

**Look both
ways before
crossing
the street at
a bus stop.**

Stay away from the street, wait quietly, and don't talk to strangers while waiting for the bus.

Always enter or exit the bus carefully. Wait until the bus has come to a complete stop.

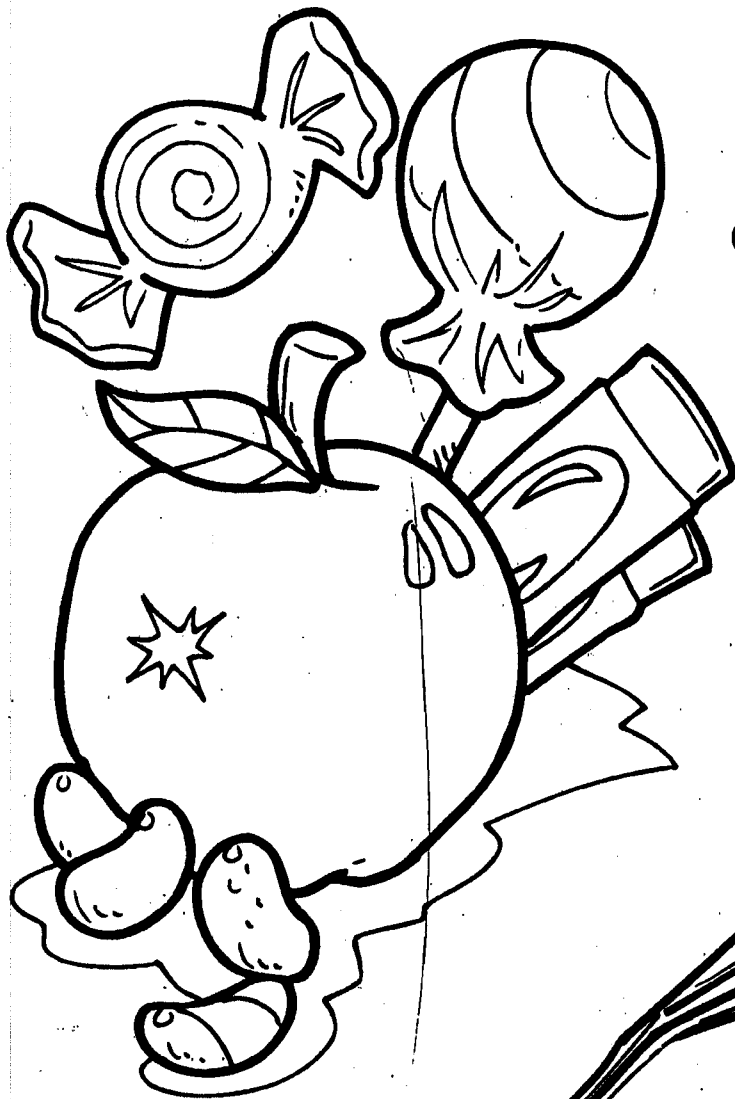

Hi kids!

While on the bus be sure to obey all the rules given by your bus driver.

