Superintendent's Report – March 2019

Continuously improve instruction, cultivate creativity, and enhance student engagement and performance.

Enhance the efficient and effective use of resources.

Foster a supportive climate for students and adults.

March is National School Board Member Appreciation Month. Thank you for all the work and time that you give to the students and our Amity community. I know from the time I have spent with you that each of you cares passionately about our children, our schools, and the experiences we provide to students, teachers, and staff. I know there are events and communications that literally keep you up at night and you are constantly reminded of the importance of the work you do. On behalf of our students, staff, and community, I sincerely thank you.

Instruction

C-SEF Science Fair: On February 9, 2019, ARHS hosted the state C-SEF Science Fair, where many of our own students shared their research and work they have completed through the Science Research Program. This is the 2nd consecutive year ARHS has hosted the event.

Amity Middle School Orange 8th Grade Students Make Authentic Connection: Approximately 20 8th grade students participated in a lunch and learn with a Korean War Veteran. Students prepared questions and listened to a firsthand account of Mr. Matthies' military experience. We thank Mr. Matthies for taking the time to speak with our students.

Seventh Grade Awareness of Global & Local Issues: AMSB seventh graders presented their Global Issues projects to their families, friends, and the Amity community on Tuesday, March 5, 2019, in the gym. Students worked diligently on these projects for nearly 6 weeks and issues included: access to water, access to education, disease and epidemics, use of child soldiers, LGBTQ and gender rights, civil war, refugee crises, and habitat preservation. Student groups presented an informational poster, an awareness campaign (which may be presented with technology, art, or music), as well as an individual argumentative essay, in which they advocated for what they believe to be the best organization for their chosen issue.

Solo & Ensemble Concert: Some of the finest of the AMSB music department performed in the annual Solo & Ensemble concert on Thursday, February 21, 2019. The program included a variety of musical styles and genres performed by choir, band, and strings students. There was a mixture of solos, duets, and small ensembles, featuring the Jazz Band, String Ensemble, and Chamber Singers.

AMSO & AMSB Teachers Professional Development Day: Teachers spent the ½ day of February Professional Development working on grade level assessments and reviewing the CT State Department of Education Early Indicator Tool which allows teachers to review a variety of data points to monitor student progress.

March 15th Full-Day Professional Learning for All Staff: ARHS will focus their attention on completing NEASC reports. Middle school teachers will receive technology training from a cadre of Amity teachers who were recently trained by ACES consultant Dina Secchiaroli as part of the recent Technology Grant. EdCamps will be the focus of the afternoon allowing for roundtable discussions of pertinent topics for Amity teachers. Administrators will facilitate the EdCamp discussions. Custodians, classified staff, and security guards will attend a session facilitated by DCF in the new mandatory requirements for reporting incidents. Physical and Psychological Management Training (PMT) will also be scheduled for those teachers, administrators, and paraprofessionals who need refresher training.

The BOE Curriculum Committee: The committee will meet prior to the regularly scheduled March BOE meeting for a presentation of the Amity Youth Survey results by Lorrie McFarland, Prevention Coordinator Alliance for Prevention & Wellness, and a program of BHcare.

Resources

Jack Levine Efficiency Award: The 2019 call for applications has been sent to students who are members of the district community. Principals have already received a few thoughtful completed applications.

PMT Certified Trainer: Two additional teachers completed advanced Physical/Psychological Management Training (PMT) necessary to become trainers. By having Amity in-house trainers, the district will become more cost effective in planning for this training. PMT trained staff must annually renew their certification.

Safety Drill at Amity Middle School Orange: Our monthly drill included an extensive debrief with the Orange Police Department.

CT Educator Preparation Program Insights: As a member of the CAPSS/American Association of Colleges for Teacher Education, Dr. McPadden has attended several meetings focused on preparing an informational conference for superintendents and assistant superintendents related to the new teacher certification requirement edTPA. The Connecticut State Board of Education (CSBE) officially adopted edTPA as a requirement for CT Educator Preparation Programs. Having Dr. McPadden as part of this work provides the district with insight and preparation prior to implementation.

Climate

8th Grade ARHS Orientation Night: On February 25th, ARHS hosted an 8th Grade Orientation Night for current 8th grade students and parents. The event was a huge success, with over 280 current 8th grade students attending with their parents, along with many interested students and parents who are new to the District.

Orientation for 6th Grade Parents/Guardians/Students: On February 28, 2019, AMSB hosted a 7th Grade Orientation Night for current 6th grade parents/guardians. The event was very successful with approximately 200 parents and some students attending. There was a formal presentation and several AMSB students provided tours and helped answer questions. The principal, counselor, and other staff also visited both BCS and BRS the same day and gave an orientation to all students.

Mentorship and Inclusion through Literature: In a continuing effort to build a positive, supportive and inclusive climate at the high school and throughout the District, current juniors and seniors at Amity have partnered with 8th and 9th grade English teachers to conduct lessons pertaining to the literature that is part of the curriculum. On March 14th, high school students will join 8th grade English classes at Orange to discuss the personal, societal and cultural significance of Harper Lee's *To Kill a Mockingbird*. The program will continue at the high school for lessons regarding Eli Wiesel's *Night*.

AMSO Unified Sports Tournament: On February 26th, AMSO had 11 student athletes and partners participate in the Unified Sports Basketball tournament in Waterbury. Our students competed with students and friends from around the state in friendly competition that promoted physical fitness and sportsmanship.

AMSO Students Raise Over \$300 for South Sudan: 7th grade students on AMSO Team Y hosted a breakfast fundraiser for “Water for South Sudan”. This culminating activity is the result of the interdisciplinary study of water resources around the world.

AMSO Diversity Week: The hallways reflected the diverse cultural heritage of our school community. Advisory groups explored countries and decorated doors around the school to reflect the different cultures that make up our school community. Students also participated in a variety of activities including an interactive presentation by a group titled *Journey into Africa*, which celebrated African dance and culture. The week served to highlight the differences among us, and yet recognize the similarities that unite us.

ADL Training Follow-up: The 8th grade students who participated in the ADL bystander training in February met with AMSO 8th grade teachers to continue the discussion started during the training. The group’s discussion focused on the students’ experiences and perceptions regarding life in middle school. Continued discussions are scheduled in March.

