Title I, Part A

Parent Notification Regarding Teacher Certification Status

August 13, 2024

Dear Parents,

At Alexandria Middle Magnet School, we are very proud of our teachers and feel they are ready for the coming school year to provide your child with a high-quality education. As a Title I school, we must meet federal rules related to teacher qualifications as defined in Every Students Succeeds Act. These rules allow you to learn more about your child's teachers' training and credentials.

Under the law of Every Student Succeeds Act (ESSA), schools that receive Title I, Part A funds are required to notify parents or legal guardians when their child has been taught for four or more consecutive weeks by a teacher who has not met "full state certification and licensure requirements."

According to ESSA, this notification is to inform you that while your child's teacher, _____, does not currently meet the requirements for full state certification. Additionally, _____ participates in all professional development activities on campus, uses research-based instructional practices in the classroom, and follows the RPSB Curriculum. We are confident in _____'s abilities to teach our students and are supporting his/her efforts to receive full state certification and licensing.

If you have any questions regarding the qualifications of this teacher, please contact AMMS at 318-445-5343. Additional information about Louisiana teacher certification and licensure requirements can be found at www.teachlouisiana.net.

Respectfully,

Shannon Carmouche
