

Comprehensive School Improvement Plan (CSIP)

Needs Assessment: Priorities

- Increase percentage of African American students performing at proficient and distinguished in Reading and Math
- Improve culture and climate scores
- Improve Math and Writing scores

Needs Assessment: Processes, Practices, or Conditions

- Teachers will receive professional Development in differentiation and cultural responsiveness
- Scholars will be provided opportunities to answer the questions included in the culture and climate survey.
- Administration and teachers will analyze the responses from the culture and climate survey and look to improve in areas where we score low.
- Continued professional learning in the new Math curriculum and addressing deficits during small group instruction.
- Continued professional learning in Writing instruction and aggressive monitoring.

Kentucky Summative Indicators: Status and Change

Indicator	Status	Change
State Assessment Results in reading and mathematics	86.4	1.6
State Assessment Results in science, social studies, and writing	83.1	-1.0
English Learner Progress	N/A	N/A
Quality of School Climate and Safety	76.0	-3.3
Postsecondary Readiness - <i>High School only</i>		
Graduation Rate - <i>High School only</i>		

1: State Assessment Results in Reading and Mathematics

Objective	Strategy	Activities	Measure of Success	Progress Monitoring	Funding
By 2028, Ashland Elementary will increase Reading proficient and distinguished level to >70% as measured by KSA. Special Considerations for Targeted Support and Improvement (TSI)

Components of Turnaround Leadership Development and Support:

Consider: How will you ensure that school leadership has or develops the skills and disposition to achieve accelerated, meaningful, and sustainable increases in student achievement for underperforming subgroups?

Response:

Identification of Critical Resources Inequities:

Consider: Describe the process used to review the allocation and use of resources (people, time, and money), any resource inequities that were identified that may contribute to underperformance, and how identified resource inequities will be addressed.

Response:

Additional Actions That Address the Causes of Consistently Underperforming Subgroups of Students

Consider: Describe the process used to review the learning culture related to your targeted subgroup(s) and any additional actions that were determined to address the causes of underperformance.

Response:

Targeted Subgroups and Evidence-Based Interventions:

Consider: Identify the areas of need revealed by the analysis of academic and non-academic data that will be addressed through CSIP activities for your targeted subgroup(s). What evidence-based practice(s) will the school incorporate that specifically targets the subgroup(s) achievement that contributed to the TSI identification? How will we monitor the evidence-based practice to ensure it is implemented with fidelity?

Response:

The Every Student Succeeds Act (2015) created new expectations for evidence-based decision making at school and district levels. More specific information regarding evidence-based practices (EBP) and requirements can be found on the Kentucky Department of Education’s [Evidence-based Practices website](#). While evidence documentation in the CSIP is only required for schools identified for Targeted Support and Improvement (TSI), KDE encourages all school leaders to review evidence related to new programs, practices, or interventions being implemented in the school. In addition to documenting the evidence below, TSI schools are expected to upload a description of their evidence review process, the findings of their evidence review, and a discussion of the local implications into the CIP.

Specific directions regarding documentation requirements for each chosen EBP can be found in the “[Compliance Requirements](#)” resource available on KDE’s [Evidence-based Practices website](#). Marking the “Uploaded in CIP” box indicates that you have uploaded required documentation along with this goal template into the platform.

Complete the table below to document the evidence that supports the Activities outlined in this plan. Additional rows may be added to accommodate additional pieces of evidence.

2024-2025 Phase One: Executive Summary for Schools

Description of the School

Describe the school's size, community/communities, location, and changes it has experienced in the last three years. Include demographic information about the students, staff, and community at large. What unique features and challenges are associated with the community/communities the school serves?