Vaping Assemblies: On February 4, 2019, AMSB had assemblies for all students about the dangers of vaping. Tricia Dahl, an Amity graduate and currently a research assistant at Yale, spoke to all students about e-cigarettes, discussed the potential health concerns, answered questions, and talked about the state and federal laws that apply to teens. She also spoke to the faculty. Information was also shared with parents in an email blast.

AMSB Climate Committee: The committee had its monthly meeting on February 12, 2019. The purpose of the AMSB Climate Committee is to provide stakeholders in the school with an opportunity to discuss current trends and issues within the school community as well as implement programs and strategies to help improve the climate for all. Thayer Doyle, Chairperson, reviewed an agenda that included a review of our “Be Amity” positive behavioral intervention strategy, the progress of our Advisory program implementation, and data on discipline.

School-wide Collection: The AMSB 8th Grade Fem Club organized a school-wide collection of unused toiletries for the New Reach Women’s Shelter in New Haven.

FAQs
**ARHS Learning Expectations,
Pilot of “Blended” Report Card and
Feedback through PowerSchool Unified Classroom**

Over the past 6 years, the faculty has worked collaboratively with students and community members to establish the Core Values, Beliefs, Mission Statement and Learning Expectations for Amity Regional High School. This document is the corner stone of the curricular, co-curricular and extra-curricular programming of ARHS. This year, we are piloting two ways to offer feedback on the standards-based academic, social and civic learning expectations: through PowerSchool Unified Classroom and through a “blended” report card. Below are some frequently asked questions and responses to help parents and students navigate the feedback offered through Unified Classroom and the “blended” report card.

Learning Expectations:

What are the ARHS Learning Expectations?

The learning expectations are broken up in to 3 parts-academic, social and civic. The academic learning expectations are based on the Connecticut Core Anchor Standards and reflect academic skills that are integral to student success. The social and civic expectations reflect the values, beliefs and mission statement that comprise the cornerstone of the ARHS community. The ARHS Learning Expectations are **not** traditional grades (which are based on course content), but rather offer an opportunity for feedback on skills and behaviors.

Where can I find the ARHS Learning Expectations?

The ARHS Learning Expectations can be found in many places, including the Program of Studies, the ARHS Student Handbook, the 2018-2019 student agenda pads and Unified Classroom.

When were the ARHS Learning Expectations adopted and introduced?

The ARHS Core Values document, which includes the learning expectations, was adopted in 2016 after a comprehensive process was completed to create the document. This process began in 2012 and included feedback from students, parents, community members and teachers. Once the final document was approved, a plan was created to begin piloting ways to offer feedback on the learning expectations. This is the first year of the school-wide pilot.

How are the ARHS Learning Expectations assessed?

Each academic learning expectations is assessed by teachers through department-specific **binary** rubrics (students receive an “M” for **met** or a “P” for **progressing toward** demonstrating the standard). The binary rubrics can be found through class assignments and assessments. A comprehensive document of the departmental binary rubrics can be found here. The goal for the future is to share the departmental rubrics through PowerSchool Unified Classroom.

PowerSchool Unified Classroom:

What information can I find regarding the learning expectations in Unified Classroom?

Parents are able to view an overall progress bar for their child on the main page of Unified Classroom. Each academic expectation is listed along with one bar for social and one bar for civic expectations. For further information, parents and students may click the “view all” button to see detailed information about the overall feedback through the “standards tab” on the PowerSchool dashboard.

What does the information mean?

Teachers are reporting out on each academic expectation at least one time per semester this year. Teachers are linking the academic expectations to class activities or assessments. This means that a student at Amity will have feedback on each learning expectation multiple times across his/her classes. The feedback/reporting **does not** impact the course grade. It does inform the overall designation of “met” or “progressing toward” for each academic expectation. Social and civic expectations are being reported on each marking period by each teacher. This formative feedback is intended to help students and parents recognize progress on overall academic, social and civic skills.

Blended Report Card:

What does the information mean?

Similar to the formative feedback given through Unified Classroom, the learning expectation portion of the “blended” report card is intended to offer feedback to parents and students on academic, social and civic skills. This is a standards-based approach that is reported on with a binary score of **met** or **progressing toward**, rather than a traditional grading approach of numeric-based grades.

How will this information be used?

Amity Regional High School is currently piloting both the departmental-specific rubrics and the formative/summative feedback approach. Throughout this year and in to next year, the information will inform modifications to the process with the ultimate goal of offering highly-informative feedback on skills and helping establish the expectations that all students will demonstrate throughout their time at ARHS.

What are the next steps?

We will continue to conduct the pilot throughout the rest of this year and in to the beginning of next school year. We will be soliciting feedback from parents and students regarding the feedback through Unified Classroom and the report card. We will also be reflecting on the departmental rubrics to ensure alignment to the school-wide expectations. Over the next few years, we will be working to align the standards portion of the report card to the Student Success Plans and determining how the information can fit in to demonstration of mastery of these specific skills.

Completed Projects:

- Some mortar joints were found to be deteriorated at Amity Middle School, Orange Campus. The repairs were completed by in-house personnel.
- UI ran a new gas line to feed the science room Bunsen burners at Amity Regional High School. UI had been supplying propane to the rooms since the fuel cell was installed. The purge of the lines was completed on 2/18/19 and we are now on natural gas.
- A parking lot light pole at Amity Regional High School was damaged and fell during the ice storm. We switched the pole with another pole from an obscure spot to properly light the front portion of the parking lot. The space we took the replacement pole from was able to be lit with an inexpensive LED wall light.
- A section of pipe in the storm water discharge pit cracked at Amity Regional High School. It turned out to be a pump flange. Our contractor removed the pump, repaired the flange, and returned the underground pump to service.
- An air handler at Amity Middle School, Bethany Campus, was not putting out enough heat. It was discovered that the control valve had stopped functioning. It was replaced by in-house personnel.
- Winter preventive maintenance was performed on the roof-top units at all three schools by in-house personnel.
- Mid-winter service was performed on several pieces of the snow removal equipment that is used the most at all three schools. This was done by in-house personnel.

