2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

The Mission statement for Wakefield Elementary is "Wakefield Elementary is committed to providing a high-quality education where ALL students are empowered to achieve academic excellence".

After attending the Professional Learning Communities (PLC) Institute over the 2024 summer, Wakefield's Guiding Coalition found the need to revisit our school mission statement. The leadership team engaged in various activities around developing a school mission statement. Each grade level team was tasked with creating a mission statement that reflected on our fundamental purpose. These were shared with all staff and collectively, we agreed on one.

2024-25 School Description and Mission Statement

Wakefield Elementary School is the oldest elementary school in Turlock Unified School District. We proudly serve an average of 600 students in our regular TK-6th grade program. In addition, we have four pre-formal Autism classes with approximately 50 students enrolled in the program. Our site has a TK-fifth grade Two-Way Immersion program and serve both Head Start and State Preschool programs.

Wakefield honors students monthly for character and academic achievement. We have a Social Emotional Learning block built in to our daily schedule that involves building compassionate learning communities in which all students feel safe, valued, and have a sense of belonging. Our teachers reinforce monthly character traits and explicitly teach character lessons through role play, use of digital media and through literacy. Wakefield Elementary is working with the Stanislaus County Office of Education on Positive Behavior Intervention Supports (PBIS) and has a PBIS committee that includes administrators, certificated, and classified staff. We have school-wide expectations for positive behavior and developing consistent language across settings. We review PBIS expectations of being respectful, responsible, and safe daily during our morning opening.

Teachers meet weekly during PLC collaboration to discuss student learning. Strategic supports and strategic enrichment is planned. Our Intervention Team works closely with grade level teachers to ensure that we have an academic plan for each student. This year, we launched intervention team meetings in which we review and implement Tiered interventions for students. During these meetings, we review data and evaluate the effectiveness of the interventions. Teachers offer tutoring outside the school day for individualized and accelerated support. These classes are planned and approved by administration with students selected according to state and local assessments.

At Wakefield, we take great pride in celebrating student achievements and recognizing students of good character through daily announcements, Trimester Awards, Turlock Rotary Students of the Month, Character Trait of the Month, End of the Year awards, Biliteracy Recognitions, and Perfect Attendance. Opportunities for student leadership and extracurricular activities include: baile folklorico, student council, school garden, recycling club, Smiles for Miles Running Club, orchestra, band, and choir.

Our goals for the current year:

Goal 1: We will increase the number of students that meet or exceed ELA standards by 5% as measured by the SBAC 2024.

Goal 2: We will increase the number of students that meet or exceed Math standards by 5% as measured by the SBAC 2024.

Goal 3: 50% TK-6 students will meet or exceed grade level reading benchmark as measured by iReady and iStation Lectura.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

An assessment was done in October 2024 using the Facility Inspection Tool (FIT), which was selected by TUSD staff as a suitable tool for our bi-annual safety inspections to determine that a school facility is in 'good repair'. The school buildings and grounds of Wakefield Elementary have been deemed to be 'clean, safe and functional', having no condition that poses an emergency or urgent threat to the health and safety of pupils or staff. Copies of the District Safety Inspections and Williams Inspections are maintained on file in the Turlock Unified School District Maintenance and Operations office. Safety: A safety plan is in effect. Certificated and classified staffs are vigilant in maintaining student safety. All staff wear identification badges, and all visitors check in and out at the school office. Cleanliness: Wakefield Elementary employs one full-time Lead Custodian who provides students and staff with a clean and safe school environment throughout the day. Our district additionally employs two full time night custodians who are responsible for cleaning all facilities on a daily basis. All state and district guidelines governing the custodian tasks have been implemented and are followed in accordance with all applicable laws. Improvements: Wakefield Elementary was modernized in 2013 and received several improvements including new restrooms and a new fire alarm system. In the fall of 2017 a new Kindergarten facility was constructed which opened in January just after Christmas break, this facility includes new student and staff restrooms as well as a new playground. In 2023 modernization continued with upgrades to 8 classrooms, several independent 1 on 1 offices and I completely remodeled central office. Adequacy: The Turlock Unified School District prides itself in offering clean, safe, and adequate school facilities. Our buildings offer adequate heat and air and are maintained in accordance with stringent state and district guidelines. FIT Results: The FIT form dated October 7, 2024 may list some items found during the site inspection. These items should not be confused as 'Non-functioning' or affect the overall statement of the school site that it is 'clean, safe and functional.' Work orders are input on a regular basis and are usually addressed within a two-week period of time.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

Mathematics (grades 3-8 and 11)	10	15	24	25	34	35

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Grade 5	98.8%	98.8%	98.8%	98.8%	98.8%

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Parents have many opportunities to be involved and supported while at Wakefield Elementary. We have the following advisory groups; English Learner Advisory Council (ELAC) and School Site Council (SSC) that meet every other month to discuss the various functions of the school. Our ELAC advises our SSC to help them make informed decisions regarding our budget, school site plan, safety of our campus, incentives for students and many other items that are discussed and approved by SSC. During our SSC/ELAC meetings, we seek input from parents and guardians on school and district decision making. All of our representatives for ELAC and SSC are voted on by our parents and/or guardians.

