2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state’s high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

Linking community traditions to our continuously evolving educational goals of providing universal access is the core of Reagan School’s philosophy. Ronald W. Reagan Elementary welcomed students and staff to the campus for the first time in August 2007. Reagan School was built, thanks to the help of its caring community, through Measure R funds and money from the state. Reagan Elementary is a charter school, within the Kingsburg Elementary Charter School District. Through this living document, the charter, the school has been able to adopt creative methods of education, using researched based best practices, while maintaining the traditional high standards expected by the Kingsburg Community. Ronald W. Reagan is a family of 619 4th, 5th, and 6th grade students and 69 staff members committed to assisting our students in excelling.

2024-25 School Description and Mission Statement

With the unique grade configuration of the schools in our district, there is a common thread that unites the students as they transition into and out of the schools throughout the years. Together, they develop strong friendships where tolerance is accepted and diversity is welcomed. The staff takes pride in knowing generations of families. Reagan has developed a strong partnership with the community it serves, where high expectations for academic standards, citizenship, community service, recreation, and traditional values are embraced and enveloped in the framework of a caring community.

The Reagan staff is a highly qualified and enthusiastic group of professionals who are dedicated to bringing out the best qualities in our students, ourselves, and in the work that we do together. We are truly an organization that respects learning, honors teaching and teaches for understanding. The staff collaborates in many ways, with a focus on the academic success of every student embedded into every aspect of planning, organization, and use of resources, materials, and personnel. The maintenance staff is an important part of the learning community taking pride in keeping this new school a place where students and staff are honored to attend. In addition to maintaining beautiful grounds and facilities, it is not uncommon to find this staff assisting students, playing tetherball, decorating Christmas trees, and enjoying each other's company. Reagan creates a stimulating and aesthetically pleasing environment that is enjoyed by the community including multiple community sports teams. Reagan is proud to be a member of the Kingsburg Elementary Charter School District. Our mission is simple, "We will find a way for ALL students to learn."

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

Ronald W. Reagan Elementary School was constructed in 2007 and is comprised of 24 classrooms, 2 music rooms, a multi-purpose room, a library, 3 special education rooms, an administration building which houses the staff room, 5 offices and a main office which is the entrance into the facility, and a playground.

In the fall of 2011, a new freezer and canopy over the freezer were installed, in the kitchen area at Reagan School. In 2020 a shade structure was installed near the outdoor stage.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Parents and the community are very supportive of the education program at Reagan Elementary. Parents participate in the Reagan Parent/Teacher Association, School Site Council, ELAC, and Safety Committees. Parents also volunteer in classrooms, help with fundraising projects, and attend field trips. During the school year, the district offers parenting classes in learning the English language, Positive Parenting Classes, and technology. In addition, Reagan School receives assistance from the Kingsburg Community Assistance Programs (KCAPS). KCAPS provides students from needy families with backpacks, coats, clothes, and food. The following organizations also provide the school with support: Lions Club, Kiwanis Club, the Kingsburg Police Department, Kingsburg Fire Department, Park Kingsburg, Rotary Club, City of Kingsburg Parks and Recreation, and Veterans of Foreign War. Parents who wish to participate in Reagan School's leadership teams, PTA, and school activities, or become a volunteer may contact Principal, Kerry Pickrell at (559) 897-6986.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

2024-25 School Safety Plan

Reagan Elementary School provides a safe and clean environment for students, staff, and volunteers. The safety of students and staff is a primary concern of Reagan School. The school is always in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. At the beginning of the year, the District Safety Committee meets to review safety issues. Key elements of the safety plan include identifying the level of threat, protective options, staff initial action/response, incident coordinator, and incident management team. There is also a strong focus on drug awareness and maintaining a drug-free school, as well as an emphasis on evacuation plans. Fire, earthquake/severe weather, and lockdown drills are implemented multiple times each year. This year we scheduled with the Kingsburg Police Department to do an active shooter training called "Seconds to Survive." The most recent School Safety Plan was amended and reviewed by our SSC (consisting of parents and staff members) in November 2024 and shared with staff in August of 2024.

