

Greenfield Junior High is proud to offer

## **UNIFIED P.E.**

Unified PE is a physical education course that offers opportunities for special needs students and general education students to participate together as a team. It is a co-ed class where boys and girls are matched across grade levels to benefit the needs of all students. Students will receive one elective credit for the year in this course. Each day every student is expected to dress out, arrive on time, and will follow a Physical Education curriculum that allows all skill levels to succeed. Students will work cooperatively with each other on improving skills, understanding rules, and learning how to work effectively as a team. Games and activities are modified to match abilities, yet are still challenging enough to improve skills. Students will participate in general P.E. activities, such as badminton, soccer, football and volleyball, but in a modified setting.

UNIFIED P.E. is an 8th grade only elective. It is a co-ed class that emphasizes cooperation and participation, focusing on working as a team. In this class, you will be teamed up in Grizzly Packs that include 8th grade students and special needs students. Packs and partnering will change throughout the year, so you are able to work with all our students. You will be a mentor, a helper, a coach, a cheerleader, but most importantly, a friend who is willing to go above and beyond to help your group members to be successful. Being reliable to your classmates and to me are extremely important. Excellent attendance and an outgoing personality are essential. If you are willing to do this, then this class may be the right fit for you.
