

How to sign into Moodle

<https://moodle.ringgold.org/login/index.php>

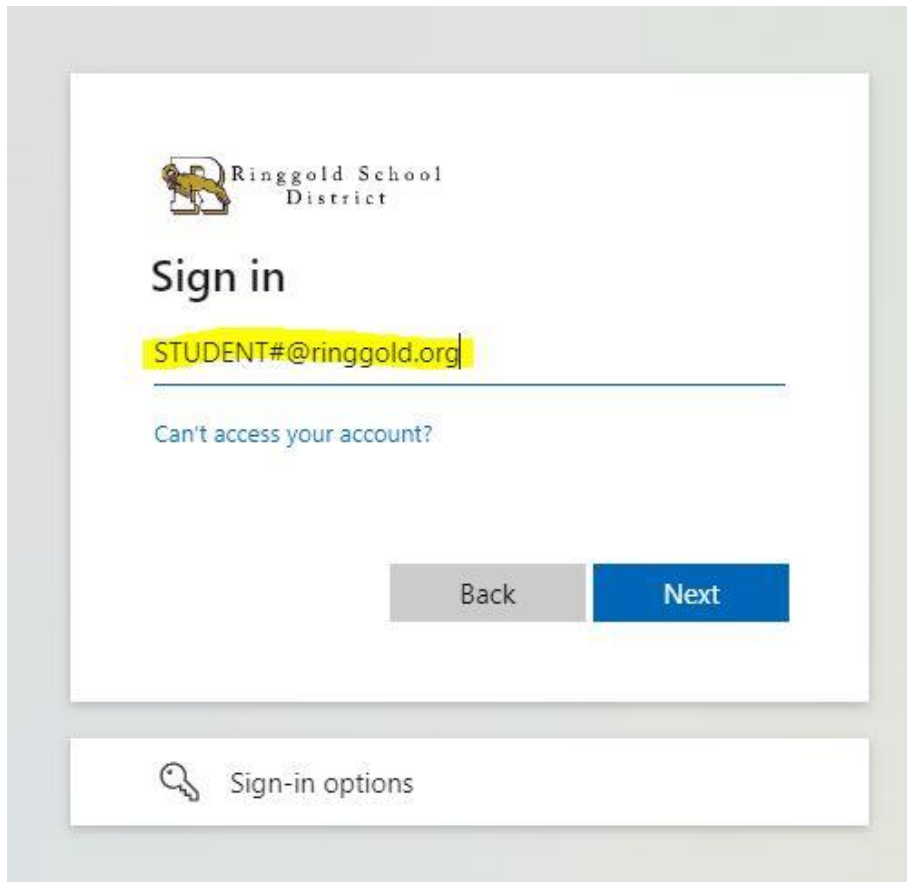

1: The students need to go to the Moodle sign in page. That can be done by clicking the home button on the web browser from the Chromebook.

2: Once on the site it will look like this. Make sure the student is clicking the Microsoft button.

The screenshot shows the Moodle login interface for Ringgold School District. At the top left is the school's logo, a stylized yellow 'R' with a yellow dog jumping over it. To the right of the logo is the text 'Ringgold School District'. Below the logo and text are two input fields: 'Username' and 'Password'. A blue 'Log in' button is positioned below the password field. Underneath the button is a link for 'Lost password?'. A section titled 'Log in using your account on:' follows, containing two buttons: one for Microsoft (with the Microsoft logo) and one for a generic user icon. At the bottom left, there is a 'Cookies notice' button.

3: After clicking the Microsoft button, the page will direct to a sign in screen. The students will need to put in their email. It will look like this 123456@ringgold.org. There are no “students” in this part of the email.