Ashland Elementary School is located near downtown Lexington on North Ashland Avenue. A school with a strong focus on student achievement through stakeholder collaboration, the Ashland community seeks to find ways to ensure that all students thrive and experience success. The downtown location of our school makes walking field trips convenient, and the school partners with local businesses and stakeholders to engage the community. We hosted our Grown-Up Day, Block Party and annual Jog-A-thon during the month of September 2022 where families were able to come together and fellowship. The "Block Party" was a collaboration with Maxwell elementary at Woodland Park that focused on mental health and, "Putting the Blocks Together To Build Support." Another event in the Spring included our collaboration with businesses in the "warehouse district," where we hosted a "Gallery Hop" through multiple businesses that included Art displays, a talent show and other demonstrations in the areas of the ARTs. Walking field trips include the Henry Clay Estate, the Lexington Fayette Urban County Government Center offices, the Lexington Public Library-Main Campus, Christ Church Cathedral, the Living Arts and Science Center, the Lyric Theater, Woodland Park, Kenwick Community Center and more. With an intentional focus on the ARTS, Ashland identifies students based on interest and skill in the areas of the Visual Arts, Dance/Drama, and Performing Arts. Stakeholders collaborated with our Specials teachers to present two productions at Norsworthy Auditorium where all scholars were able to participate. This production included Music, dance, drama and Art throughout the production and was published on the internet and viewed by family members across the country.

School Stakeholders

Identify and describe the school's stakeholder groups. How does the school ensure stakeholder involvement and engagement in the improvement planning process?

Ashland has a collaborative community that works together to ensure scholar success! The PTA hosts an Annual Jog-A-Thon each year to raise funds that support family night events like the Fall Festival, and Gallery Hop.

School's Purpose

Provide the school's purpose statement and ancillary content such as mission, vision, values, and/or beliefs, including the year in which they were last reviewed or revised. Describe how the school embodies its purpose through its program offerings and expectations for students and how stakeholders are involved in its development.

Ashland's mission is ensure a culture that educates, empowers and encourages success (3Es). We build the foundation of this community through meaningful relationships, intentional and engaging learning, clear communication, and a collaborative commitment to coaching students to be valuable contributing members of the global community. Ashland's vision is to be a school where ALL students are critically thinking problem solvers who demonstrate perseverance, independence, responsibility, and strong moral character. While ensuring that students feel safe, loved, and excited about school and learning. Ashland teachers partner with students and families to close achievement gaps. There are schoolwide structures at Ashland Elementary to encourage students to be responsible for their learning. Expectations are clearly set for students to enter school ready to learn, as outlined in our school handbook. Safety is our number one priority. Students have a dress code and adhere to a schoolwide PBIS behavior system. Students receive character education from our Guidance Counselor and Mental Health Specialist, who also meet with small groups of students to meet their needs. During August of 2022 Ashland opened a BeWell room that focuses on mindfulness and self-regulation.

Notable Achievements and Areas of Improvement

Describe the school's notable achievements and areas of improvement in the last three years. Additionally, describe areas for improvement that the school is striving to achieve in the next three years.

2014-15 KPREP results designated Ashland as a distinguished, progressing, high performing school with a score of 75.4, and in the 94%ile. 2015-16 KPREP results designation Ashland as a proficient school with a score of 69.5. 2016-17 KPREP results showed Ashland students with 91.4 in achievement points, 75.2 in gap points, and 75.3 in growth points. 2017-2018 KPREP results demonstrated Ashland students were above the average of both district and state in all academic and separate academic indicators. 2018-2019 KPREP results demonstrate Ashland students score 64.1% P/D in reading and 63.5% P/D in math. A focus area at our school for the next three years is closing the achievement gap. Ashland has developed a plan to address the achievement gap including intentional small group and Rtl instruction as well as monthly grade level team meetings with administration and MTSS Coordinator/interventionist to discuss student progress towards goals.

Additional Information

Provide any additional information you would like to share with the public and community that were not prompted in the previous sections.

Attachment Summary	7

2024-2025 Phase Two: The Needs Assessment for Schools

Understanding Continuous Improvement: The Needs Assessment for Schools

The Needs Assessment Diagnostic will facilitate the use of multiple sources of data to determine the current reality and establish a foundation for decision-making around school goals and strategies. Once completed, the diagnostic will lead to priorities to be addressed in the comprehensive school improvement plan to build staff capacity and increase student achievement. The needs assessment is to be conducted annually as an essential part of the continuous improvement process and precedes the development of strategic goals (i.e. desired state).

While the focus of continuous improvement is student performance, the work must be guided by the aspects of teaching and learning that affect performance. An effective improvement process should address the contributing factors creating the learning environment (inputs) and the performance data (outcomes).