Projects in process:

- The modifications to the home-side baseball dugout at Amity Regional High School is underway. Students from the Construction class have been working with our contractor to complete the project.
- A section of one of the boilers cracked at Amity Middle School, Orange Campus. We are currently securing a new section and scheduling the replacement.
- The exterior water fountain pipe froze and cracked at the field house at Amity Regional High School. The pipe was repaired and a new weather resistant fountain has been ordered. It will be installed this spring.

Outstanding issues to be addressed:

- None at this time.

Re: Award of Contracts of \$35,000 of More
Date: February 21, 2019

1. **Facilities:**

Clock System:

The clock system at Amity Regional High School is 24 years old and has been failing intermittently. The clock system has been on the capital improvement plan for inclusion in the proposed bonding in 2019-20. The antiquated operations and repeated failures have required the school administration and support staff to manually operate the system or conduct schedules entirely off-line. The Director of Facilities, Jim Saisa and the Director of Technology, Shaun DeRosa have researched options to replace the systems. Several vendors came into the District and demonstrated features of systems. The Sapling Wireless Correct Clock System was the product of choice. The District participates in PEPPM consortium and the Sapling Wireless Correct Clock System is offered through consortium pricing. The system allows for further expansion and enhancements.

I recommend awarding the contract to Sapling, Inc. c/o Environmental Systems Corp (authorized PEPPM reseller) for the bid price of \$57,323.97 for a new clock system at Amity Regional High School.

Amity Finance Committee

Move to recommend the Amity Board of Education award the contract to Sapling, Inc. c/o Environmental Systems Corp (authorized PEPPM reseller) for the bid price of \$57,323.97 for a new clock system at Amity Regional High School.

A budget request was approved in February for a three-year license for antivirus software. The 2018-2019 budget for electricity assumes the use of 3,644,427 kilowatt hours at an average price of \$0.16925 per kilowatt hour, or a cost of \$616,819. *To date we have received seven bills for each middle school and 6 bills for the high school. We are currently at 1,418,904 KWH (this total is very low due to meter problems early in the year at the high school) at a cost of \$270,301, and a cost per KWH of \$0.1904. At this time Jim Saisa is cautiously projecting being under budget by \$55,000 FAV.* Our contracted supplier canceled our contract so we will be paying one cent more per KWH with the new supplier. We were billed one month of standard offer pricing with the utility company during the transition, which is at a much higher price. These events should cancel each other out and keep the account on budget with the exception noted above.

APPENDIX A

COST SAVINGS AND EFFICIENCIES FOR FISCAL YEAR 2018-2019

TOTAL ANNUAL SAVINGS TO-DATE OF: \$47,086

\$13,946 Cable Advisory Grant: One of the high school teachers, Jeremy Iverson, applied for and received a grant from Cable Advisory Grant. The grant is to be used to purchase production equipment for the film courses and production room. This reduces the amounts that would be funded through the general fund.

\$10,840 Meter Rate: Jim Saisa negotiated with a lower rate for one of the sewer meters for the fuel cell. The fuel cell does not inject water into the sewer system and the meter charge was adjusted.

\$3,800 Science Textbooks: Enrollment in science course is higher than budgeted and more textbooks were needed. Mr. Amato, the Science Department Chairperson, negotiated with the textbook vendor for complimentary copies to supplement our order.

\$3,000 Freezer Coil – In-house personnel replaced a freezer coil at Amity High School at \$3,000 less than the quoted outside contractor price.

\$15,500 Truck Repairs: The District work truck, purchased in 2006, had developed some problems. Extensive use to salt the lots and sidewalks along with other heavy work use had rendered the truck bed unsafe and therefore, unusable. The truck was also in need of much needed maintenance such as brakes, front end work, and frame painting. Rather than request a replacement vehicle, the facilities department looked at options to make the truck safe and even more usable again. We purchased a stainless steel flat bed to replace the corroded stock bed and all of the other necessary parts to overhaul the truck. We involved our building maintainer, who is a talented mechanic, as well as the Career and Technical Education teachers and classes at Amity Regional High School. This was a valuable, real-life learning experience for the students in the Career and Technical Education classes. Together, the team replaced the bed on the truck, painted the frame, replaced the entire brake system, updated the lighting, and other minor needed repairs. The result is a nicely refurbished truck that has even greater flexibility to suit the Facility Department's needs. The total dollar layout was around \$4,500. The estimated cost if the truck was taken to an outside facility for the repairs is over \$10,000. The truck replacement cost, were it to be requested, would have been \$20,000 +. We are proud of our efforts to involve students and maximize value wherever we can.

APPENDIX B

MONTHLY FORECASTS: PURPOSE, METHODOLOGY, HISTORICAL

PURPOSE & METHODOLOGY:

A forecast is a prediction or estimate of future events and trends. **It is only as good as the data available and the assumptions used.** We use current information and past history.

There are many factors, which can significantly impact expenditures, both positively and negatively (e.g., staff turnover, vacancies and leaves-of absence; medical and dental insurance claims when self-insured; special education expenditures; major facility repairs; snow removal).

To illustrate, a special education student could move into the District in mid-year and the cost impact could be over \$100,000 and/or we could have a 'bad claims year' and wipe out the Self Insurance Reserve Fund and need other funds to cover claims of current employees and retirees. If we do not have available funds to cover these and other potential shortfalls, the necessity to seek additional funding from the public would be our only option (as only the towns have a fund balance from prior years available to use in the case of an emergency).

Revenues can be most impacted by decisions made at the State level for Special Education and Transportation grants. We have seen the reimbursement rate change in mid-year.

Prudent financial management is necessary. We need to be sure the total expenditures budget is never overspent (and may need to be underspent if revenues are below budget because total expenditures cannot exceed total revenues). It is imperative we 'hold back' on spending any of the Contingency Account until it is absolutely necessary or we are close to yearend. The Superintendent of Schools and Director of Finance and Administration review and approve or deny all purchase orders. We are careful to make sure funds are only spent when necessary and not just because 'it is in the budget'. We are constantly faced with the 'what-ifs' of over expenditures in certain accounts. We need to be sure there are sufficient funds available. As a result, the fund balance has been larger towards the end of the fiscal year.

