

2024-2025 Pupil Progression Plan

Local Education Agency:

Rapides Parish

Background and Purpose

Louisiana state law (R.S. 17:24.4) requires local education agencies (LEAs) to establish a comprehensive Pupil Progression Plan based on student performance on the Louisiana Educational Assessment Program with goals and objectives that are compatible with the Louisiana Competency-Based Education Program and which supplements the minimum standards approved by the State Board of Elementary and Secondary Education (BESE). **The plan shall address student placement and promotion** and shall require the student's mastery of grade-appropriate skills before he or she can be recommended for promotion.

The law states that "particular emphasis shall be placed upon the student's proficiency in grade-appropriate skills which may be considered in promotion and placement; however, each local school board shall establish a policy regarding student promotion and placement." The law goes on to require the state Department of Education to establish, subject to the approval of BESE, the level of achievement on the fourth and eighth grade LEAP test—in mathematics, English language arts, science, and social studies—needed for students to advance to grades five and nine. BESE must also determine the nature and application of various intervention options to be used when students fail to meet the minimum academic standards approved by the board.

BESE established minimum standards in [***Bulletin 1566 – Pupil Progression Policies and Procedures***](#).

The purpose of this document is to assist LEAs in developing their required Pupil Progression Plan in accordance with applicable laws and regulations, and to codify LEA policies and procedures related to student placement and promotion. In each section of this document, language that conforms to applicable laws and regulations has been pre-populated. Space is provided for LEAs to add any additional local policies and procedures that fulfill the mandate of the law and support students in acquiring proficiency in grade-appropriate skills. Once completed, submitted to the Louisiana Department of Education, and published locally, teachers shall determine promotion or placement of each student on an individual basis. LEAs may review promotion and placement decisions in order to ensure compliance with their established policy, and reviews may be initiated by a school's governing body, the local superintendent, or a student's parent or legal custodian.

Questions about this document should be directed to [**PPP@La.Gov**](mailto:PPP@La.Gov)

I. Placement of students in kindergarten and grade 1

Kindergarten

Beginning with the 2022-2023 school year, the parent or legal guardian of a child who resides in Louisiana and who is age five by September thirtieth of the calendar year in which the school year begins though eighteen shall send the child to a public or nonpublic school, as defined by R.S. 17:236, unless the child's parent or legal guardian opted to defer enrollment of his child in kindergarten pursuant to R.S. 17:151.3 (D) or the child graduates from high school prior to his eighteenth birthday. A child below the age of five who legally enrolls in school shall also be subject to the provisions of this Subpart.

Grade 1

Any child admitted to kindergarten pursuant R.S. 17:151.3 (D) shall be eligible to enter first grade upon successful completion of kindergarten and shall have satisfactorily passed an academic readiness screening, provided all other applicable entrance requirements have been fulfilled.

The age at which a child may enter the first grade of any public school at the beginning of the public school session shall be six years on or before September thirtieth of the calendar year in which the school year begins.

Any child transferring into the first grade of a public school from another state and not meeting the requirements herein regarding kindergarten attendance shall be required to pass an academic readiness screening administered by the LEA prior to the time of enrollment for the first grade.

In the space below, please describe any additional placement considerations or policies required by the LEA. Include the names of any required assessments and explain how results will be used.

- Rapides Parish will use the **Kindergarten Skill Assessment** for those entering kindergarten and the academic readiness screening instrument for students entering first grade.
 - Students who score below proficient, below 80%, on the screening test will receive RTI services.

II. Promotion and retention of students in grades K, 1, 2, 3, 4, 5, 6, and 7

Promotion for students in kindergarten and grades K, 1, 2, 4, and 5

Teachers shall, on an individual basis, determine the promotion of each student according to the local Pupil Progression Plan. Particular emphasis shall be placed upon the student's proficiency in grade-appropriate skills. Students who have not met the acceptable level of performance may be retained or promoted, but in either case, shall be provided with an expanded academic support plan that adheres to requirements in [Section V. Support for Students](#).

In the space below, please describe any local policies or additional considerations used to determine promotion of students at the end of grades K, 1, 2, 4 and 5.

Promotion/retention decisions will be based on student achievement on grade-appropriate skills and attendance. The *Rapides Parish School Board Uniform Grading Policy* will be used to record student performance and attendance.

- Retention decisions are determined by the SBLC.
 - School personnel must notify the parent or guardian of any student retained.
- Upon receipt of state literacy and/or assessment scores for student in K-5th, if the student fails to meet the requirement of proficiency or "Mastery":
 - The student shall be provided an Individual Academic Support Plan (IASP), reviewed with and signed by the student's parent or legal custodian by October 1st.
 - The plan must outline at least two allowable interventions/supports that include:
 - Enrollment in a summer program
 - Placement in the classroom of a teacher rated "Highly Effective" or "Effective Proficient"
 - Additional in-school support
 - Guaranteed access to tier 1/high quality curriculum
 - The plan shall remain in effect until such time as the student performance in the identified subject(s) increases to appropriate levels.

Promotion and mandatory retention of students in grade 3

Except for mandatory retention consideration as described below, teachers shall, on an individual basis, determine the promotion of each student according to the local Pupil Progression Plan. Particular emphasis shall be placed upon the student's proficiency in grade-appropriate skills.

Retention will be considered for a student scoring at the lowest achievement level on the state end-of-year literacy screener (DIBELS 8.0) as follows:

- The student shall be provided two additional opportunities to score a higher achievement level on the literacy screener prior to the beginning of the subsequent academic year.
- Any student still scoring at the lowest achievement level after three attempts shall be screened for dyslexia.
- Such a student shall be retained in the third grade unless he is found to meet at least one of the good cause exemptions in *Bulletin 1566 – Pupil Progression Policies and Procedures*, §701.
- Promotion on the basis of good cause exemption is subject to the consent of the parent, principal, and superintendent.
- The Student Information System (SIS) must reflect the promotion and the good cause exemption under which promotion was determined.
- Students promoted for good cause shall be provided an expanded academic support plan (see [Section V. Support for Students](#)).
- Students retained in third grade pursuant to this requirement shall be provided an expanded academic support plan, 90 minutes of daily reading instruction, and 30 minutes of daily reading intervention.

The LDOE will provide to each LEA a roster of third grade students who have been identified for the purposes of this section. Such a roster will assist the LEA in making final determinations relative to students' required plans.

- The decision to retain a student as a result of his/her failure to achieve the standard on the LEAP shall be made by the LEA in accordance with this pupil progression plan.
- The expanded academic support plan shall continue to be in effect until such time as the student achieves a score of "Mastery" in each of the core academic subjects that initially led to the development of the student's individual plan.

In the space below, please describe any local policies or additional considerations used to determine promotion of students at the end of grade 3.

- Additional promotion/retention decisions will be based on student achievement on grade-appropriate skills and attendance. The *Rapides Parish School Board Uniform Grading Policy* will be used to record student performance and attendance.
- Retention decisions are determined by the SBLC.
 - School personnel must notify the parent or guardian of any student retained.

Promotion of students in grades 6 and 7

Teachers shall, on an individual basis, determine the promotion of each student according to the local Pupil Progression Plan. Particular emphasis shall be placed upon the student's proficiency in grade-appropriate skills.

In the space below, please describe any local policies or additional considerations used to determine promotion of students at the end of grades 6 and 7.

- Additional promotion/retention decisions will be based on student achievement on grade-appropriate skills and attendance. The *Rapides Parish School Board Uniform Grading Policy* will be used to record student performance and attendance.
- Retention decisions are determined by the SBLC.
 - School personnel must notify the parent or guardian of any student retained.

III. Promotion and support of students in grade 8 and high school considerations

Regular Grade 8 Promotion

Eighth grade students shall score at least at the "Basic" achievement level in either English language arts or mathematics and "Approaching Basic" in the other subject in order to be promoted to the ninth grade. Students who do not meet the promotion standard after taking the eighth grade state assessments may be placed on a high school campus in the transitional ninth grade. For any student who recently completed the eighth grade and is transferring into the LEA from another state or country, the LEA shall review the student's academic record to determine appropriate placement in ninth grade or transitional ninth grade. Such placement shall occur no later than October 1 of each school year.

Grade 8 Promotion Waivers

An LEA, through its superintendent, may grant a waiver on behalf of individual students who are unable to participate in LEAP testing or unable to attend LEAP summer remediation, including summer remediation required for placement in transitional ninth grade, because of one or more of the following extenuating circumstances as verified through appropriate documentation:

- *Physical Illness—appropriate documentation must include verification that the student is under the medical care of a licensed physician for illness, injury, or a chronic physical condition that is acute or catastrophic in nature. Documentation must include a statement verifying that the illness, injury, or chronic physical condition exists to the extent that the student is unable to participate in remediation.*

- *Custody Issues*—certified copies of the court-ordered custody agreements must be submitted to the LEA at least ten school days prior to summer remediation.

Transitional 9th Grade

Any first-time eighth grade student who does not meet the passing standard set forth in BESE *Bulletin* 1566, §703, and any student not eligible for any waiver pursuant to §707 of the bulletin, after completing summer remediation, may be placed on a high school campus in transitional ninth grade.

LEAs shall follow the guidelines set forth in §703 to determine, based on evidence of student learning, whether eighth grade students may be promoted to the ninth grade or placed on a high school campus in transitional ninth grade. The percentage of an LEA's eighth graders placed in transitional ninth grade is expected to remain stable over time. In the event that the percentage of an LEA's eighth graders placed in transitional ninth grade exceeds the percentage of eighth graders in that LEA eligible for transitional ninth grade at the conclusion of the prior school year, the local superintendent of that LEA shall provide a written justification to the state superintendent.