The needs assessment provides the framework for all schools to clearly and honestly identify their most critical areas for improvement that they will address later in the planning process through the development of goals, objectives, strategies and activities. 703 KAR 2:225 requires, as part of continuous improvement planning for schools, each school to complete the needs assessment between October 1 and November 1 of each year and include: (1) a description of the data reviewed and the process used to develop the needs assessment; (2) a review of the previous plan and its implementation to inform development of the new plan; and, (3) perception data gathered from the administration of a valid and reliable measure of teaching and learning conditions.

Protocol

1. Clearly detail the process used for reviewing, analyzing and applying data results as you conducted this year's needs assessment. Include names of school councils, leadership teams and stakeholder groups involved, a timeline of the process, the specific data reviewed, and how the meetings were documented.

d

Review of Previous Plan

2. Summarize the implementation of the goals, objectives, strategies and activities from the previous year's Comprehensive School Improvement Plan (CSIP). What was successful? How does it inform this year's plan?

d

Trends

3. Analyzing data trends from the previous two academic years, which academic, cultural and behavioral needs remain significant areas for improvement?

Example of Trends

- The number of behavior referrals increased from 204 in 2022-2023 to 288 in 2023-2024.
- From 2022 to 2024, the school saw an 11% increase in novice scores in reading among students in the achievement gap.

d

Current State

4. Describe in narrative form the current state of the school using precise numbers and percentages as revealed by multiple sources of outcome data. Cite the source of data used.

Example of Current Academic State:

- Thirty-four percent (34%) of students in the achievement gap scored proficient on Kentucky Summative Assessment (KSA) in reading. Local benchmark data indicates that thirty-two percent of all students receive Tier II intervention in reading.
- Fifty-four percent of our students scored proficient in math on the KSA compared to the state average of 57%. Local formative assessments show 53% of students are on grade level in math.

Example of Non-Academic Current State:

- Teacher attendance rate was 84% for the 2023-2024 academic year. 2022-2023 Impact survey data shows that 71% of staff feel like they belong at our school.
- Survey results and perception data indicated 62% of the school's teachers received adequate professional development.

d

Priorities/Concerns

5. Clearly and concisely describe the two or three greatest areas of weakness using precise numbers and percentages.

NOTE: You must thoroughly address these priorities in the Comprehensive School Improvement Plan (CSIP) diagnostic and template.

Example: Students in our gap groups are scoring significantly below all students. Sixty-eight percent of students in the achievement gapscored below proficiency on the Kentucky Summat gap learners.

d

Strengths/Leverages

6. Plainly state, using precise numbers and percentages revealed by current data, the strengths and leverages of the school. Explain how the school will utilize the strengths and leverages to improve areas of concern listed above.

Example: Reading achievement has increased from 37% proficient to its current rate of 58%. The systems of support we implemented for reading can be adapted to address our low performance in math.

df

Evaluate the Teaching and Learning Environment

7. Consider the processes, practices and conditions evident in the teaching and learning environment as identified in the six Key Core Work Processes outlined below:

[KCWP 1: Design and Deploy Standards](#)

[KCWP 2: Design and Deliver Instruction](#)

[KCWP 3: Design and Deliver Assessment Literacy](#)

[KCWP 4: Review, Analyze and Apply Data Results](#)

[KCWP 5: Design, Align and Deliver Support Processes](#)

[KCWP 6: Establish Learning Environment and Culture](#)

Utilizing implementation data, perception data, and current policies and practices:

a. Complete the [Key Elements Template](#).

- **b. Upload your completed template in the attachment area directly below.**

ATTACHMENTS

Attachment Name

 [CSIP2025](#)

8. After analyzing the Key Elements of your teaching and learning environment, which two or three processes, practices or conditions will the school focus its resources and efforts upon in order to produce the desired changes?

Note that all processes, practices and conditions can be linked to the six Key Core Work Processes.

NOTE: The Comprehensive School Improvement Plan (CSIP) diagnostic and template must thoroughly address these.

2024-2025 Phase Two: School Assurances

Introduction

Assurances are a required component of the improvement planning process (703 KAR 5:225). Please read each assurance carefully and indicate whether your school complies by selecting the appropriate response (Yes, No or N/A). If you wish to provide further information or clarify your response, space for comments is provided. Comments are optional. You may upload any supporting documentation as needed.