Furthermore, the monthly forecasts are based on the information available. We have had large, unexpected or highly unpredictable events at the end of the fiscal year (mostly of a positive nature), which have significantly change the forecast from May to June.

HISTORICAL:

The chart below depicts the yearend balance projected in May and June of each of the past three fiscal years.

The major contributors of the significant change from the May to June forecasts are detailed below.

FY2015:

The projected fund balance was \$1,444,481. The monthly forecast for May 2015 projected a fund balance of \$405,579, or **\$1,038,902 higher than the prior month's forecast**. The major reasons for the significant increase in the yearend fund balance from one month to the next month were, as follows:

- **\$137,115:** Certified and classified salaries were lower than forecasted. It is not until the end of the fiscal year when we know the actual expenditures for coverages, substitutes, leaves of absences, overtime, and pay docks. We use conservative estimates in the forecasts based on past history.
- **\$153,315:** Special education transportation and tuition expenditures were lower than forecasted. The May forecast included the possible costs due to two families that were beginning to proceed to due process. No expenditures were incurred in this fiscal year.

- **\$503,754:** Medical & dental claims were lower than expected. Since we are self-insured, actual claims are not known until the end of the fiscal year. Based on actual claims, we returned most of these funds to the member towns.
- **\$136,270:** As part of the yearend processing, unspent encumbrances are eliminated.
- **\$41,162:** Final grant payments for Special Education and Transportation are not known until the end of the fiscal year.

FY2016:

The audited fund balance is \$1,319,839. The monthly forecast for May 2016 projected a fund balance of \$273,723 which included \$427,713 transferred into Capital Reserve and a debt of \$145,086 owed to the State. The change is **\$473,344 higher than the prior month's forecast**. The major reasons for the significant increase in the yearend fund balance from one month to the next month were, as follows:

- **\$237,904:** Certified and classified salaries were lower than forecasted. It is not until the end of the fiscal year when we know the actual expenditures for coverages, substitutes, leaves of absences, overtime, and pay docks. We use conservative estimates in the forecasts based on past history.
- **\$107,099:** Purchased services were lower than forecasted. Athletics held fewer home contests, did not have a need for assistant coaches in a few middle school sports and cheerleading did not field a squad. Intern were fewer than budgeted. Less than anticipated need for psychiatric consults and other consultants at PPTs.
- **\$85,857:** Final grant payments for Special Education and Transportation are not known until the end of the fiscal year. The reimbursement rate was 77.63% which is higher than the budgeted rate of 75%. The prior year adjustment was positive as were the changes in student placements.

FY2017:

The audited fund balance for 2016-2017 is \$1,793,498. The monthly forecast for May projected a fund balance of \$1,199,764, which included \$345,000 for Capital Reserve. The change is \$593,736 higher than the prior month's forecast.

- **\$231,098:** Certified and classified salaries were lower than forecasted. It is not until the end of the fiscal year when we know the actual expenditures for coverages, substitutes, leaves of absences, overtime, and pay docks. We use conservative estimates in the forecasts based on past history.
- **\$129,651:** Purchased services were lower than forecasted. Athletics held fewer home contests, did not have a need for assistant coaches in a few middle school

sports and cheerleading did not field a squad. Interns were fewer than budgeted. Less than anticipated need for psychiatric consults and other consultants at PPTs. Transportation for field trips, athletics contests, and special education were lowered than expected.

- **\$76,592:** Supply accounts were under budget. These accounts include general instructional supplies, texts, library materials, transportation and maintenance supplies, and repair and maintenance accounts. Staff monitor budgets closely during the year and spend very conservatively. The staff does not attempt to “zero out” accounts but purchase what is needed at the best possible price.
- **\$54,302:** Utilities expenses were lower than anticipated. Electricity usage was lower than forecasted. The final invoice comes in July and the cooler temperatures saved on air conditioning costs. Fuel for bus drivers was not fully expended. Bus drivers have until June 30th to take fuel and the towns bill in the next 4 -6 weeks. Not all the fuel was taken though the forecast assumed all fuel would be used.

APPENDIX C

RECAP OF 2015-2016

Return Unspent Fund Balance:

The cancellation of 2014-2015 encumbrances of \$1,035 will be returned to the Member Towns. We encumber funds for goods and services received by June 30th but not yet billed. In some cases, the estimated amount encumbered varies from the actual invoice (e.g., utility bill; water bill) and we do not need to spend the entire encumbrance. Once the audit is final for 2015-2016, the funds will be returned.

<i>Woodbridge</i>	<i><u>\$ 310</u></i>
<i>Total</i>	<i><u>\$1,035</u></i>

The audited fund balance for 2015-2016 is \$1,319,839. The Amity Board of Education previously voted to designate \$427,713 for Capital Improvement Projects. There are two other funding requests for discussion at the August 8, 2016 meetings of the Amity Finance Committee and the Amity Board of Education meetings.

FINANCIAL MANAGEMENT:

\$ 318,642

Our efforts to foster a District culture of finding cost savings and efficiencies has been successful producing savings of \$136,911. Utilities for electricity, heating oil and natural gas were below budget due to many conservation efforts and price negotiations.

SPECIAL EDUCATION (NET)

\$ 350,967

These accounts are extremely difficult to forecast. As examples, special need students can be hospitalized; move into the district or leave the district at any time; withdraw from Amity and enroll in Adult Education. Several students who were budgeted to be outplaced were not for a number of reasons. Any one of these events can have a significant impact, positive or negative, on the District’s special education expenditures. The State reimbursement rate fluctuates throughout the year. The budget forecasted 75% reimbursement rate and the final rate was 77.63%.

OTHER:

\$ 650,230

\$395,748: “Turnover savings” from replacing teachers and other staff who retired or resigned is over budget and savings from unpaid leaves-of-absence. Athletic salaries were down from unfilled coaching positions at the middle school including cheerleading and several assistant coaching positions. Teacher coverages, summer work costs, substitute costs, degree changes and homebound services were less than anticipated.

\$30,315: The bid price for workers’ compensation insurance premium was under budget. The payroll audit premium was below budget.