The initial decision to place a student in the transitional ninth grade or to retain a student in the eighth grade shall be made by the school in which the student is enrolled in the eighth grade, in consultation with the student's parents.

The LEA shall admit transitional ninth grade students, subject to any admissions requirements approved by the school's governing authority or charter authorizer.

For any student who recently completed the eighth grade from another state or country and is transferring into the LEA after summer remediation has taken place, the LEA shall review the student's academic record to determine appropriate placement in ninth grade or transitional ninth grade. Students placed in the transitional ninth grade shall complete the remediation program offered by the LEA. Such placement shall occur no later than October 1 of each school year.

After one full year of transitional ninth grade, students shall be included in the ninth grade graduation cohort for high school accountability purposes.

Students enrolled in transitional ninth grade shall receive appropriate academic support in any subjects in which they did not score at or above proficient, as determined by BESE. A plan outlining such academic support shall be included in the student's individual graduation plan (IGP). Progress pursuant to such specified academic support shall be reviewed at least once throughout the school year in order to determine effectiveness and any needed adjustments.

High school promotion and transition considerations

Instructional Minutes: When awarding credit based on instructional time, LEAs shall provide a minimum of 7,965 instructional minutes for one Carnegie credit, and students shall be in attendance for a minimum of 7,515 minutes. In order to grant one-half Carnegie credit, LEAs shall provide a minimum of 3,983 instructional minutes, and students shall be in attendance for a minimum of 3,758 minutes.

Individual Graduation Planning: By the end of the eighth grade, every student (with the assistance of his parent or other legal custodian and school guidance personnel, counselor) or IEP team (when applicable) shall begin to develop an [Individual Graduation Plan](#) (IGP). An IGP guides the next academic year's coursework, assisting students in exploring educational and career possibilities and in making appropriate secondary and postsecondary education decisions as part of an overall career/post secondary plan.

Financial Aid Planning: The [linked memorandum](#) outlines the updated FAFSA policy BESE approved at its March 2024 meeting, a repeal of the policy requiring graduating seniors to complete steps related to the Free Application for Federal Student Aid (FAFSA) application. This policy change will be effective starting with the graduation cohort of 2024-2025 and does not remove the requirement of local education agencies (LEAs) to provide students and their parents or guardians with information regarding financial aid programs to support postsecondary education and training. LEAs must ensure that each student receives adequate support in completing and submitting an application for financial aid. However, a student action related to FAFSA completion will not be required. An updated parent and student financial aid planning toolkit will be made available to school systems. Please contact ldefinancialaid@la.gov with questions.

Early Graduation: Each LEA shall develop an early graduation program allowing students to accelerate their academic progress, complete all state graduation requirements, and receive a high school diploma in less than four years.

- The early graduation program may include distance education (§2326), dual enrollment (§2327), and Carnegie credit and credit flexibility (§2314).
- LEAs shall not have any policies or requirements that would prevent students from graduating in less than four years.

Credit Recovery Courses and Units

1. Beginning in 2020-2021, the LEA credit recovery program and policy will be included in the local pupil progression plan submitted to LDE.
2. Students may earn a maximum of seven credit recovery units that may be applied towards diploma graduation requirements and no more than two Carnegie units annually. The school system must annually report to LDE the rationale for any student:
 - a. receiving more than two credit recovery credits annually; and/or
 - b. applying more than seven total credit recovery Carnegie units towards graduation requirements.
3. Students earning Carnegie credits in a credit recovery course must have previously taken and failed the field. Previously attempted coursework is considered an academic record and must be recorded on the official transcript.
4. Completed credit recovery courses must be recorded and clearly labeled on the official transcript.

5. Students enrolled in credit recovery courses are not required to meet the instructional minute requirements found in §333.A of this Part.
6. Credit recovery courses must be aligned with state content standards and include a standards aligned pre-assessment to identify unfinished learning and a standards aligned post-assessment to demonstrate course proficiency for content identified as non-proficient.
7. Credit recovery courses taught in a classroom setting using online courses designed for credit recovery must have an assigned certified Louisiana teacher of record or certified teacher of record recognized through a state reciprocity agreement facilitating the instruction.
8. The end-of-course exam weight in a student's final grade determined by the LEA must be the same for a traditional course and a credit recovery course. Students who have previously passed the end-of-course exam, but have failed the course, may choose to retain the previous end-of-course exam score in lieu of participating in an additional administration of the exam.

NCAA Update

Nontraditional courses are taught online or through distance learning, hybrid/blended, independent study, individualized instruction, correspondence or similar means.

Generally, for a nontraditional course to count as an NCAA-approved core course, it must meet all of the following requirements:

- The course must meet all [requirements for an NCAA-approved core course](#).
- All students in the course must have regular instructor-led interaction for the purpose of instruction, evaluation and assistance for the duration of the course. This may include, for example, exchanging emails between the student and teacher, online chats, phone calls, feedback on assignments and the opportunity for the teacher to engage the student in individual or group instruction.
- The course must have a defined time period for completion. For example, it should be clear how long students are required to be enrolled and working in the course and how long a school would permit a student to work on a single nontraditional course.
- Student work (e.g., exams, papers, assignments) must be available for evaluation and validation.
- The course should be clearly identified as nontraditional on the student's official high school transcript.

A nontraditional course may not be approved for any of the following reasons:

- Does not have teacher-based instruction.
- Does not require regular and ongoing instructor-led interaction between the student and teacher.
- Does not require students to complete the entire course.
- Does not prepare students for four-year college class work.
- Does not have official student grade records.
- Does not meet NCAA core-course requirements.

Note: See Nontraditional Courses (NCAA Bylaw 14.3.1.2.2) for a [complete list of requirements](#).

If a nontraditional course or program at your school/district has not yet been reviewed by the NCAA, please contact Eligibility Center Customer Service staff at 877-622-2321, 8:30 a.m. to 5:00 p.m. Eastern time Monday-Friday to begin the review process. For information on how COVID-19 has impacted nontraditional and online classes, visit on.ncaa.com/COVID19_Spring2023.

Credit recovery programs

Many high schools offer credit recovery or credit retrieval programs for students to receive credit for a course they previously failed.

These courses are also reviewed by the High School Review staff. For a credit recovery program to be approved, the courses must meet the following requirements:

1. The courses must meet NCAA core-course requirements and, in some instances, nontraditional course requirements.
2. The high school must follow its credit recovery policies, regardless if the student is an athlete. The Eligibility Center may request the high school's policy, if necessary.
3. Repeated courses must be substantially comparable, qualitatively and quantitatively, to the previously attempted course.

Information for school administrators

If a nontraditional course or program at your school has not yet been reviewed by the NCAA, please contact the [NCAA Eligibility Center](#) to begin the review process.

In the space below, please describe any local policies or additional considerations used to ensure that online classes meet NCAA requirements.

- **Additional Course Requirements**
 - Each student will receive a course syllabus documenting all course requirements, which will also be on file in the principal's office. Students will fulfill all requirements of the course in order to gain credit in a course even if they have a passing grade.
- **Exemptions for Required Courses**
 - Students may be exempt from the requirements in physical education for medically documented reasons.
- **Final Exams**
 - Final exams must be given for each subject at each grade level, unless the student obtained an "A" average in the course. Students who have earned an "A" average may be exempt from the final exam in that course; the Y1 average from the gradebook will be recorded as the final exam grade.
 - There will be no exam exemption for LEAP 2025, Advanced Placement and/or Dual Enrollment classes.
- **Awarding ½ Unit of Credit**
 - Two one-half units of credit may be awarded by the school for any one-unit courses.
 - To determine the final grade for one-half units of credit, the two nine-week grades are doubled, and the final exam counts as 1/5 of the grade.
- **CLEP Exams for credit:**
 - The CLEP test will be used as a proficiency exam in Rapides Parish.
 - A grade of P (pass) will be entered on the student's transcript and will not count in his/her overall GPA.
- **Repeating a Course for which Credit has been Awarded**
 - All Carnegie units attempted by a student, including grades of F, will be printed on the transcript.
 - The cumulative grade point average (GPA) will be computed using letter grades (A, B, C, D, or F) earned, including any grades of F earned if the course was originally failed then retaken, with the exception of repeat/deleted classes. Note: The Louisiana Office of Student Financial Aid does allow for repeat/delete courses in calculating the TOPS Core Curriculum GPA only to determine TOPS scholarship eligibility.

- **High School Student Classifications**

High School Student Classification Chart	
Classification - Grade	Carnegie Unit Range
Freshman - 9th	0 – 5.5 Carnegie Units
Sophomore - 10th	6 – 11.5 Carnegie Units
Junior -11th	12 – 17.5 Carnegie Units
Senior -12th	18 or More Carnegie Units

- First time, first year high school students must be placed as a freshman (9th grade) regardless of the number of credits accumulated before entering high school.
- Ninth graders will be enrolled in the TOPS University curriculum.
- 9T students who have earned 6 credits or more at the end of the first year in high school will enter the 9th grade cohort but will be classified as sophomores.
- All Seniors shall complete a Senior Portfolio as designated by each school as a prerequisite to walk for graduation ceremonies.
- Post-secondary Credits
 - Concurrent College
 - A student taking concurrent college courses or enrichment courses while enrolled in high school is responsible for reporting those courses to be counted on his/her high school transcript.
 - If a college transcript is received by RPSB - all grades will be transcribed.
 - Dual Enrollment Courses
 - Each DE course will be 1:1 (one 3-hour credit course = 1 high school credit).
 - There are two types of DE courses: academic and technical. Each has different eligibility requirements.
 - For academic courses - Note: The minimum requirements set by the Louisiana Board of Elementary and Secondary Education are below. Individual colleges/universities may choose to have more rigorous requirements.

