Magical Moments

### **Key Stage 1-2 Winner**

#### **Magical Moments**

##### **Have you ever felt a Phoenix flap its wings?**

It's like that magical gust of warm air when the aeroplane doors open in your first moment of holiday,

It's like a breeze on the beach playfully tugging your kite,

It's like the home team fans cheering your team on the pitch.

##### **Have you ever smelt a witch's potion?**

It's like a skunk going through the rubbish,

It's Like when your grandpa sweats and you smell his toes,

It's like rotten eggs left forgotten for thousands of years.

##### **Have you ever touched a werewolf's claw?**

It's like a razor-sharp saw cutting down the trees,

It sounds like a fork scraping on a plate,

It's like with the slightest, barely-there touch, a bead of blood seeps out of your finger.

##### **Have you ever felt a war stop?**

It's like the wands stuttering,

It's like the elements holding their temper,

It's like the wizards' turning into stones,

It's like the furious, giant trolls falling asleep all at the same time.

No one knows because these are all only...