\$107,099: Purchased services costs were lower due to a number of factors. There were less interns than anticipated. Fewer home athletic contests at the high school which required

fewer officials, monitors, and scorekeepers; and less than anticipated need for psychiatric consults, professional's attendance at PPTs and behavior specialists' services.

\$62,385: The bid for the stone coping repair project at Amity Regional High School was under budget.

\$42,438: Transportation costs were less for athletics and less diesel fuel was used for all bus services than anticipated.

The primary sources of the fund balance are shown graphically below:

FINANCIAL MANAGEMENT: **\$ 246,520**

Our efforts to foster a District culture of finding cost savings and efficiencies has been successful producing savings of \$55,152. Utilities for electricity, heating oil and natural gas were below budget by \$191,368 due to many conservation efforts and price negotiations.

SPECIAL EDUCATION (NET) **\$ 477,890**

These accounts are extremely difficult to forecast. As examples, special need students can be hospitalized; move into the district or leave the district at any time; withdraw from Amity and enroll in Adult Education. Several students who were budgeted to be outplaced were not for a number of reasons. Some transportation needs were coordinated with the elementary districts to reduce the number of singletons on busses for outplacements. Any one of these events can have a significant impact, positive or negative, on the District's special education expenditures. The State reimbursement rate fluctuates throughout the year. Expenses were down \$790,238 which reduced revenue by \$477,890. The budget forecasted 70% reimbursement rate and the final rate was 76.9%.

SALARIES, MEDICAL, PURCHASED SERVICES (OTHER): **\$ 756,654**

FINANCIAL MANAGEMENT:

\$ 78,987

Our efforts to foster a District culture of finding cost savings and efficiencies has been successful producing savings of \$38,753. Grant money was applied for and awarded to offset the cost of the CEN for savings of \$27,440. This District applied for a grant for displaced students to due hurricanes but received the grant award notice and funds after the fiscal year ended. Restraints of the grant did not allow us to spend it after the fiscal year so it became part of the fund balance.

SPECIAL EDUCATION (NET)

\$ 996,157

These accounts are extremely difficult to forecast. As examples, special need students can be hospitalized; move into the district or leave the district at any time; withdraw from Amity and enroll in Adult Education. Several students who were budgeted to be outplaced were not for a number of reasons. Some transportation needs were coordinated with the elementary districts to reduce the number of singletons on busses for outplacements. Any one of these events can have a significant impact, positive or negative, on the District's special education expenditures. The Director of Pupil Services has been successful in establishing suitable programs for students within the District and a number of students have returned from outplacement.

OTHER:

\$342,994 SALARIES (OTHER): "Turnover savings" from replacing teachers and other staff who retired or resigned is over budget and savings from unpaid leaves-of-absence. Athletic salaries were down from unfilled coaching positions at the middle school including cheerleading and several assistant coaching positions. Teacher coverages, summer work costs, substitute costs, degree changes and homebound services were less than anticipated.

\$1,395,839 MEDICAL (OTHER): The net balance of the medical account was under budget. Claims and fees were much lower than budgeted, only costing 72% of expected claims. The savings was offset by other components of the account including employer contributions to HSA accounts, retiree payments, and employee co-share contributions.

\$29,913 FACILITIES (OTHER): The Director of Facilities manages projects and supplies in a very conservative manner. Many projects were completed in-house including tuck-point repair of the field house, concrete sidewalk patches and step repair, and electrical repairs.

\$29,177 STAFF TRAVEL, CONFERENCES AND DUES & FEES: Schedule conflicts precluding some staff from attending conferences, other staff were presenters at conferences and registration fees were waived, and a few less requests from students for contest entries. The appropriate funding level for these accounts will be reviewed in the upcoming budget cycle.

Re: Budget Transfers over \$3,000 - **Fiscal Year 2018-2019**
Date: February 28, 2019

I recommend the Amity Finance Committee and Amity Board of Education approve the following budget transfer request(s):

The clock system at Amity Regional High School is 24 years old and has been failing intermittently. The clock system has been on the capital improvement plan for inclusion in the proposed bonding in 2019-20. The antiquated operations and repeated failures have required the school administration and support staff to manually operate the system or conduct schedules entirely off-line. The District participates in PEPPM consortium and the Sapling Wireless Correct Clock System can purchased through consortium bid pricing. The system allows for further expansion and enhancements.

Facilities:

I am requesting the funds be transferred from the Contingency Accounts to the Equipment – Replacement Account at Amity Regional High School.

For the Amity Finance Committee:

Recommend the Amity Board of Education approve the following budget transfer to cover the cost of a clock system at Amity Regional High School.

For the Amity Board of Education:

Move to approve the following budget transfer to cover the cost of a clock system at Amity Regional High School.

Transfer of Funds Between Categories; Amendments

The Superintendent shall be responsible for administering and monitoring the budget through the course of the year. The Superintendent and the Director of Finance and Administration shall maintain a system of appropriate expenditures and encumbrance accounting that is organized to conform to the requirements for ~~state~~-State and Federal Accounting Reports. A monthly budget report shall be prepared in the same format as the annual budget showing revenues and expenditures for each line item the appropriated budget amount, expenditures to date (to include encumbered and expended amounts), projected expenditures, difference between the projected expenditures and the appropriation, and general comments indicating the reasons for the difference.

Based upon the above reports, budget transfers shall be made according to the following:

1. Transfers within an object code of a budget line item, for departments or programs in each school, may be made in the amount up to \$3,000 per event by the school Principal with the approval of the Director of Finance and Administration;
2. Transfers between object codes within a budget line item, for departments or programs in each school, may be made in an amount up to \$3,000 per event by the school Principal with the approval of the Director of Finance and Administration; and
3. Transfers from one budget line item to another may be made by the Director of Finance and Administration with the approval of the Superintendent, the Finance Committee and the Board of Education.

In all cases, the Director of Finance and Administration shall maintain a list of all transfers and submit it to the Finance Committee at its monthly meeting.

Any transfers requiring approval of the Finance Committee and the Board of Education shall be submitted as necessary and in a timely manner.

