2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2024-25 School Description and Mission Statement

Principal's Message

The faculty and staff at Monte Vista Middle School (MVMS) are totally committed to high achievement and personal success. We share many of the characteristics of an urban school, including large second language and free-and-reduced-lunch populations. Teachers are continuously attending professional-development workshops and classes so that their students can achieve at their maximum level. As we commit every year, our goal is to ensure that all children learn in a safe and nurturing environment so that they can be the best person possible.

2024-25 School Description and Mission Statement

Monte Vista interacts and participates in several district and community events including, but not limited to, Boys & Girls Club of Tracy, District Spelling Bee, Tracy Unified School District (TUSD) Red Carpet Event, Canned Food Drive for the McHenry House, and Science Olympiad, to name a few. MVMS has the best middle school music program in the area, including a 70-piece orchestra and an 50 piece marching band, which perform several times a year. We also honor our very own accomplishments with assemblies to recognize Honor Roll, Most Improved and Character Counts students.

Monte Vista works closely with the Boys & Girls Club of Tracy to support after-school opportunities for our students. These opportunities include tutoring, extracurricular art, music, science and sport teams that compete against other Tracy teams.

Every year, since 2016, Monte Vista has earned Advancement Via Individual Determination (AVID) certification, thus increasing our students' ability to be successful in college and careers.

School Mission Statement

Our mission is to nurture every child's academic and critical-thinking skills, self-esteem, and physical wellness within a positive learning environment.

School Vision Statement

Sending the best freshmen to high school.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Textbook-selection committee members are volunteers from each school site, balanced by grade band (K-2, 3-5, 6-8 and 9-12). They receive ongoing training in standards related to that content area before an adoption cycle begins. After extensive review and piloting, the textbook-selection committee members vote to recommend one text to the district's Curriculum Council. The council, which consists of members from each school site and includes some site administrators, reviews the recommendation and then recommends instructional materials (IM) to the school board.

Our most recent public hearing to adopt a resolution on the sufficiency of instructional materials was in September 2023. The district chose its most recently adopted textbooks (K-5 history/social sciences) using the state-approved list. The textbook content fits within the curriculum framework adopted by the California State Board of Education (SBE). Tracy Unified School District (TUSD) is in the process of evaluating and selecting instructional materials for science in grades K-12.

School Facility Conditions and Planned Improvements

General

The Tracy Unified School District takes great effort to ensure that all schools are clean, safe and functional. To assist in this effort, the district uses a facility-survey instrument developed by the State of California Office of Public-School Construction. The results of this survey are available at the district office located at 1875 West Lowell Avenue in Tracy, California.

Age of School/Buildings

This school has 41 classrooms, a multipurpose room, library, administration building, locker rooms, storage, a kitchen and a Boys & Girls Club. The main campus was built in 1960 (as El Portal School) and underwent a major renovation in 2011-12. Additions were constructed in 1966 (one relocatable music building), 1968 (a multipurpose room, two storage rooms, a kitchen), 1978 (alterations made to art building, administration, two science rooms, two classrooms, shower/locker rooms), 1987 (Boys & Girls Club), 1988 (additions to administration, shower/locker rooms, science building, the campus fire system), 1996 (HVAC in art building and redevelopment funds for electric work), 2006-07 (four relocatable classrooms; two removed in 2011-12) and 2011-12 (18 new relocatable semi-permanent classrooms and modernization to remaining balance of classrooms, with exception of the science building built in 1988 and the two relocatable buildings added in 2006-07). Cafeteria air conditioning was upgraded in 2024.

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. We use a work-order process to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning Process and Schedule

The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the district office. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget

In accordance with Chapter 12, Statutes of 2009 (SBX3 4), the district has elected to use the flexibility clause. The clause allows the district to use the state-deferred maintenance contribution as well as the district's matching share contribution toward "any educational purpose." The district has elected to commit deferred maintenance funding to cover general fund expenditures.

The table shows the results of the school's most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. This inspection determines the school facility's good repair status using ratings of good condition, fair condition or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair or poor. At the time of this school facility inspection, no deficiencies were found.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

Mathematics (grades 3-8 and 11)	19	23	26	26	34	35

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

There are several opportunities for parents to become involved in their children's academic achievement. We have Parents for Quality Education (PIQE), a nine-week parenting class in English and Spanish. We have an active School Site Council and an active ELAC. We started an English class for parents to improve English skills. This class has been moved to the TUSD Adult School. We also have representatives to the District English Learner Advisory Committee (DELAC) and Title I district groups. We have a weekly parent group meet on campus to hold informational meetings, answer community questions, and support our students and families. All are invited to attend.

