### **GENERAL RULES**

A professional image is part of the STEDY Hairstylist program. The professional image includes dress, personal hygiene, and conduct. Students must arrive in class dressed appropriately. Students may be sent home to change into proper dress code. I agree to come to class dressed and groomed following industry standards, including health and safety requirements, as outlined below:

### **SHOES**

Students must wear solid black flat-bottom shoes that do not expose the foot in any way.

### **JEWELRY**

No excessive jewelry is allowed. Any type of jewelry, such as bangle bracelets, large hoop or dangle earrings, long necklaces, or rings, may present a safety hazard. Do Not wear any jewelry that must be removed to perform assigned tasks.

## **NAME BADGE**

Students are required and expected to wear the STEDY Identification/Name Badge at all times during class; this is a requirement for the AZ Board of Cosmetology.

## **SMOCK**

STEDY will issue each student a smock in their training kit. This smock is considered your uniform and must be worn at all times during class.

## **DRESS CODE CONSEQUENCES**

Adherence to our dress code policy is essential for maintaining professionalism and compliance with industry standards. Individuals not in compliance with the dress code will regrettably be unable to accrue cosmetology hours for the day until they are appropriately attired.

1st Offense: Verbal warning, daily deduction of skills hours.

2nd Offense: Written warning, daily deduction of skills hours.

3rd Offense: Written referral warning and conference with parent/guardian and counselor, daily deduction of skills hours.

4th Offense: If the 4th offense infraction continues; a student may be removed from the program.

## **TARDINESS**

Students are kindly reminded of the expectation to be seated and prepared for learning promptly at the beginning of each class session. Punctuality is crucial, as tardiness will reflect on the student's employability grade, which serves as a component in determining the final course grade.

1st Offense: Verbal warning, daily deduction of skills hours.

2nd Offense: Written warning, daily deduction of skills hours.

3rd Offense: Written referral warning and/or conference with parent/guardian and counselor, daily deduction of skills hours.

4th Offense: If the 4th offense infraction continues, a student may be removed from the program.

## **COSMETOLOGY - HAIRSTYLIST COURSE**

Description of Course: The Cosmetology - Hairstyling program is designed to prepare the student to become licensed in Hairstyling. STEDY has prepared curriculum and learning systems based on a clock hour system and the integration of theory with practical application; English is the language this program is taught in. Southwest Technical Education District of Yuma curriculum sets forth clearly stated learning objectives, resulting in learning outcomes that are reasonable and measurable.

Objectives: Students completing the Cosmetology - Hairstyling program are prepared to operate some of the most advanced equipment in the Cosmetology industry and can perform and meet the challenges outlined in this field. Upon completion of the Cosmetology - Hairstyling curriculum, our STEDY graduates will take a state board exam from the Arizona Board of Cosmetology/Professional Credential Services, Inc. Teaching methods

include theory lecture, whiteboard, projector, demonstrations, hands-on learning, activities, and valuable resources. Students will spend at least 51% of their time in the lab.

A Block Monday - Friday: 1:30 pm - 4:35 pm  
B Block Monday - Friday: 4:45 pm - 7:15 pm

Students will attend class part-time for 1,000 hours of training over two years, Monday through Friday. Saturday salon hours are one Saturday every month for ten months, from August to May, from 9:00 am - 5:30 pm. Saturday salon hours may be extended as needed to accommodate student learning needs. Make-up days will be offered throughout the school year to accommodate the need for students to make up missed classes. Students must complete the 1,000 hours of training needed to be a candidate to test for the Hairstyling industry credential. STEDY offers more adequate opportunities to earn the 1,000 hours within the two-year program.

*Per Arizona Administrative Code R4-10-306 Section F - Alternative learning hours are hours a school licensee may authorize to enable a student to pursue knowledge of cosmetology in an alternative format or at a location other than a salon. A school licensee shall ensure a student is not credited with more than 20 percent of the total hours required for graduation as alternative learning hours. The school licensee shall ensure the record of alternative learning hours required under R4-10-204(C) is maintained.*

Each student will receive three hundred hours of intensive classroom instruction. After earning 300 hours of classroom instruction students may enter the clinic experience, which incorporates theoretical and practical training. The student is prepared for the salon environment through work on the clinic floor and advanced classes.

## **NON-DISCRIMINATION CLAUSE**

STEDY is committed to a policy of nondiscrimination in relation to race, color, religion, sex, age, national origin, language of origin, disability, sexual orientation, gender identity or expression, or marital status. In addition, Section 504 of the Rehabilitation Act (29 U.S.C. 794, et seq) requires. The

District's policy is that otherwise qualified handicapped persons must not be excluded from participation, denied the benefits of, or otherwise subjected to discrimination solely based on handicap under any district program or activity that receives federal financial assistance. The District expressly prohibits all such unlawful discrimination by its agents and employees.

