

TRANSPORTATION SERVICES

A. General Policy, Transportation Coordinator, and Determination of Residency.

The District will make available transportation services to all resident students within the district in accordance with state statutes (RSA 189:6; 189:6a; 189:6b; 189:8; 189:9; 189:9a), including pupils in private schools within the district.

The Superintendent, or their designee, will fulfill the duties of Transportation Coordinator as described in this and other applicable Board policies.

Residency is determined under RSA 193:12. For children with parent/guardians residing in separate households, residency will be determined pursuant to RSA 193:12, I (a)(2) and, when applicable, parenting plans established under RSA 461-A. In such circumstances, the District is not required to provide transportation beyond the designated attendance area for the school to which the child is assigned, or beyond the geographical limits of the school district in which the child resides. Parents/guardians in such circumstances should contact the Superintendent's office with any questions or requests for special accommodations.

Pupils who attend chartered public or non-public schools shall be entitled to the same transportation privileges within the District as are provided for pupils in public schools using the same routes and termination points as are established for students attending the District's schools. Drivers may not load or unload pupils at other than authorized bus stops.

The District shall also provide transportation to, and pay transportation costs for, all students who reside in the District and attend a regional career and technical education center, or who attend an alternative program at a regional career and technical education center or other comprehensive high school. The Superintendent is responsible for recovering such transportation costs per RSA 188-E:8.

B. Establishment of Routes, Schedules and Stops

The Transportation Supervisor will establish bus routes, schedules and stops annually. Bus routes will be made public through the district's website and local newspapers.

C. Student Conduct on School Buses

Bus drivers have the responsibility to maintain the orderly behavior of students on school buses and will report, in writing, misconduct to the student's Principal.

Student conduct while on District transportation is regulated in accordance with Board policy **JICC**, and any District or school rules implementing the same. See the District's School Bus Conduct Rules (administrative procedures **JICC-R**).

Students who violate regulations for student conduct within those policies may have bus riding privileges suspended. Such suspensions are in addition to other interventions or disciplinary consequences provided under the Student Code of Conduct and such other applicable Board policies and District or school rules and regulations. Parents/guardians may appeal transportation suspensions per Board policy **JICC** and accompanying administrative procedures.
