5700 Student Health and Safety

5714 Threat Assessment and Response

The Board is committed to providing a safe environment for all members of the school community. Our commitment to security includes creating and maintaining a safe school climate and supportive culture as a foundation for preventing violence and mitigating risk. To further that commitment, the Board directs the Superintendent to develop and implement threat assessment protocols. Those threat assessment protocols must include training for individuals who administer threat assessments and framework for determining when a threat assessment should be used.