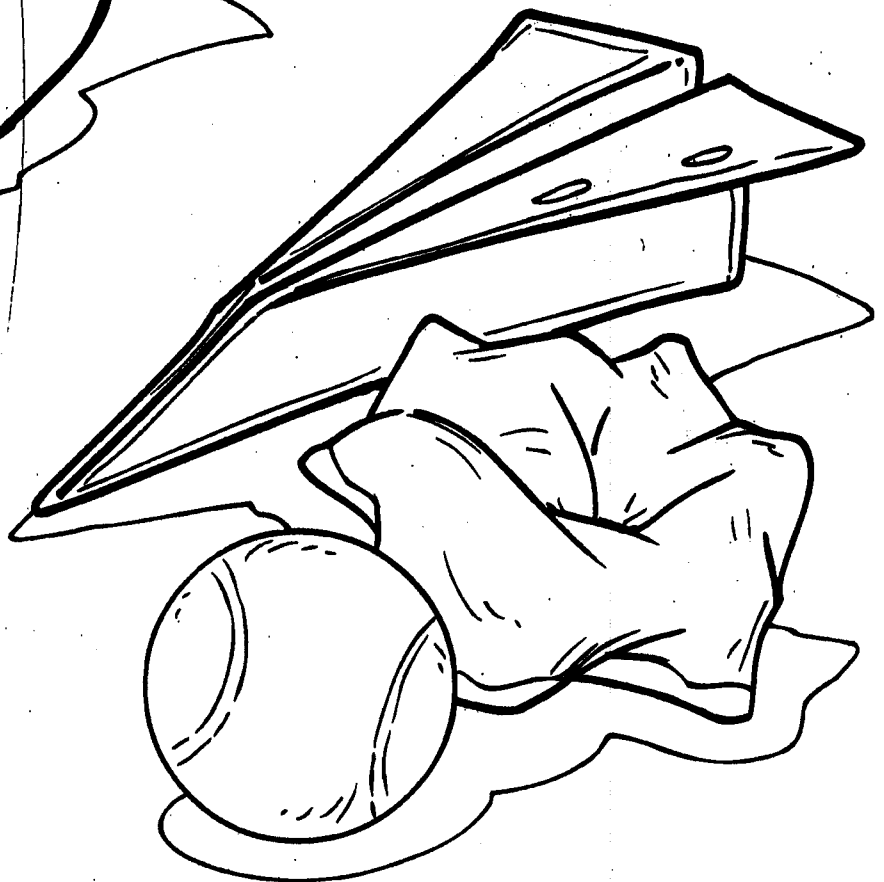

It is important to go directly to your seat and remain seated while on the school bus. Keep your hands and feet out of the aisles.

