

Directions for Ribbon War

Materials needed:

Ribbon

Storage container to hold the ribbon (paper bag, plastic container, etc.)

Prep:

Cut the ribbon into different lengths (from 1 inch to 24 inches)

Place the ribbons into the storage container. Make sure there is an even number of ribbons.

Playing the game:

Play with a partner.

1. Each student grabs a ribbon out of the bag. They place them next to each other on the desk/floor, being sure to line up the end points of the ribbons.
2. Students tell their partner if their ribbon is longer, shorter, or the same as their partner's ribbon.
3. The person with the longer ribbon gets to keep both ribbons. If the ribbons are the same, each person picks another piece of ribbon and compares them.
4. Continue playing until all of the ribbons are used.
5. Play again!

We Can ...

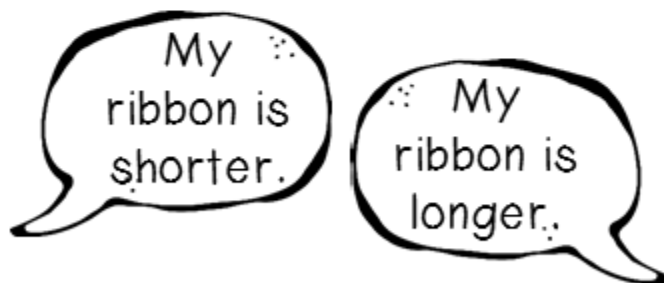

1. Each choose a ribbon out of the bag.

2. Place our ribbons next to each other.

3. Tell each other if our ribbon is longer, shorter, or the same as our partner's ribbon.

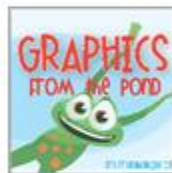

4. Keep both ribbons if you have the longer one.