Compliance Officer — any person who believes they have been the victim of unlawful discrimination by an agent or employee of the district or knows of such discrimination against another person should file a complaint with the Superintendent designee (the Compliance Officer). Suppose the Compliance Officer is alleged to have unlawfully discriminated. In that case, a complaint against the Compliance Officer should be filed with the Superintendent, who shall act as the Compliance Officer for all other purposes of this policy.

Complaint Investigation Procedure—The District is committed to investigating each complaint thoroughly and taking immediate and appropriate corrective action on all confirmed violations of this policy, as is reasonably practical after a complaint is filed. In investigating the complaint, the Compliance Officer will maintain confidentiality to the extent reasonably possible.

Suppose the initial investigation discloses reasonable cause to believe that a policy violation has occurred. In that case, the Compliance Officer shall advise the Superintendent, who shall determine whether to hold an administrative hearing and/or bring the matter before the Governing Board. Determining “reasonable cause” is not a determination that discrimination has occurred. It means only that there is a reasonable basis for the allegations, such that the matter should proceed to a hearing on the allegations. Suppose the person alleged to have violated this policy is a teacher or administrator. In that case, the due process provisions of the District’s rules for Disciplinary Action against a Teacher, or rules for Disciplinary Action against an Administrator, whichever is applicable, shall apply. In cases of serious misconduct, dismissal proceedings per A.R.S. 15-531, et seq., may be initiated. Suppose the person alleged to have violated this policy is a classified employee. In that case, the Compliance Officer, Superintendent, or the Superintendent’s designee shall hold a hearing on the allegations and may impose discipline, short of a suspension without pay, if the evidence at the hearing so warrants. The Superintendent also may recommend that the Governing Board suspend without pay, dismissal, or another appropriate discipline. If the Compliance Officer’s investigation reveals no reasonable cause to believe that this policy

has been violated, the Compliance Officer shall inform the complaining party in writing.

## COSMETOLOGY CLINIC

### Work-Based Activity Instructional Plan

Objectives: To prepare for employment in a salon, the student will apply problem-solving skills and develop positive work attitudes and excellent customer service skills. Students will participate in supervised hands-on learning opportunities.

Experiences: The Cosmetology/Hairstyling Program is modeled as a realistic salon experience. The competencies required by the Arizona State Board of Cosmetology are performed on manikins first, with demonstrations and practice sessions supervised by instructors. The competencies for skin and nails will be practiced with fellow students.

***When students reach an acceptable competency level, the student will then be released to perform service competencies on patrons from the community. Students must complete all assigned services before being given a client.***

The student performs every aspect of the duties with supervision from the instructor. Each service is checked and approved by the instructor. Following proper setup and sanitation requirements and having set up and sanitation checked by the instructor is required.

The students are assigned to specific tasks on a rotating basis:

- At the front desk, the student learns to answer the phone, make appointments, check clients in and out, and assign clients to the appropriate student as per instructor approval. The student is responsible for the financial transactions utilizing our salon software and closing out the drawer at the end of each workday.
- Specific jobs are assigned for clean up throughout and at the end of each day, enabling each student to learn all aspects of sanitation and the duties their employer will expect of them in the workplace.
- In the dispensary, the students will learn how to keep the salon running smoothly by inventorying/ordering products, as well as re-stocking supplies, to keep the salon running smoothly.
- Any other tasks the instructor may require the student to complete for the effectiveness of the classroom/salon environment.

### **COMPETENCIES:**

Competencies are the hands-on services the student will learn in our program. The Cosmetology-Hairstylist program is mandated by the Arizona Board of Cosmetology and the Arizona Department of Education, Career, and Technical Education.

Identify the proper chemical to be prescribed using an understanding of the chemistry that affects the nails and skin that can be described, measured, and predicted. Demonstrate the appropriate procedure and application of chemicals.
- Identify shampoo/hair conditioners and scalp treatments. Evaluate scalp and hair needs by analysis, demonstrating an awareness of

diseases and disorders. Communicate an understanding of the chemical compositions and reactions of shampoos, conditioners, and rinses with water and each other.

- Demonstrate an understanding of electrical current, energy transfer, and how it affects the skin. Demonstrate application of shampoo, manipulations, and rinsing.
- Identify and perform hair shaping (cutting). Illustrate how geometric shapes can be combined, subdivided, and changed in performing haircuts on a manikin or client. Communicate an understanding of factors influencing determining strategies to meet individual client needs.
- Identify and prepare hairpieces, wigs, and hair attachments.
- Identify and perform permanent waving/reconstruction and curl/chemical relaxation techniques.
- Identify and apply temporary/semi-permanent and permanent color/bleach and specialty color techniques. Identify the proper chemical to be prescribed. Professional Credential Services, Inc administers the Hairstylist certification exam. This certification organization is separate from the Arizona Board of Cosmetology.