Federal Programs

1. If the school receives Title II, Part A funds, the school provides professional development for staff that is in accordance with the purpose of Title II, Part A of ESSA (job-embedded, evidence-based, sustainable, data-driven and classroom-focused); addresses the needs of all students; and, strives to ensure all students are transition ready as intended by Section 2103 of ESSA, which governs the local use of Title II, Part A funding.

Yes

No

N/A

COMMENTS

2. The school ensures that the use of federal funding, including expenditures for certified or classified positions (e.g. counselors, nurses, media specialists, etc.), is reasonable and necessary in compliance with 2 CFR 200.403 and 200.405.

Yes

No

N/A

COMMENTS

Title I Programs

3. The school distributes to parents and family members of participating children in a targeted assistance program, or all children in a schoolwide program, a written parent and family engagement policy, which is agreed on by such parents, and describes the means for carrying out the requirements of ESSA Section 1116 (c) through (f). The school makes the policy available to the local community and updates it periodically to meet the changing needs of parents and the school. For reference, Section 1116(b) of

ESSA allows existing parent and family engagement policies the school may have in place to be amended to meet the requirements under Title I, Part A.

Yes

No

N/A

COMMENTS

4. The school convenes an annual meeting, at a convenient time, to which all parents of participating children in a targeted assistance program, or all children in a schoolwide program, are invited and encouraged to attend, to inform parents of their school's participation in Title I, Part A and to explain the requirements of Title I, Part A, and the right of the parents to be involved, as required under Section 1116(c)(1).

Yes

No

N/A

COMMENTS

5. The school offers a flexible number of meetings to parents, such as meetings in the morning or evening, and may provide, with funds provided under this part, transportation, child care, or home visits, as such services relate to parental involvement (ESSA Section 1116(c)(2)).

Yes

No

N/A

COMMENTS

6. The school involves parents, in an organized, ongoing, and timely way, in the planning, review, and improvement of programs under Title I. This includes the planning, review, and improvement of the school parent and family engagement policy and the joint development of the schoolwide program plan under section 1114(b). If a school has in place a process for involving parents in the joint planning and design of the school's programs, the school may use that process, if such process includes an adequate representation of parents of participating children (ESSA Section 1116 (c)(3)).

Yes

No

N/A

COMMENTS

7. The school provides parents of participating children in a targeted assistance program, or all children in a schoolwide program—

A. timely information about programs under Title I;

B. a description and explanation of the curriculum in use at the school, the forms of academic assessment used to measure student progress, and the achievement levels of the challenging state academic standards; and

C. if requested by parents, opportunities for regular meetings to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children, and respond to any such suggestions as soon as practicably possible (ESSA Section 1116 (c)(4)).

Yes

No

N/A

COMMENTS

8. The school jointly develops with parents for all children served under this part a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the state's high standards. The compact meets the requirements outlined in ESSA 1116(d)(1-2).

Yes

No

N/A

COMMENTS

9. The school provides assistance to parents of children served by the school in understanding such topics as the challenging state academic standards, state and local academic assessments, the requirements of Title I, and how to monitor a child's progress and work with educators to improve the achievement of their children, as required by ESSA Section 1116(e)(1).

Yes

No

N/A

COMMENTS

10. The school provides materials and training to help parents to work with their children to improve their children's achievement, such as literacy training and using technology (including education about the harms of copyright piracy), as appropriate, to foster parental involvement, as required in ESSA Section 1116(e)(2).

Yes

No

N/A

COMMENTS

11. The school educates teachers, specialized instructional support personnel, principals, other school leaders, and other staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school, as required in ESSA Section 1116(e)(3).

Yes

No

N/A

COMMENTS

12. To the extent feasible and appropriate, the school coordinates and integrates parent involvement programs and activities with other federal, state, and local programs, including public preschool programs, and conducts other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children (ESSA Section 1116(e)(4)).

Yes

No

N/A

COMMENTS

13. The school ensures that information related to school and parent programs, meetings, and other activities is sent to the parents of participating children, or all

children in a schoolwide program, in a format and, to the extent practicable, in a language the parents can understand, as required in ESSA Section 1116(e)(5).

Yes

No

N/A

COMMENTS

14. To the extent practicable, the school provides opportunities for the informed participation of parents and family members (including parents and family members who have limited English proficiency, parents and family members with disabilities, and parents and family members of migratory children), including providing information and school reports required under section 1111 in a format and, to the extent practicable, in a language parents understand (ESSA Section 1116(f)).

