***Speech Day** / Last Day of Classes  
Boarders Depart for Summer*

Friday 12 June

Last Day of the Year for Teachers

## **Harrow New York Weekends ~ Academic Year 2025-2026**

Boarding students at Harrow New York will have the opportunity to experience a range of outings and adventures during the weekends, locally, in the vibrant city of New York and further afield. Founding students will play a major role in helping to design the weekend excursions based on interests and availability of tickets.

New York City is a short train or bus ride from campus offering easy access to explore Central Park, Guggenheim, shows on Broadway, Times Square, The High Line, Statue of Liberty, NYC Fashion Week, Financial District, NY Sports Teams and the plethora of museums ranging from the American Museum of Natural History to the Museum of Illusions.

From the Gatsby-era mansions to the sandy beaches along the Atlantic coastline, Long Island offers a plethora of adventures to quench the thirst of arborists, artists, and adventurers. Students living on campus at Harrow New York can take advantage of the natural habitat which surrounds us including whale watching, pumpkin picking, the Tulip Festival and the cherry blossoms at Planting Fields Arboretum. Long Island is home to over one hundred museums including the Cradle of Aviation, Children's Museum featuring STEM activities, Vanderbilt Museum, Long Island Aquarium and the Center for Science, Teaching and Learning.

Our proximity to the Catskills and Adirondack mountains means the possibilities are endless. We look forward to exploring these with our founding students in the coming academic year.
