

## **Series 3000: Operations, Finance, and Property**

### **3400 School Safety and Security**

#### **3403 Reporting Accidents**

If a student suffers a serious physical injury while at school or while participating in a school-sponsored activity, District personnel, if aware of the injury, will promptly report the injury to the building principal or designee. If the student is a minor, the building principal or designee will promptly notify the student's Parent(s) and complete an accident report. See Policy 5702.
