CALPADS 2023-24 Changes

Reporting Highest Education Level for Each Parent:

- Required to submit the highest education level for each parent/guardian reported to CALPADS.
- Students with two parents/guardians will be included in the Socio-Economically Disadvantaged (SED) accountability student group if **both** parents/guardians are not high school graduates. Students will not be included in the SED student group if one or more of the parents/guardians declines to state their Highest Education Level. All CALPADS reports reflecting the SED student group will be updated with this change prior to Census Day.

New Definition Code 15 – <i>Decline to State</i>
An individual who declined to state their highest educational level or for whom information is unavailable.

The Local Control Funding Formula (LCFF) reports:

The Local Control Funding Formula (LCFF) reports have been updated to include students in grade TK who will turn five by April 2, 2024, as these students are eligible for average daily attendance funding and are included in the Unduplicated Pupil Count. Specifically, the following reports have been updated:

- Report 1.17 – LCFF Unduplicated Pupil – Count
- Report 1.18 – LCFF Unduplicated Pupil – Student List
- Report 1.19 – COE LCFF Unduplicated Pupil – Count
- Report 1.20 – COE LCFF Unduplicated Pupil – Student List

County Authorizing reports, all other CALPADS reports, and supporting report extracts that include a TK column, filter, or business rule change are in the process of being updated and are expected to be in the production environment by Census Day, October 4, 2023, or shortly thereafter. These updates will be described in an upcoming Flash on changes related to Fall 1 and Fall 2.