- A minimum 2.5 cumulative high school GPA, as calculated by your high school, and
- Subject-specific demonstration of readiness in Mathematics (for mathematics and science courses) or English (for English, foreign language, history, social science, humanities, or arts survey courses) through either:
 - Subject-specific minimum scores on any assessment listed in Academic Affairs Policy 2.22 ([link](#)) OR
 - Counselor recommendation based on overall student performance and grade trends in the subject
- For technical courses:
 - Age 15 and up (younger by exception)
 - Good standing in high school
 - Meets general college admission requirements
 - Safety standards, if needed
- Early College Admissions Requirements
 - If using SCA funds, the course must be scheduled/transcripted.
 - Credit must be recorded on both the high school and college transcript.
 - Students enrolled in a dual enrollment class are subject to the attendance and withdrawal deadline rules of the college or university. Failure to comply with these rules will result in a grade of F for the college course.
 - If students are using SCA funds to pay for University Dual Enrollment, the school will assess a fee per course. Students will be responsible for any additional expenses such as books, admission fees, etc.
 - Students with IEPs must produce documentation for the college counselor who will evaluate and prescribe accommodations for the college courses and will provide them to the instructor.
 - Students who drop with a W will be transferred to an equivalent high school course for high school credit. The college course grade percentage will be used in place of the missed high school course work.
- All students enrolled in a course for which there is a state administered LEAP 2025 are required to take this exam. The results shall count as the final exam for the course. If a course is failed but the LEAP 2025 was taken and passed, that LEAP 2025 score can be used as the final exam for the repeated course.
- The minimum course requirements for graduation shall be the following:
 - TOPS University Diploma requires 24 units of study.

- o Jump Start Diploma 2.0, started 2021-2022, requires 23 units (14 required and 9 electives).
- A student who is 18 years of age or older and has attended high school for two years may request to be exempt from completing the TOPS University curriculum given that the parent/guardian has been notified.
- The following conditions shall be satisfied for consideration of the exemption of a student from completing the TOPS University curriculum.
 - o During the second year of high school, the student and the student's parent or guardian can declare a Jump Start diploma track. A parent/guardian may request to declare a student's Jump Start diploma track during the first year of high school if the parent/guardian has been fully informed of the differences in the diploma pathways and the opportunities available to the student after completing each. Also, the student, school counselor, and administrator must all agree that the chosen pathway is the most appropriate fit for the student.
 - o During the meeting, the student's parent or guardian shall determine whether the student will achieve greater educational benefits by continuing the TOPS University curriculum or the Jump Start curriculum.
 - o LDOE no longer suggests such a parental consent form, but instead suggests all such decisions be documented through updating an Individual Graduation Plan. The student, the student's parent or guardian and the school administrator / counselor shall jointly revise the Individual Graduation Plan.
 - o A student in the Jump Start curriculum may return to the TOPS University curriculum in consultation with the student's parent or guardian and the school's administration/counselor.
- **DIPLOMA COURSE REQUIREMENTS** (see Appendix A)

GRADES 9 - 12

- At the beginning of all Carnegie Unit courses, a syllabus, which includes the grading policy for the course, will be provided.
- Percentages (numerical grades) will be assigned and recorded in the electronic grade book for graded subjects during each grading period.
- A minimum of seven (7) grades per subject will be recorded each nine week grading period. A majority of these grades must be derived from assessments and/or projects. All grades will be derived from the state approved curriculum.

- Teachers must update students' grades in the electronic grade book timely (within one week of the assignment/assessment due date) . This process will allow parents/guardians to have an accurate indication of their child's progress.
- A state aligned rubric with specific criteria must be utilized to assign grades to all writing assignments and projects.
- The 4 nine-week numerical grades and the final exam grade (one-fifth of the final grade) will be averaged using numerical grades and converted to a final letter grade for transcription purposes. The decimal .5 or higher will be rounded up to the next whole number.

Example:

Numerical Averages: added together then divided by 5

Q1	Q2	Q3	Q4	Final Exam	AVERAGE
78	92	83	85	68	81.2

Transcribed Grade = B

- Students will fulfill all requirements of the course, as documented in the course syllabus, whether or not they need the credit in the course to satisfy requirements for promotion or graduation.

Graduation Ceremony Requirements

- Students will be allowed to participate in Commencement exercises upon successful completion of all graduation requirements as prescribed by the Louisiana Board of Elementary and Secondary Education (BESE), as well as clearing the Student Transcript System (STS) with an official graduation date and the *Rapides Parish Pupil Progression Plan* prior to the school's designated graduation practice, and the school's commencement exercise policy as provided by each school.

High School Time Recommendations

- Students may not schedule a course for one-half (.5) Carnegie credit after five days of class meetings.
- Students who drop a course after ten (10) days of class meetings will receive a grade of

"F" on their transcript for that course. Administrative exceptions that may be made within the same content are, e.g. English IV - Technical Writing in English or Algebra II - Math Essentials. Written parental permission must be obtained.

- Early Graduation
 - The Rapides Parish School District follows the procedures outlined in Bulletin 741 for acceleration in grades 9-12 concerning proficiency exams, college credit, advanced placement, College Level Entrance Proficiency (CLEP), and online or distance learning.

The Rapides Parish School District's local early graduation program provides high school students the opportunity to earn a high school diploma in less than four years by earning Carnegie credit in middle school and participating in virtual learning and dual enrollment.

IV. Placement of transfer students

- The local school board shall establish written policies for the placement of students transferring from all other systems and home schooling programs (public, nonpublic, both in and out-of-state, and foreign countries).
- Students in grades 5 and 9 transferring to a public school from any in-state nonpublic school (state-approved and not seeking state approval), any approved home study program, or Louisiana resident transferring from any out-of-state school, shall be administered the English language arts and mathematics portions of the LEAP placement test. Students who have scored below the "basic" achievement level shall have placement and individual academic support addressed in the same manner as non-transfer students in accordance with §701 and §703.
- Any child transferring into the first grade of a public school from out of state and not meeting the requirements for kindergarten attendance shall be required to pass an academic readiness screening administered by the school system prior to the time of enrollment for the first grade, in accordance with the state law.

In the space below, please describe any additional considerations or local policies related to placement of transfer students.

- For in-district transfers, no student shall be dropped until a transfer request is received by the newly enrolled school. Students will be marked absent until enrolled in another site.
- Approved Out-of-State Schools (public/non-public)
 - Parents/guardians have 20 calendar days to provide all necessary information. Adjustments to the student's schedule may be necessary upon receipt of official documentation.
 - The Office of Child Welfare and Attendance/Homeless, in conjunction with JB Lafargue, will determine placement of transfer students who have been expelled and have not completed expulsion requirements or who have been incarcerated and/or institutionalized.
- Approved In-State Schools (public/non-public)
 - Parents/guardians have 20 calendar days to provide all necessary information. Adjustments to the student's schedule may be necessary upon receipt of official documentation.
 - Students transferring or dropping from a school must meet all obligations to that school – payment of fees, return of textbooks, return of fundraiser items or monies, etc.
 - Students with outstanding financial obligations to the school from which they are transferring will be permitted to arrange a payment schedule to be completed within a specific timeline.
 - In accordance with La. R. S. 17:146, students who are suspended for damage to property are not to be admitted to a school until full payment for the damage has been made. They must meet all financial obligations to the school and district before they can graduate or receive a diploma.
 - The Office of Child Welfare and Attendance/Homeless, in conjunction with JB Lafargue, will determine placement of transfer students who have been expelled and have not completed expulsion requirements or who have been incarcerated and/or institutionalized.
- Approved Home Study (in/out of state) or Unapproved Non-Public Schools
 - Students in grades K-12 will be required to take at least one placement test.
 - Kindergarten and 1st grade students will be assessed using the *Rapides Parish School District Kindergarten Skills Assessment* in ELA and math to determine readiness at school of enrollment.
 - Kindergarten students must be five years of age by September 30th to enter Kindergarten.
 - First grade students must be six years of age by September 30th to enter 1st grade.
 - 2nd grade students will be assessed using a diagnostic assessment in ELA and math to determine readiness at school of enrollment.

- Second grade students must be seven years of age by September 30th to enter 2nd grade.
 - Students entering grades 3, 4, 6, 7, and 8 will be administered the diagnostic assessment to determine placement.
 - Students entering grades 5 and 9 will be administered the LEAP Placement Test to determine placement.
 - Students who fail to meet proficiency requirements will be referred to the receiving school's SBLC and the student's academic records will be reviewed to determine placement.
 - The Office of Child Welfare and Attendance/Homeless, in conjunction with JB Lafargue, will determine placement of transfer students who have been expelled and have not completed expulsion requirements or who have been incarcerated and/or institutionalized.
- Procedure for Determining Carnegie Credit for Transfer Students
 - Unapproved schools, foreign systems, or home study programs - students must pass District Proficiency Exams to be eligible for any Carnegie Unit credit.
 - The home school will administer the District Proficiency Exams for each course in which the student is claiming credit. The District Proficiency Exams may be either state-generated or teacher-generated exams. All teacher-generated exams are submitted to the State Department for approval prior to administering.
 - District Proficiency exams for Carnegie Units will be administered based on documentation provided by the parent/guardian to the Testing Office. The documentation must indicate each high school course completed through the home study program or unapproved non-public school.
 - The student must score 60% or above to receive a Carnegie credit. A grade of "P" for passing will be entered on the transcript.
 - For the current year, the student will be enrolled in classes at the receiving school; if there is no forwarding grade, no grade will be recorded for past grading periods. The student must pass the final exam of the course with a 60% to receive credit. If the final exam is passed, the final transcript grade will be averaged from grades received in the school of enrollment, including the final exam.
 - Approved non-public school – student's grades will be accepted.
- Transfers of students with an IEP - The Rapides Parish School District will follow the procedures described in *Bulletin 1706: Regulations for the Implementation of the Children with Exceptionalities Act* for enrollment of a transferring student with an IEP.