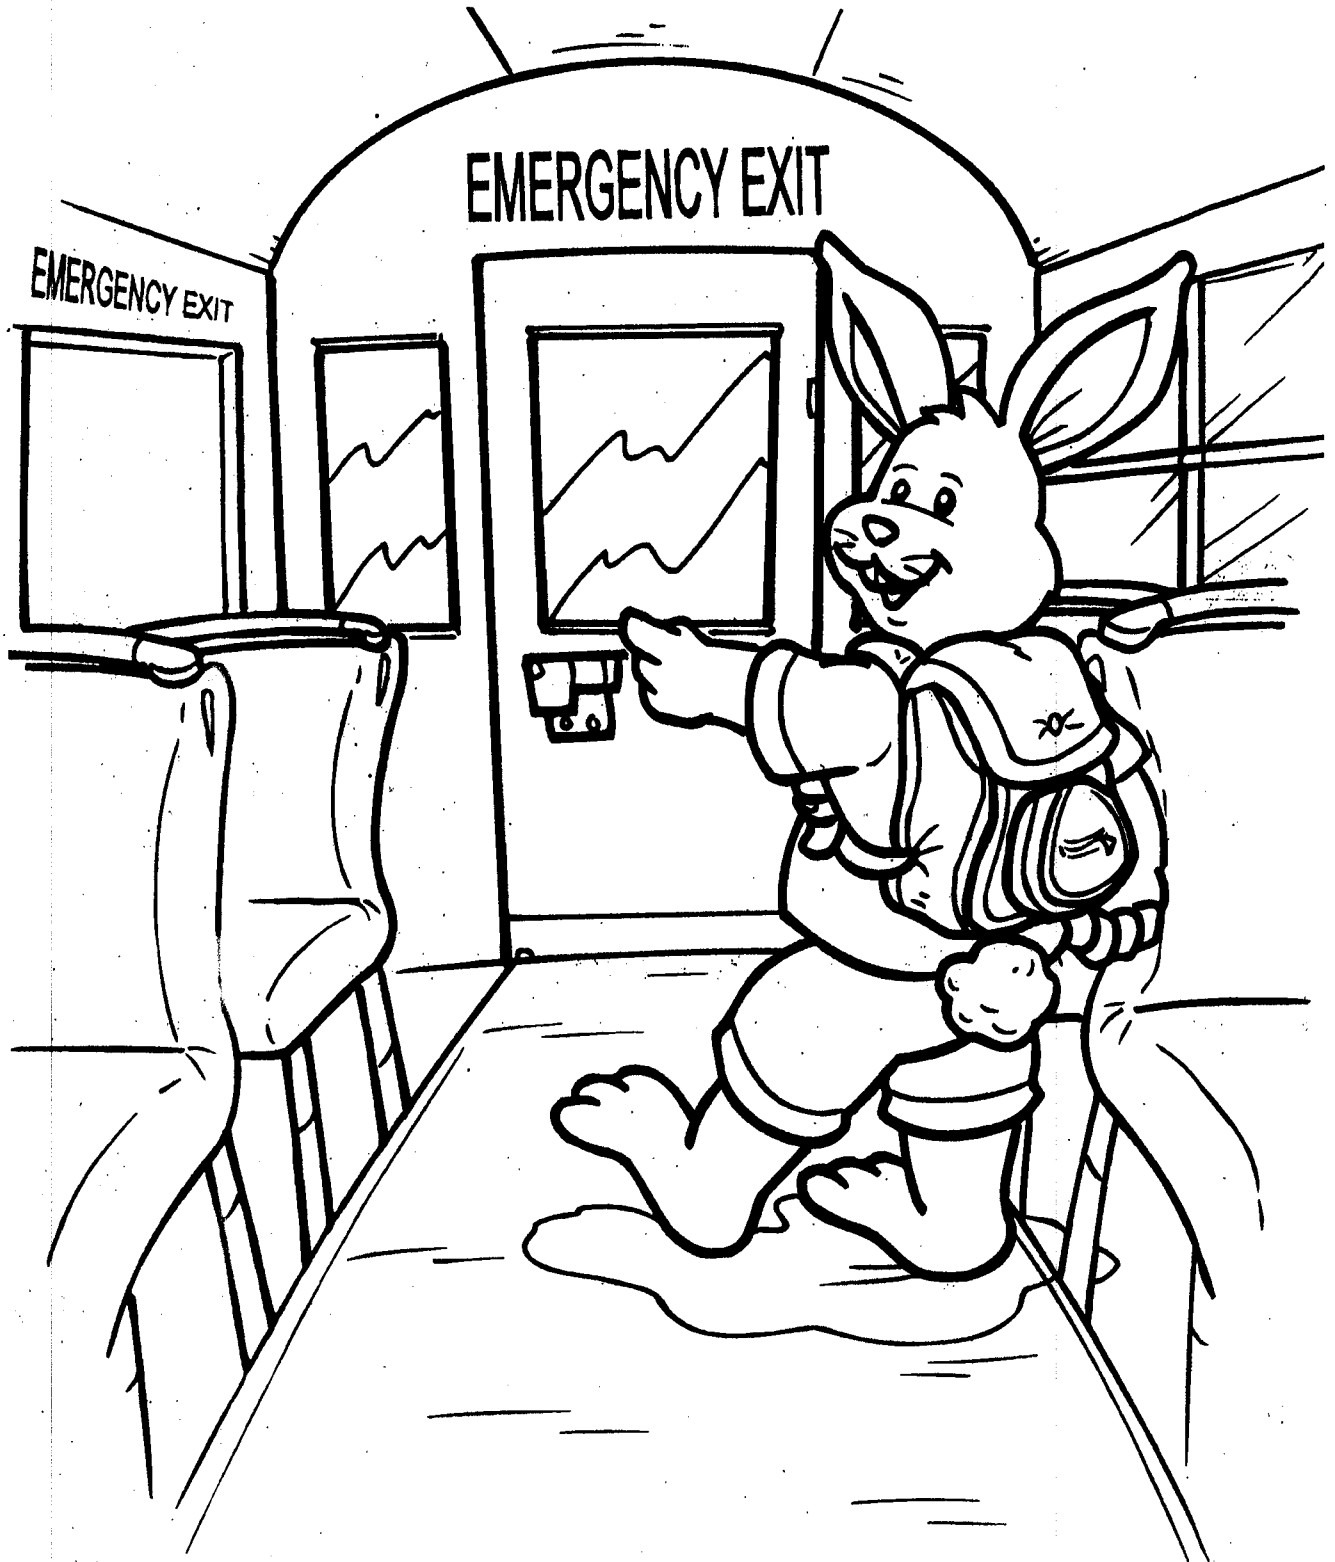

**Be considerate
of the driver and
other students!**

Do not eat candy or
food while on the bus.

