Seniors (& Parents), I need two high-quality photos for the graduation slideshow; a senior photo & a photo from your childhood with only you as the subject. Email photos to [thilgart@aubschools.com](mailto:thilgart@aubschools.com), bring in a flash drive, or an actual photo (labeled) for Mrs. Hilgart to scan. The photos should have the profile format (up & down), otherwise we may need to crop the edges and zoom in on the photo. You may also submit any candid photos for the slideshow. Try to find pictures from 4K through senior year. Examples: photos from events--dances, sports, field trips, birthday/holiday parties, etc.

### Finish Your Medications, Even If You Feel Better

You have always been told to finish your antibiotics even if you are feeling better, but do you know why? Basically, it is to make sure the bacteria is dead. If you do not complete the treatment, you are only weakening the bacteria; they can adapt and get stronger which can cause a reinfection and make the bacteria resistant to the medications that are currently working against them. Let's make sure our future generations are protected and complete our medications as prescribed.