o In-State Transfers

- Students with an IEP who transfer from another district in Louisiana shall be provided services that are comparable to those received in the previous district, until Rapides either:
 - o adopts the student's IEP from the previous public agency; or
 - o develops and implements a new IEP that meets the applicable requirements in §320 through §324. (Note: refer to Bulletin 1706 §323)
 - o A student transferring with an IEP to a school who does not have the qualified placement/classroom will contact JBL for placement prior to enrollment.

o Out-of-State Transfers

- The records of out-of-state transfers will be reviewed by designated pupil appraisal staff. If records received do not indicate compliance with Louisiana Bulletin 1508 criteria, the student shall be offered either interim placement in a special education program while an evaluation is completed OR shall be referred to SBLC, which will review student information and follow procedures outlined in the SBLC handbook.
- Additionally, interim IEPs may be considered for students who enroll in public school with no record or history of services but show signs of significant disabilities.
- A student transferring with an IEP to a school who does not have the qualified placement/classroom will contact JBL for placement prior to enrollment.

o For those students in K-5th, upon receipt, if the student fails to meet the requirement of proficiency of "Mastery" on state literacy and/or assessment scores and is promoted or retained:

- The student shall be provided an Individual Academic-Support Plan (IIASP), reviewed with and signed by the student's parent or legal custodian by October 1st.
- The plan must outline at least two allowable interventions/supports that include:
 - o Placement in the classroom of a teacher rated "Highly Effective" or "Effective Proficient"
 - o Additional in-school support
 - o Guaranteed access to tier 1/high quality curriculum

- The plan shall remain in effect until such time as the student performance in identified subjects increases to appropriate levels.
- A student entering 9th grade must meet state-mandated requirements of scoring Basic/Basic or Basic/Approaching Basic in ELA and math on the LEAP 2025 assessment in order to meet promotion requirements.
 - If a student entering 9th grade transfers into the district and has not taken the 8th grade LEAP 2025 assessment the District Office will administer the LEAP Placement Test and they will be required to score Basic/Basic or Basic/Approaching Basic in ELA and math on the LEAP Placement Test. If a student participated in the previous year's LEAP 2025, those scores may be used in lieu of placement tests.
 - If the student fails to meet the minimum requirement they will be required to attend remediation in ninth grade. Students with disabilities attending remediation shall receive special support as needed. Remediation will occur between the end of LEAP 2025 testing and October 1 of the following academic year.
 - If the 9th grade student transfers into the District from another state, country, home schooled or private school after the completion of summer remediation the District shall administer the LEAP Placement Test.
 - If the student passes the LEAP Placement Test, they will enter as a ninth grader or transitional ninth grader.
 - If the student fails to meet the state-mandated requirements, the LEA shall make promotion and retention decisions based on a preponderance of evidence of student learning. Such placement shall occur on or no later than October 1 of the school year. See Bulletin 1566, section 701.
 - If the 9th grade student enters the school system after October 1st the student will take the LEAP Placement Test administered by the District Testing Coordinator.
 - If the student receives the required scores, he/she will be enrolled in classes at the receiving school.
 - If the student does not achieve the required scores, the student will be referred to the receiving school's SBLC for placement into the 9T program. No grade will be recorded for all prior grading periods.
 - The transcript grade will be - averaged from the grades (including the final exam) received in the school of enrollment.
 - If the 9th grade student transfers from a public or approved non-public school, currently enrolled in a transitional 9th grade program, will remain in the 9T program at the receiving school.

- **EL Transfers**

- All ELs transferring in from another state will be assessed with the English Language Proficiency Screener (ELPS).
- If a previously identified EL has current English language Proficiency (ELPT) scores, or language proficiency test scores from another state, those scores may be used to temporarily place the EL as an identified EL. Other placement considerations include previous academic transcripts, and actual age of the student. The ELPS will be administered by an EL teacher.
- If a student transfers into the district without ELL identification, EL Placement is based on results obtained through the English Language Proficiency Screener (ELPS) screening instrument. Grade placement will be according to chronological age.
- An EL grade K through 8 entering the school system with no official academic records, will be placed in a grade appropriate to his/her chronological age.
- An EL 15 years of age or older, entering the school system with no official transcripts or records, will be placed in the appropriate program of studies within grades 9-12, and must complete all BESE requirements to receive a diploma. Scheduling and all decisions and recommended accommodations will be reviewed at frequent and regular intervals, and adjusted to meet the needs of the EL.

V. Support for students

Uniform Grading Policy

LEAs shall use the following uniform grading system for students enrolled in all grades K-12 for which letter grades are used.

Grading Scale for Regular Courses	
Grade	Percentage
A	100-90
B	89-80

C	79-70
D	69-60
F	59-0

School year support

Each LEA shall identify students in kindergarten through fifth grade who fail to achieve mastery in reading or math. Such students shall be provided with an expanded academic support plan that adheres to the following requirements:

- For students in kindergarten through third grade, the school shall convene a meeting with the student's parent or legal custodian, teachers of core academic subjects, and specialized support personnel, as needed, to review the student's academic strengths and weaknesses relative to literacy or mathematics, discuss any other relevant challenges, and formulate a plan designed to assist the student in achieving proficiency.
- All participants shall sign the documented plan, using a template provided by the department, and shall meet to review progress at least once before the next administration of the LEAP assessment.
- Students not meeting performance expectations in literacy shall be provided with focused literacy interventions and support based on the science of reading designed to improve foundational literacy. Students not meeting performance expectations in mathematics shall be provided with focused mathematics interventions and support designed to improve foundational numeracy or mathematics skills.
- The student shall be identified as requiring an expanded academic support plan in the state Student Information System (SIS).
- The student shall be afforded the opportunity to receive on-grade-level instruction during the summer. For students not meeting performance expectations in literacy, summer instruction must include focused literacy interventions based on the science of reading.
- A plan for a student may include the following specific student supports according to local policy: high-dosage tutoring, placement with a highly effective teacher, daily targeted small-group interventions, before and after school intervention provided by a teacher or tutor with specialized literacy or numeracy training, and at-home programs that include workshops for the parents and legal guardians of students, web-based or parent-guided home activities, and summer learning opportunities. For students below proficiency not placed with a highly effective teacher, high-dosage tutoring must be included in the plan. The expanded academic support plan may serve as the individual reading improvement plan and individual numeracy improvement plan pursuant to R.S. 17:24.10.
- The Department may audit a random sampling of students identified as needing an expanded academic support plan in each local education agency each year.

Summer remediation

LEAs shall continue to offer summer remediation pursuant to R.S. 17:401.12 and *Bulletin 1566*. The LEA will provide transportation to and from the assigned remediation summer site(s) from, at a minimum, a common pick-up point. Students with disabilities attending summer remediation will receive special support as needed.

VI. Literacy Support Standard for grades kindergarten-3

- Beginning with the 2022-2023 school year and every year thereafter, each local education agency shall identify all students in kindergarten, first, second, and third grade who score below grade-level on the literacy assessment.
- The school shall notify the parents or legal custodian of students identified in writing regarding the student's performance within 15 days of identification. Such notification shall:
 - Provide information on activities that can be done at home to support the student's literacy proficiency.
 - Provide information about support and interventions that will be provided by the school to support the student's literacy proficiency.
 - Provide a timeline for updates as a result of progress monitoring that includes a middle-of-year and end-of-year update.
 - Provide information about the importance of being able to read proficiently by the end of the third grade.
- The school shall provide mid-year and end-of-the-year updates to the parent or legal custodian of students identified as scoring below grade level on a beginning-of-year or mid-year administration of the literacy screener.

VII. Promotion and placement of certain student populations

Students with disabilities

- Students with disabilities attending summer remediation shall receive special support as needed.
- IEP teams shall determine promotion to the next grade level for a student with a disability who fails to meet state or local established performance standards for the purposes of promotion. Such determination shall be made only if, in the school year immediately prior to each grade level in which the student would otherwise be required to demonstrate certain proficiency levels in order to advance to the next grade level, the student has not otherwise met the local requirements for promotion or has not scored at or above the basic achievement level on the English language arts or mathematics components of the required state assessment and at or

above the approaching basic achievement level on the other (*Bulletin 1530 §403*). IEP determinations regarding promotion to the fourth grade for students must be in accordance with *Bulletin 1566 §701*.

English learners

- The requirements of Title VI of the Civil Rights Act of 1964 are as follows:
 - Establish procedures to identify language minority students.
 - Establish procedures to determine if language minority students are Limited English Proficient.
 - Establish procedures for age-appropriate placement and determine the specialized language services or program the district will use to address the linguistic and cultural needs of the Limited English Proficient student.
- Limited English Proficient (LEP) students shall participate in the statewide assessments pursuant to *Bulletin 118 - Statewide Assessment Standards and Practices*. Increasing the expectations for the academic content that students must master in grades K-12 requires a parallel increase in expectations for English language acquisition.
 - Establish procedures to monitor former Limited English Proficient students for two years.
 - Ensure that no LEP student shall be retained solely because of limited English proficiency.
- Decisions regarding promotion of English learners to the fourth grade must be in accordance with *Bulletin 1566 §701*.

In the space below, please describe any local policies or additional considerations related to the promotion and placement of students with disabilities, English learners, or other student populations.