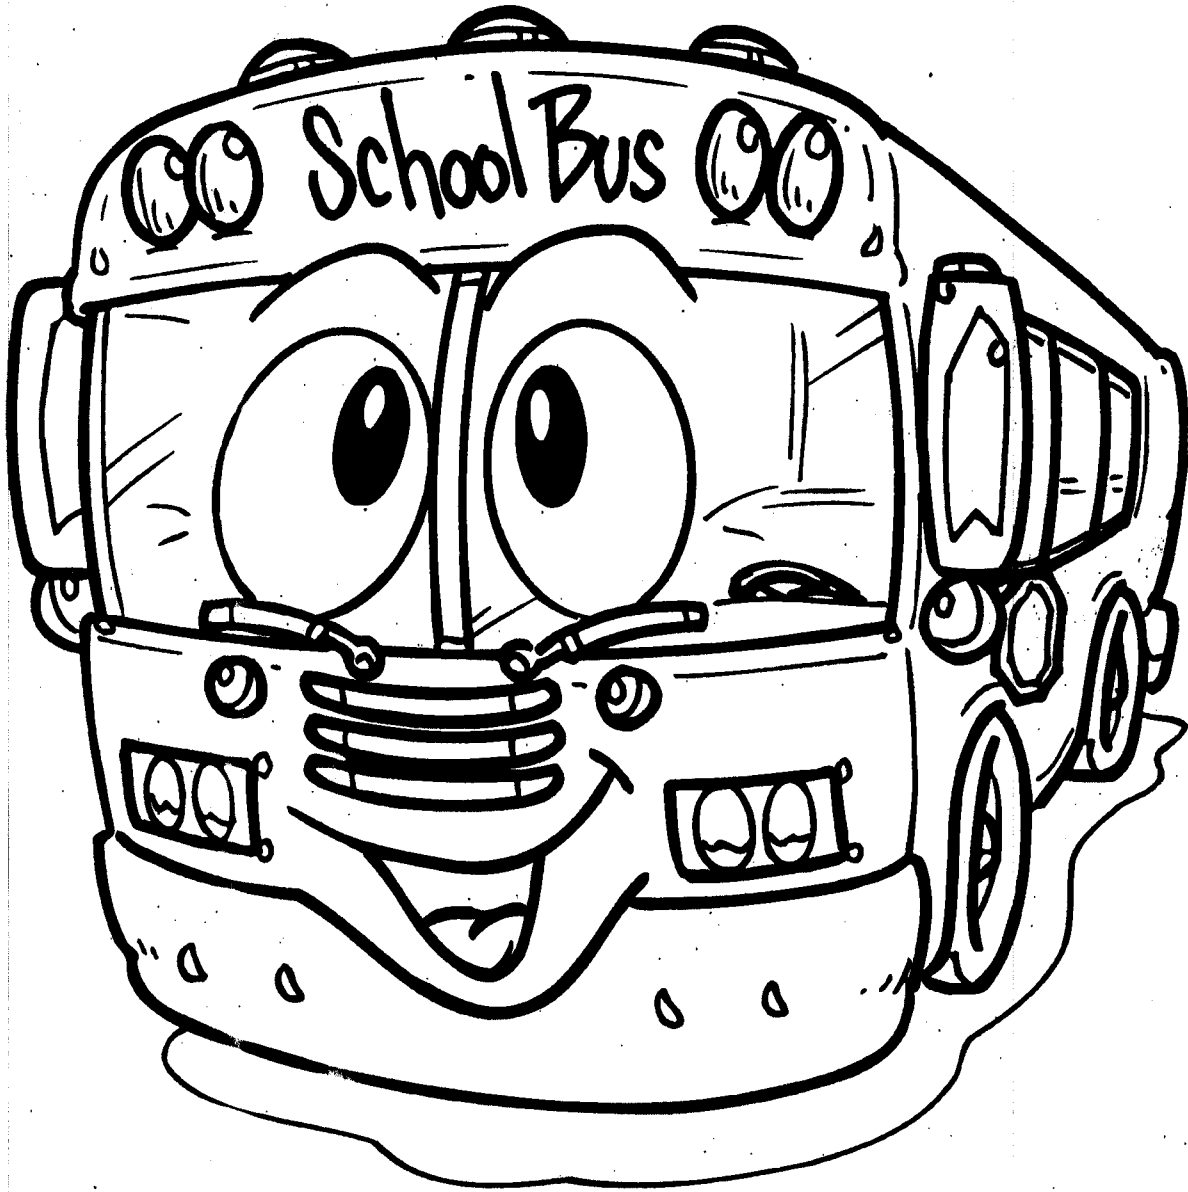

Never throw
paper or other
items while on
the bus. You
might distract
the driver or
cause injuries to
other students
on the bus.

Locate the emergency exits on your bus. They are to be used only when necessary for a real emergency. **NEVER** fool around with the Emergency Exit doors.

Let's go to school!

Before you enter or exit the bus wait for the bus and all cars to come to a complete stop. If you have to cross the street in front of the bus, always make certain you are far enough in front of the bus to see the driver.