Yes

No

N/A

COMMENTS

Title I Schoolwide Programs

15. In a schoolwide program, the school developed a comprehensive plan (the Comprehensive School Improvement Plan, or CSIP) during a 1-year period or qualifies for an exception under Section 1114(b)(1) of the Every Student Succeeds Act (ESSA).

Yes

No

N/A

COMMENTS

16. In a schoolwide program, the school developed a comprehensive plan (CSIP) with the involvement of parents and other members of the community to be served as well as individuals who will carry out such plan (e.g. teachers, administrators, classified staff, etc.) as required by Section 1114(b)(2) of ESSA.

Yes

No

N/A

COMMENTS

17. In a schoolwide program, the school developed a comprehensive plan (CSIP) that will remain in effect for the duration of the school's participation under Title I, Part A of ESSA as required by Section 1114(b)(3) of ESSA.

Yes

No

N/A

COMMENTS

18. In a schoolwide program, the school developed a comprehensive plan (CSIP) that is available to district leadership, parents, and the public and in an understandable and uniform format as required by Section 1114(b)(4) of ESSA.

Yes

No

N/A

COMMENTS

19. In a schoolwide program, the school developed a comprehensive plan (CSIP) that, to the extent appropriate and applicable, coordinates with other federal, state, and local programs, including but not limited to the implementation of improvement activities in schools identified for comprehensive or targeted support and improvement, as required by Section 1114(b)(5) of ESSA.

Yes

No

N/A

COMMENTS

20. In a schoolwide program, the school developed a comprehensive plan (CSIP) that is based on a comprehensive needs assessment, which included a review of academic achievement data, and includes, among other items, a description of the strategies the school will implement to address school needs as required by Section 1114(b)(6) of ESSA. The comprehensive needs assessment was developed with the participation of individuals who will carry out the schoolwide program plan, and the school documents

how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results, as required by 34 CFR 200.26 (Code of Federal Regulations).

Yes

No

N/A

COMMENTS

21. In a schoolwide program, the school developed, pursuant to Section 1114(b)(7), a comprehensive plan (CSIP) that includes a description of the strategies to be implemented to address school needs, including how such strategies: (1) provide opportunities for all children; (2) use methods and instructional strategies that strengthen the academic program in the school, increase learning time, and provide an enriched and accelerated curriculum; and, (3) address the needs of all children through, for example, the following activities: school-based mental health programs; a tiered model to prevent and address behavioral problems; professional development to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers; and/or, strategies for assisting preschool children transition to local elementary school programs.

Yes

No

N/A

COMMENTS

22. The school regularly monitors the implementation and results achieved by the schoolwide program, using data from the state's annual assessments and other indicators of academic achievement. The school determines whether the schoolwide program has been effective in increasing the achievement of students in meeting the challenging state academic standards, particularly for those students who had been furthest from achieving the standards. The school revises the plan as necessary based on student needs and on the results of the regular monitoring, to ensure continuous improvement of students in the schoolwide program and to ensure that all students are provided opportunities to meet the challenging state academic standards, as required by Section 1114 (b)(3) of ESSA and 34 CFR 200.26.

Yes

No

N/A

COMMENTS

Title I Targeted Assistance School Programs

23. In a targeted assistance school program, participating students are identified in accordance with Section 1115(c) and on the basis of multiple, educationally related, objective criteria.

Yes

No

N/A

COMMENTS

24. In a targeted assistance school program, the school serves participating students using resources under Title I, Part of ESSA to meet challenging state academic standards as required by Section 1115(b)(2)(A) of ESSA.

Yes

No

N/A

COMMENTS

25. In a targeted assistance school program, the school serves, pursuant to Section 1115(b)(2)(B) of ESSA, participating students using methods and instructional strategies to strengthen the academic program of the school, which may include, for example, expanded learning time, summer programs, and/or a tiered model to prevent and address behavioral problems.

Yes

No

Schools Identified for Targeted Support and Improvement

31. If identified for targeted support and improvement in the previous year, including additional targeted support and improvement, pursuant to Section 1111(d)(2) of ESSA, the school developed and implemented a plan to improve student outcomes that, among other items, was informed by all indicators, including student performance against long-term goals; included evidence-based interventions; and, approved by local leadership. For reference, "evidence-based" is defined in ESSA Section 8101(21).

