Magical Moments

Key Stage 1-2 Runner-up

My magical moment

The world flips over as I stand on my hands,
I tumble and spin without end.
Upside down, the playground spins,
A world where the wonder begins.

The trees bend upwards, waving hello,
Their leaves twirl like dancers in the soft, warm glow.
The swing sets sway, hanging high in the sky,
Like birds on a breeze, gently flying by.

The sky becomes a sea of blue,
With clouds as soft notes drifting through.
The sun dips downward, floating on the sea,
In this mesmerizing world, silence makes sound.

The fluffy white clouds dance in the breeze,
The whole world shifts with effortless ease.
A magical moment, simple and sweet,
Where the sky is beneath, and the earth at my feet.
