Employee/Student Interaction Notice

All District employees should read and understand this notice and behave in a manner to avoid even the appearance of misconduct. A District employee who violates this notice will be subject to appropriate disciplinary action.

Under California law, it is a crime for an adult to have any sexual relationship with a minor. In addition, California law and Board Policy require "mandated reporters" to report to child protective services or to law enforcement any suspected sexual assault or sexual exploitation of a minor. This includes any suspected sexual relationship between an adult and a minor. Any District employee who reasonably suspects that an adult is having a sexual relationship with a student must report the suspicion to child protective services or law enforcement immediately. Immediate reporting is crucial for the protection of the student(s) and the community as a whole.

Purpose

The Hacienda La Puente Unified School District expects all its employees to conduct themselves at all times in a manner that reflects standards consistent with the law and with the Board Policies, Board Goals, and Guiding Principles of the District. It is the purpose of this notice to make sure all District employees understand and demonstrate proper judgment in observing the prohibitions which must govern their conduct and recognize their responsibility to respond appropriately to unacceptable behavior by co-workers and/or students. This notice specifies boundaries related to potentially sexual situations and conduct which is contrary to accepted behavior and in conflict with the duties and responsibilities of District employees. In addition, this notice alerts all District employees about problematic matters involved in employee/student relationships, provides guidance for employees in conducting themselves in a manner that reflects high standards of professionalism, and provides notice that potential improper action may have significant consequences. This notice establishes guidelines to be followed by all District employees when interacting with a student.

1. School instruction, counseling and other administrative tasks which require the presence of students should be accomplished on school premises within the normal school day.
2. Whenever it becomes necessary for a District employee to meet with a student/students outside of the normal school day or to conduct instruction or participate in school-related extracurricular activities outside of the school premises, such activities should be accompanied with the written approval of the school principal and of the parent/guardian of the student(s).
3. District employees should only be alone with a single student when it is educationally necessary or is a requirement of that employee's position and has been authorized by the employee's administrator.

The Hacienda La Puente Unified School District is a community committed to developing lifelong learners who value themselves and the diversity of all people; apply decision-making skills leading to responsible actions; and use creativity, critical thinking, and problem solving in meeting the challenges of a changing society.

Vision Statement:

4. In the event a school activity requires traveling and the District employee is called upon to drive or otherwise provide transportation, the activity and transportation must be approved in writing by the site principal and by the parent/guardian prior to the required travel (see District AR 3541.1).
5. District employees never should travel alone with a single student without having acquired written permission from the principal and from the parent/guardian District (See District AR 3541.1).

This notice prohibits any type of sexual relationship, sexual contact, or sexually-nuanced behavior between a District employee and a student without regard to the student's age. This prohibition applies to students of the same or opposite gender of the District employee. It also applies regardless of whether the student or the school employee initiated the sexual behavior, and whether or not the student welcomes the sexual behavior and/or reciprocates the attention. This prohibition includes sexually-nuanced communication via internet chat rooms, social networking web sites, cell phones, or any other form of electronic communication or other types of communication.

Examples of Inappropriate/Unacceptable Behavior

These examples establish general knowledge among all District employees that trespassing beyond the acceptable boundaries for an employee/student relationship is deemed an abuse of power and a betrayal of public trust. While some situations may seem innocent, from a student or parent/guardian point of view, they can be perceived as flirtation or as being sexual in nature.

The following illustrative examples of inappropriate behavior are intended as guidance for preventing relationships that could lead to, or may be perceived as, sexual misconduct. While, by their very nature, examples are not the sum total of all possible inappropriate behaviors, they will assist in future decision-making.

1. Making, or participating in, sexually inappropriate comments or actions.
 - A. Sexual jokes, or jokes/comments with sexual double-entendre;
 - B. Kissing of any kind;
 - C. Listening to or telling stories that are sexually oriented;
 - D. Inappropriate physical contact;
 - E. Remarks about the physical attributes or physiological development of anyone;
 - F. Sending a student/students inappropriate email, text messages, or communication via a social networking website (e.g., MySpace, Facebook).
2. Becoming involved with a student so that a reasonable person may suspect inappropriate behavior.
 - A. Intentionally being alone with a student at or away from the site;
 - B. Except for extremely rare emergency situations, giving a student a ride to/from school or school activities without written approval from the principal and from the parent/guardian (see District AR 3541.1);
 - C. Giving gifts of a personal and/or intimate nature to an individual student;
 - D. Seeking emotional involvement (which can include intimate attachment) with a student beyond

- the normative care and concern expected of an educator;
- E. Being alone in a room with a student on District property with the door closed unless it is educationally necessary or is a requirement of the employee’s position or is authorized by the employee’s administrator;
- F. Excessive, non-educational attention toward a particular student;
- G. Allowing students in your home without written approval from the principal and from the parent/guardian and without a parent/guardian or other responsible adult present;

Consequences of Inappropriate Behavior

A District employee’s sexual misconduct with a student harms the student victim. It also disrupts the education of other students, hinders the instructional focus of the District, and harms the reputation of the District. Therefore, a District employee who is accused of sexual misconduct with a student becomes at risk for disciplinary action, for loss of job as well as for criminal and/or civil legal actions.

Acknowledgement of Receipt

This notice will be presented to and signed by all District employees as part of their initial employment and as part of on-going training.
