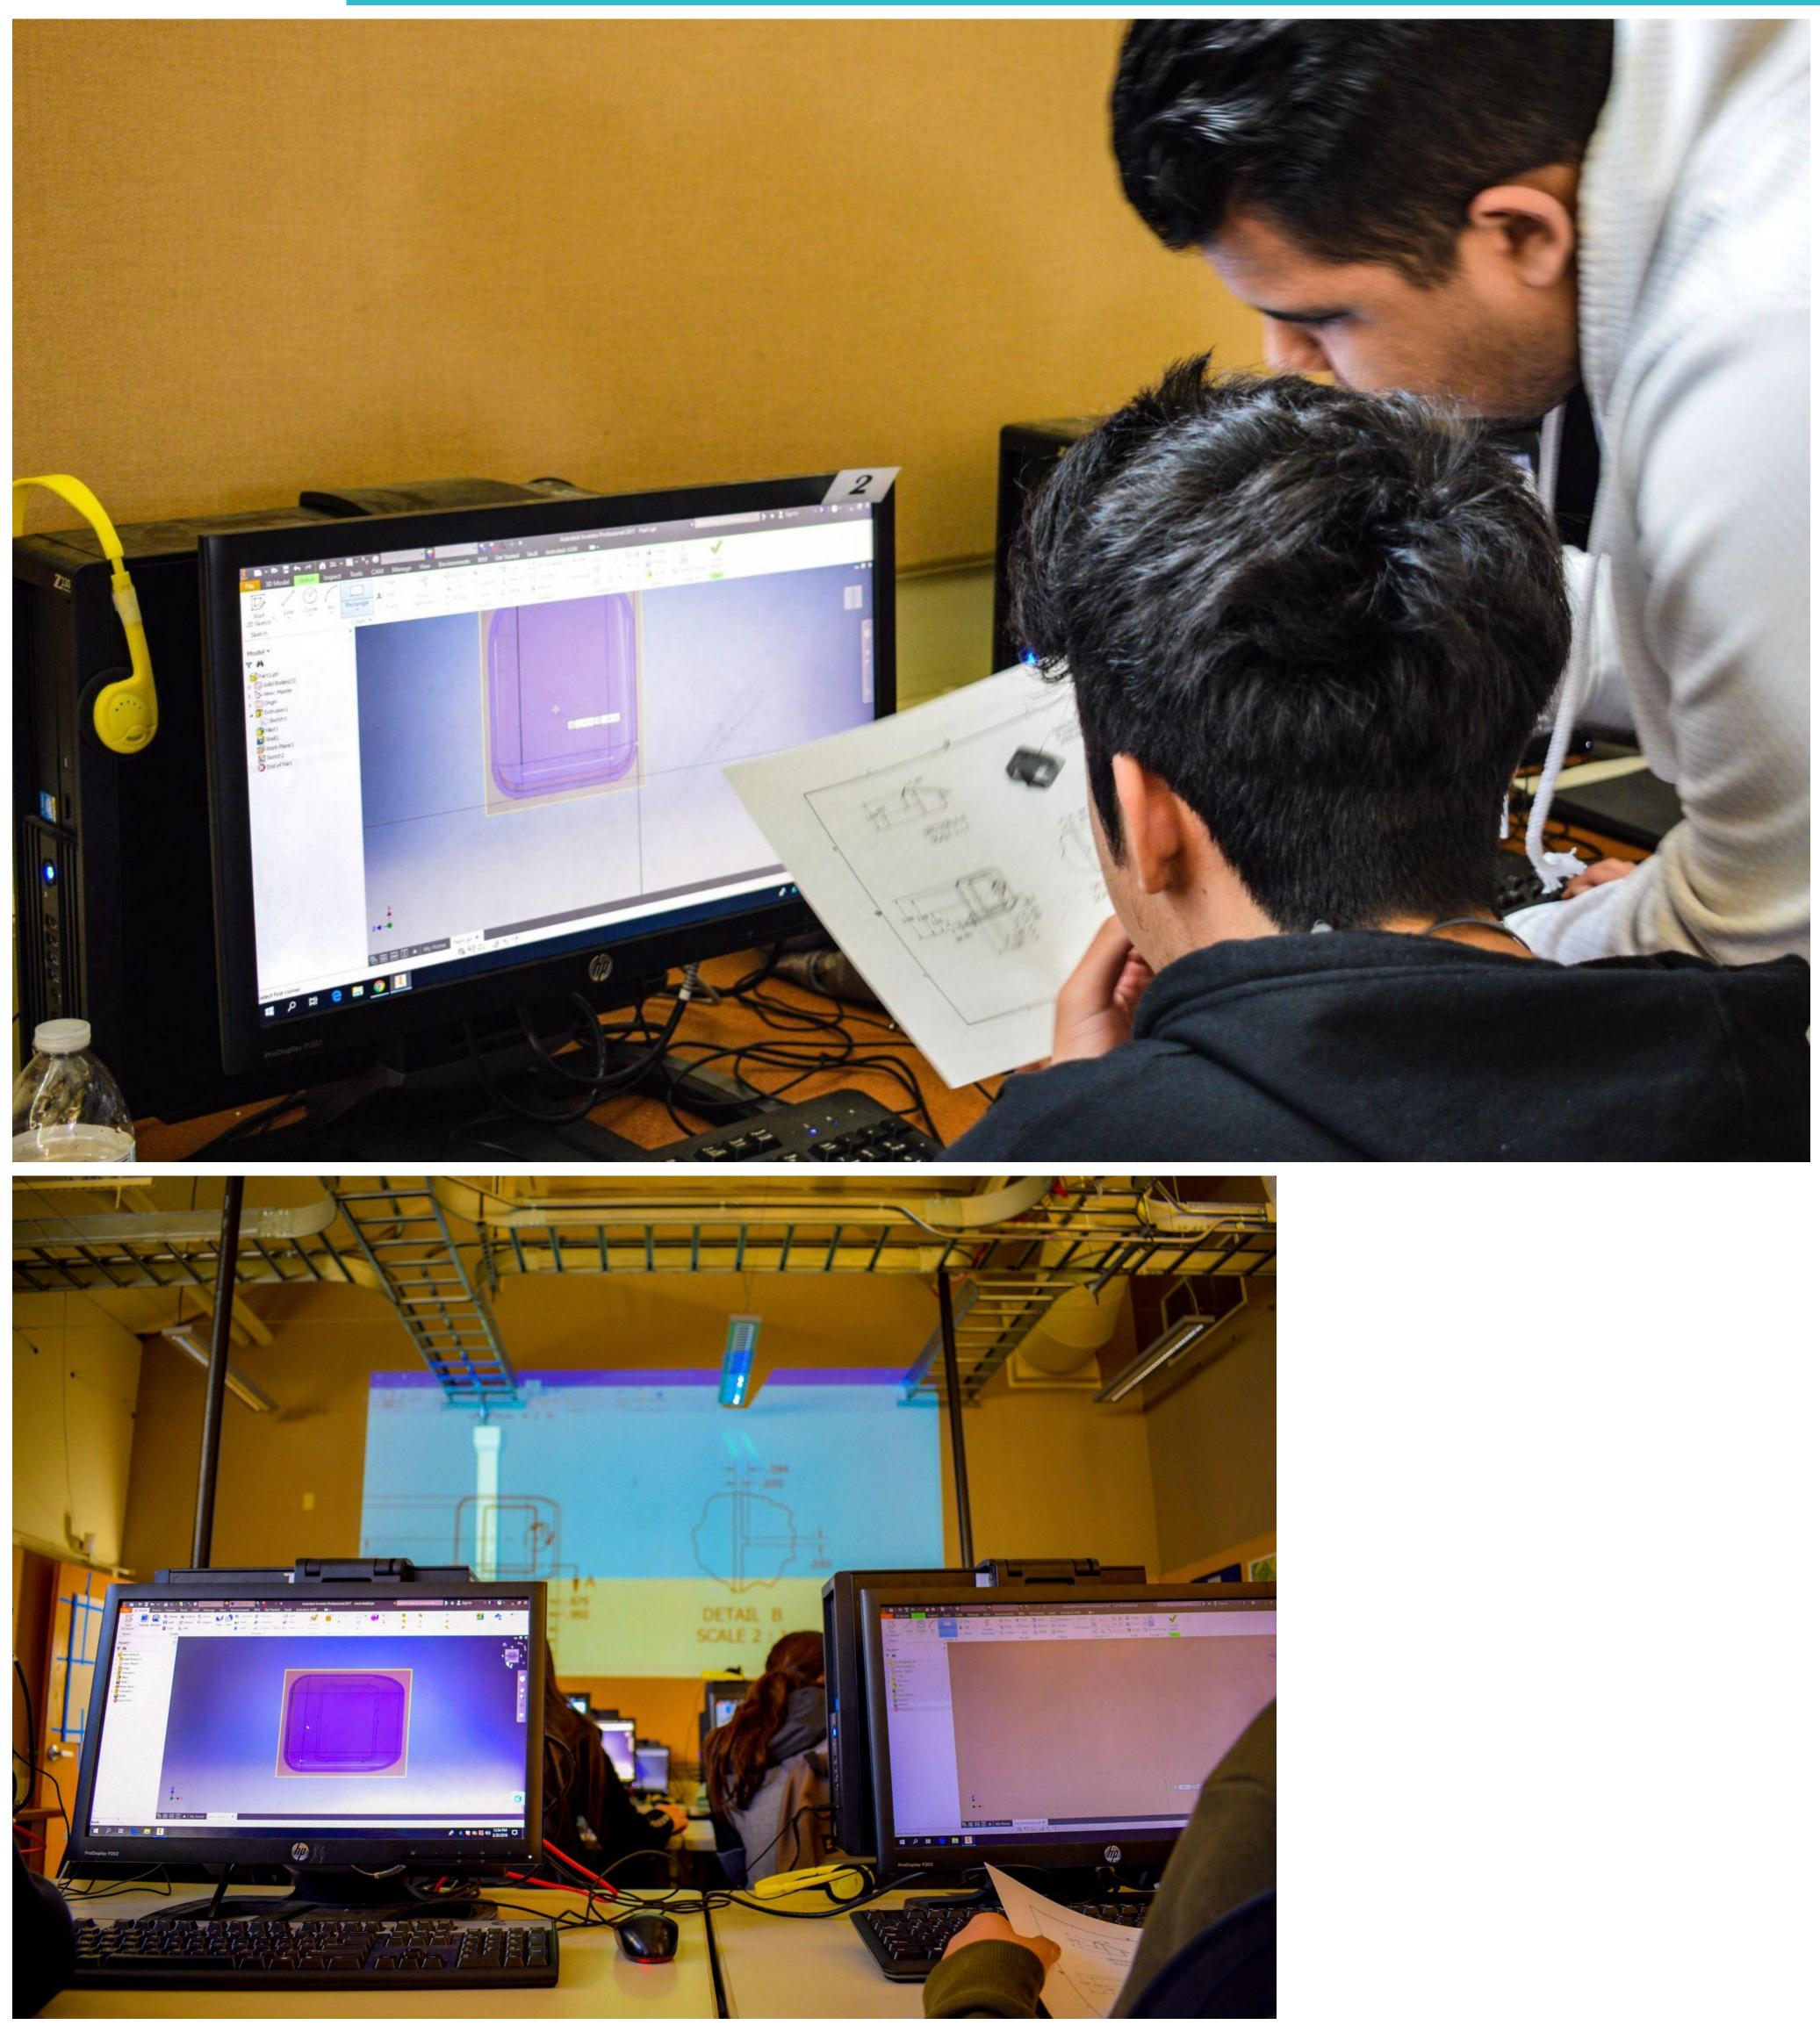

Woodworking Technology

Woodworking Technology introduces a student to the basic skills of cabinet making, furniture making and carpentry. The student will be able to demonstrate knowledge of hand and power tool operation and appreciate safe working practices, and to use materials with understanding and conservation and