We have a website that we update frequently, a Facebook page at www.facebook.com/MonteVistaMiddleSchool. In addition, the principal sends automated phone calls, texts, and emails on the communication system "Parent Square" to alert parents to upcoming events or important information. We have a full-time parent liaison. She has initiated many activities to increase parent involvement. Some activities include: a new Parent Teacher Organization, Coffee Hour with informational speakers, Farmers' Market, and Parent Nutrition Class.

For more information on how to become involved at the school, please contact Barbara Silver, Ed.D., principal, or Jessica Rodriguez, parent liaison, at (209) 830-3340.

2024-25 School Safety Plan

We are proud of the positive environment we have at Monte Vista Middle School. There is an expectation of mutual respect that permeates the entire community, and when corrections to behavior are necessary, our teachers, counselors, families, and administrators work together to ensure that students can improve their behavior and increase their personal and social skills.

2024-25 School Safety Plan

Our goal, even when it involves suspensions, is to teach the whole child. We do not tolerate harassment or bullying. We also strive to help students understand their behavior and the effect it may have on others so that our students can learn empathy and compassion.

There are currently four FTE staff members in the administration office who speak Spanish and can assist parents who are more comfortable speaking Spanish.

Both our teaching and support staff meet regularly to discuss and revise safety strategies to ensure the security of all members of the Monte Vista community. In addition, we follow the district Emergency Response Plan. We prepare ourselves for any safety challenge, and the whole school community practices drills for these eventualities each year. Our school safety plan was last updated in October 2024 and is updated on a yearly basis. The key components of our school safety plan include safety goals and procedures, discrimination and harassment policies, school rules and procedures, child-abuse reporting procedures, and disaster procedures.

Professional Development

School
Tracy Unified School District requires new teachers to participate in the Tracy Teacher Induction Program (TTIP). This involves six full days of pre-service and four days of follow-up during the year. At this time, teachers are introduced to the district and their site and receive training on classroom management, content organization and lesson design. All activities are based on the California Standards for the Teaching Profession (CSTP). Throughout the year in TTIP, teachers are additionally supported in the classroom on a regular basis by a staff-development specialist.

Professional Development

New teachers, who qualify for the Beginning Teacher Support and Assessment (BTSA) program to clear their preliminary credentials, will be assigned a BTSA Support Provider and will work through the modules of the Formative Assessment for California Teachers (FACT).

At least once a month, the site staff is provided with a workshop of one hour of professional development to enhance teacher skills. The staff and Leadership Team choose the topics and workshops are led by either site staff, County Office of Education staff or independently contracted staff.

The district offers professional-development opportunities for all staff members throughout the school year. Two full days are provided before the school year starts and one full day during the school year.

Every Monday, students are released early from school at 1:30 p.m. to allow teachers to participate in professional-development opportunities. These sessions are divided throughout the year to allow teachers to participate in site staff development, district staff development and professional learning communities teacher collaboration time.

LEA

Tracy Unified School District requires new teachers to Tracy Unified to participate in the Tracy Teacher Induction Program (TTIP). This professional learning involves six full days of pre-service and three follow-up days during the year. At this time, teachers are introduced to the district departments, their site administrators, and receive professional learning that highlights the California Standards for the Teaching Profession. Teachers experience strategies that support classroom management, curriculum supports, and universal lesson design components. Throughout the year in TTIP, teachers are also able to contact Curriculum Specialists for just-in-time support.

New teachers who come to Tracy Unified with their Preliminary credentials qualify for the California Commission on Teaching Credentialing accredited Teacher Induction Program with Tracy Unified. This program supports new teachers in growing through the California Standards for the Teaching Profession (CSTPs) and clearing their preliminary credentials. During this process an Induction mentor will be assigned to the new teacher to facilitate their learning through the Individualized Learning Plan and growth in the CSTPs.

The district offers professional-development opportunities for all staff members throughout the school year. Four full days are provided before the school year starts. Every Monday, students are released early from school to allow teachers to participate in professional development opportunities. These sessions are divided throughout the year to allow teachers to participate in site staff development, district staff development and teacher collaboration time.

The district office is helping to fund professional development for our teachers and administration, both through sending teachers to Professional Learning Community (PLC) conferences, STEM conferences, and through work with Model Schools. The work with Model Schools focuses on building Relationships, Rigor, Relevance, and Engagement in the classroom and affords each principal in TUSD a professional coach.