- Promotion decisions for all students in Kindergarten through eighth grade with disabilities, as defined in R.S. 17:1942(B), except a student who is identified as gifted and/or talented and who has no other exceptionality, will be made by the SBLC.
- SBLC is a general education, data driven, decision-making committee. The SBLC reviews and analyzes all data to determine the most beneficial option for the student. It is a committee composed of building level professional personnel including the chairperson, principal and/or designee, referring teacher, and other appropriate personnel.
- The SBLC should consider the following factors when a student is being considered for administrative promotion to the next grade.
 - Student's chronological age in relation to peer group
 - Achievement test scores and/or screeners

- o Parental input
 - o Provision for remediation
 - o Social maturity
 - o Physical maturity
 - o Attendance
 - o Health problems
 - o Psychological testing, if available
- **Identification of Possible Language Minority Students**
 - o All new incoming students (including foreign exchange students) must complete a Home Language Survey (HLS) as part of the enrollment and registration process.
 - o The HLS then becomes part of the permanent record of each student.
 - o The HLS includes three questions: What is the first language this child learned to speak? What language does this child speak most often outside of school? What language is usually spoken in this child's home?
 - o If the answer to any question indicates a language other than English, the student is identified as a language minority and referred to "Teaching English Language Learners" (TELL) department, for language proficiency screening by a certified English Second Language (ESL) teacher. Foreign exchange students must follow this same procedure.
 - o In addition, the Family Interview Form may be used to clarify language use in the home.
 - **Limited English Proficiency (LEP) Determination - Age Appropriate Procedures**
 - o ESL Teachers administer the English Language Proficiency Screener (ELPS) to assess the English language proficiency level and status of the possible EL, who may be categorized as Emerging, Progressing or Fully Proficient.
 - o The TELL Department codes the language minority student as LEP in the Student Information System (SIS), and prepares all mandated documentation.
 - o At the beginning of the school year, the timeline for administering ELPS and parental notification is 30 days. During the school year, it is 2 weeks.
 - **Chronological Age Appropriate Placement of Identified English Learner (EL)**
 - o Yearly Parental Notification - Parents must either accept or refuse English Second Language (ESL) services in writing at the time of initial screening, and again at the beginning of each new school year. A parent may request or refuse ESL services at any time
 - o Accept ESL services – The district provides transportation for the EL to attend the nearest ESL school site, where TELL and core teachers collaborate to provide instruction based on test results and individual needs. The EL takes the English Language Proficiency Test (ELPT) every year until he/she exits LEP status.
 - o Refuse ESL services - The EL remains at the zoned school, where core teachers are responsible for EL academics, document in lesson plans accommodations and ESL teaching strategies used to provide comprehensible input to the EL, and

follow all protocols related to EL instruction, grading, and testing. The EL takes the ELPT every year until he/she exits LEP status.

- EL K-8 Placement
 - Dependent upon appropriate chronological age and school transcript, if provided. If an entering EL was previously misplaced by chronological age, the EL must be correctly placed at the time of registration.
- EL 9-12 Placement
 - Dependent upon appropriate chronological age, and/or awarded credits per the academic transcript.
 - For an immigrant EL, the International Transcript Guide may be used to award credit.
 - An entering EL aged 15 or older must be placed in grades 9-12.
 - EL without transcript must be placed in grade 9.
- **EL Accommodation Plan - Provided by the LDOE**
 - At the start of each school year, a completed and signed *English Learners (EL) Accommodation Checklist* is filed in the EL's orange folder, and TELL office. This ELL Accommodation Checklist provides information on language level, standardized and core accommodations, federal guidelines, and suggested use of participation or achievement grades.
 - Core teachers, regardless of ELL acceptance or refusal, provide EL accommodations as documented in the core lesson plans.
- **Specialized Language Program/Instructional Program**
 - **Responsibility** - The Rapides Parish School District provides an adequate program of instruction in which the EL student can be successful. Each school is accountable for compliance with EL related state and federal guidelines, and quality delivery of the EL instructional program.
 - **Translation** - services are available for school and district information through TransACT, a school notification System, and 4 district translators are available for translation services between parent and teacher.
 - **TELL teacher Requirements** - fluent in each of the four language domains (listening, speaking, reading, and writing), hold a valid Louisiana teaching certificate and certification in EL (Louisiana's EL certification requires 4 ESL certification classes).
 - **General Education** classroom teachers of ELs – modify instruction, pacing, materials, assessments and grading practices as necessary and appropriate to meet the educational needs of their student ELs, and allow ELs to demonstrate their knowledge and skills, as appropriate, in their primary language or in oral, rather than written English.
 - **ESL teachers** – Support ELs and core teachers as they provide focused language interventions for ELs in a push-in or pull-out intervention model - small groups of ELs during non-core content courses, and may push-in to core classes to provide focused language support to ELs during grade-level curriculum. Teacher

collaboration is essential.

- **Elementary K-6 EL** - Program delivery models include a combination of ESL pullout for intense English instruction, EL push-in collaboration between core and TELL teachers, and modified versions of sheltered instruction. TELL instructional time is related to individual needs of each EL. Per day, Beginner ELs may require up to 2 hours of TELL instruction, Intermediate ELs one to 1 ½ hours, and Advanced ELLs may require 30 minutes.
- **Middle School Instruction 6-8** – Beginner and Intermediate ELs are scheduled into ESL during double blocked language Arts. TELL teacher uses pullout and push-in ESL instructional methods. Accommodations and instructional strategies applied according to student need. ELs have access to all school activities.
- **Secondary ESL Classes 9-12** - Secondary TELL teachers conference with core teachers to monitor progress of ELs, assist in collection and storage of grades, recommend parent conferences and tutoring, support interventions for struggling ELs, ensure that Beginning level ELs are scheduled into the least language dependent courses. Collaborate with high school teachers to modify instruction, pacing, materials, assessments and grading practices to meet student needs.
- **ESL Classes** – TELL teachers, guided by Louisiana’s English Language Proficiency Standards (ELPS), provide intense instruction in all four domains of language, “Newcomer” vocabulary, and school orientation.
- **Newcomer Classroom** - Middle and High School
 - Recent immigrants with limited English proficiency and limited formal education
 - Student has Interrupted Formal Education (SIFE)
 - ELPS score is Emerging
 - Student has never been enrolled in a US school, or enrolled for less than one school year in a US school
 - Student Age – Middle School – 11-14 by September 30
 - Student age – High School – 15-19 by September 30
 - Students attend Newcomer class part of the day, and attend regular core classes for the remainder of the day.
- **SPED/ELL** - An EL receives special education services (SPED)
 - **ELs are assessed** according to special education procedures, and must involve recommendation, input and collaboration from the TELL Coordinator, EL teacher and Core teachers.
 - **Intellectual ability** must not be determined using a language-dependent instrument if it has been determined that the student is an EL. (*Refer to the Louisiana Guidelines for Identification and Instruction of English Language Learners with Disabilities*).
- **Grading and Promotion**

- Report Card Accommodation Coding – Documentation of classroom accommodations shall be made on student report cards by marking the comment code 70: *Grade reflects instruction with the use of modifications.*
- ELs should receive a grade based on the ELPT Performance Level Descriptors. EL student grades should **reflect** their linguistic accommodations and modifications.
- Any EL, unable to comprehend the language of instruction due to limited English proficiency, must not be assigned failing grades in the content area subjects, unless.
 - Core teacher provides documentation of modified instruction in line with the *English Learners (EL) Accommodations Checklist* and ELPT Grade Level Descriptors.
 - The EL has not made a reasonable effort despite EL accommodations.
there is documentation of on-going consultation with the ESL teacher regarding appropriateness of assessments and modified instructional strategies as they relate to EL's proficiency levels of language development
- **Lower Elementary ELs** – Beginning and Intermediate Level – Assign S/U participation grades based on cooperation, effort, and successful participation in classroom assignments to the degree the student's English language proficiency permits. This allows for a rigorous instructional program, and provides essential information on academic performance.
- **Elementary ELs - Advanced Level** – Achievement grades assigned in all subjects, with appropriate accommodations.
- **Secondary ELs** - End-of-semester or end-of-year evaluations should weigh more heavily than those at the beginning of the school year/semester, and if needed, the SBLC will confer and determine the method for assigning the final grade.
- **High Stakes Testing for ELLs**
 - For an EL to receive acceptable accommodations/modifications on any state test, it must be formally documented that the EL received those accommodations or modifications in the classroom during the school year.
 - ELs annually participate in all required state/standardized testing (including ELPT). Statewide assessment scores of ELs who have been in school in the U.S. schools for less than 12 months will be exempted from state accountability system calculations when the school codes test documents with the code 81.
 - Only special education ELs may receive testing accommodations on ELPT, as documented on the IEP and used in the classroom during the school year.
 - Parents and students must be notified of ELPT scores in a language they understand.
- **Exit Procedure from EL Status**
 - The Office of Civil Rights (OCR) guidance – ELs can exit a language program when they attain levels of English proficiency in listening, speaking, reading,

writing and comprehension which allows meaningful participation in general education classes, and reach academic achievement levels commensurate with that of their English-speaking counterparts.

- o The English Language Proficiency Test (ELPT) score must be a 3 overall which means a 4 or 5 in all language domains.
- o Once the district receives the ELPT scores of students meeting the exit criteria of students meeting the exit criteria, TELL teachers document the exit date on the EL's cumulative folder, compile all mandated documentation and files it in cumulative folders.