students will explore occupational and a vocational interest in wood designs.

Engineering Pathway Course 1

Engineering Essentials

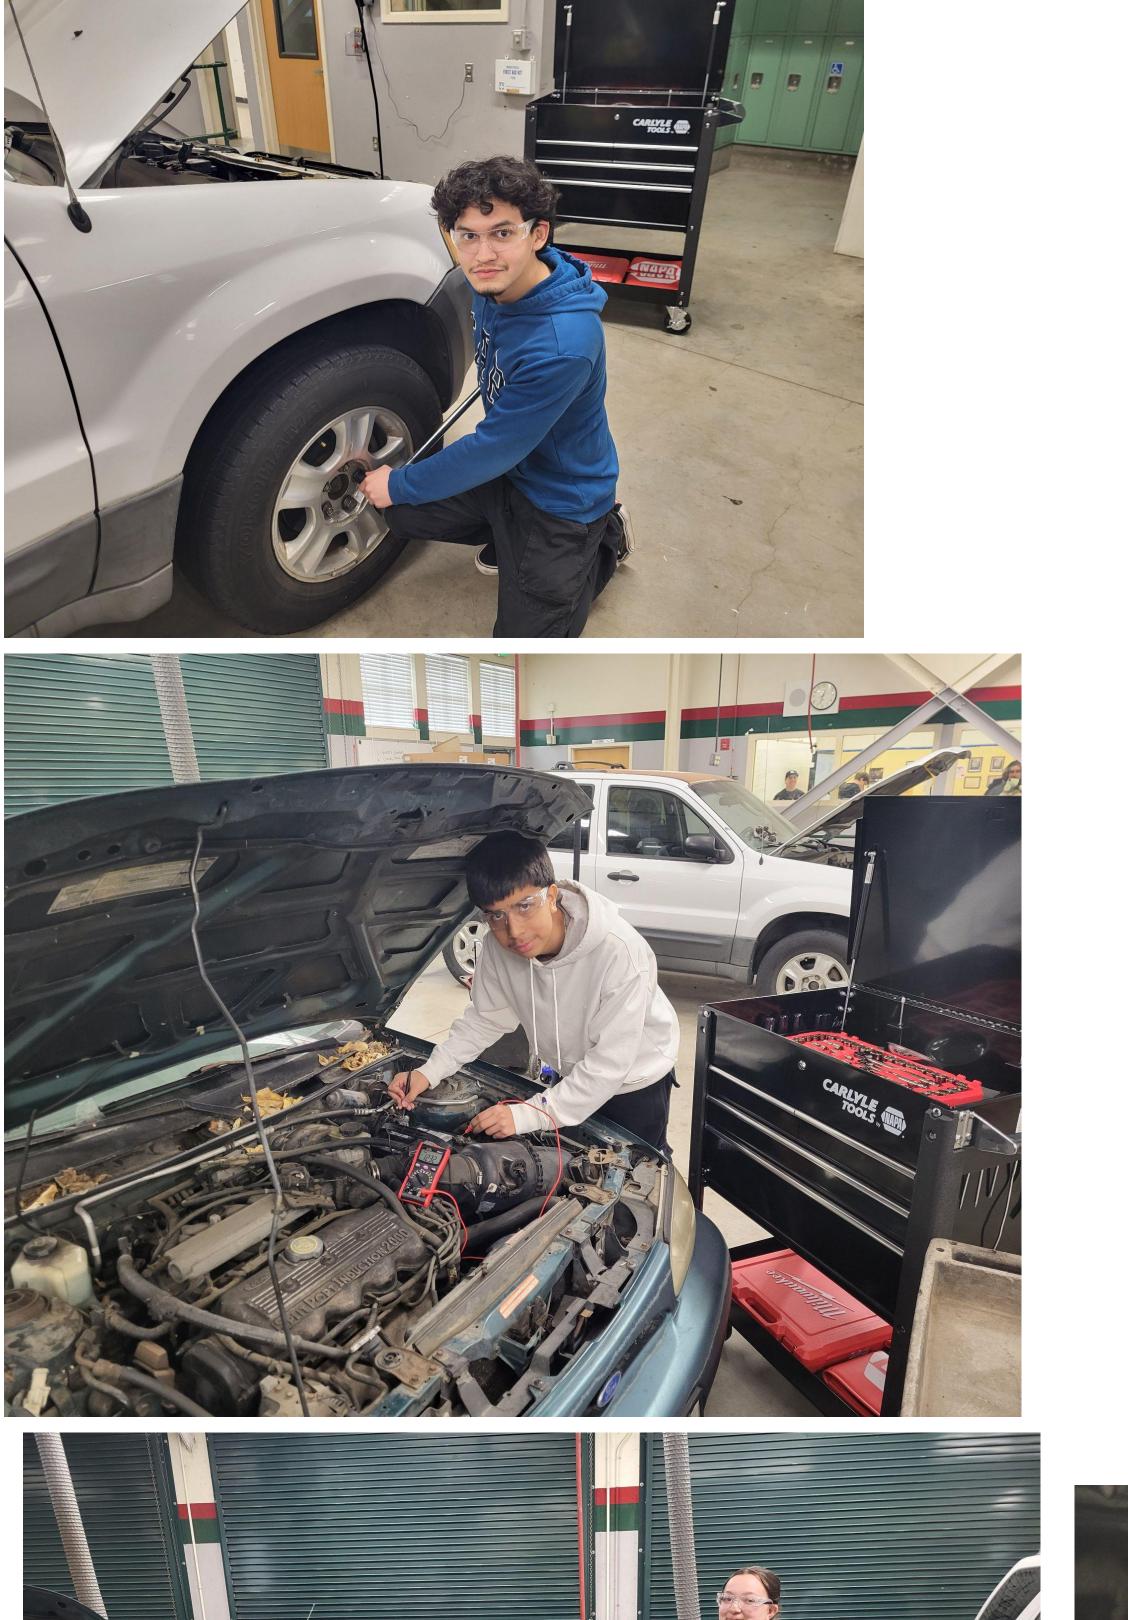

Engineering Essentials is an introductory course to electrical, mechanical, and civil engineering. Students will learn how to wire circuits, create simple robots, and work with mapping technology.