2023-24 Phase Four: Professional Development Plan for Schools for School Year 2024-2025

The purpose of this diagnostic is to support the school in designing and implementing a professional development plan that aligns to the goals established in [KRS 158.6451](#) and the local needs assessment. The basis of the professional development plan aligns to [704 KAR 3:035](#), which states the following:

Annual Professional Development Plan:

Section 2. Each local school and district shall develop a process to design a professional development plan that meets the goals established in [KRS 158.6451](#) and in the local needs assessment. A school professional development plan shall be incorporated into the school improvement plan and shall be made public prior to the implementation of the plan. The local district professional development plan shall be incorporated into the district improvement plan and posted to the local district Web site prior to the implementation of the plan.

Section 3. Each school and local district professional development plan shall contain the following elements:

1. A clear statement of the school or district mission
2. Evidence of representation of all persons affected by the professional development plan
3. A needs assessment analysis
4. Professional development objectives that are focused on the school or district mission, derived from the needs assessment, and specify changes in educator practice needed to improve student achievement; and
5. A process for evaluating impact on student learning and improving professional learning, using evaluation results

Research demonstrates a positive link between high-quality professional learning (HQPL),

teaching practices and student outcomes. Effective professional learning not only has the potential to improve both classroom instruction and student outcomes, but also it can be effective in recruiting and retaining teachers. When designing and/or selecting HQPL at the local level, it is important to ensure alignment to the characteristics of [High-Quality Professional Learning](#).

1. What is the school's mission?

Ashland's Mission Statement: Our mission is to ensure a culture that educates, empowers and encourages success (3Es).

2. The needs assessment provides the framework for **all** schools to clearly identify their most critical areas for improvement that will be addressed in the planning process through the development of goals, objectives, strategies and activities.

Based on the most critical areas for improvement identified in the completed needs assessment per [703 KAR 5:225](#) (3), what are the school's **top two focus areas** requiring professional development that support continuous improvement? The critical areas should focus on the needs assessment findings.

The top 2 priority areas for professional development are Tier II and III instruction in the area of Math, and Tier I and II instruction in the area of writing, and interdisciplinary writing.

3. How do the identified **top two focus areas** requiring professional development relate to school goals?

Our schools goals are to ensure that all students are critically thinking problem solvers that demonstrate perserverance. Professional development around these focus areas will enhance our teachers ability to develop skills in the areas of writing and math. Considering our Gap groups are scoring the lowest in this area, this will also address our goals to increase those groups student achievement with a specific academic focus.

4a. For the first focus area, what are the **specific** objectives for the professional development aligned to the school goal(s)? Consider the long- and short-term changes that need to occur in order to meet the goal.

Teachers will receive professional development around concrete, representational, and abstract mathematical instruction. The skills obtained will develop school-wide methods and procedures for determining developing prerequisite skills to grade level concepts.

4b. What are the intended results of the professional development as related to the **specific** objectives in (a)? (student outcomes; educator beliefs, practices, etc.)

Ultimately if teachers are able to develop scholars prerequisite skills for grade level concepts, student achievement will increase and students performing at novice levels will decrease.

4c. How will professional development be monitored for evidence of implementation?

i. What data (student work samples, grade-level assessments, classroom observations, etc.) will be considered and gathered?

ii. Who is responsible for gathering data? (teachers, coaches, administrators, etc.)

iii. How frequently will data be analyzed? (monthly, quarterly, etc.)

Student work will be shared at PLC's to compare progress, reflect on instructional practice, and determine next steps for instruction. Teachers will gather the data throughout the week through formative and summative assessments. With a designated day of the week for grade level PLC's teachers will share and discuss data weekly.

4d. What will be the indicators of success? Consider the completed actions or markers that need to occur that would indicate the goals and objectives have been achieved.

Please describe in detail.

Indicators of success will include individual student achievement and results. Also, when students do not achieve in previous weeks, success of our processes will be indicated by our ability to determine areas for improvement, strategies/methods for reteaching material, and incorporated methods/strategies for reassessment.

4e. Who is the **specific** targeted audience for the professional development? (i.e., elementary mathematics teachers)

Classroom Math Teachers will be the targeted audience, however the skills will also be transferrable to all instructional staff. Paras, coaches and administration will also have access to the information.

