Comprehensive School Safety Plan Purpose

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

The historical requirement of the Comprehensive School Safety Plan (CSSP) was presented in Senate Bill 187. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation. In 2004, the Legislature and Governor recast and renumbered (SB719 & AB 115) the Comprehensive School Safety Plan to support California public schools as they develop their mandated comprehensive safety plans to include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

Effective January 1, 2019, Assembly Bill 1747 became law, requiring that the school site council or safety committee consult with a fire department and other first responder entities in addition to currently required entities. It requires the CSSP and any updates made to the plan to be shared with the law enforcement agency, the fire department, and the other first responder entities. This bill requires the CSSP to also include procedures for conducting tactical responses to criminal incidents. In January 1, 2019, AB 2291 became law. This bill requires local educational agencies (LEAs) to adopt, on or before December 31, 2019, procedures for preventing acts of bullying, including cyberbullying.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contain the following elements:
Assessment of school crime committed on school campuses and at school-related functions; child abuse reporting procedures; disaster procedures; suspension and expulsion policies; procedures to notify teachers of dangerous pupils; discrimination and harassment policies; school-wide dress code policies; procedures for safe ingress and egress; policies enacted to maintain a safe and orderly environment; rules and procedures on school discipline and hate crime reporting procedures.

Districts and County Offices of Education are encouraged to include clear guidelines for the roles and responsibilities of the following positions (if used):

- Mental Health professionals, school counselors
- Community Intervention Professionals
- School Resource Offices, police officers on campus

The guidelines are encouraged to include strategies to create and maintain a positive school climate and mental health protocols for the care of students who have witnessed a violent act at any time.

The Comprehensive School Safety Plan may include procedures for responding to the release of a pesticide or other toxic substance from properties located within in-quarter mile of a school.

The Comprehensive School Safety Plan for the current school year will be reviewed, updated, and submitted to San Mateo County Office of Education by October 15th for review and approval. The District will ensure that the CSSP is approved by their board annually by March 1st. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual School Accountability Report Card (SARC).

A copy of the Comprehensive School Safety Plan – Public Component is made available for review at the District Office and on the District Website

Strategies and Programs to Provide and Maintain a High Level of Safety (EC 32281(a)1, items A-J)

Include in this section appropriate strategies and program that provide and maintain a high level of school safety and address the school's procedures for complying with existing laws related to school safety.

Student Threat Assessment Policy and Protocol

Sections 49390 through 49395 of the California Education Code requires that a school official of a local educational agency that serve pupils in any grades from six through twelve as part of a middle school or high school of any school district, county office of education, or charter school shall immediately report homicidal threats, or perceived homicidal threats, they have observed or been alerted to, directly to law enforcement. Upon receiving notification of a threat by a school official, law enforcement must conduct an investigation and threat assessment. The investigation and threat assessment must include a review of the Department of Justice's firearm registry and a search conducted at the school site, but "only if the search is justified by a reasonable suspicion that it would produce evidence related to the threat or perceived threat." LEAs must support law enforcement with investigating the threat and conducting a threat assessment.

The San Mateo County Office of Education operates the San Mateo County Student Threat Assessment Center that oversees the Student Threat Assessment Protocol/Process for all school districts in the county. The Student Threat Assessment Protocol and Process is designed for use with students who are engaged in circumstances that suggest the potential for aggression directed at other people, including procedures related to students bringing weapons on school campuses and at school related functions. The San Mateo County Student Threat Assessment Protocol is designed for Districts and/or school sites to oversee the site based multi-disciplinary Level 1 Threat Assessment team. A County-Wide Level 2 Student Threat Assessment Team that is Multi-Disciplinary Team made up of Leaders from San Mateo County Office of Education, Behavioral Health and Recovery Services, the Office of Consumer and Family Affairs, Juvenile Probation, Child and Family Services, Members of Law Enforcement and the County Attorney's Office. This team meets regularly and as needed to provide support to school sites and districts is assessing, responding to and providing services to student who make targeted threats of violence or suggest the potential to do so.

Annual updates and training on the protocol and process are provided by the San Mateo County Office of Education.

Notification to Parents/Guardians of Safe Storage of Firearms

Section 48986 of the California Education Code (EC) requires that all kindergarten through grade twelve school districts, county offices of education, and charter schools shall annually inform parents and guardians of California's child access prevention laws and laws relating to the safe storage of firearms at the beginning of the first semester or quarter of the regular school term. School districts are encouraged to use the California Department of Education Template of Memoranda regarding Safe Gun Storage, or create their own.

San Mateo Union High School District provides the following information regarding Safe Storage of Firearms to all Parents/Guardians annually at the beginning of the first semester/quarter or trimester of the regular school term.

Suicide Prevention Policy and Protocol

Suicide is a leading cause of death among youth and that school personnel who regularly interact with students are often in a position to recognize the warning signs of suicide and to offer appropriate referral and/or assistance. The San Mateo County Suicide Prevention Protocol for Schools provides schools/districts with a comprehensive approach to prevention, intervention and postvention strategies for students struggling with suicide and self-injurious behavior.

Measures and strategies specifically address the needs of students who are at high risk of suicide, including, but not limited to, students who are bereaved by suicide; students with disabilities, mental illness, or substance use disorders; students who are experiencing homelessness or who are in out-of-home settings such as foster care; and students who are lesbian, gay, bisexual, transgender, or questioning youth. Prevention and Intervention strategies are developmentally appropriate for the student population that is being served. San Mateo County Suicide Prevention Protocol for Schools addresses the following:

- Strategies to help promote a positive school climate
- Staff development on suicide awareness and prevention for all K-12 staff
- Instruction to students in problem-solving and coping skills as well as instruction in recognizing and appropriately responding to warning signs of suicidal intent in others
- Information to parents/guardians regarding risk factors and warning signs of suicide, basic steps for helping suicidal youth and school and community resources.