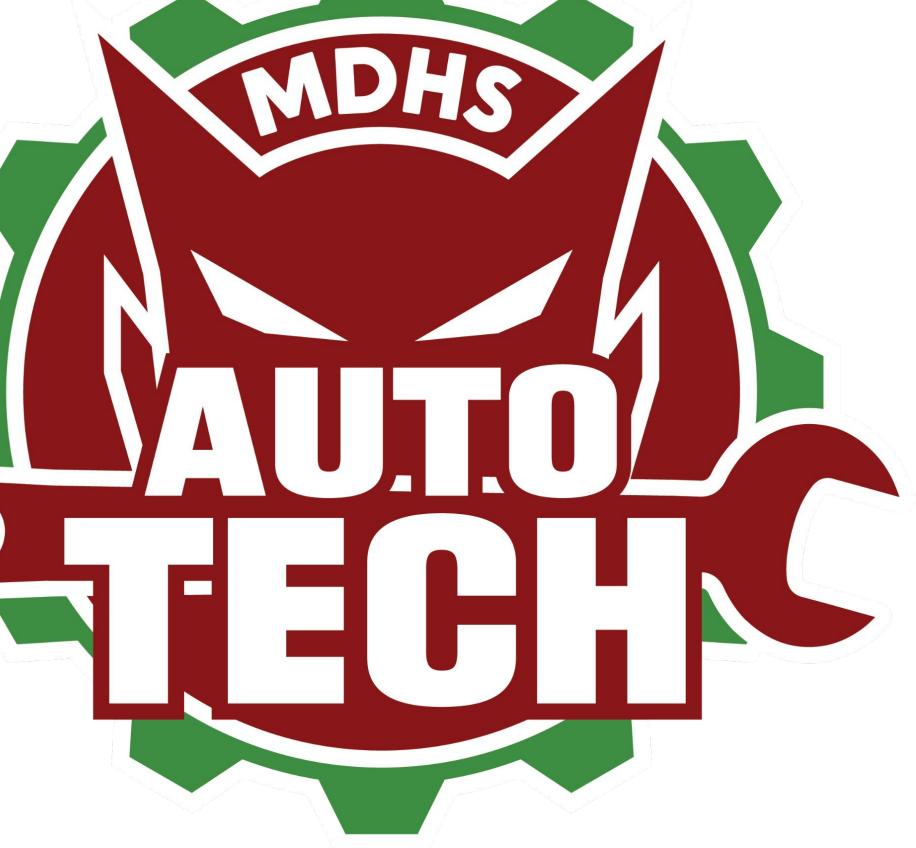

Transportation Technology Pathway

Transportation Technology

Transportation Technology Students in the Automotive program begin to learn bumper-to-bumper automotive maintenance and repair prevention. In addition to learning about vehicles and systems that operate them, students will also learn about the tools used to complete jobs and how to use them safely.

Patient Care Pathway Course 1

Medical Terminology & Emergency Medicine

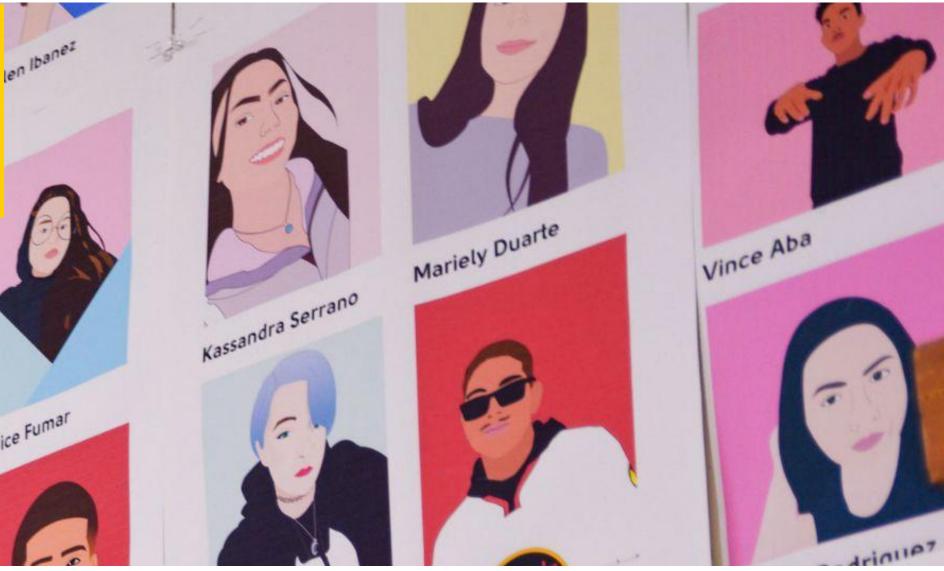

Medical Terminology is a critical course in Healthcare. Students will learn the language of Human Anatomy, Physiology, Diseases, Diagnosis and reatment.

Multimedia Pathway: Course 1 Multimedic 1 PHOTOGRAPHY! **DIGITAL DRAWING!** PHOTOSHOP!

Multimedia 1 is a digital design and art course. Students will learn photography, digital drawing, and graphic design.

Electives! Electives are courses that count towards graduation but are not required. They are fun and may help you explore your hobbies or interests.

