

Emergency/Winter Weather Learning Day Structure

(In lieu of Snow Day or Extreme Cold Day)

In the event of inclement weather that causes closure of the physical school building, the Moline Coal Valley School District will implement an “Emergency/Winter Weather Learning Day” in lieu of canceling learning activities for the day. The same schedule will hold true in the event of any closure to the school building when an Emergency Learning Day is called.

“Attendance” for all students in Grades 6-12 - All **Period 2** teachers will launch an attendance question for the day on Google Classroom. Students should log into their Period 2 Google Classroom and answer the attendance question that the teacher has posted. Answering the questions will mark you as “present” for daily attendance on an “Emergency/Winter Weather Learning” day.

8:00-9:00am	<u>Posting Daily Activities and Attendance</u> Teachers post pre-planned daily learning activities on Google Classroom.
9:00-9:45am	<u>Student independent learning activity completion time</u> - Students will complete independent learning activities. - Optional time for teachers and staff to host individual or small groups for support. All students should check the Google Classrooms for all of their classes. They are responsible for completing all learning activities that the teachers post into Google Classroom for the day.
9:45 - 10:15 am	<u>Morning Office Hours</u> - All teachers will hold <u>Live Virtual Office Hours</u> on Google Meets. The link to the teachers Google Meets will be posted in their Google Classroom. - Students may log in to any of their classes for assistance or clarification with activities.
10:15 - 11:30 am	<u>Student independent learning activity completion time</u> - Students will complete independent learning activities. - Optional time for teachers and staff to host individual or small groups for support. All students should check the Google Classrooms for all of their classes. They are responsible for completing all learning activities that the teachers post into Google Classroom for the day.