4f. What **specific** resources are needed to support the professional development? (staff, funding, technology, **specific** instructional resources, professional development support from vendors, release time for professional learning, etc.)

District support in providing research based approaches to Tier II and III instruction. Grants/funding for Tier II-III materials and professional development.

4g. What **specific** ongoing supports will be provided for professional development implementation? (i.e., district level coaches will work with teacher teams monthly as professional development is implemented, building level coaches will lead monthly professional learning communities using instructional resources from professional

development, teacher leaders will meet bi-monthly to analyze student work based on evidence from professional development, release time for groups of teachers to plan together using specific instructional resources, a mathematics consultant to meet once a month with grade level math teacher teams September through April, etc.) The ongoing supports should be connected to the specific professional development identified as the priority.

District level coaches will support individual teams and provide professional learning on specific topics, resources, etc. Upon purchasing a Tier II-III program, teachers will receive ongoing training for implementation with fidelity.

5a. For the second focus area, what are the **specific** objectives for the professional development aligned to the school goal(s)? Consider the long- and short-term changes that need to occur in order to meet the goal.

Teachers will receive professional development around aggressive monitoring and writing instruction. The skills obtained will develop school-wide methods and procedures for determining developing prerequisite skills, and to achieve grade level standards for writing.

5b. What are the intended results of the professional development as related to the specific objectives in (a)?

Through PLC's and work sessions teachers are able to develop standards for writing, and learn to focus on specific skill sets to obtain grade level standards for writing. Student achievement will increase and students performing at novice levels will decrease.

5c. How will the professional development be monitored for evidence of implementation?

i. What data (student work samples, grade-level assessments, classroom observations, etc.) will be considered and gathered?

ii. Who is responsible for gathering data? (teachers, coaches, administrators, etc.)

iii. How frequently will data be analyzed? (monthly, quarterly, etc.)

Student work will be shared at PLC's to compare progress, reflect on instructional practice, and determine next steps for instruction. Teachers will share writing samples once a month to share progress and methods for achieving process. Also throughout our PLC process we will have an intentional focus in eliciting a written/ word processed response on formative and summative assessments.

5d. What will be the indicators of success? Consider the completed actions or markers that need to occur that would indicate the goals and objectives have been achieved.

Please describe in detail.

Indicators of success will include individual student achievement and results. Progress in writing will be determined over time through specific writing samples where teachers focus on specific grade level expectations and individualize growth areas for students who continue to struggle with written composition. The success of our processes will be indicated by our ability to determine areas for improvement, strategies/methods for reteaching material, and incorporating proven methods/strategies for reassessment.

5e. Who is the **specific** targeted audience for the professional development impacted by this component of professional development? (i.e., elementary mathematics teachers)

Classroom Writing Teachers will be the targeted audience, however the skills will also be transferrable to all instructional staff. Paras, coaches and administration will also have access to the information. The Arts team will also receive professional development in the area of writing to explore how they can further incorporate writing into their specific area.

5f. What **specific** resources are needed to support the professional development? (staff, funding, technology, **specific** instructional resources, professional learning support from a vendor, release time for professional learning, etc.)

District support in providing research based approaches to Tier II and III instruction in writing. Professional Development specifically in the area of writing. Grants/funding for Tier II-III materials and professional development.

5g. What **specific** ongoing supports will be provided for professional development implementation? (i.e., district level coaches will work with teacher teams monthly as professional development is implemented, building level coaches will lead monthly professional learning communities using instructional resources from professional development, teacher leaders will meet bi-monthly to analyze student work based on evidence from professional development, a mathematics consultant to meet once a month with grade level math teacher teams September through April, etc.) The ongoing supports should be connected to the specific professional development identified as the priority.

District level coaches will support individual teams and provide professional learning on specific topics, resources, etc. Our leadership team will explore possible professional developments to bring to the staff outside of district support.

6. Optional Extension: If your school has identified additional professional development priorities you would like to include, you may upload an attachment with the answers to question 3 and a-g as seen in questions 4 and 5. If you do not wish to include an optional extension, please list N/A in the space provided below.

Teachers will also receive professional development in the areas of aggressive monitoring, the PLC playbook, and accelerating learning through the PLC process.