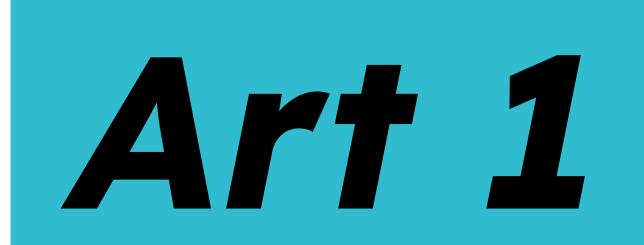

Department: World Languages

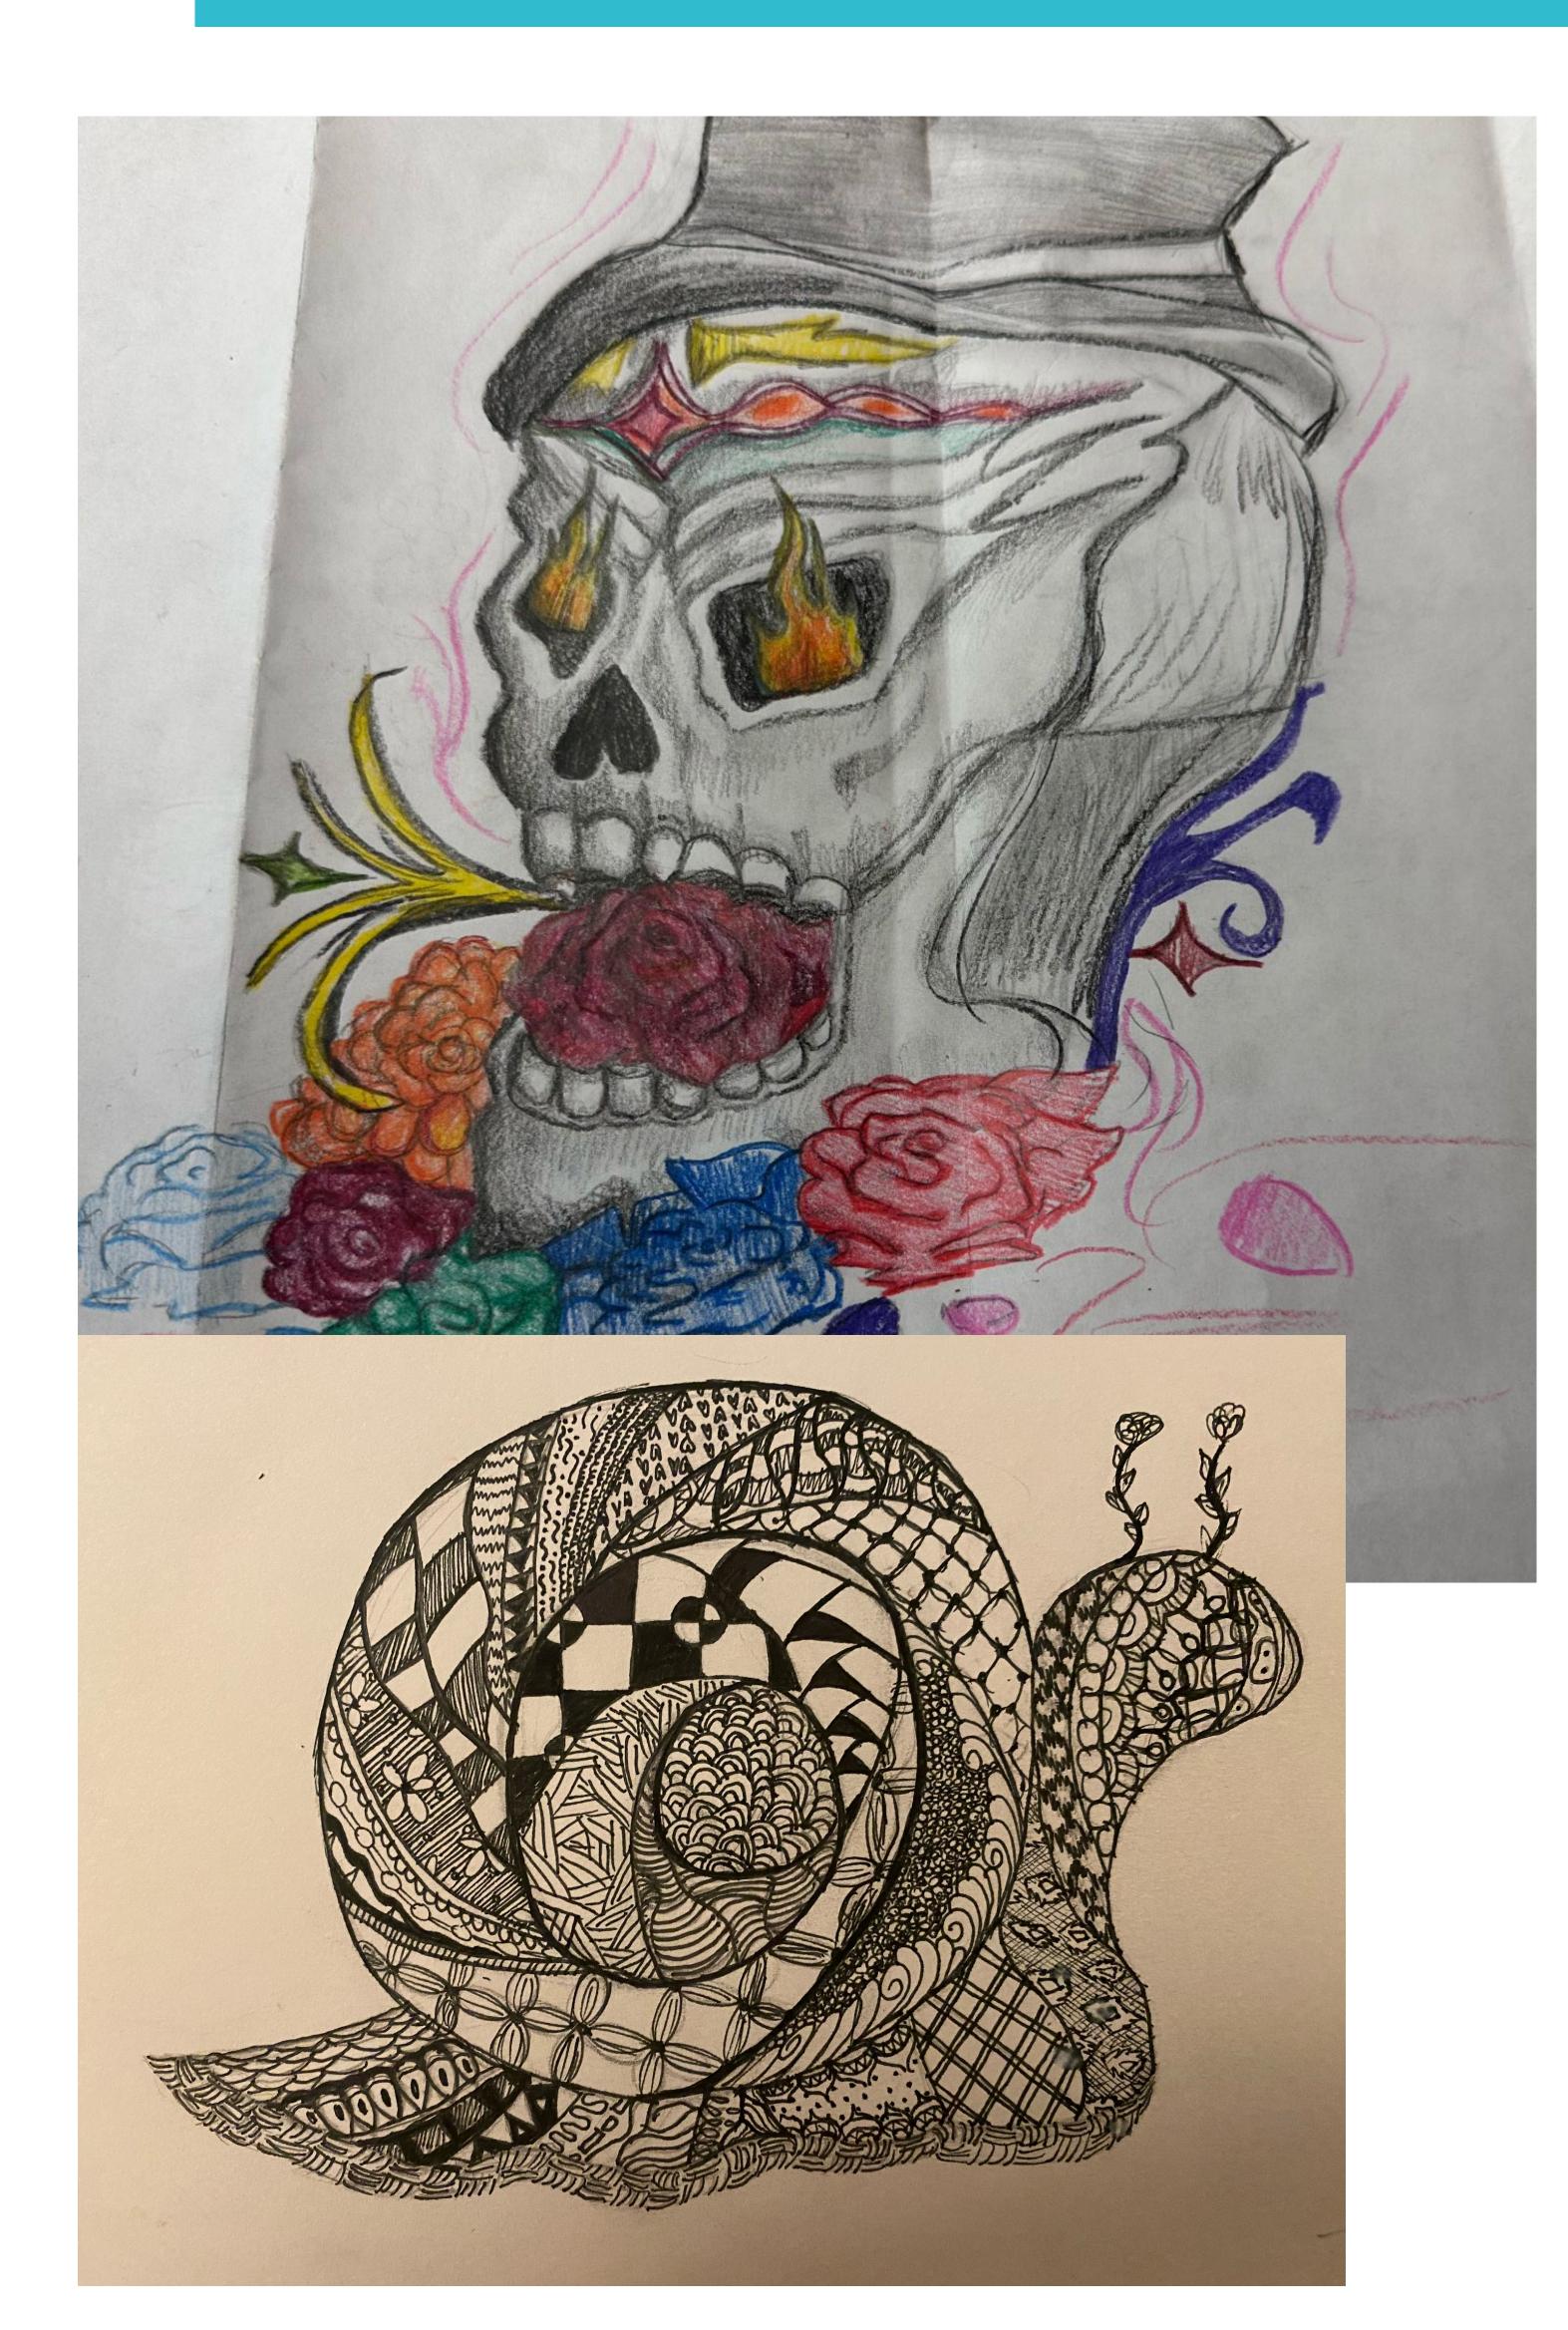

Spanish I, Spanish II, Spanish for Spanish Speakers

Spanish I is the entry beginning course. Spanish II, or Spanish for Spanish **Speakers** is the course for those that speak Spanish at home fluently and will learn training in oral skills, reading comprehension, grammar and composition.

Students will learn Interpersonal Writing: E-mail Reply Presentational Writing: Persuasive Essay Interpersonal Speaking: Conversation Presentational Speaking: Culture Comparisons

Art 1 is a course covering the fundamentals of art. Students will learn different techniques in drawing, painting, and sculpture.

Ceramics

Ceramics is a course covering the fundamentals of learn how to construct forms using hand-building techniques and create colourful and decorative surface patterns. Students will learn different techniques on the pottery wheel, hand built forms, and glaze ceramic pieces.

