## 2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

### Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

## 2024-25 School Description and Mission Statement

Monarch School operates as part of the Innovation Department and the Juvenile Court and Community Schools (JCCS) under the San Diego County Office of Education (SDCOE). Established in 1989 as a single-classroom community school. It has grown significantly through strong community support, national exposure, and the creation of the Monarch School project (MSP). The school's current state of the art facility, opened in May 2013, accommodates up to 350 students in grades K-12, with an average enrollment of 260 students and a class size of 22.

Monarch School is a model institution providing education and support to students experiencing chronic homelessness.

## 2024-25 School Description and Mission Statement

Strategically located in the Barrio Logan neighborhood near downtown San Diego, the school is closed to partner organizations offering essential services. Students often come from shelters, motels, vehicles, or shared residences and live across San Diego County, primarily in the central and southern regions.

### Student Support Services:

Monarch School employs a team of specialist to meet diverse student needs:

A senior program specialist

A behavior specialist (BCBA)

Three education specialist

Teacher assistants

An itinerant speech-language pathologist, occupational therapist, and school psychologist provide services weekly in line with students' Individual Education Programs (IEP).

All Monarch students qualify for free lunch due to the school's mission to serve families impacted by homelessness and poverty. Additionally, the school provides 1:1 access to technology, offering over 300 Chromebooks, Viewsonic Board technology, and other display monitors in classrooms.

### The Four Pillars Framework:

The Monarch School and MSP collaborate to address students academic, social, emotional, and life skills needs throughout a framework called the Four Pillars:

Emotional: Trauma-informed approaches and therapeutic support

Life Skills: Preparing students for college and career with goal-setting and skills development

Academic: Standards aligned, student centered instruction fostering problem-solving and creativity.

Social: Activities like athletics, leadership development, and extracurricular programs.

### Health and Wellness:

Monarch school provides access to showers, laundry facilities, clothing, and hygiene kits. Through partnerships, students also receive dental, vision, and hearing screenings, along with follow-up care. Family Health Centers of San Diego supports on-site healthcare, including a registered nurse and a health care navigator.

### Enrollment Options:

Families can choose Monarch School as a:

School of origin

School of residence

Choice school

Decisions are made collaboratively with the student, guardian, and school staff, ensuring the best educational fit.

### Operational Details:

School hours: 8:00 a.m - 6:00 p.m

Instruction: 9:00 a.m - 2:30 p.m (Thursday minimum day for professional development)

After-school Programs: Supported by ASES and ASSETs grants, aligned with the school day for extended learning and enrichment opportunities.

### Commitment to Excellence:

Monarch's goals align with the San Diego County office of Education's Local Control and Accountability Plan (LCAP)

Excellence in teaching and learning for college and career readiness.

Cultivating educational partnership for students' success.

Building transparent systems for operational excellence

Supporting transitions for students, including foster youth, English learners, and expelled students.

## 2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks and instructional materials used within Monarch School are aligned with state standards and frameworks and, in grades K-12, have been selected from the state-adopted list of standards-based materials. Monarch School follows the State Board of Education's adoption cycle for core content materials. SDCOE's Juvenile Court and Community Schools (JCCS), of which Monarch is part of, holds a public hearing annually to determine that each JCCS program has sufficient and quality textbooks or instructional materials, pursuant to the settlement of Williams vs. the State of California. All students, including students who are learning English, are provided their own textbooks in core subjects for use in the classroom and to take home to complete required homework assignments. Additional information regarding state-adopted instructional materials can be obtained from the JCCS office.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

<b>Mathematics</b> (grades 3-8 and 11)	2	2	36	38	34	35

### 2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## 2023-24 Career Technical Education Programs

The SDCOE (San Diego County Office of Education) JCCS (Juvenile Court and Community Schools) Career Technical Education (CTE) department provides CTE classes and grant-funded career readiness opportunities for high school youth. At Monarch, we are in the early stages of developing Horticulture, Culinary, and Graphic Arts programs, which will offer students hands-on, industry-relevant skills and certifications. The Culinary program will be barista-focused, giving students the opportunity to learn coffee preparation, customer service, and café management skills alongside broader culinary techniques. This program will provide students with valuable real-world experience in the growing coffee and food service industry.

The Horticulture program will focus on sustainable agriculture, urban gardening, and landscaping, while the Graphic Arts program will offer training in digital design, marketing, and print production. Students are showing strong interest in these CTE pathways through their personal learning plans, which reflect their career goals and aspirations.

Monarch's non-profit partner has also established a career center and program that provides youth with work readiness skills, internships with local businesses, and direct hire placements. Additionally, JCCS CTE offers Drivers Education for qualifying students and the Workability I grant, which provides interested students with grant-funded services, including paid internships, work-based learning, mentoring, and supportive services.

The CTE Advisory Council, led by the CTE Department, brings together a diverse group of local industry partners to guide and

## 2023-24 Career Technical Education Programs

support our programs. These partners represent a wide range of sectors, including building and construction, green technology, horticulture, culinary arts, public service,

entrepreneurship, graphic arts and design, arts media and entertainment, audio technology, education and child development, family services, nonprofits, event management, and local museums and arts organizations. We also collaborate with the local workforce investment board to ensure our programs align with the evolving job market. All CTE teachers and staff actively participate in both organizational all-staff and council meetings, ensuring a strong connection between classroom learning and industry needs.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2024-25 Opportunities for Parental Involvement

School and Monarch Project staff provide regular workshops related to community resources, student attendance, legal issues faced by students/families, parenting, and informational parent meetings (including development of need/assets. We also connect families with community-based organizations to increase access to medical and dental treatment, housing, mental health, food pantries, transportation, child care, and legal support to enhance the overall health and well-being of our students and families. Parents are strongly encouraged to participate as members of the School Site Council, English Learners' Advisory Committee, Local Control and Accountability Plan, California Community Schools Partnership Program, and other focus groups. The school has jointly developed with parents a written parental involvement policy. This involvement policy specifies:

Policy involvement for parents

Joint accountability for student attendance

Shared responsibilities for high student academic achievement

Building capacity for involvement

Accessibility

Parent workshops and participation in committee work has been facilitated via in-person opportunities and online platforms to ensure continuity of communication on educational resources and student progress, support available to families, and school/district planning.

