2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

District Vision
It is the vision for each student to become a life-long learner and productive citizen, leading a fulfilled life. Included in the vision of the Charter is the drive to enable students to become educated citizens, who will be literate, have problem solving skills, be self-motivated, able to utilize technology, and become socially responsible. We work everyday to find a way for all students to learn.

Principal's Message

2024-25 School Description and Mission Statement

Linking community traditions to our continuously working to meet educational goals and providing universal access is the core of Roosevelt School's philosophy. The first Roosevelt School established in 1921 was the third school built in Kingsburg. The Works Project Administration under Franklin D. Roosevelt constructed the current building in 1938. We are currently an all First Grade School. Roosevelt was initially established as a sixth, seventh, and eighth grade school and was restructured into a fifth and sixth grade school in 1992. In 1996, the staff of the Kingsburg Elementary School District, in conjunction with the citizens of the community, adopted a charter school compact. This allowed Roosevelt School to become a charter school within the Kingsburg Elementary School District, the second in the State. Through this living document, the charter, Roosevelt, has been able to adopt creative methods of educating, using researched-based best practices, while maintaining the traditional high standards expected by the Kingsburg Community.

Roosevelt is a family of 184 students and 34 staff members with a commitment to excellence. With the unique grade configuration of the schools in our District, there is a common thread that unites the students as they transition into and out of the schools throughout the years. Together, they develop strong friendships where diversity is welcomed. The staff takes pride in knowing generations of families. Roosevelt has developed a strong partnership with the community it serves, where high expectations for academic standards, citizenship, community service, recreation, and traditional values are embraced in the framework of a caring community. The parent community who works alongside our students on a regular basis are evidence of this fact.

The Roosevelt staff is a highly-qualified and enthusiastic group of professionals, who are dedicated to bringing out the best qualities in our students, ourselves, and in the work that we do together. We are truly an organization that respects learning, honors teaching, and teaches so students gain understanding. The staff collaborates in many ways, with a focus on the academic success of each student embedded into every aspect of planning, organization, and use of resources—materials, fiscal and personnel. The maintenance staff is an important part of the learning community, taking pride in making this historical building a place where students and staff are honored to attend. In addition to maintaining grounds and facilities, it is not uncommon to find this staff assisting students, decorating Christmas trees, and enjoying each other's company. Roosevelt is proud to be a member of the Kingsburg Elementary Community Charter District. We will find a way for all students to learn!

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Roosevelt utilizes McGraw Hill math, Houghton Mifflin for English Language Arts and for our English Learner (EL) instruction. All textbooks are adopted from the most recent State-approved list and consistent with the content of the California Frameworks. All students, including English Learners, have equal access to their own textbooks and instructional materials, to use in class and to take home.

School Facility Conditions and Planned Improvements

Roosevelt Elementary School was originally constructed in 1938 and is comprised of 22 classrooms, an auditorium, a cafeteria, a library, computer lab, staff room, and a playground.

Cleaning Process: The principal coordinates with the custodial staff of two to ensure that the cleaning of the school is maintained to provide for a clean and safe school. The District Governing Board has adopted cleaning standards for all schools in the District. A summary of these standards is available at the District Office for review. Additional steps to reduce the chance of virus' spreading have been taken, such as each room is treated with a sanitizing mist before the next school session. Surfaces are wiped down daily.

Maintenance and Repair: District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and the highest priority are given to emergency repairs.

The District participates in the State School Deferred Maintenance Program, which provides State-matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24
English Language Arts/Literacy (grades 3-8 and 11)					46	
Mathematics (grades 3-8 and 11)					34	

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Parents and the community are very supportive of the education program at Roosevelt Elementary School, and participate on the School Site Council/English Learner Advisory Council. The Roosevelt Parent Club benefits all children and is open for all parents to participate. Roosevelt Elementary School's students in need receive assistance from Kingsburg Community Assistance Programs (KCAPS). KCAPS provides students from needy families with backpacks, clothes, food, and counseling services. We also have several staff members that when they see a need take care of it themselves out of the kindness of their heart. In addition we have one Community Liaisons that help families as needed. Our district receive a community schools grant and we partner with that new department to reach out to help families in need and also just to have fun events to connect with families. Events such as Goodies with Guardians. We connected with several families as while we put together our parade float.

Parents who wish to participate in Roosevelt Elementary School's Site Council, English Learner Advisory Council, school committees, school activities, or become a volunteer may contact the school at (559) 897-5193.

2024-25 School Safety Plan

Roosevelt Elementary School provides a safe and clean environment for students, staff, and volunteers. Safety of students and staff is a primary concern of Roosevelt Elementary School.

The school is always in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. At the beginning of the year the staff and School Site Council review the safety plan. Key elements of the safety plan include identifying the level of a potential threat, protective options, staff initial action/response, incident

2024-25 School Safety Plan

coordinator, and incident management team. We practice fire drills once a month and earthquake as well as lockdown drills at least twice a year.

The teachers, paraprofessionals, and the principal supervise students continuously throughout the day. There are designated areas for student drop-off and pick-up. Visitors must register at the office and receive a visitor's pass that must be displayed at all times. Kingsburg Elementary Charter School District encourages volunteers in the classroom, field trips, and with special projects. All school volunteers in direct contact with students are required to complete a District application form, provide evidence of a clear tuberculosis (TB) screening, and receive a Megan's Law check. The District clears all volunteers with the local police department through an automated record check. Volunteers working more than 10 days per month will need to fill out additional forms and submit to fingerprinting.

The Safety Plan was reviewed with staff in August 2024 and approved by School Site Council on 10-24-24.

Professional Development

Staff members build teaching skills and concepts through participation in professional learning communities (PLCs) and workshops throughout the year such as SIOP, ELD, Guided Reading, and ELA training. This includes district wide, two professional development days. Our school site will have one planning PD day in the Spring and have already had two half days.

Kingsburg Elementary Charter School District program provides new teachers and affected veteran teachers with personal support, guidance, modeling, direction, and mentoring in the areas of subject matter knowledge, teaching strategies, classroom management, and overall professional competence. In addition, the District also provides time and resources for collaboration, planning, and professional development for all staff. Mentoring is also provided for new administrative and experienced staff on site and through Fresno County. New teacher may need induction through the county office.

This table displays the number of school days dedicated to staff development and continuous improvement.