The Superintendent is authorized to make such emergency transfers for health and safety reasons or as necessary if the urgent need for the transfer prevents the Finance Committee and Board of Education from meeting in a timely fashion to consider the transfer, ~~provided that such transfers by the Superintendent shall not exceed \$10,000. The limit applies to each emergency transaction and is not cumulative for the year. Transfers made in such instances shall be presented for ratification at the next regularly scheduled meetings of the Finance Committee and the Board of Education.~~ In the event of a health or safety emergency necessitating a line item transfer, the Director of Finance and Administration with the approval of the Superintendent shall have the authority to make the emergency line item transfer without prior approval of the AFC or the Board, provided that the Superintendent and/or Director of Finance and Administration shall promptly inform the Chairperson of the AFC and the Chairperson of the Board of the details of such transfer. In the event of such an emergency line item transfer, the Superintendent and/or the Director of Finance and Administration shall request a special AFC meeting to consider recommendation of the emergency line item transfer to the full Board. The AFC shall further report the emergency transfer for consideration and approval at the next regularly scheduled Board meeting.

The Board, by a majority vote of its members shall maintain a “reserve fund for capital and nonrecurring expenditures.” The aggregate amount of annual and supplemental appropriations by the District to such fund shall not exceed one percent of the annual District budget for such fiscal year. Annual appropriations to such fund shall be included in the share of net expenses to be paid by each member town. Supplemental appropriations to such fund may be made from estimated fiscal year-end surplus in operating funds. Interest and investment earnings received with respect to amounts held in the fund shall be credited to such fund. The Board shall annually submit a complete and detailed report of the condition of such fund to the member towns. Upon the recommendation and approval by the Board of Education, any part or the whole of such fund may be used for capital and nonrecurring expenditures, but such use shall be restricted to the financing of all or part of the planning, construction, reconstruction, or acquisition of any specific capital improvement or the acquisition of any specific item of equipment. Upon the approval of any such expenditure, an appropriation shall be set up, plainly designated for the project or acquisition for which it has been authorized, and such unexpended appropriation may be continued until such project or acquisition is completed. Any unexpended portion of such appropriation remaining after such completion shall revert to said fund. If any authorized appropriation is set up pursuant to C.G.S. 10-51, as amended, and through unforeseen circumstances, the completion of the project or acquisition for which such appropriation has been designated is impossible to attain the Board, by a majority vote of its members, may terminate such appropriation which then shall no longer be in effect. Such fund may be discontinued, after the recommendation and approval by the Board, and any amounts held in the fund shall be transferred to the District’s general fund.

The Board, by a majority vote of its members, shall maintain a reserve fund for accrued liabilities for employee sick leave and severance benefits. Such fund shall be termed “reserve fund for employee sick leave and severance benefits.” The aggregate amount of annual and supplemental appropriations by the District to such fund in any one fiscal year shall not exceed the actuarially recommended contribution from the annual District budget for such fiscal year. No payments shall be made to the fund which shall cause the amount of such fund to exceed the accrued liability for such employee benefits as determined by the District’s annual financial statements, except for the addition of interest and investment earnings with respect to amounts held in the fund. Annual appropriations to such fund shall be included in the share of net expenses to be paid by each member town. Supplemental appropriations to such fund may be made from estimated fiscal year end surplus in operating funds. Interest and investment earnings received with respect to amounts held in the fund shall be credited to such fund. The Board shall annually submit a complete and detailed report of the condition of such fund to the member towns. Upon the approval of the Board, by a majority vote of its members, any part or the whole of such fund may be used for the payment of employee sick leave and severance benefits without further appropriation. Inventories

Fixed Assets

It is the policy of the Board of Education to maintain an inventory of its fixed assets. Individual assets whose value is at least \$1,000 or more are to be inventoried, an identification number is to be assigned, and the item is to be numerically tagged or otherwise identified.

Students

Examination/Grading/Rating

The Board of Education believes students will respond more positively to the opportunity for success than to the threat of failure. It seeks, therefore, through performance objectives in its instructional program to make achievement both recognizable and possible for students.

The issuance of grades on a regular basis serves to promote a process of continuous evaluation of student performance, to inform the student, the students' parents and counselor of his/her progress, and to provide a basis for bringing about change in student performance, if such change seems necessary.

Annually, students in grades 7, 8 and ~~10-11~~ will participate in statewide mastery examinations. Student and district results will be shared with parents and the Board of Education. Individual student and group results will be analyzed for possible curriculum modification and development of student support services. ~~Improvement plans will be developed for students not meeting state goals.~~

IV. Procedures Governing Removal

A student may be removed from class by a teacher or administrator if he/she deliberately causes a serious disruption of the educational process. When a student is removed, the teacher must send him/her to a designated area and notify the Principal or his/her designee at once. A student may not be removed from class more than six times in one school year nor more than twice in one week unless the student is referred to the building Principal or designee and granted an informal hearing at which the student should be informed of the reasons for the disciplinary action and given an opportunity to explain the situation.

V. Procedures Governing Suspension

A. The Principal of a school, or designee on the administrative staff of the school, shall have the right to suspend any student for breach of conduct as noted in Section II of this policy for not more than ten (10) consecutive school days. All suspensions shall be in-school suspensions unless the administration determines that for a student enrolled in grades three through twelve, inclusive, (1) the student being suspended poses such a danger to persons or property or such a disruption of the educational process that the student shall be excluded from school during the period of suspension or (2) that an out-of-school suspension is appropriate based on evidence of previous disciplinary problems that have led to suspensions or expulsion of the student and efforts by the administration to address such disciplinary problems through means other than out-of-school suspension or expulsion, including positive support strategies.

~~An out-of-school suspension may be given to a student enrolled in grades preschool through grade two, inclusive, if it is determined by the administration that an out-of-school suspension is appropriate due to evidence that the student's conduct on school grounds is of a violent nature or sexual nature that endangers persons.~~

In such cases, the following procedures shall be followed:

1. Unless an emergency situation exists, no student shall be suspended prior to having an informal hearing before the Principal or designee at which the student is informed of the charges and given an opportunity to respond. In the event of an emergency, the informal hearing shall be held as soon after the suspension as possible.