Students are supervised throughout the day by the teachers, paraprofessionals, support staff, learning director, and the principal. There is a designated area for student drop off and pick up, in the front and back of the school. Visitors must check-in and register at the office and receive a green visitor's pass that must be displayed at all times. Kingsburg Elementary Charter School District encourages volunteers in the classroom, field trips, fundraising efforts, and with special projects. All school volunteers in direct contact with students are required to complete a district application form, provide evidence of clear tuberculosis (TB) screening, and receive a Megan's Law Check. The District will be clearing all volunteers with the local police department through an automated record check. Volunteers working more than 10 days per month will need to fill out additional forms and submit for fingerprinting.

PBIS (Positive Behavior Interventions and Supports) is in its tenth year of implementation at Reagan Elementary. PBIS is a way for staff to support students who have violated school or educational code rules and assist them in learning from their digressions. The goal is to create a positive atmosphere at Reagan where all students are aware of behavioral expectations in different locales, such as in the classroom, library, office, cafeteria, etc. Reagan adopted the acronym HONOR (Hard work, On task, Never give up, Outstanding Respect) as a means to monitor all students' behavior. All staff members at Reagan Elementary know what HONOR stands for and hold students accountable for it. We have a student service aide and a behavior support assistant that is on campus every day to run our behavior academies for students who are falling short in any of the HONOR areas as well as checking in with our at-risk students. We also have a counselor that is here three days a week to support our students who are needing social/emotional help through counseling or small groups. A program called "Ripple Effects" is being used as a tool to help correct and teach appropriate behaviors when a student has violated an education code or behavior standard.

The Stop, Walk, Talk Bullying Prevention Program has been introduced to the staff and students at Reagan Elementary. At the beginning of the year, students and staff alike sign an anti-bullying contract, which states, "We will not bully others." In each classroom, the anti-bullying message is posted and students and staff are able to see and refer to it. The program utilizes classroom meetings, open communication, and follow-up as means to improve the culture at the school site. The school counselor visits each classroom four times a year to teach the curriculum to students. The school counselor also runs a peer support group (Undercover Anti-Bullying Team) throughout the year that goes into more depth about the bullying program and how students can be advocates for their peers on the playground. If a classroom is struggling with any of these areas the school counselor goes and does individualized lessons with the class.

We also run behavior academies using the curriculum of Ripple Effects. Students are assigned behavior academies if they break one of our schools' rules. They spend their free time working with our BSA going over restorative justice lessons to make sure they are learning from their mistakes. With this program, we have seen fewer repeat offenders as students are learning from their mistakes and are given tools to use the next time that a situation arises.

Professional Development

Staff members build teaching skills and concepts through participation in workshops throughout the year and weekly Professional Learning Communities. This is done on Wednesdays when teachers get together to plan, discuss best practices, as well as review data. We also have two district PD days, one before school starts and another on November 1.

Kingsburg Elementary Charter School District's Beginning Teacher Support and Assessment (BTSA) program provides new teachers (those with less than three years of full-time teaching experience) and affected veteran teachers with personal support, guidance, modeling, direction, and mentoring in the areas of subject matter knowledge, teaching strategies, classroom management, and overall professional competence. Before the school year began, all new teachers attended a 3-day training on SIOB and best practices in the classroom.

CCLA PD has been offered through Tulare County office of Ed and has focused on accelerating learners in the area of ELA. Each teacher attended two full day PDs on site.

Math has been a coaching model and each grade level has received 3 days of coaching through FCSS and has not required any sub days.

SEL has been a combination of coaching and PD where 3 Wednesday mornings are spent in the classroom doing demo lessons as well as coaching. The afternoons on those same days are spent with the full staff doing PD. No subs are required. Science PD has been similar where our 5th grade teachers receive coaching support in the morning and afternoon PD as a grade level.

#Days Teachers Participated in PD/Subs : 15/16=2, 16/17=2, 17/18=3, 18/19 = 3 19/20 = 2 20/21 = 2 22/23= 2 23/24 = 2 24/25 = 2