Parents have opportunities for support and involvement as well. We offer the opportunity to participate in literacy and academic content area parent workshops. This fall we partnered with Parent Institute on Quality Education (PIQE) to offer a Family Literacy Program (PreK-3rd) as an initiative to providing families with essential resources and strategies to support literacy development from preschool through 3rd grade. We also offer English language development support throughout the school day for our English Learners and provide resources for families of EL students. Earlier this year, we held an English Learner Information Night for families to inform families of supports offered throughout the school day and requirements for reclassification. Wakefield holds a monthly Coffee with the Principal where parents and guardians hear about instructional programs, gain instructional data knowledge, learn strategies to assist their children, ask questions and/or share concerns that will positively impact student academic achievement. We promote parent participation through invitations via Parent Square, social media and Peachjar. We also extend invitations through teacher electronic platforms. Additionally, both the school and district utilize Parent Surveys to elicit feedback on several topics including safety, LCAP suggestions, use of public funds and provided programs/services for students. Parents become stronger partners in the educational process by attending school functions that help them understand expectations for success.

Throughout the past couple of year, Wakefield's Parent Teacher Organization (PTO) has had a strong presence that has led to increased parent involvement.

In order to better communicate with parents regarding essential student learning and expectations that focus on academic, physical and mental needs; parents have the opportunity to attend several parent nights throughout the year. Additionally, we provide a parent compact, a monthly newsletter and post parent information on our website, social media and Blackboard Messenger via text message, call and email. For more information, please contact the school office at 209-226-6300 or access our website at <https://www.turlock.k12.ca.us/wakefield>.

Fiscal Year 2023-24 Types of Services Funded

Wakefield Elementary utilizes a wide variety of services available that support and assist students in our school. We provide counseling services with our school site counselor and TUSD Mental Health Clinicians. We also provide grief and loss counseling through Jessica's house and Treehouse Club. Wakefield offers English Language support for English Learners. We have an English Learner paraeducator who provides extra support for our English Learners. Due to the increase in newcomers, Wakefield added a second English Learner paraeducator to work directly with newcomer students. Instructional services include designated and integrated English Language Development and extra support for our "newcomer" students. Additionally, all students may receive academic support through mentor programs through the local university, cross-age tutoring, and reading tutoring from the local university students. We have an intervention block during the school day to provide both strategic and enrichment support on essential grade level skills. We have a reading intervention teacher working with students who are reading three or more years below their grade level. We also have a math intervention teacher working with students who are performing three or more years below in mathematics. Additionally, we have an early literacy reading teacher that supports our K-1st grade students. This support is provided during the school day. There are supplemental programs to support students outside of the school day in reading and math. We offer online programs that include iReady, Zearn, and iStation. We utilize paraeducators in our primary classrooms and our severe special education classrooms. We have mental health clinicians, interns and community support groups to provide one on one intervention and small group social skills development. We also have academic support from content-area Instructional Coaches to support student achievement and provide professional development for teachers. Wakefield collaborates with SCOE on further developing PBIS in order to promote positive behavior and provide a tiered system of support for students' social-emotional needs. Summer school is available to those students who meet the desired criteria.

Professional Development

Professional Development

The Turlock Unified School District Local Control Accountability Plan prioritized district-wide professional development opportunities for TK-12 to include subject matter, English language development, best practices, equity, and social emotional learning. Multiple measures including CAASPP results, ELPAC achievement data, common formative assessments, and data from site walk through/educational rounds are utilized to prioritize needs. Additionally, TUSD's initiatives and staff input continue to drive the professional development offerings.

Staff is provided with weekly embedded collaboration time in addition to opportunities for extended collaboration outside of the school day. The collaboration time allows teachers to focus on the four essential questions of a PLC, 1.) What do we expect students to learn? 2.) How do we know if students have learned? 3.) What will we do if they don't learn it? 4.) What will we do if they do learn it?

Year one and year two teachers are enrolled in TUSD's Induction Program. The Induction Program activities are based on the California Standards for the Teaching Profession which outlines the numerous interconnected skills that comprise the professional practices of teaching.

Professional development and support is provided in the following areas: Professional Learning Communities; Math Instruction; ELA/ELD Instruction; Advanced Placement; Small Group Instruction; Social Emotional Learning, Biliteracy, and Next Generation Science Standards. TUSD has invested in training teachers in LETRS-Language Essentials for the Teachers of Reading and Spelling. Two cohorts have completed the two year course work and another two cohorts are in progress. Professional development opportunities occur during a combination of the regular school day, after hours, and during the summer. TUSD has reading and math intervention teachers at all nine elementary sites to accelerate student learning.

There are several formal Special Education administrative, teacher, and parent trainings scheduled each year that include the following topics: Service delivery for special education students with various handicapping conditions, the referral process for students with special education needs, how to accurately complete the IEP documents, how to maintain legally defensible reports/IEP documents/meetings, behavioral tools/strategies for district staff, case law and disability awareness. At sites, training specific to the students and programs at each site occurs throughout the school year.