V. Procedures Governing Suspension (continued)

2. Evidence of past disciplinary problems which have led to removal from a classroom, suspension, or expulsion of a student who is the subject of an informal hearing may be received by the Principal, but only considered in the determination of the length of suspensions.
3. By telephone, the Principal or designee shall notify the parent or guardian of a student and the Superintendent of Schools not later than 24 hours of the suspension following the suspension and state the cause(s) leading to the suspension.
4. Whether or not home contact is made with the parent or guardian of such student, the Principal or designee shall forward a letter promptly to such parent or guardian to the last address reported on school records (or to a newer address if known by the Principal or designee), offering the parent or guardian an opportunity for a conference to discuss same.
5. Notice of the original suspension shall be transmitted by the Principal or designee to the Superintendent of Schools or designee by the close of the school day following the commencement of the suspension.
6. The student shall be allowed to complete any classwork, including examinations, without penalty, which he or she missed while under suspension.
7. Notice of the suspension shall be recorded in the student's cumulative educational record. Such notice shall be expunged from the cumulative educational record by the Board if the student graduates from high school.
8. The decision of the Principal or designee with regard to disciplinary actions up to and including suspensions shall be final.
9. For any student who is suspended for the first time and who has never been expelled, the school administration may shorten the length of or waive the suspension period if the student successfully completes an administration-specified program and meets any other administration-required conditions. Such program shall be at no expense to the student or his/her parents/guardians.

V. Procedures Governing Suspension (continued)

- B. In cases where the student has already been suspended, or such suspension will result in the student's being suspended, more than ten (10) times or fifty (50) days in a school year, whichever results in fewer days of exclusion, the student shall, prior to suspension, be granted a formal hearing before the Board of Education. The Principal or designee shall report the student to the Superintendent or designee and request a formal Board hearing.

VI. Procedures Governing In-School Suspension

- A. The Principal or designee may impose in-school suspension in cases where a student's conduct endangers persons or property, violates school policy, seriously disrupts the educational process or in other appropriate circumstances as determined by the Principal or designee. Guidelines developed and promulgated by the Commissioner of Education will be utilized by the administration to help determine whether a student should receive an in-school or out-of-school suspension.
- B. In-school suspension may not be imposed on a student without an informal hearing by the building Principal or designee.
- C. In-school suspensions shall be served in the school attended by the student. ~~(or: In-school suspensions may be served in any school under the Board's jurisdiction. The Board has determined that such suspension will be served in the following schools: _____.)~~

VIII. Expulsion Hearing Procedure

D. Hearing Procedures

1. The hearing will be conducted by the Presiding Officer, who will call the meeting to order, introduce the parties, Board members and counsel, briefly explain the hearing procedures, and swear in any witnesses called by the administration or the student.
2. The hearing will be conducted in executive session. A verbatim record of the hearing will be made, either by tape recording or by a stenographer.

4. The hearing will be conducted in two parts. In the first part of the hearing, the Board will receive and consider evidence regarding the conduct alleged by the administration.
5. In the first part of the hearing, the charges will be introduced into the record by the Superintendent or his/her designee.
6. Each witness for the administration will be called and sworn. After a witness has finished testifying, he/she will be subject to cross-examination by the opposite party or his/her legal counsel and by Board members.
7. After the Administration has presented its case, the student will be asked if he/she has any witnesses or evidence to present. If so, the witnesses will be sworn, will testify, and will be subject to cross examination and to questioning by the Board. The student may also choose to make a statement at this time. If the student chooses to make a statement, he or she will be sworn and subject to cross examination and questioning by the Board. VIII. Expulsion Hearing Procedure

D. Hearing Procedures (continued)

10. When considering the length and conditions of expulsion, the Board may review the student's attendance, academic and past disciplinary records. The Superintendent will make a recommendation as to the discipline to be imposed.
11. Evidence of past disciplinary problems which have led to removal from a classroom, suspension or expulsion of a student being considered for expulsion may be considered only during the second portion of the hearing, during which the Board is considering length of expulsion and nature of alternative educational opportunity to be offered.
12. Where administrators presented the case in support of the charges against the student, such administrative staff shall not be present during the deliberations of the Board either on questions of evidence or on the final discipline to be imposed. The Superintendent may, after reviewing the incident with administrators, and reviewing the student's records, make a recommendation to the Board as to the appropriate discipline to be applied.
13. The Board shall make findings as to the truth of the charges, if the student has denied them, and, in all cases, the disciplinary action, if any, to be imposed. The Board shall report its final decision in writing to the student, or if such student is a minor, also to the parent(s) or guardian(s), stating the reasons on which the decision is based, and the disciplinary action to be imposed. Said decision shall be based solely on evidence presented at the hearing.
14. For any student who is suspended for the first time and who has never been expelled, the school administration may shorten the length of or waive the suspension period if the student successfully completes an administration-specified program and meets any other administration-required conditions. The Board of Education is not required to offer an alternative program to any student between the ages of sixteen and eighteen who is expelled for the second time.

C. Students eighteen (18) years of age or older

The Board of Education is not required to offer an alternative educational program to expelled students eighteen years of age or older.

D. Students identified as eligible for services under the Individuals with Disabilities Education Act (“IDEA”)

XI. Notice of Student Expulsion on Cumulative Record

A. Notice of expulsion and the conduct for which the student was expelled shall be included on the students’ cumulative educational record. Such notice, except for the notice of an expulsion of a student in grades 9 through 12 inclusive, based on possession of a firearm or deadly weapon, may be expunged from the cumulative educational record by the Board if the Board determines that the conduct and behavior of the student in the years following the expulsion warrants an expungement. Such notice shall be expunged from the cumulative educational record by the Board if the student graduates from high school.

B. If a student’s expulsion is shortened or the expulsion period waived based upon the fact that the student was expelled for the first time, had never been suspended, and successfully completed a Board specified program and/or met other conditions required by the Board, the notice of expulsion shall be expunged from the cumulative educational record if the student graduates from high school or, if the Board so chooses, at the time the student completes the Board specified program and meets any other conditions required by the Board.