- **Monitor Process of Former EL**

- o EL may exit LEP status by meeting the state exiting criteria.
- o Coding - Once a student exits the LEP/EL status, the TELL Department codes the new Fluent English Speaker (FES) as 01 (English), signaling the LDOE to monitor for two years.
- o If academic progress is not met at any time during the two-year documented monitoring process, former ELs may be reclassified.
ESL teachers or designated staff must implement Monitor 1 and Monitor 2 documentation forms at the beginning of the first year of monitoring, complete at the end of each 9 weeks, and continue through year 2.
- o Monitored students do not take the ELPT or receive accommodations
- o Final Exit - At the end of two (2) years, the district no longer receives federal funds for the former EL, documentation is stored in the Former EL's cumulative folder.

VIII. Alternative education placements

Alternative schools/programs serve students who are not succeeding in the traditional educational setting and offer a venue that aids in preventing these students from dropping out of school. Alternative schools/programs provide educational and other services to students who have a variety of behavioral and other needs that cannot be adequately met in a traditional school setting. (Refer to *Bulletin 741 - Louisiana Handbook for School Administrators*, §2903 and *Bulletin 131 - Alternative Education Schools/Programs Standards*)

In the space below, please describe the LEA's policies for placement of students in an alternative program or school, including any promotion policies that may differ from what was provided above.

RPSB Alternative Education Programs

Rapides Alternative Positive Program for Students (RAPPS)

The Rapides Alternative Positive Program for Students is the district's alternative education site that oversees students who are expelled, suspended, in transition, or in need of temporary alternative education due to exigent circumstances.

Grades Served: 1-12 Instruction:

- Grades 1-5 – Face-to-face core instruction using Tier I curricula.
- Grades 6-8 – A hybrid instructional model with Edgenuity, Guidebooks, Readworks, Grammar Skills, Schoology, iReady, and traditional instruction.
- Grades 9-12 – Online instruction through Edgenuity and Google Classroom. Students are assisted by teachers in each subject as they navigate through the scope and sequence of each curriculum.
 - Differentiation and one-on-one remediation provided for all students.
 - Course alignment with the Louisiana State Standards in all core classes.
 - Core content available online so that students can work at any location and at any time.
 - Meets national and state standards and includes all courses necessary to meet graduation requirements and qualify for TOPS.
 - All students will receive Drug Education through a curriculum written by Foundation for a Drug Free World.
 - All students will receive behavior support through Ripple Effects and SafeSchools.
 - Courses not offered at R.A.P.P.S., but offered at a student's zoned-school, may be offered online with the permission of both principals.
 - Students in Special Education and Section 504 will receive accommodations and modifications, as indicated by their IEP/IAP.
- Promotion and Retention
 - Because R.A.P.P.S. is a program and not a school, students' promotion and retention are the decision of their enrolled-school.

Rapides Virtual Program

The Rapides Virtual Program (RVP) is an innovative educational program offered by the Rapides Parish School Board to its students. The Virtual Program has been developed to facilitate education to students who perform better through online instruction.

Grades Served: 6-12 Instruction:

- Grades 6-8 – A hybrid model that encompasses both Google Chat (video), Google Classroom, and Edgenuity. Students will participate in video sessions weekly in core

courses.

- Grades 9-12 – An online model where students are independently working on Edgenuity and Google Classroom in each course. Teachers have office hours daily that allow students to interact with a teacher for additional assistance in their course(s).
- Promotion and Retention
 - Because RVP is a program and not a school, students' promotion and retention are the decision of their enrolled-school.
- Students remain assigned to their enrolled-school while attending either program.
- Both programs follow the district's grade scale for regular courses.
- Both programs are in sync with the district regarding the scope and sequence of each curriculum.
- There are no costs associated with enrollment in either program; however, students are financially responsible for the loss of a device.

IX. Due process related to student placement and promotion

In the space below, please describe the LEA's due process procedures related to student placement for regular education students, students with disabilities having an Individualized Education Program plan, and students having an Individual Accommodation/Section 504 plan.

- Due Process Policy
 - A review of policies in the Pupil Progression Plan related to student placement for regular education students, students with disabilities having an Individualized Education Program plan, and students having an Individual Accommodation/Section 504 plan may be initiated by the student's parents/guardians by submitting a written request to the student's principal.
 - Grievance Procedure:
 - Upon receipt of this request, the principal will initiate a conference within 10 school days. The principal will invite the parent/guardian, as well as the appropriate teacher(s) or supervisor, or both, to attend the conference.
 - The principal has five (5) days following the initial conference to render a decision concerning the grievance.

- In the event the aggrieved person is not satisfied with the disposition of his/her grievance, or if no decision has been rendered within the five (5) days by the principal, the aggrieved person may appeal to the Superintendent within ten (10) days. The appeal must be in writing and give details as to why the decision was unsatisfactory.

**Superintendent of Schools
Rapides Parish School Board
P.O. Box 7117
Alexandria, LA 71306-7117**

- Within ten (10) days from the receipt of the written referral, the superintendent will meet with the “party of interest” for the purpose of arriving at a mutually satisfactory solution to the grievance problem and render a written decision.
- In the event the aggrieved person is not satisfied with the request, the superintendent will place the grievance on the agenda for the next regularly scheduled meeting of the Rapides Parish School Board.
 - The portion of the meeting that pertains to the grievance will be a closed meeting if requested (See Policy, File: BCBK). Minutes of the closed meeting will be kept and a copy afforded the aggrieved person.
- Due process procedures for exceptional students must be consistent with those described in the approved *Individuals with Disabilities Education Act (IDEA Part B* and Louisiana Bulletin 1706) and Louisiana Educational Rights of Children with Disabilities handbook.
- Due process procedures are consistent with those described in *Section 504 of the Rehabilitation Act of 1973, Individuals with Disabilities Education Act, IDEA Part B* and Louisiana Bulletin 1706.
- The Rapides Parish School District’s policies on due process procedures as related to student placement are as follows:
 - Regular education students
 - o No change in placement of a student shall be made without official notice to parent or guardian.
 - Students with disabilities
 - o The rights of due process for students identified as special education shall not be abridged by this process and shall be consistent with rights

defined in individuals with Disabilities Education Act (IDEA) and Louisiana Bulletin 1706) and Louisiana Educational Rights of Children with Disabilities handbook.

- Section 504 students
 - Due process procedures for qualified disabled students must be consistent with those defined in Section 504 of the Rehabilitation Act of 1973 (dyslexia, AD/HD and other related disorders).

X. Additional LEA policies related to student placement and promotion

In the space below, please describe any additional LEA policies related to student placement and promotion that have not been addressed in other sections of this document.

Ex. Determination of Valedictorian

Homework policy

Minimum number of classes for a graduating senior

Summer school credit

Rapides Parish Uniform Grading Policy

Rapides Parish shall use the state's uniform 10 point grading system for students enrolled in all grades K - 12 for which letter grades are used in accord. [R.S. 17:7(31)(A)] (Bulletin 741 §2302. Uniform Grading Policy) Note: Quarter grades cannot be greater than 100 percent.

- Quarterly proficiency exams given to students must be counted as a major quarterly grade.
- Interventions
- Grading for students with disabilities (IDEA or Section 504):
 - Special education students taking the Louisiana alternate assessment (LEAP Connect) may receive grades of S, NI, and U based on a decision by the IEP Committee, with the exception of those courses earning an experience credit to receive to earn a Jump Start Diploma. Those expectations will be awarded a letter grade.
 - For students with disabilities all modifications and/or accommodations listed on each student's Special Education IEP or Section 504 IAP must be provided in the student's educational program.
 - The grade earned by a student on activities wherein modifications and/or accommodations are applied shall be the student's grade of record. When the student completes an activity that has not been modified and then performs the same activity with modifications, the grade earned on the modified activity shall become the recorded

grade.

- o Teachers should document the provision of modifications and/or accommodations on student report cards by marking the appropriate comment code.
- o In an inclusive classroom, the grade is the result of collaboration between the regular and special education teachers. If the child is in the regular classroom with no inclusion services, the grade in that subject(s) is assigned by the classroom teacher. If the child is pulled out of the regular classroom and receives all instruction from the special education teacher, that teacher assigns the grade and appears on the report card as the teacher of record for that subject(s).
- o Home Learning (Policy IHB)
 - o Keeping in mind that the student spends seven (7) hours per day in school and approximately one additional hour traveling to and from school, a reasonable time frame shall be established for home assignments. The following time frames shall be the maximum spent on home assignments.

K-2	30 minutes maximum (for all subjects combined)
3-5	45 minutes maximum (for all subjects combined)
6-8	60 minutes maximum (for all subjects combined)
9-12	120 minutes (for all subjects combined)
 - o Teachers may give bonus points. Those points shall be curriculum related and of minimum benefit not to exceed 10% of the total possible points for the grading period.
 - o Papers from which grades are recorded must be kept on file in the school through the first nine weeks of the following school year.

KINDERGARTEN

- o Kindergarten progress reports will be sent home at the end of each grading period and the final Progress Report will denote promotion status.
- o All kindergarten students are recommended to progress to first grade

NUMERICAL GRADES will be assigned and recorded in the electronic grade book according to the grade level below.

GRADES 1-2

- o Students in grades 1 and 2 will receive a grade in ELA (Reading, Writing, and Language) and Math
 - o A minimum of seven (7) grades per nine weeks will be recorded for ELA. A minimum of two (2) of the 7 ELA/Writing grades will be derived from writing.

- o A minimum of seven 7 grades per nine weeks will be recorded in Math. A majority of these grades must be derived from assessments, class assignments, and/or projects. All grades will be derived from the state approved Tier 1 curriculum.
- o Science/Social Studies will receive a grade of Satisfactory (S), Needs Improvement (NI), or Unsatisfactory (U).
- o Major courses are ELA and Math.

