The Mental Health Care System

Bridge the Gap to Providers

Our Services at a Glance

Care Coordination

We coordinate care for mental health and substance use treatment.

Quick Connections

While we do not diagnose, assess, or provide treatment, we will quickly connect individuals with licensed professionals who can.

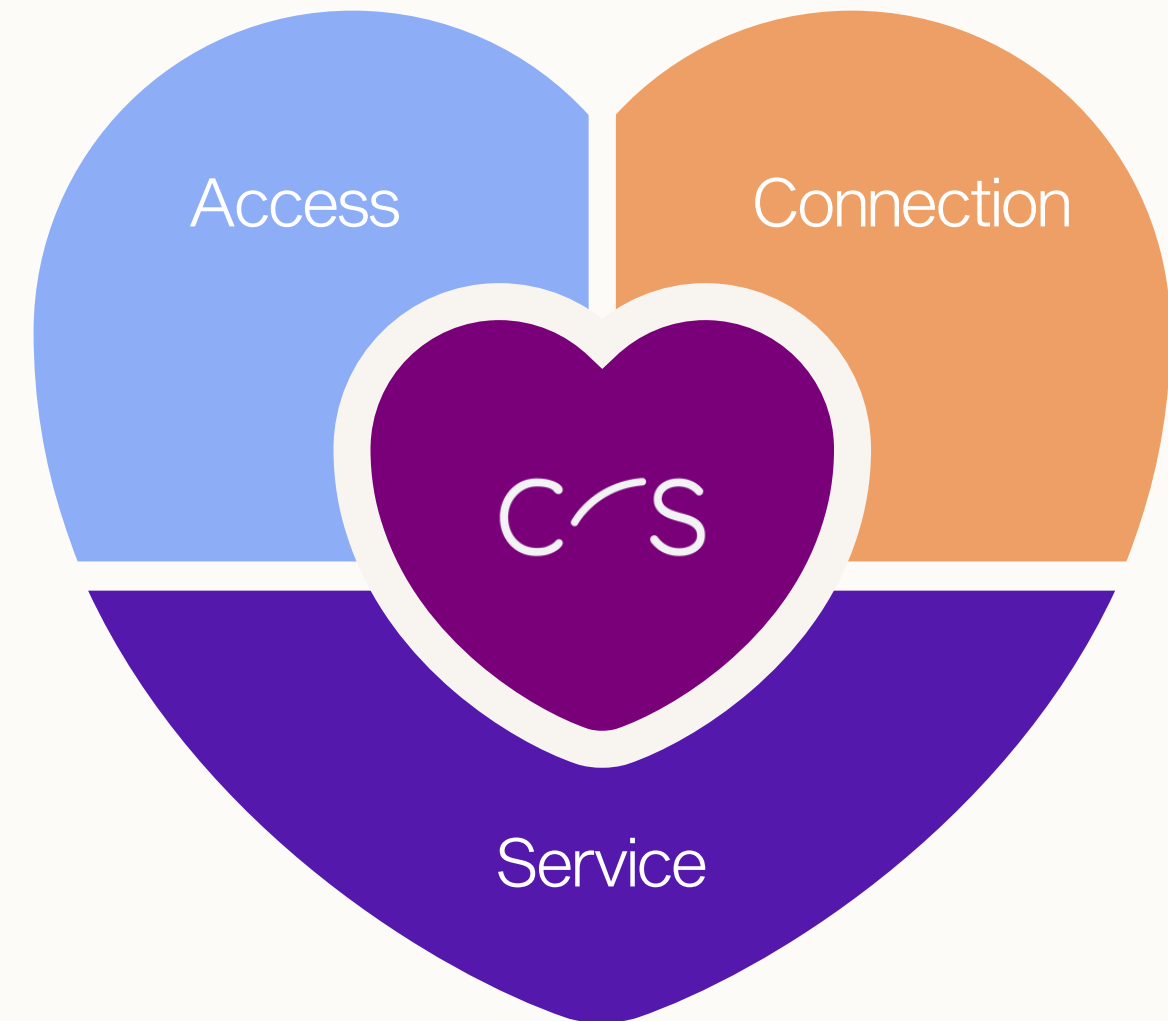

Aligned Partnerships

We work alongside school personnel and services.

When to Utilize Our Services

Anyone. Anywhere. Anytime.

- School-based services are at capacity or unavailable
- Needs exceed the scope or schedule of school-based services
- Individual in need prefers a community-based provider
- To help coordinate post-hospitalization/stabilization after care

Provider Database

Our database includes over 550,000 verified providers across the nation without financial relationships.
