2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2024-25 School Description and Mission Statement

Evergreen School SARC Summary

Evergreen School is a thriving learning community committed to fostering academic excellence, personal growth, and community engagement. Located in Yreka, the school serves students in grades 1st-3rd with a strong focus on providing a safe, inclusive, and stimulating learning environment.

School Mission and Vision

2024-25 School Description and Mission Statement

The mission of Evergreen School is to inspire every student to reach their full potential by cultivating critical thinking, creativity, and lifelong learning. Guided by the core values of Be Kind, Take Care of Each Other, Expect Excellence, and Become Inspired, Evergreen School strives to prepare students for success in a rapidly changing world.

Academic Programs and Resources

Evergreen School offers a robust curriculum aligned with state standards, enhanced by a variety of enrichment opportunities. Students benefit from programs in science, technology, engineering, arts, and mathematics (STEAM), as well as targeted interventions to support literacy and math proficiency. The school is proud of its high-quality special education services, English Language Learner support, and extracurricular activities, ensuring all students have access to resources that promote success.

Student Success and Engagement

Evergreen emphasizes student achievement and well-being through a variety of initiatives, including the Student Success Club and programs for credit and attendance recovery. The school fosters positive behavior through social-emotional learning practices and provides a range of extracurricular opportunities, such as sports, music, and outdoor education.

Facilities and Safety

Evergreen School maintains clean, well-equipped facilities to provide a welcoming and secure environment. Ongoing investments in safety measures, including updated emergency protocols and campus supervision, ensure the well-being of all students and staff.

Community and Parent Involvement

Evergreen values the role of parents and the community in the educational process. Active parent-teacher associations and regular communication channels ensure families are partners in supporting student success. The school hosts events that encourage community collaboration and celebrate the achievements of its diverse student body.

Evergreen School continues to dedicate itself to high standards of teaching, learning, and community engagement, preparing students for bright futures. We implement Universal Design for Learning to include ALL students in the general education program with training from our MTSS grant. American Indian students are able to be served by our Early American Indian Education grant by a credentialed teacher. We have two full time intervention teachers to support underperforming students.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Core subject area committees of teachers and administrators meet to review textbooks and instructional materials for adoption. Adoptions are consistent with the content and cycles of the State Curriculum Frameworks. Current, Standards-based textbooks and instructional materials are purchased and assigned to all students. The District has affirmed that each pupil, including English Learners, have their own textbook to use in class and to take home.

School Facility Conditions and Planned Improvements

Evergreen Elementary School was built in four stages. The main building, ten classrooms, and office space were built in 1969. The multipurpose room and additional bathrooms were added in 1982. Six portable classrooms were added between 1990 and 1998. The kindergarten complex, four classrooms, workroom, and bathrooms were completed in 1995. The school has a large blacktop-covered playground, a large grass field, and a large playground area with a climbing apparatus, slides, bars, and swings. Preventive maintenance is a priority at Evergreen Elementary School. Classrooms have been regularly painted and wall coverings replaced on a scheduled basis.

The campus provides housing for one Special Day Class administered through the Siskiyou County Office of Education. Wheelchair access is available throughout the school for students with physical disabilities. The buildings and restrooms are in good condition, cleaned daily, and adequate for the number of students served. The District has a scheduled maintenance plan to ensure good repair of all facilities and grounds.

During the 2004-05 school year, perimeter fencing was added to enclose the entire upper playground area. Additional fencing was placed along the sidewalk areas leading from the main campus to the kindergarten complex. This was done to ensure that students had no access to parking lot areas when walking between the main building and outside classrooms. In 2020, fencing surrounding was increased from 4' to 6' per the recommendations of the TAPs assessment. In 2023, privacy fencing was added for the Kindergarten complex.

The District has partnered with the Siskiyou Garden Parks and Greenway Association (SGPGA) to develop bioswales at Evergreen School to mitigate water run-off which eventually drains into Yreka Creek and has caused the deterioration of the front parking area and the upper asphalt covered playground in back of the school. The first phase of the bioswale project was completed in the fall of 2015 with the second phase to be completed by August of 2016. The second phase will be completed in conjunction with the front parking lot grading and re-asphalt project. The parking lot grading and re-asphalt project was completed in August, 2016.