GRADE 3-5

- o Students in grade 3 will receive grades in, ELA, Math, Science, Social Studies, and Health/PE.
 - o A minimum of seven (7) grades per nine weeks, per subject will be recorded in the gradebook. A majority of these grades must be derived from assessments, class assignments, and/or projects. All grades will be derived from the state approved curriculum.
 - o Health/PE will receive a grade of Satisfactory (S), Needs Improvement (NI), or Unsatisfactory (U).
- o Major courses are ELA and Math.

REMINDERS FOR GRADES 1 - 5

- o Teachers must update students' grades in the electronic grade book, timely (within one week of the assignment/assessment due date). This process will allow parents/guardians to have an accurate indication of their child's progress.
- o All writing assignments and projects must use a rubric with specific criteria aligned to state standards in order to assign grades.
- o At the end of each grading period, the numerical grades will be averaged. The decimal .5 or higher will be rounded up to the next whole number.
- o Interest and Opportunity courses will receive a grade of an S, NI, or U unless otherwise stated by the LDOE Interest and Opportunity guidelines.
- o The four (4) nine-week numerical grades will be averaged and that numerical average will be converted to a letter grade. The decimal .5 or higher will be rounded up to the

next whole number

Example: $78 + 92 + 83 + 80 = 333$ divided by 4 = 83.2 (83 B)

GRADE 6

- Grade 6 housed in an elementary school will follow the grades 1-5 requirements. Those housed on a middle school campus will follow the grade 7-8 requirements.
- Health/PE will receive a numerical/letter grade.
- Major courses are ELA and Math.
- Teachers must update students' grades in the electronic grade book, timely (within one week of the assignment/assessment due date) . This process will allow parents/guardians to have an accurate indication of their child's progress.
- Grade 6 students taking a Carnegie unit course will be given a final exam to calculate the final average of the course and to award the Carnegie unit.

GRADES 7 - 8

- Numerical grades will be assigned and recorded in the electronic grade book for all subjects during each grading period and the final exam.
- At the beginning of all Carnegie Unit courses, a syllabus which includes the grading policy for the course will be provided.
- Final exams must be given for each subject at each grade level unless the student obtained an "A" average in the course. Students who have earned an "A" average may be exempt from the final exam in that course. The Y1 average from the gradebook will be recorded as the final exam grade.
- A minimum of seven (7) grades per nine weeks, per subject will be recorded each grading period. A majority of these grades must be derived from assessments, classroom assignments, and/or projects. All grades will be derived from the state curriculum.
- Major courses are ELA and Math.
- Teachers must update students' grades in the electronic grade book, timely (within one week of the assignment/assessment due date). This process will allow parents/guardians to have an accurate indication of their child's progress.

- A state aligned rubric with specific criteria must be utilized to assign grades to all writing assignments and projects.
- The 4 nine-week numerical grades will be averaged and that numerical average will then be converted to a letter grade for transcription purposes. The decimal .5 or higher will be rounded up to the next whole number.

Example of Numerical Averages: added together then divided by 5

Q1	Q2	Q3	Q4	Final Exam	AVERAGE
78	92	83	85	68	81.2

Transcribed Grade = B

- To determine the semester (1/2 credit), the numerical grades will be averaged. The nine weeks grade will be doubled and the final exam will count as one. The decimal .5 or higher will be rounded up to the whole number.

GRADES 9 - 12

- At the beginning of all Carnegie Unit courses taught in Grades 9-12, a syllabus that includes the grading policy for the course will be provided.
- Numerical grades will be assigned and recorded in the electronic grade book for all subjects during each grading period.
- A minimum of seven (7) grades per nine weeks, per subject will be recorded each grading period. A majority of these grades must be derived from assessments and/or projects. All grades will be derived from the state approved curriculum.
- Teachers must update students' grades in the electronic grade book timely (within one week of the assignment/assessment due date) . This process will allow parents/guardians to have an accurate indication of their child's progress.
- A state aligned rubric with specific criteria must be utilized to assign grades to all writing assignments and projects.

- The 4 nine-week numerical grades and the final exam grade (one-fifth of the final grade) will be averaged using numerical grades and converted to a final letter grade for transcription purposes. The decimal .5 or higher will be rounded up to the next whole number.

Example of Numerical Averages: added together then divided by 5

Q1	Q2	Q3	Q4	Final Exam	AVERAGE
78	92	83	85	68	81.2

Transcribed Grade = B

- Students will fulfill all requirements of the course - as documented in the course syllabus, whether or not they need the credit in the course to satisfy requirements for promotion or graduation.

CARNEGIE UNITS EARNED IN A NON-TRADITIONAL SETTING (Virtual Learning, etc.)

- Grades earned in a non-traditional setting during the semester are "progress grades" and will be finalized at the end of each semester. Grades are not finalized each grading period; they are on-going. These grades will be weighted using the following formula:
Assignments, assessments, projects = 80%
Semester final = 20%

OTHER GRADING CONSIDERATIONS

- No school board member, school superintendent, assistant superintendent, principal, professional school counselor, teacher, or other administrative staff member of the school or the central staff of the parish or city school board shall attempt, directly or indirectly, to influence, alter, or otherwise affect the grade received by a student from his/her teacher. (Bulletin 1566 §501)
- Grade Errors:
 - o If it is determined that the grade is an error or that the grade is demonstrably inconsistent with the district's or teacher's grading policy directly or indirectly, then that grade will be changed by the appropriate school personnel (Bulletin 1566 §501 C.)
 - o If a grade needs to be changed, a school-level grade change form must be completed with appropriate signatures. This action must be completed by September 1 of the following school year. In order for a grade to be changed, it will have to be cleared through the assigned professional staff and the principal.

- o Students with Disabilities
 - o Promotion decisions for all students with disabilities, as defined in R.S. 17:1942(B), except a student who is identified as gifted and talented and who has no other exceptionality, will be made by the SBLC.
 - o A student who falls under Act 833 and takes an EOC course with their EOC course indicated as an April Dunn course on their IEP, the final exam will only count 5%. The resulting calculation is the final course grade according to Bulletin 741.
- o Administrative promotions will be made through the SBLC process, and should consider the following factors:
 - Student's chronological age in relation to peer group
 - Achievement test scores
 - Parental input
 - Provision for remediation
 - Social maturity
 - Physical maturity
 - Attendance
 - Health problems
 - Psychological testing, if available
- GRADE RECOVERY:
 - o At the discretion of the school, a student may be offered the opportunity to recover a failing grade (F). The appropriate Edgenuity course will be assigned to the student. Upon completing the term course, the teacher will print the completed Edgenuity report, update the grade in the gradebook, sign the Edgenuity report, and pass it on to the school's admin team for review and the updating of the student's historical grade.

Retention Policy K-8

Students in Grades K-2

- A student in grades 1-2 may only be retained once.
- It is not recommended that a kindergarten student be retained.

Students in Grades 3-8

- A student in grade 3 through 8 may only be retained once.
- Pending a review by the SBLC, students may be retained if they meet the following conditions:
 - a. fail two major subjects: ELA and Math
 - b. fail ELA and two minor subjects (Science and Social Studies),
 - c. fail to meet attendance requirements, or

d. Fail to meet the LDOE literacy screening guidelines for promotion to 4th grade without good cause according to *Bulletin 1566*.

i. E. Promotion to Fourth Grade for Good Cause.

1. A student who does not meet the literacy criteria for promotion may be promoted to fourth grade if the student meets at least one of the following conditions: a. A limited English proficient student has been enrolled in an English language assistance program for fewer than two years.
2. An IEP indicates that the screener is not appropriate for the student with a disability.
3. A student with an IEP or 504 Plan has received intensive reading intervention for two years and still scores at the lowest achievement level on the literacy screener.
4. A student with an IEP or 504 Plan was previously retained in kindergarten, first, or second grade and still scores at the lowest achievement level on the literacy screener.
5. A student has received intensive evidence-based structured literacy intervention for two or more years, still scores at the lowest achievement level, does not meet exceptional criteria, and was previously retained for a total of two years in kindergarten, first, second, or third grade. For the purposes of this Section, intensive reading intervention includes targeted intervention in a small group with progress monitoring documented through an individual reading improvement plan.
6. A student has been diagnosed with dyslexia.
7. The student demonstrates an acceptable level of proficiency on a BESE-approved alternative standardized assessment. Alternative assessments will be presented for BESE approval upon recommendation of LDOE. A student scoring Mastery on the English language arts section of the LEAP 2025 assessment may be considered for promotion.

Schools will utilize strategies from their Multi-Tiered Systems of Support (MTSS) plan to intervene in mathematics, reading, and writing. Students' progress will be monitored periodically between grading periods to determine the effectiveness of intervention strategies utilized. Student intervention may continue, change, or discontinue based upon student progress, monitoring results and academic performance. Research based programs and strategies will be utilized by teachers to provide for additional instruction both in the regular classroom and in pull-out settings for those who need additional instruction (Tier I, Tier II and Tier III).

Pupil Progression Elementary Program of Study Requirements

- o Rapides Parish has requested a waiver for the elementary foreign language requirement.

Time Recommendations for Pre-Kindergarten

Student Initiated Activities	35-45%	140-180 minutes
Teacher Directed Activities	25-35%	100-140 minutes
Snack, Restroom	10%	40 minutes
Rest Time	15%	70 minutes

Time Recommendations for Kindergarten

Subjects	Periods Per Week	Minimum Minutes
ELA (Includes Reading, Reading Foundations, Writing, and Handwriting)	5	220
Mathematics	5	70
Health/P.E	5	30
RTI/Interests & Opportunities	5	30
Science/Social Studies	5	30
TOTAL:		380

- o Students in Kindergarten will follow a state approved Tier 1 Curricula.