## 2024-25 School Safety Plan

The Comprehensive School Safety Plan is being reviewed, updated, and approved by school staff, stakeholders, and parents and will be approved by the San Diego County Board of Education Board in March 2025. The plan includes school environment; Emergency Operations Plans; child abuse reporting procedures; suspension and expulsion procedures;

## 2024-25 School Safety Plan

procedures to notify teachers of dangerous pupils; discrimination and harassment policy; safe ingress and egress; schoolwide dress code; and rules and procedures on school discipline. The Comprehensive School Safety Plan is a public document and is available for review in the school office and in SDCOE's JCCS office.

## Professional Development

During the 2023-24 school year, all Juvenile Court and Community School (JCCS) programs participated in a variety of professional learning to support teacher and staff development. These professional learnings included certificated and/or classified staff representation from all of the regions supported by JCCS, including Community Schools, Court Schools, San Pasqual Academy (SPA), and Monarch School. These professional learning opportunities focused on deepening our capacity for transformation teaching and learning and creating a positive school environment to support student success. Based on multiple measures of student achievement data, both at the state and local level, a strong emphasis is placed on content-area knowledge and pedagogical skills to improve student outcomes in English Language Arts (ELA), mathematics, and English Language Development (ELD). These opportunities are also aligned to the 2021-24 LCAP goals, specifically LCAP Goal 1 Excellence in Teaching and Learning and LCAP Goal 4 Support All Students.

To support curriculum, instruction, and assessment (CI&A), teachers and staff from each region participated in:

- All-staff development days, in order to set and revisit vision and goals for the school year
- Quarterly meetings to review and prepare for the upcoming quarter, as aligned to the JCCS Cross Content Scope and Sequence. These include curriculum (content) information and instructional practices across the four content areas.
- Ongoing specialized training on the ELD standards and strategies of implementation to ensure the greatest impact for English Learners (Equity for Language Learners Collaborative - ELLIC; now referred to as the ELD Collaborative).
- Training for English Language Development Assistants (ELD-A) to deepen knowledge and practice for classroom support
- Ongoing training for Language Tree, an online program used to support our time for designated English Learner Development
- Ethnic Studies Division Curriculum Committee (DCC) to ensure understanding and best practices of Ethnic Studies, as well as develop curriculum ahead of the scheduled state deadline for the 2026-27 school year
- Ongoing training and support for adopted curriculum across content areas, i.e.
  - for science/STEAM teachers to meaningfully plan and utilize the Discovery Ed curriculum
  - for our History/Social Studies DCC to meaningfully plan and utilize the IMPACT curriculum for grades 6-8, US History, World History, Government, and Economics
  - for math teachers to meaningfully plan and utilize the Pearson/Savvas curriculum
- Specialized independent study (IS) teacher meetings to customize curriculum and instruction for students on independent study
- Participate in the ELA DCC to pilot and adopt a new curriculum for the 2024-25 school year
- Responsive support for the California Healthy Youth Act so that students can meaningfully participate in the "Rights, Respect, and Responsibilities" curriculum
- Supporting opportunities to attain the Seal of Civic Engagement

## Professional Development

Additionally, all teachers have access to our cadre of instructional coaches (i.e. CI&A team) who have both a regional and content area focus.

English Language Arts (ELA)/English Language Development (ELD)

Science/STEAM

Social Studies

Math

Reading Intervention

All coaches also support the intentional design of social emotional learning. There is also representation from the CI&A team, and support to teachers/staff, with Positive Behavior Intervention and Supports (PBIS), Ethnic Studies, and other areas as needed.

To support positive school culture and to ensure our schools are welcoming spaces to support all students, teachers and staff from each region participated in and/or engaged with:

Regional level meetings to reinforce Positive Behavior Intervention and Supports

JCCS wide meetings for PBIS teams to receive ongoing training and supports

Continued support and training, as needed i.e. new staff, of restorative practices to develop and refine common language, philosophies, and practices to support students and families and decrease exclusionary practices

District Equity Leadership Team (DELT) continues to create and implement systems of support for students' academic and behavioral needs.

Ongoing training and implementation of the PERTS survey, which is a survey tool that increases student engagement and elevates student voice. As a feedback tool, we hope to improve chronic absenteeism rates, increase positive school culture, enhance school safety for all staff and students, be responsive to student voices and needs, and monitor mental health and social-emotional learning. This aligns with our LCAP, WASC, and SPSA goals.

Specifically at Monarch, K-12 teachers and staff continued to be guided by a Reading Intervention Consultant and K-5 Instructional Coach for reading intervention support for elementary and secondary students. These training and supports included both professional learning (PL) and in-class coaching. In K-5, all teachers attended IMSE's Orton Gillingham training. All secondary (grades 6-12) are trained and utilizing the REWARDS curriculum.

In 2023-24, Monarch earned silver recognition for the implementation of PBIS systems.

This table displays the number of school days dedicated to staff development and continuous improvement.