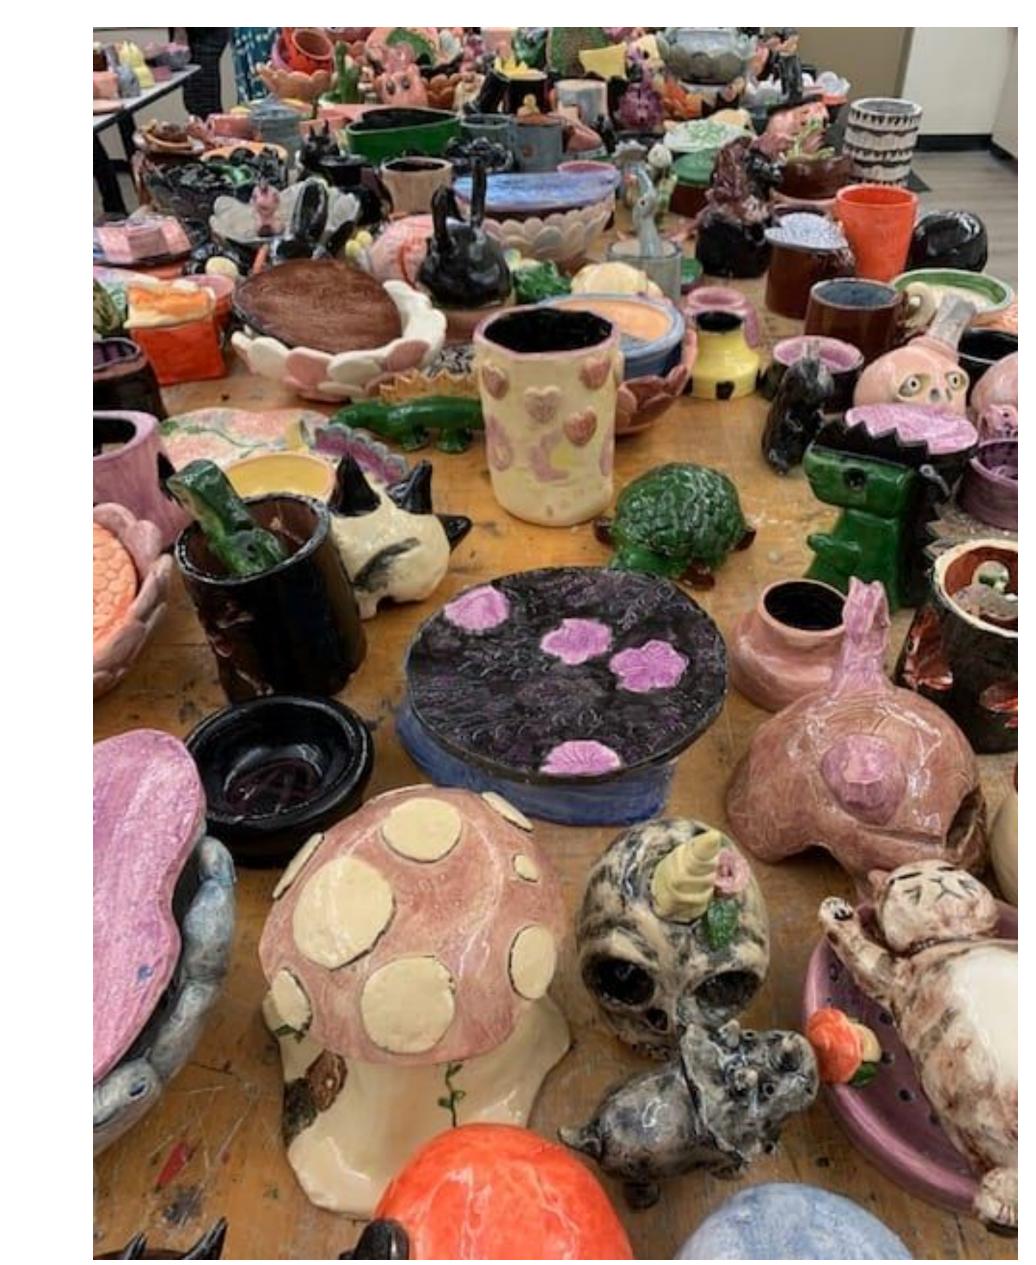

Department: Visual and Performing Arts

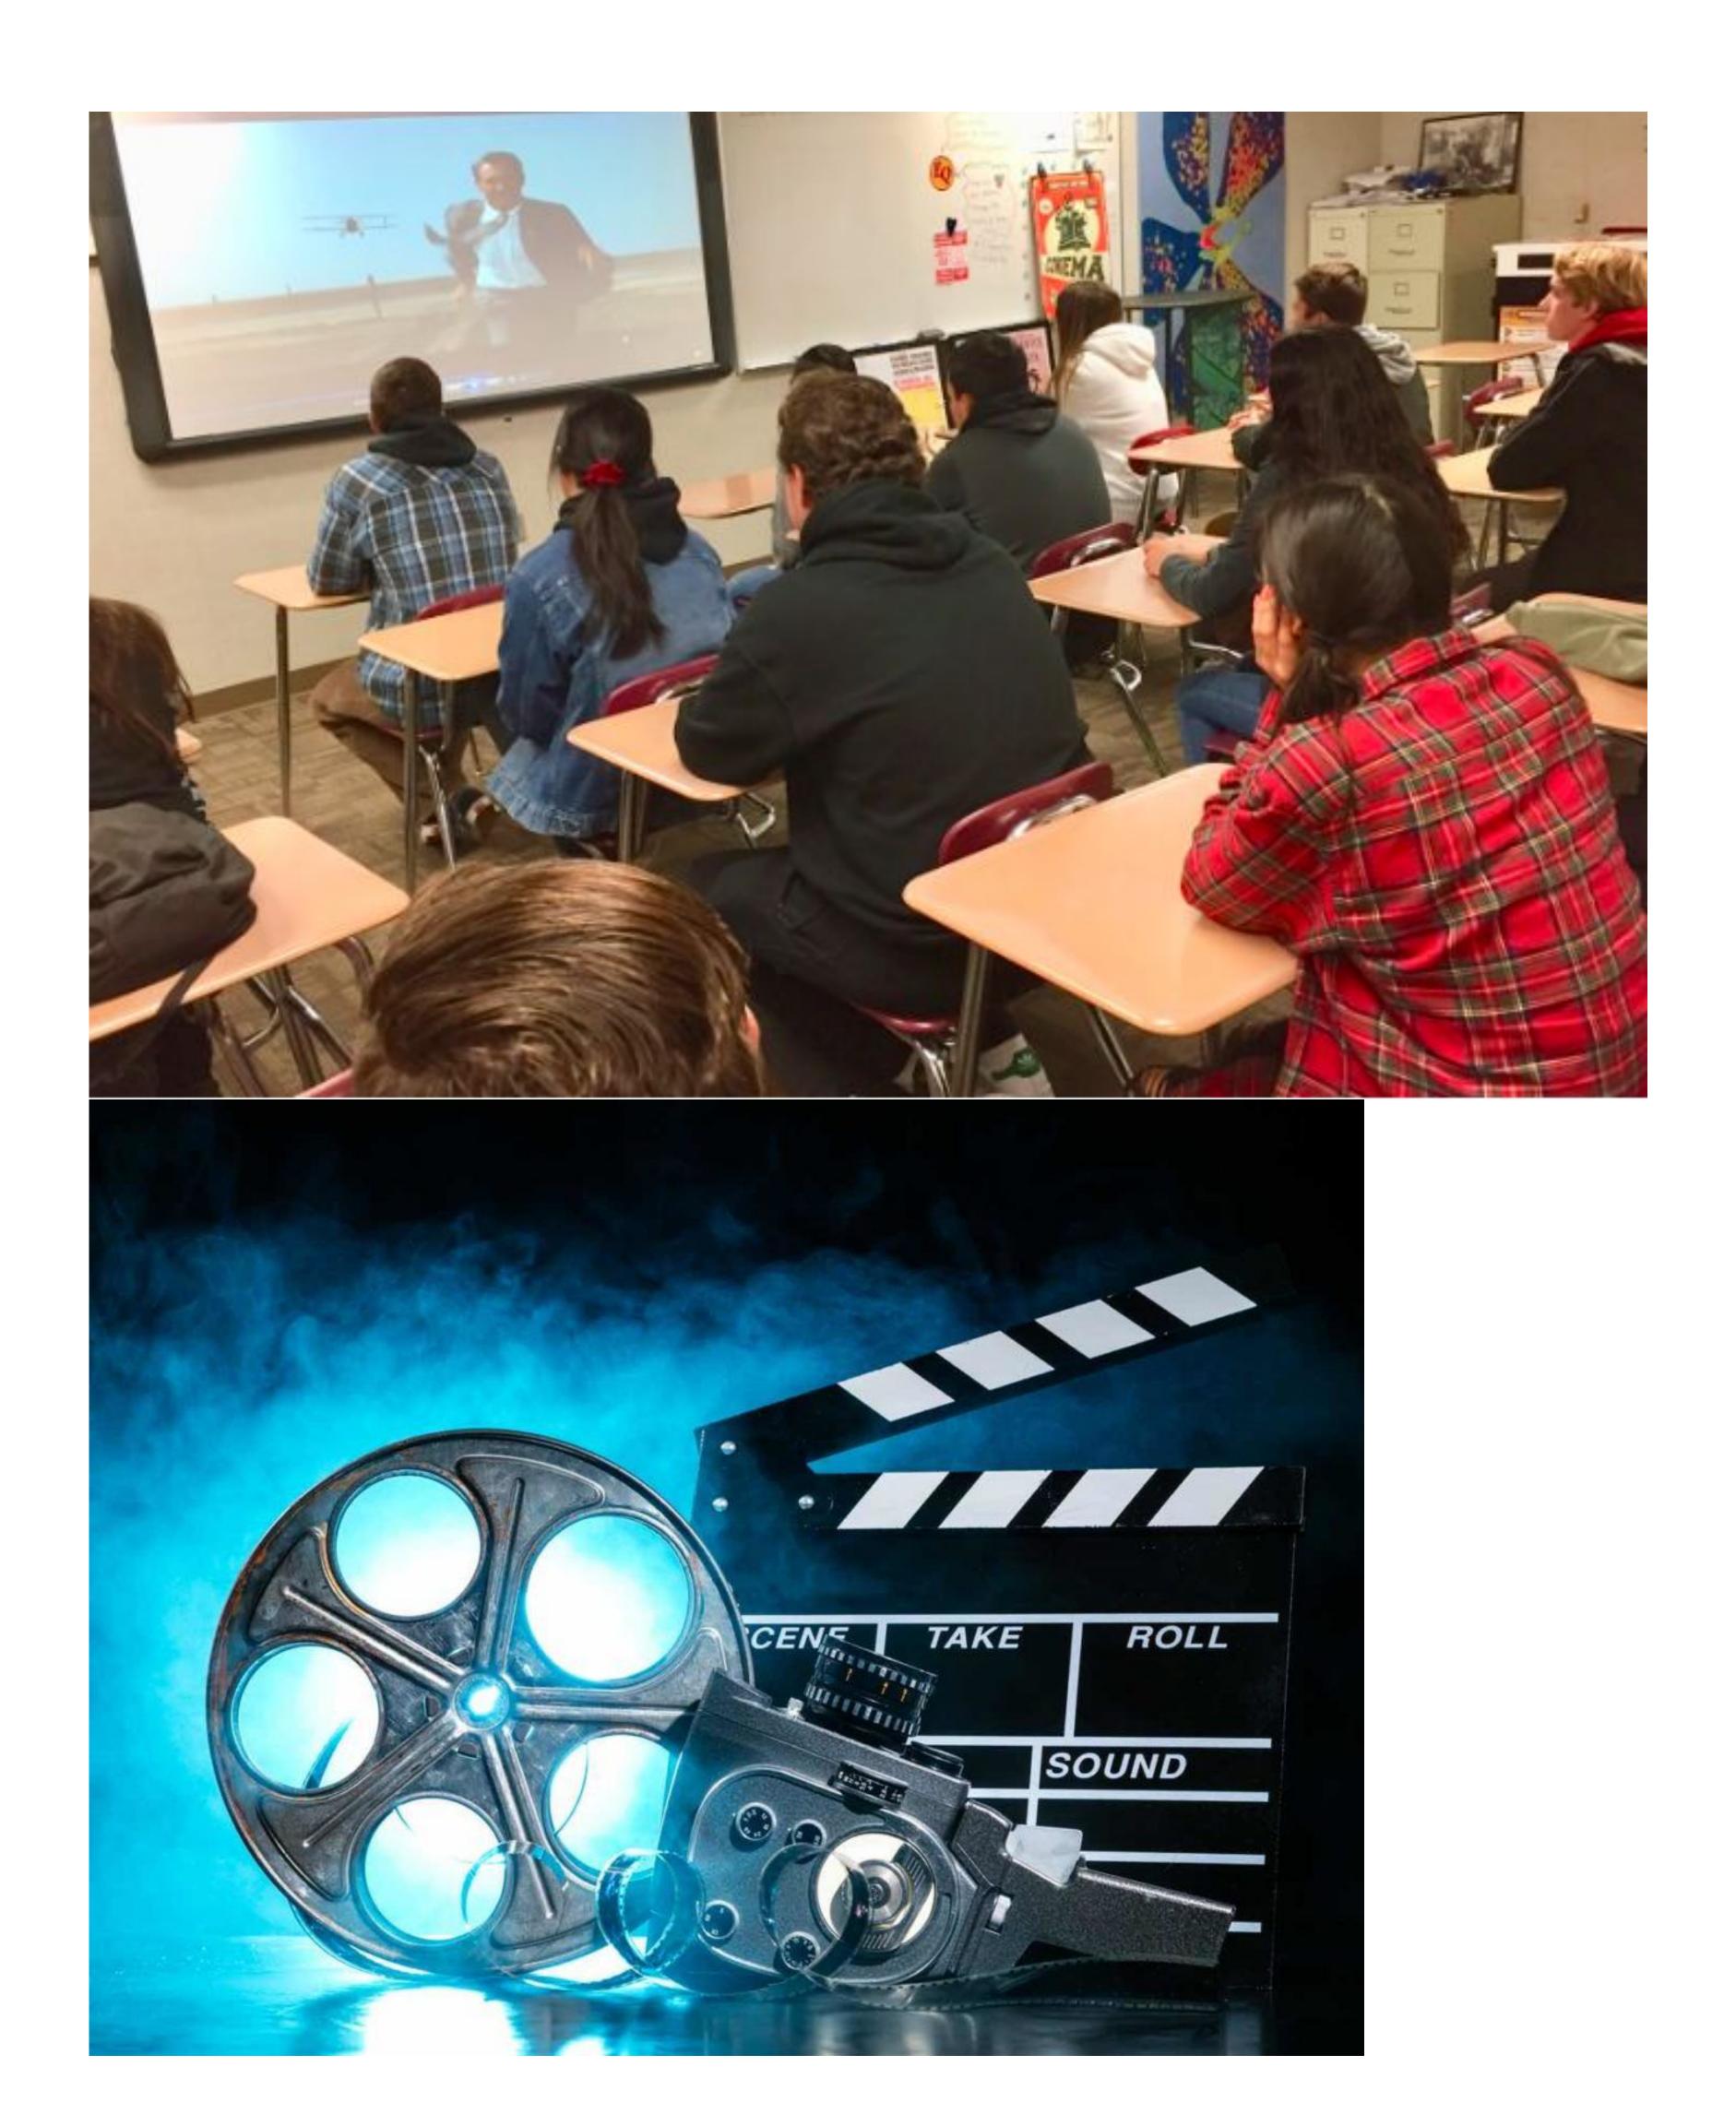

Intro to Film Studies

film.

Film Studies is a course in appreciating and studying the art of films. Students will learn how to analyze movies, learn about how movies are made, and learn about the history of

necessary Symphonic Band (with experience) Drum Line

In our music program, learn new instruments and instrumental techniques. Students will be able to read music, including note reading, rhythms, key and time signatures.