- o Reading Foundations will be based on the Science of Reading and incorporate the following components: phonemic awareness, phonological awareness, and fluency. Teachers will engage students in whole group shared reading instruction, small group instruction/literacy work stations, and student independent reading.
- o Writing instruction will be explicit teaching based on Louisiana Student Standards for language and writing. The use of a RPSB adopted curriculum will be used to organize instruction. Writing instruction is to be devoted solely to the craft of word, sentence, and paragraph composition based heavily in language and writing standards. Specific language and writing standards, supported by reading, reading foundational, and speaking and listening standards, may guide daily focused lessons.
- o ELA will be based on the Louisiana Student Standards and incorporate comprehension, vocabulary, and writing. Teachers will engage students using the following components: teacher read aloud, shared reading, small group instruction, and independent reading.
- o 120 minutes a week of Performing/Visual Arts will be embedded in the required subjects. Kindergarten shall provide 60 minutes of instruction in the performing arts and 60 minutes of instruction in the visual arts each week.
- o RTI and Enrichment time can be embedded into the math, reading foundations, or English Language Arts as determined by needs of students throughout the year based on data.
- o Subject to review and approval of the District , teachers may vary the daily schedule for the various subject time recommendations as long as the weekly aggregate of time for each subject is met.

Time Recommendations for Grades 1-2

Subjects	Periods Per Week	Minimum Minutes
ELA (Includes Reading, Reading Foundations, Writing, and Handwriting)	5	200
Mathematics	5	75
Science/Social Studies	5	45

Health/P.E	5	30
RTI/Interests & Opportunities	5	30
TOTAL		380

- o Students in elementary will follow a state approved Tier 1 Curricula.
- o ELA will be based on the Louisiana Student Standards and incorporate comprehension, vocabulary, and writing. Teachers will engage students using the following components: teacher read aloud, shared reading, small group instruction, and independent reading. In ELA, a minimum of 2 major grades per nine weeks will come from major writing assignments in response to text or content.
- o Reading Foundations will be based on the Science of Reading and incorporate the following components: phonemic awareness, phonological awareness, and fluency. Teachers will engage students in whole group shared reading instruction, small group instruction/literacy work stations, and student independent reading.
- o Writing instruction will be explicit teaching based on Louisiana Student Standards for language and writing. The use of a RPSB adopted curriculum will be used to organize instruction. Writing instruction is to be devoted solely to the craft of word, sentence, and paragraph composition based heavily in language and writing standards. Specific language and writing standards, supported by reading, reading foundational, and speaking and listening standards, will guide daily focused lessons.
- o RTI and Enrichment time can be embedded into the math, reading foundations, or English Language Arts as determined by needs of students throughout the year based on data.

Writing instruction is to be devoted solely to the craft of word, sentence, and paragraph composition based heavily in language and writing standards. Specific language and writing standards, supported by reading, reading foundational, and speaking and listening standards, will guide daily focused lessons.
 - o RTI and Enrichment time can be embedded into the math or English Language Arts as determined by needs of students throughout the year based on data.
 - o Effective July 1, 2017, RS 17:266 - Cursive writing shall be taught in all public schools. Each public school shall ensure that such instruction is introduced by the third grade and incorporated into the curriculum in grades four through twelve. Therefore, ten (10) minutes per day during ELA should be provided for the explicit instruction of cursive handwriting introduction in third grade.

Time Recommendations for Grades 4 and 5, as well as Grade 6 Housed in Elementary Schools

Subjects	Periods Per Week	Minimum Minutes
ELA (<i>with Writing</i>)	5	155
Mathematics	5	75

Social Studies	5	45
Science	5	45
Health/P.E.	5	30
RTI /Interests & Opportunities	5	30
TOTAL:		380

Each public school shall ensure that such instruction is introduced by the third grade and incorporated into the curriculum in grades four through twelve. Therefore, ten (10) minutes per day during ELA should be provided for the explicit instruction of cursive handwriting in elementary grades four, five, and six (housed in elementary schools).

Pupil Progression Middle School Program of Study Requirements

- o Students in middle grades will follow the district approved curriculum outlined in the Rapides Parish School District Framework, which is specifically aligned with the Louisiana Student State Standards. (Bulletin 741 §2301)

- o All students shall be enrolled in a mandatory RTI/Enrichment class for a minimum of 30-minutes during the school day. Instructional activities for these classes shall focus on individualized needs of students as determined by formative assessments.
- o Enrollment in High School Credit Courses while in Middle School
 - Middle schools may offer a variety of high school credits based on the needs and wants of their students.
 - 8th grade students may be enrolled in Quest for Success in order to receive a Carnegie Unit
 - Algebra I may be offered in Middle School, if the student meets the following requirements:
 - A score of Mastery or Advanced on the most recent State-wide Assessment
 - Teacher recommendation
 - Students who take the Algebra I course will take the Algebra I LEAP 2025 exam and the score will serve as their final exam grade.
 - 8th grade students taking Algebra I will be required to take the Algebra I LEAP and will not take the 8th Math LEAP assessment.
 - Students who qualify for high school credit will be taught by secondary certified teachers.
- o Students who acquire Carnegie units in the middle school years shall have the final grade recorded on their official high school transcript. Once the grade has been added to the transcript, it is a permanent record and cannot be removed.
- o Students will fulfill all requirements of the teacher to satisfy requirements for promotion.
- o Middle school students may enroll in high school elective courses based on criteria set by the school.
- Rapides Parish has requested a waiver for the foreign language requirement.

Acceleration

- o Grades K-8 Acceleration
 - o A request to consider acceleration for students K - 8 must be presented to the SBLC from a parent, teacher(s), or student.
- o Criteria for Acceleration
 - Academic Maturity: The SBLC should utilize state standardized test scores, course grades, district assessments, benchmarking data, and other pertinent information.
 - Social Maturity: student's interest should be the same as those of the older students.
 - Emotional Maturity: Students should have a high degree of persistence, drive, and motivation for learning. Students should be able to withstand frustrations inherent in addressing new, more difficult tasks.
 - Attendance: students should attend school regularly to achieve skills necessary for academic success.
 - After review of all information, the SBLC shall submit a written recommendation to all parties. All documentation shall remain in the student's permanent record.
 - If acceleration is recommended, the SBLC shall design a written plan for acceleration.
- Gifted Services and Acceleration
 - o For students identified as gifted, the IEP team makes recommendations for acceleration based on criteria outlined above.
- Grades 9 - 12 Acceleration

The district follows the procedures outlined in Bulletin 741 for acceleration in grades 9-12 concerning proficiency exams, college credit, advanced placement, virtual learning approved by the principal.

XI. LEA assurances and submission information

Assurance is hereby made to the Louisiana Department of Education that this (insert name of LEA)

Rapides Parish

2024-2025 Pupil Progression Plan has been developed in compliance with all applicable federal and state laws and regulations. If any local policy outlined in this plan conflicts with federal or state laws or regulations, I understand that federal and state laws and regulations shall supersede the local policy.

⁸ Adapted physical education restricted to eligible special education student

⁹ In schools having approved Junior Reserve Officer Training Corps (JROTC) training, credits may, at the option of the local school board, be substituted for the required credits in physical education and JROTC I and II may be used to meet the health education requirement provided the following requirements are met. A minimum of 2000 minutes of instructional time shall be devoted to health education in JROTC I and in JROTC II. Students must take both JROTC I and JROTC II to meet the health education requirement. All of the standards and GLEs for health shall be covered in JROTC I and JROTC II. JROTC I and JROTC II shall include instruction in CPR, automated external defibrillators, and content relative to dating violence as required by state law

¹⁰ For Fall grade 9 entry 2024-2025 and thereafter, 2 electives are required. For grade 9 entry prior to 2024-2025, 3 electives are required.

¹¹ For Fall grade 9 entry 2024-2025 and thereafter, financial literacy is required. For grade 9 entry prior to 2024-2025, financial literacy is not required.

Mathematics				
4 Units Required	Course Code	TOPS		Course Title
		4 Point Scale	5 Point Scale	
1 Unit	160321	✓		Algebra ¹
	160331	✓		Applied Algebra I
	160338	✓		Algebra I, Part 2 ²
1 Unit	160323	✓		Geometry ³
	160332	✓		Applied Geometry ³
1 Unit	160345	✓		Financial Literacy ⁴
1 Unit from the following:				
	160322	✓		Algebra II ¹
	160351	✓		Math Essentials

¹ Integrated Mathematics I, Integrated Mathematics II, and Integrated Mathematics III may be substituted for Algebra I, Geometry, and Algebra II.

² The elective course Algebra I - Part I is a prerequisite.

³ For Fall grade 9 entry 2023-2024 and thereafter, Geometry is required. For grade 9 entry prior to 2023-2024, students must take three additional Math courses of which Geometry is an option.

⁴ For Fall grade 9 entry 2024-2025 and thereafter, Financial Literacy is required. For grade 9 entry prior to 2024-2025, students must take four units of math, of which Financial Math is an option.

9 Units	Jump Start course sequence, workplace experiences and approved credentials (a minimum of one industry-based credential is required for graduation).			

TOPS TECH Diploma Minimum Course Requirements				
Total 23 Units				

⁶ Adapted physical education restricted to eligible special education students.

⁷ In schools having approved Junior Reserve Officer Training Corps (JROTC) training, credits may, at the option of the local school board, be substituted for the required credits in physical education.

⁸JROTC I and II may be used to meet the health education requirement provided the following requirements are met. A minimum of 2000 minutes of instructional time shall be devoted to health education in JROTC I and in JROTC II. Students must take both JROTC I and JROTC II to meet the health education requirement. All of the standards and GLEs for health shall be covered in JROTC I and JROTC II. JROTC I and JROTC II shall include instruction in CPR, automated external defibrillators, and content relative to dating violence as required by state law.