Students

Conduct and Discipline

XI. Notice of Student Expulsion on Cumulative Record (continued)

- C. In the case of a student in grades kindergarten to grade eight inclusive expelled for the possession of a firearm or deadly weapon, the Board may expunge from the student's cumulative education record the notice of the conduct for which the student was expelled if the Board determines that the conduct and behavior of the student in the years following the expulsion warrants an expungement.

A. Student moving into the school district:

1. If a student enrolls in the district while an expulsion hearing is pending in another district, such student shall not be excluded from school pending completion of the expulsion hearing unless an emergency exists, as defined above. The Board shall retain the authority to suspend the student or to conduct its own expulsion hearing.
2. Where a student enrolls in the district during the period of expulsion from another school district, the Board may adopt the decision of the student expulsion hearing conducted by such other school district. The Board shall make its determination based upon a hearing held by the Board which shall be limited to a determination of whether the conduct which was the basis of the expulsion would also warrant expulsion by the Board.

B. Student moving out of the school district:

Where a student withdraws from school after having been notified that an expulsion hearing is pending, but before a decision has been rendered by the Board, the notice of the pending expulsion hearing shall be included on the student's cumulative record and the Board shall complete the expulsion hearing and render a decision. If the Board subsequently renders a decision to expel the student, a notice of the expulsion shall be included on the student's cumulative record.

The procedures described in this section shall also apply for students whom the administration has suspended in a manner that is considered under the IDEA, as it may be amended from time to time, to be a change in placement:

1. The parents of the student must be notified of the decision to suspend on the date on which the decision to suspend was made, and a copy of the special education procedural safeguards must either be hand-delivered or sent by mail to the parents on the date that the decision to suspend was made.
2. The school district shall immediately convene the IEP team, but in no case later than ten (10) school days after the recommendation for expulsion or the suspension which constitutes a change in placement was made. The relevant members of the student’s IEP team shall consider the relationship between the student’s disability and the behavior that led to the recommendation for expulsion or the suspension which constitutes a change in placement, in order to determine whether the student’s behavior was a direct manifestation of his/her disability.
3. If the IEP team finds that the behavior was a direct manifestation of the student’s disability, the administration shall not proceed with the recommendation for expulsion. The IEP team shall consider the student’s misconduct and revise the IEP to prevent a recurrence of the misconduct and to provide for the safety of other students and staff.
4. If the IEP team finds that the behavior was not a manifestation of the student’s disability, the administration may proceed with the recommended expulsion or suspension that constitutes a change in placement.

XIII. Procedures Governing Suspension and Expulsion of Students Identified as Eligible for Services under the Individuals with Disabilities Education Act (“IDEA”) (continued)

5. During any period of expulsion, or suspension of greater than ten (10) days per school year, the administration shall provide the student with an alternative education program in accordance with the provisions of the IDEA.
6. The special education records and disciplinary records of the student must be transmitted to the individual(s) who will make the final determination regarding a recommendation for expulsion or a suspension that results in a change in placement.
7. The District has the authority, on a case-by-case basis, to determine whether the student should be removed from the classroom and placed in an alternative setting, pending a manifestation determination.
8. School personnel may remove a disabled student who has violated the conduct code from his/her current placement for up to 10 school days without a hearing.

C. Transfer of IDEA students for Certain Offenses:

School personnel may transfer an IDEA student to an appropriate interim alternative educational setting for not more than forty-five (45) school days if the student:

1. The parents of the student must be notified of the decision to recommend the student for expulsion.
2. The district shall immediately convene the student’s Section 504 team (504 team), for the purpose of reviewing the relationship between the student’s disability and the behavior that led to the recommendation for expulsion, in order to determine whether the student’s behavior was a manifestation of his/her disability.
3. If the 504 team finds that the behavior was a manifestation of the student’s disability, the administration shall not proceed with the recommendation for expulsion. The 504 team shall consider the student’s misconduct and revise the 504 plan to prevent a recurrence of the misconduct and to provide for the safety of other students and staff.
4. If the 504 team finds that the behavior was not a manifestation of the student’s disability, the administration may proceed with the recommendation for expulsion.

Instruction

Statewide Proficiency/Mastery Examinations

Each student enrolled in grades seven and eight inclusive and grade ten or eleven shall take a statewide mastery examination (measuring whether or not a student has mastered essential grade level skills in reading, ~~language arts~~ writing, and mathematics). Each student enrolled in grade eight, ten or eleven shall annually take a state approved mastery examination in science. The mastery examination shall be provided by and administered under the supervision of the State Board of Education.

~~Note: Students in Connecticut participate in the designated state mastery assessments in English, language arts, literacy, and mathematics in grades seven and eight inclusive and grade eleven. In science, students participate in the state approved assessment in grades eight and ten or eleven.~~

Commented [JB1]: Is this paragraph even necessary?

Student scores on each component of the statewide tenth or eleventh grade state assessment may be included on the permanent record and transcripts of students. Students who meet or exceed the statewide mastery goal on any component of the statewide mastery examination, shall have a certification of such mastery made on the permanent record and transcript and be provided a certificate of mastery for each such component. Each tenth or eleventh grade student who has not met the mastery goal level on each component of the mastery examination may annually take or retake each such component at its regular administration until the student scores at or above each goal level or until the student graduates or turns twenty-one (21).

The school district does not require achievement of a satisfactory score on the statewide proficiency examination or statewide mastery examination, or any subsequent retest on a component of such examinations as the sole criterion of promotion or graduation.

Special education students shall participate in mastery testing except in the rare case when their Planning and Placement Team determines that participation would be inappropriate and recommends the use of an alternative assessment as specified by the State Board of Education.

Any state approved alternate assessment of students enrolled in special education, shall be available only to those students with significant cognitive disabilities. Students with significant cognitive disabilities in grades seven ~~and through~~ eight inclusive and grade ten or eleven shall be assessed with the Connecticut Alternative Assessment in English/language arts and mathematics. In science, eligible students with significant cognitive disabilities shall be assessed with the state approved alternative assessment in grades eight and ten or eleven. In compliance with federal law, out-of-level testing is not an option for students enrolled in special education.

The participation goal will be in compliance with the federal legislation standard for the total school population, as well as for each subgroup (e.g. race/ethnicity, gender, special education, bilingual/ESL, eligibility for free and reduced lunch).