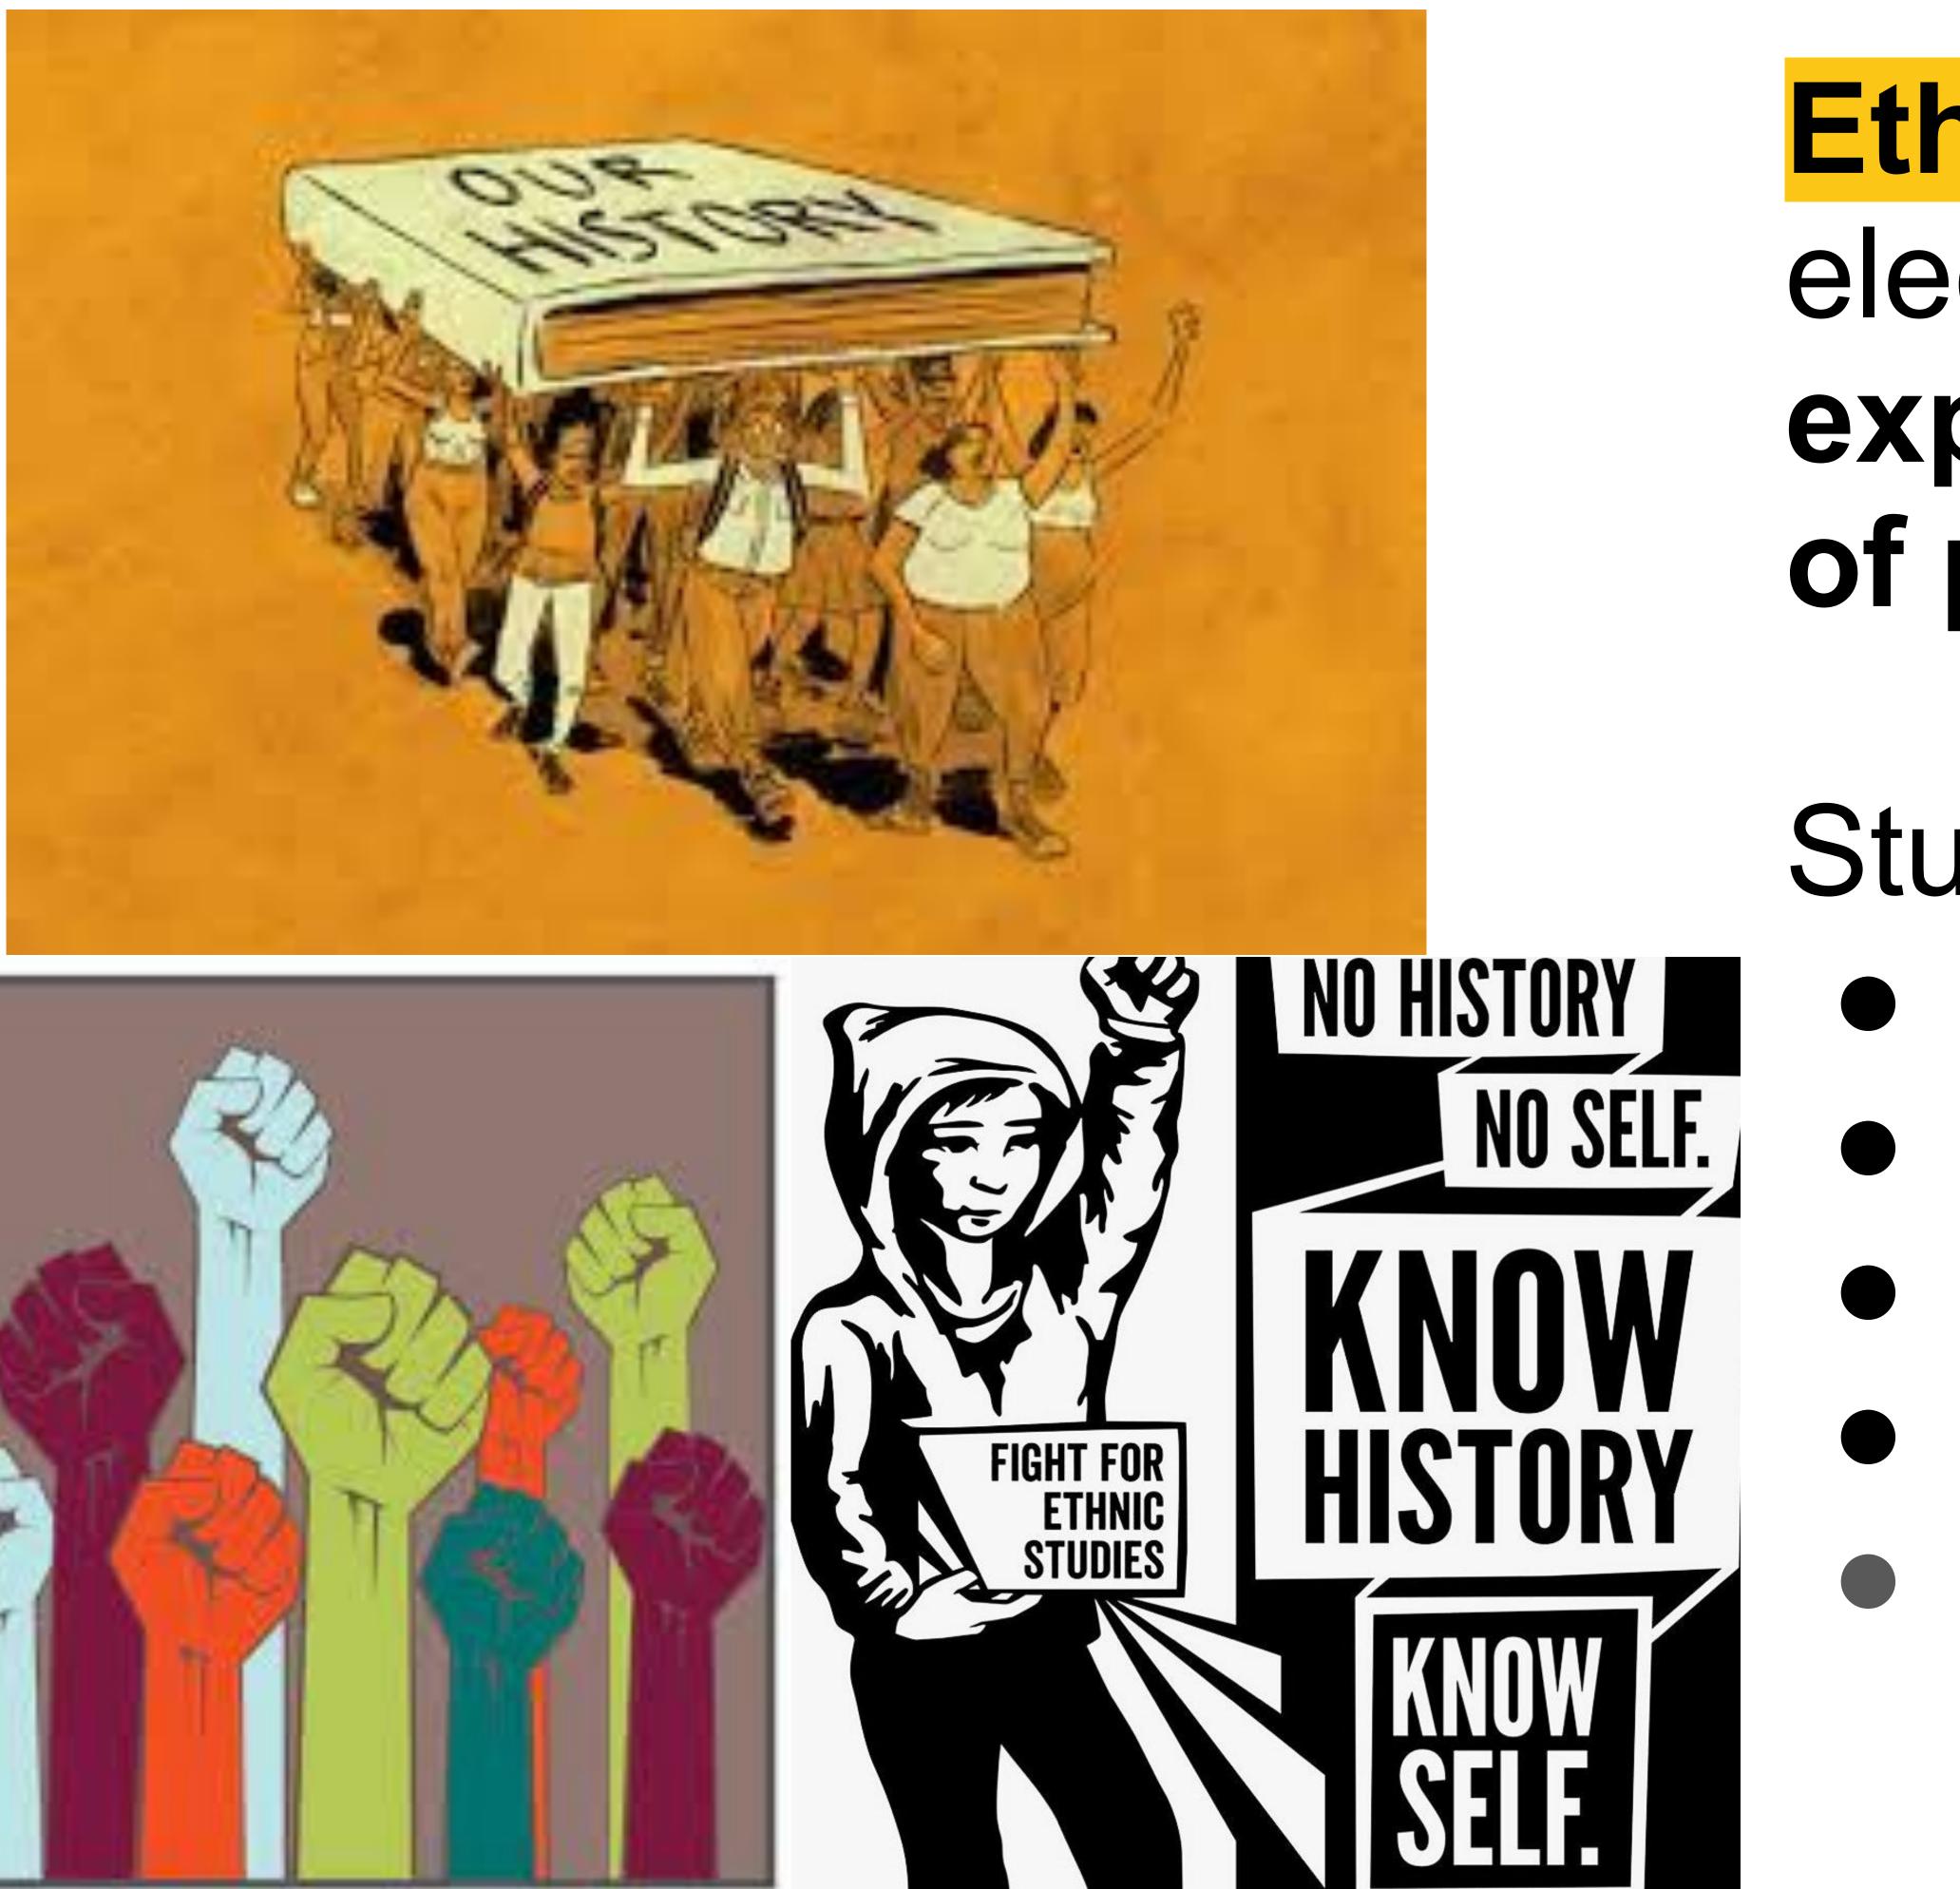

Concert Band (No experience

Drama

Drama is a course in acting for the stage and film. Students will learn the human emotions, pantomime, improvisation, public speaking, confidence, and working as a team. Students will also learn how to put on a full show and all its elements: props, sound, lighting, costuming, and marketing.