- Encouragement for students to notify appropriate school personnel or other adults when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions
- Crisis intervention procedures for addressing suicide threats or attempts
- Counseling and other postvention strategies for helping students, staff, and others cope in the aftermath of a student's suicide.

Naloxone for Schools Toolkit to Reverse Opioid Overdoses (Optional)

Recent increases in opioid overdose-related deaths span across adult and youth populations, indicating that schools should develop and implement additional safety nets to protect students and school staff. In addition to drug awareness and education programs, schools and districts in San Mateo County can implement the [Coalition for Safe Schools and Communities Naloxone Protocol for Schools](#) to reverse opioid overdoses on campus.

San Mateo County Office of Education is partnering with the State of California to offer the Naloxone Distribution Project (NDP) to San Mateo County schools and districts. The NDP aims to reduce opioid-overdose deaths through training and the provision of free Naloxone. All TK-12 public school districts, charter schools, and private schools may participate. School Districts, Offices of Education and Charter School Entities shall establish minimum standards of training for the administration of naloxone hydrochloride or another opioid antagonist that satisfies the requirements of California Education Code 49414.3.

Child Abuse Reporting Procedures (EC 35294.2 [a] [2]; PC 11166)

Teachers and support staff are mandated reporters and are required by the State of California to report any known or suspected instances of child abuse or neglect to the county child welfare department or to a local law enforcement agency. No proof of abuse or neglect is needed, only "reasonable suspicion" that child abuse or neglect may have occurred. Any concern about the possibility of child abuse or neglect must be reported. Investigations will be conducted by law enforcement and/or the county child welfare department to determine if abuse or neglect has occurred.

Mandated reporters must report to the County Child Welfare Department or to local law enforcement immediately by phone. A written report must then be sent within 36 hours by fax, or it may be sent by electronic submission, if a secure system has been made available for that purpose in the county. Written reports must be submitted on the California Suspected Child Abuse Report Form 8572. Telling a supervisor does not meet the mandated reporting requirement. If a decision is made that the supervisor will complete and submit the report to the county child welfare department or law enforcement agency, then one report is sufficient.

For mandated reporters, Penal Code 11172 (a) provides absolute immunity from state criminal or civil liability for reporting as required. This immunity applies even if the mandated reporter acquired the knowledge or reasonable suspicion of abuse or neglect outside of his or her professional capacity or scope of employment. However, mandated reporters will only have immunity under federal claims if the report was made in good faith.

Legally mandated reporters can be criminally liable for failing to report suspected abuse or neglect. The penalty for this misdemeanor is up to six months in jail and/or up to a \$1,000 fine. Mandated reporters can also be subject to a civil lawsuit and found liable for damages, especially if the child victim or another child is further victimized because of the failure to report.

Disaster Procedures (EC 35295-35297; GC 8607 and 3100)

Big Five: Immediate Action Emergency Response for Schools Protocol and Hazard Response Protocol

The San Mateo County Office of Education, in collaboration with Local Law Enforcement, County Government and Local Fire Departments created the Big Five Immediate Action Emergency Response for Schools Protocol for all Public, Private and Charter Schools in the County and update the protocol annually. The Big Five Immediate Action Response is a protocol that can be implemented in a variety of different emergency situations. The Protocol is consistent with the guidelines established in California's Standardized Emergency Management System and shall integrate the procedures of the National Emergency Management System. All employees of the District are Disaster Service Workers, as defined by the California Emergencies Services Act, and are subject to such disaster service activities as may be rightfully assigned to them and that all employees shall be required to subscribe to the oath or affirmation required by the Act.

When an emergency occurs, it is critical that staff members take immediate steps to protect themselves, their students, and other people on campus. With an Immediate Action Response, staff can follow specific directions without having to learn extensive protocols for each of several dozen different emergency situations. Staff, certificated and classified, will be given multiple opportunities annually to be trained on the Big Five School Emergency Guidelines Immediate Action Response and Hazards Response Protocols. These trainings specifically include training on the following:

- Earthquake preparedness, response, and recovery actions. Including Drop, Cover, and Hold On response protocols.
- Fire and Smoke, bomb threat or explosion, dangerous wildlife, bioterrorism and hazardous material spill or leak procedures which may result in a Shelter-In-Place
- Evacuation/Relocation procedures and Student Release to Family for Reunification procedures
- Secure Campus procedures for act of violence or danger of violence in the surrounding community
- Lockdown/Barricade procedures for a violent intruder on school premises

Staff members must learn and train on each Big Five Immediate Action Response and be prepared to perform assigned responsibilities. All students must be familiar with actions to take in the event that a Big Five response is implemented. It is highly recommended that school staff and students participate in the Big Five trauma-informed, developmentally appropriate emergency drills monthly. Table top exercises, walk-through drills, and social stories are examples of trauma-informed and developmentally appropriate training and drills to be used by school sites. Big Five signage and instructions are publicly displayed at all school sites.

Procedures to prepare for active shooters or other armed assailants

School site staff should participate in action-oriented Lockdown/ Barricade (active shooter) drills when students are not present. The use of Think on Your Feet Peet Book, which teaches young students what to do during a Lockdown/Barricade, Table-Top exercises or Walk-Through Drills are to be used with in lieu of violent intruder drills or simulations when students are present.
