# ANNUAL NOTIFICATION OF PLANNED PESTICIDE USE

Dear Parent or Guardian,

The Healthy Schools Act (HSA) of 2000 was signed into law in September 2000 and requires that all California school districts provide parents and guardians of students with annual written notification of expected pesticide use on school sites. This notification identifies the active ingredient(s) in each pesticide product and includes the internet address to the Department of Pesticide Regulation (DPR) for further information on the pesticides and their alternatives. The Dry Creek Joint Elementary School District will send out this Annual Notification at the beginning of every school year as a part of the Parent Handbook.

Below are the pesticides the school district expects to apply during the school year. Dry Creek Joint Elementary intends to use the following pesticides during this current school year.

## 2025-2026 PESTICIDE / HERBICIDE USE LIST

| Product Name | Active Ingredients |

You can find more information regarding these pesticides and pesticide use reduction at the Department of Pesticide Regulation's Web site at ***http://www.cdpr.ca.gov***

Parents or guardians may request prior notification of individual pesticide applications at the school site. Beginning September 1, 2016, people listed on this registry will be notified at least 72 hours before the pesticide will be applied. If you would like to be notified every time we apply a pesticide, please complete and return the attached form and mail it to:

Dry Creek Joint Elementary School District
8809 Cook Riolo Road  Roseville,
CA 95747
Attn: Operations Division

If you have any questions, please contact:

Shaun Schondelmayer, Director of Facilities, Maintenance, Operations & Transportation
8809 Cook Riolo Road
Roseville CA, 95747
Phone: 916-770-8884 Fax: 916-771-0650

# Request for Individual Pesticide Application Notification

*I understand that, upon request, the school district is required to supply information about individual pesticide applications at least 72 hours before application. I would like to be notified before each pesticide application at:*

*Please print neatly.