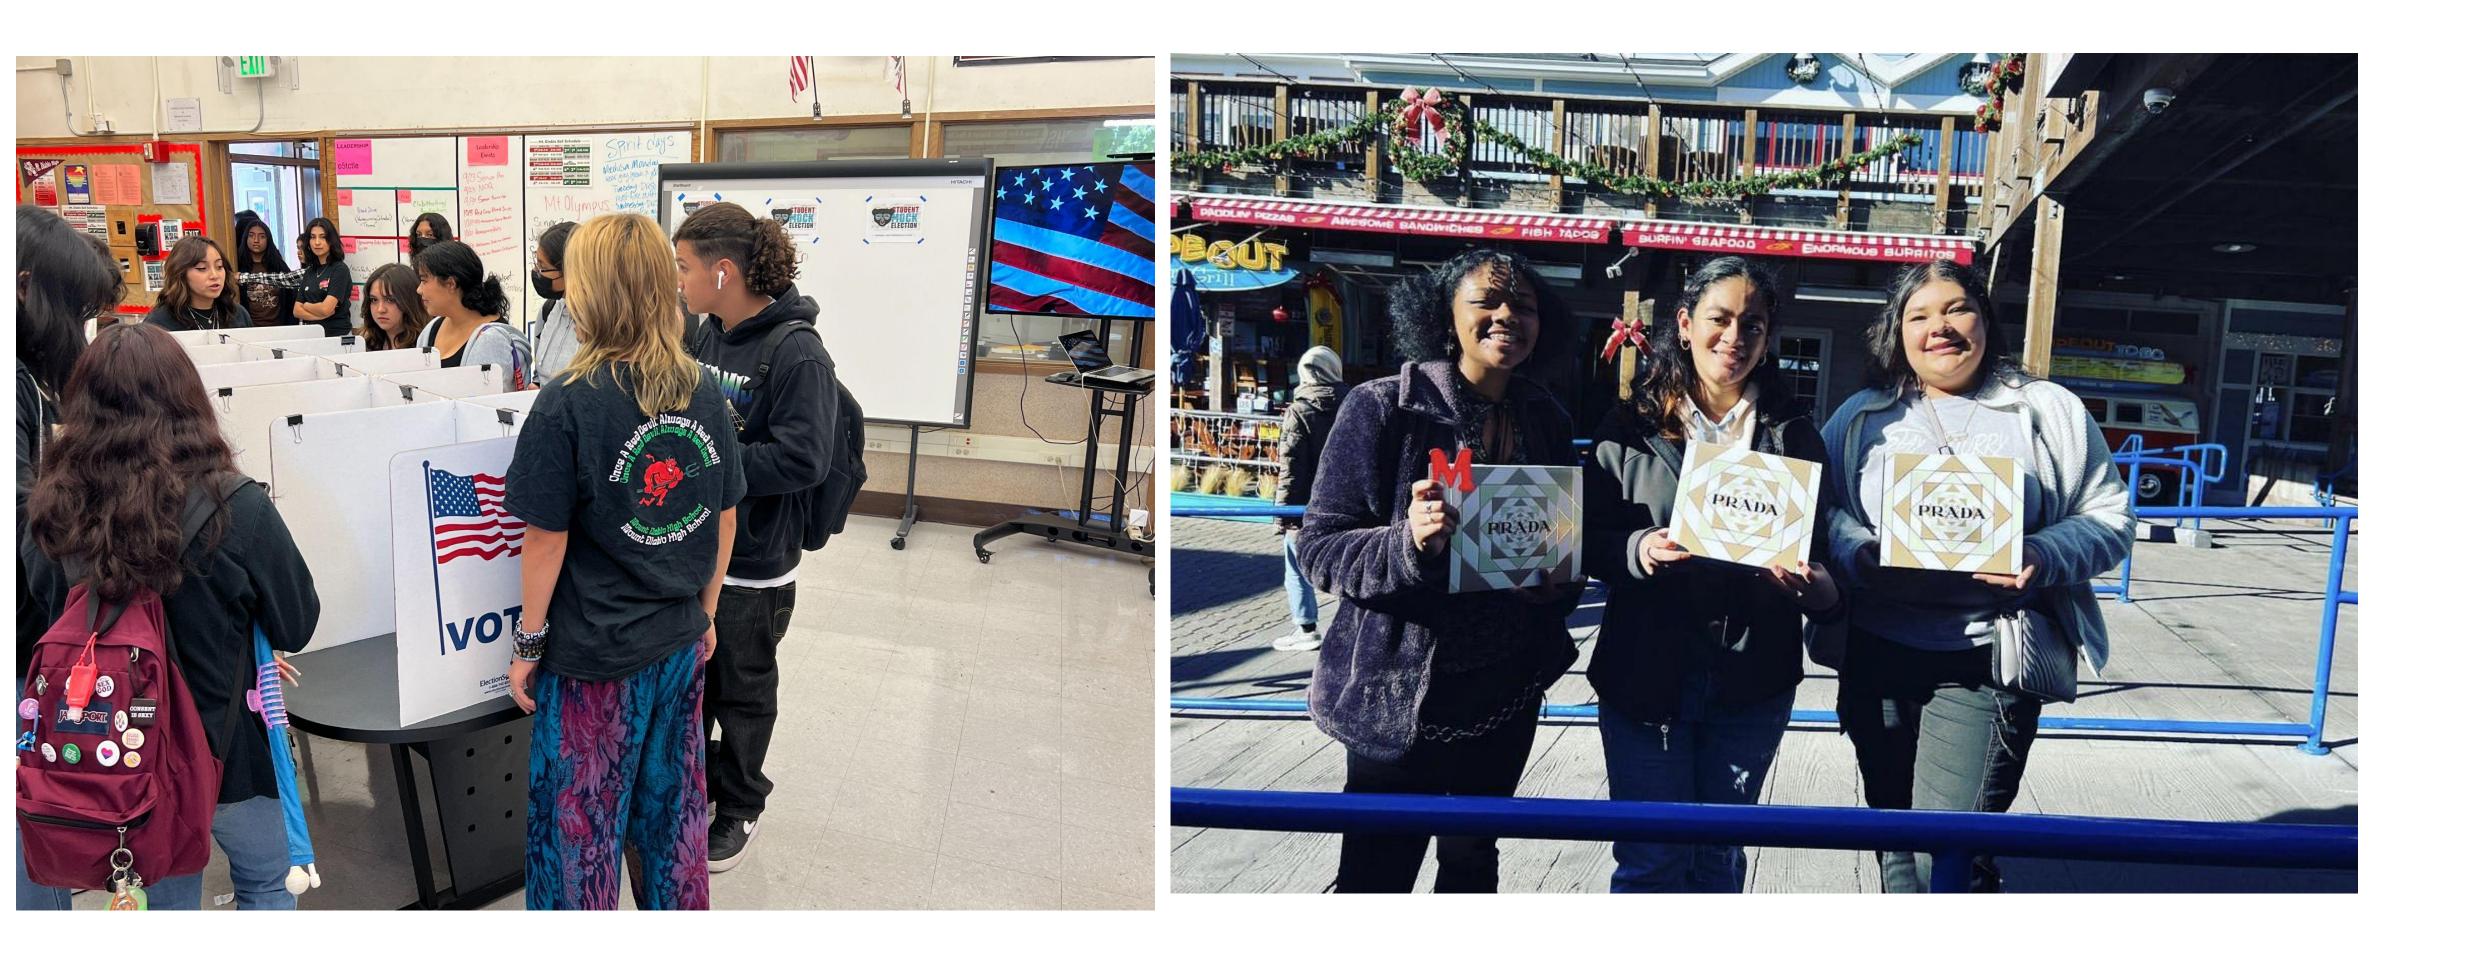

Ethnic Studies is a social studies elective that focuses on the history, experience, and accomplishments of people of color in America.

Students will explore the concepts of: identity history and movements systems of power social movements and equity real life examples

Leadership

Leadership

• Leadership is a course that plans and executes most of the school's major events such as Homecoming, Rallies, Dances, and Lunchtime Activities.

JROTC

JROTC uses the success of the military to model outstanding citizenship characteristics, problem solving exercises, and situational leadership exercises.

Link Crew

BECAUSE ANALNK CREW LEADER CREW

Link Crew

Link Crew is a leadership program that focuses on making select individuals from the Junior and Senior classes, known as "Link Leaders," into mentors for freshmen and new students.

Other Electives Public Speaking

Public Speaking I is an elective course designed to help students develop oral language skills in a variety of planned and spontaneous public speaking situations, and to gain research, organizational, and technology skills necessary for a variety of oral presentations. According to a Yale University study of Admissions Officers, Public Speaking is the number one elective that colleges and universities like to see! You can even get into competitions for scholarships and accolades.

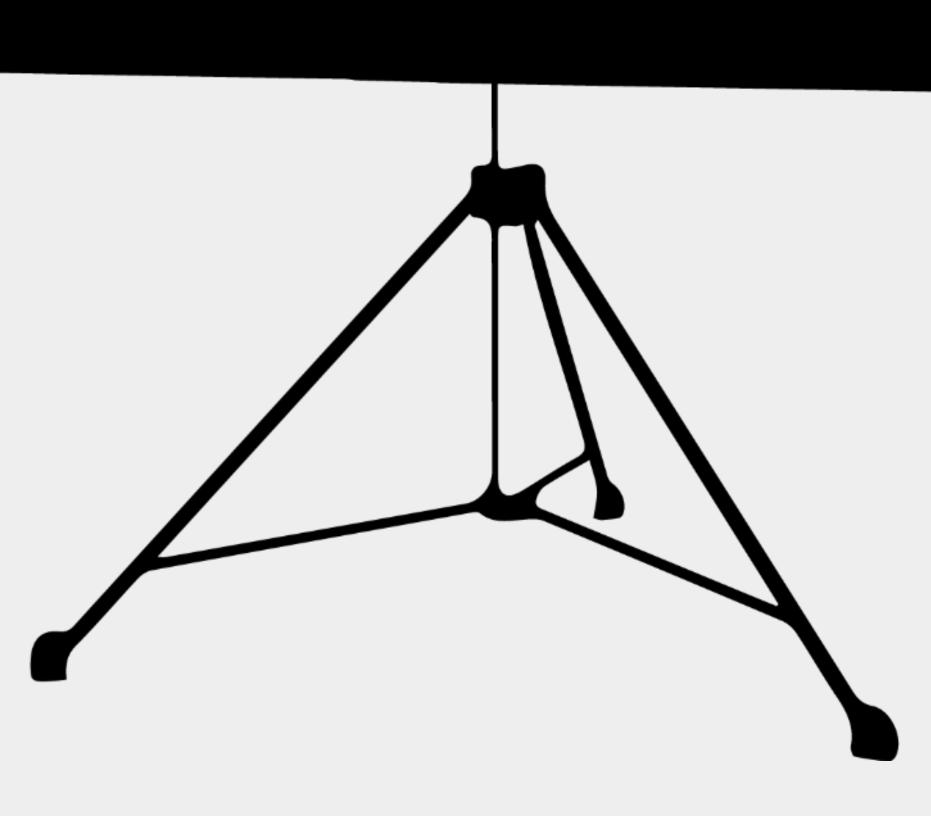

Yearbook Honors

Yearbook - Honors -Students enrolled in Yearbook get to work in a professional environment where they learn to craft the current school year's Yearbook. Students work in teams and build the book from scratch. This is a great way to be a part of MDHS history!

What will my schedule look like next year? Students are required to take 6 classes to complete graduation requirements. ALL 9th graders are required to take English I, PE, Living Earth, *Algebra, & 2 electives