A storm that occurred in January, 2018 caused leaking and damage to portions of the main building. Restoration work took place in the Evergreen office replacing ceiling drywall and insulation. Ongoing bioswale work was completed in 2017-18 to mitigate water run-off in the back parking lot area. Curbing was placed around the upper playground and kindergarten playground structures to contain fall zone material for improved playground safety. Wood fiber fall zones for both playgrounds were installed in the fall for 2017. The exterior of the kindergarten complex was painted in April, 2017 and rubberized roofing was installed on portable classroom Room 16 in September, 2017. The district installed a new energy efficient boiler in the main building during the summer of 2018. This boiler will be paid for using Prop 39 funding. Industrial foam coating was installed on the roof of the main Evergreen building to repair possible areas that could leak. An electronic entry system was installed on the front door so all visitors must be electronically allowed to enter by the secretary. A new playground structure was installed in June, 2019 on the upper playground area.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

The School Site Council (SSC) is a major source of parent involvement, and all parents are invited to participate in monthly meetings.

Parents at Evergreen School are also involved in their child's classroom. Many volunteers are on-site each day and assist with many activities, such as centers, individual practice, paperwork, the library, and materials organization. They also host the four parties each year: at Halloween, the Winter Carnival, Valentine's Day, and the end-of-the-year culminating activity. Parents assist classroom teachers by providing additional supervision for field trips. They are an involved and valuable part of the Evergreen experience. For more information on how to become involved, contact Amy Dunlap, Principal, at (530) 842-4912.

2023-24 Chronic Absenteeism by Student Group

2024-25 School Safety Plan

School Safety is a top priority at the District level, and at the site level. The School Safety Plan is updated yearly, and was last reviewed in September, 20197. The current plan addresses the following issues:

- Safe ingress and egress

2024-25 School Safety Plan

- Safe and orderly school environment
- Site rules and procedures
- Current status of school crime
- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Teacher notification of student behavior
- Sexual harassment
- Board policy dress code

Each month, fire drills are conducted. Twice a year, drills for earthquake and intruders are practiced. A panic button alarm system was installed in 2014. Visitor sign-in procedures were recently updated. All visitors, volunteers, and substitute teachers wear ID tags. A representative from the Yreka Police Department has visited the campus and made suggestions to improve security. In addition, the administrators in the district have met with the Chief of the Yreka Police Department several times to discuss school safety policies. A representative from the Yreka Fire Department visited campus during a fire drill and made suggestions to improve our fire evacuation procedures. These processes and procedures make Evergreen Elementary School a safe place. Evergreen Elementary School provides direct supervision from 7:45 A.M. until students leave at 2:20 P.M. The school is open at 7:45 A.M. Students arriving between 7:45 and 8:15 A.M. are required to reside in the multipurpose room or are supervised on the playground until 8:15 A.M., when classrooms are opened. This is staffed with 5 aides, one adult serving food, and another adult receiving money and documenting transactions into the computer. During recess, the individual classroom teachers monitor students. 4 adult aides for each grade level supervise lunch. Kindergarten has additional supervisors, making it 6 supervisors on the playground. At the end of the day, students are escorted to the front of the school, where they ride the bus, are picked up by a parent/guardian, or walk directly home. Many students attend the afterschool SAFE program as well. This program is available every school day except the last day of school. It goes from 2:20-6:00. Two aides supervise the bus pickup and drop-off area. Visitors on campus are required to stop at the office to register and receive identification badges. Proof of identification is requested if they are unknown to the office personnel, and the reason for the visitation is required. The entire staff is aware of the need to be on alert for anyone on campus without the identification badge. During school hours, the front doors of the school are locked. Visitors must press a button to ask for entrance into the school. The school secretary can view the visitor on a screen at her desk and then press a button to unlock the door to let the visitor enter. This was installed in 2018. Sliding glass barrier installed in main office in 2019.

Professional Development

First and second year teachers go through the Alliance for Teacher Excellence program (ATE) to support them in the early years of their career. Teachers attend staff trainings and workshops that are relevant to their work assignments.

Several days throughout the year are dedicated to staff and professional development. During the school year seven minimum days are held for district white collaboration. The primary focus of those days is to provide professional development to teachers. Additionally, we have on average three other minimum days throughout the month that are set aside for grade level teams to work on improving instructional practices. Staff has been introduced to the idea of Professional Learning Communities where they use a structure to work in their grade level teams to improve assessment and instructional practices.

This year teachers are getting Restorative Justice Training.

With data derived from the CCSS results and local assessments, we are identifying areas to focus further professional development to increase student achievement. During the 2022-2023 school year, our entire K-3rd grade teaching staff is a part of the Getting Reading Right grant through our county office of education. We meet as a staff once a month during our minimum days to learn about the best practices in reading instruction using the science of reading methods. We continued work on this grant for the 2023-2024 school year.

This table displays the number of school days dedicated to staff development and continuous improvement.
